

Youth Neighborhood Association Partnership Program Agenda

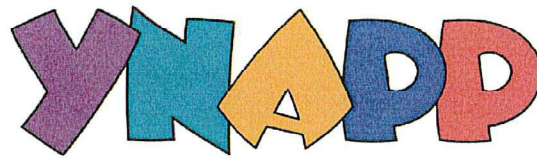

Items listed on the agenda may be taken out of the order presented; two or more agenda items for consideration may be combined; and any item on the agenda may be removed or related discussion may be delayed at any time. Backup material for this agenda may be obtained from LuAnn D. Holmes, City Clerk, at the Office of the City Clerk, 495 South Main Street, 2nd Floor or on the city's webpage at www.lasvegasnevada.gov.

1. **Call to Order**
2. **Announcement Regarding: Compliance with Open Meeting Law**
3. **Public Comment:** Comment during this portion of the agenda must be limited to matters on the agenda for action. If you wish to be heard, come forward and give your name for the record. The amount of discussion, as well as the amount of time any single speaker is allowed, may be limited.
4. Report on Youth Neighborhood Association Partnership Program Applications submitted by Mastering Mindsets Las Vegas - Technology in the 89106; Peterson Academic Center - Interactive Health & Wellness; Books for All - Building an At-Home Library; Next Level - Robotics Team; Girlfriendz of Color - Literacy Night; Girls for Community Gardens - Mom and Me Garden Tea; Rise Up NV - Day of the Young Child Family Fun Day; Mustang Creators - Campus Art Revitalization Project; Zeta Archonettes, Theta Omicron Zeta Chapter, Zeta Phi Beta Sorority Inc. - Zeta Archonettes "Have Heart"; T.U.L.I.P.S - Full STEAM Ahead; The Legacy Project Youth Council - Stay Prepared for School; Kid Mayor Trey Young-Winfrey - Hope Drive; National Junior Honor Society - Homeless Care Packages; Palo Verde National Honor Society: Red Rock Elementary School - Dental Hygiene Kits; Squires Community Partners - The Shade Tree's Summer Backpacks; The Superfriends - Super Pets; Wendell P. Williams Soaring Eagles - Soaring Eagles Youth Mentor Project; Youth United w/ Purpose (TB Ent) - MAKE A MOVIE; VMCC Youth Council - Community Garden Beds; Lexie's Little Gestures - Little Gestures; National Honor Society CSNHS West - Project 150 Meal Packs; and College of Southern Nevada High School West Charleston - CSNHS Stuco YNAPP Project
5. **Citizen Participation:** Public comment during this portion of the agenda must be limited to matters within the jurisdiction of the Board. No subject may be acted upon by the Board unless that subject is on the agenda and is scheduled for action. If you wish to be heard, come forward and give your name for the record. The amount of discussion on any single subject, as well as the amount of time any single speaker is allowed, may be limited.
6. **Adjournment**

Facilities are provided throughout City Hall for the convenience of persons with disabilities. Reasonable efforts will be made to assist and accommodate persons with disabilities or impairments. If you need an accommodation to attend and participate in this meeting, please call the City Clerk's office at 702-229-6311 and advise of your need at least 48 hours in advance of the meeting. Dial 7-1-1 for Relay Nevada.

THIS MEETING HAS BEEN PROPERLY NOTICED AND POSTED AT THE FOLLOWING LOCATIONS:

City Hall, 495 South Main Street, 1st Floor
Clark County Government Center, 500 South Grand Central Parkway
Grant Sawyer Building, 555 East Washington Avenue
City of Las Vegas Development Services Center, 333 North Rancho Drive

Youth Neighborhood Association Partnership Program

Neighborhood Youth Serving the Community

Summary of Presentations

(Information compiled from ZoomGrants.com Application)

Tuesday, January 7, 2020

4:00 p.m. – Mastering Mindsets Las Vegas – Technology in the 89106

Students will construct robots and learn to code using scratch. Families are welcome to assist their children as they process new skills. Students will also use technology to design and print a t-shirt like a professional by using specialty printing methods, fabrics, inks, dyes, and washes. This project encourages entrepreneurship for students in the community. Since coding is wave of the future, this will help these students prepare for possible careers. Also, coding helps students follow directions and use other skills needed for STEM courses they take in school. Furthermore, students work in teams and learn good team-building skills while learning how to use technology in the fashion industry.

4:00 p.m. – Peterson Academic Center – Interactive Health and Wellness

Students at Peterson Academic Center typically have a history of negative behavior. The Wellness/Fitness is designed to increase endorphins and decrease cortisol stress levels. We will use the Fitness program to kick-start the academic day by alternating muscle fitness and cardio intensity. While blood samples cannot be taken, a log journal will be included for data collection.

4:00 p.m. – Books for All – Building and At-Home Library

Students will make book selections and provide books to students. The goal of the club is to instill love for reading. It is important for the club to make sure that each student has an access to reading materials and can own one to keep for herself/himself.

4:30 p.m. – Next Level – Robotics Team

Careers in robotics are the jobs of the future! We started a robotics program and we need help for students that have been released from and attend behavior school to compete. We need team shirts, motors, batteries, spare parts, etc. For the first time, students will be able to enter robotics competitions, which helps build character. They can learn by just observing other teams work.

4:30 p.m. – Girlfriendz of Color – Literacy Night

Students often lose basic skills during the summer. Girlfriendz of Color will be hosting a family fun day event for the youth in the neighborhood in the beginning of summer. We plan to provide families resources to engage with and continue their children's learning throughout the summer. Resources will include books, supplies, and educational resources, and ways to obtain their library cards. We would like to provide food, entertainment, and interactive learning opportunities.

4:30 p.m. – Girls for Community Gardens – Mom and Me Garden Tea

Many girls have expressed wanting to spend more time with their mothers and women in their lives by doing something fun and being able to relax with them. Young ladies and their mothers will be able to complete a community service project at Vegas Roots Community Garden and learn about health and wellness together in a fun way, including yoga, and then enjoy a wonderful tea party together.

4:30 p.m. – Rise Up NV – Day of the Young Child Family Fun Day

The week of the young child is an annual celebration spotlighting early learning, young children, their families and teachers. This event is hosted by the Southern Nevada Association for the Education of the Young child. We want to collaborate to enhance the event by adding a fun way to educate and provide advocacy to the community on type 1 diabetes in children as well as a health and nutrition for the entire family. This project benefits the community because it will offer a space for the community to learn more about type 1 diabetes in a fun and meaningful way. Families will also be able to enjoy other activities and gather many educational resources for their families. The event will have healthy chef demos by a 9-year-old chef as well as yoga instruction.

4:30 p.m. – Mustang Creators – Campus Art Revitalization Project

There is a recognizable void on the Rose Warren Elementary school campus regarding school spirit and art. In efforts of revitalizing the visible arts on the campus, we will focus on enhancing the arts on areas of the school campus that are in need (i.e. fences, blacktops and playgrounds).

5:00 p.m. – Zeta Archonettes, Theta Omicron Zeta Chapter, Zeta Phi Beta Sorority Inc. – Zeta Archonettes “Have Heart”

Our project is to promote healthy eating and lifestyle for young people in our community. Through this project, we will work with local agencies to provide resources about eating healthy: 1. Create a healthy eating plan for youth, 2. Expose youth to yoga, 3. Encourage families to get out and take advantage of local produce. Through this project we will keep a project journal, scrapbook, and take video. We will promote healthy living through social media as well.

5:00 p.m. – T.U.L.I.P.S – Full STEAM Ahead

This will be a night filled with Science, Technology, Engineering, Arts and Mathematics. The youth will expose their community to solar cars, arts, music, coding and so much more all while learning how to work in teams.

5:00 p.m. – The Legacy Project Youth Council – Stay Prepared for School

We will be providing school supplies during the middle of the year to help families and teachers who can't afford to keep buying these supplies. We will also be introducing Coding by Do it Yourself computer Kits. Teaching the community about solar energy through Solar Power car kits and simple Science Projects using items around your home and community.

5:00 p.m. – Kid Mayor Trey Young-Winfrey – Hope Drive

Kid Mayor, Trey Young-Winfrey, won his position with his passion to help others and his promise to dedicate his term to helping his community. Kid Mayor will put on a 30 day Hope Drive for children in foster care. Trey will dedicate 30 days to organize 30 care packages for 30 Foster children with the hope to create more. The care packages will be filled with necessities like toiletries, socks, and fun extras that can bring them comfort during this transition in their lives. Trey will reach out to the community for donations and to volunteer their time to create the Hope care packages. Involving the community will provide an opportunity for the members of the community to work cooperatively and build a stronger foundation for our neighborhood.

--- 5:30 p.m. BOARD MEMBER DINNER ---

6:00 p.m. – National Junior Honor Society – Homeless Care Packages

Our chosen project is to support the homeless community by making care packages. These will include socks, snacks, hygienic products and more. We chose this project because we noticed that the needs of the homeless is a big concern. We are inviting local businesses to help us create our care packages.

**6:00 p.m. – Palo Verde High School National Honor Society – Red Rock Elementary
School: Dental Hygiene Kits**

With the requested grant, we will be investing in dental hygiene kits for the students of Red Rock Elementary School. We will also have Future Smiles there, presenting to the children and teaching them the importance of dental hygiene. This project benefits the community by teaching young students about proper dental hygiene and equipping them with dental hygiene kits that they will be able to use to take care of their oral health. All of these kids are in a low-income neighborhood where dental hygiene is looked at as a luxury. This project makes this accessible to the students and even educates the families of these students about proper dental hygiene.

6:00 p.m. – Squires Community Partners – The Shade Tree's Summer Backpacks

C.P. Squires Elementary School's leadership group, Squire Community Partners are focused on completing 58 Acts of Kindness during the 2019-2020 school year. The leadership students came up with the idea of creating "Summer Backpacks" for these children with activities they could do over the summer. Some of the items they would like the backpacks to be filled with are: coloring books/ crayons, markers, color pencils, bracelet making kits, chalk, puzzles, board games, Legos, jump rope, books, and shirts and puffy paint to name a few.

6:00 p.m. – The Superfriends – Super Pets

We want to help dogs like my dog by partnering with a dog shelter that helps dogs who need new families. We will create care packages for these rescue dogs so that when they get their fur-ever family, the family won't have to worry about buying the basics. Some things I want to put in the care packages are dog toys, food and water bowls, a collar, a leash, dog food and dog bed. My classmates will help me make cards for the family that adopts the dogs that say "thank you for rescuing a pet in need." My family members will help me with shopping and driving me to the shelter to meet some dogs and maybe even play with them sometimes.

6:30 p.m. – Wendell P. Williams Soaring Eagles – Soaring Eagles Youth Mentor Project

This is the Soaring Eagles Youth Mentor project; our goal is to encourage the Wendell P. Williams students to "SOAR": S-Smart Choices, O-Ownership of Behavior Negative and Positive, A-A Positive Attitude, R-Respect. Our objective is to promote a positive school community for everyone around even the future children of Wendell P. Williams.

6:30 p.m. – Youth United w/ Purpose (TB Ent) – MAKE A MOVIE

We will promote and teach videography terminology, theatrical performance, camera operation, as well as the overarching fundamentals of filmmaking. This project was selected because as a group, we decided it would be exciting to write a movie. We will then have youth from the Las Vegas community audition and participate in the making of their very own movie. We plan to pass out flyers to nearby neighborhoods and schools to spread the word so neighborhood youth will be informed and be able to participate.

6:30 p.m. – VMCC Youth Council – Community Garden Beds

We have chosen a community garden for our project. The garden beautifies the community while unifying people. The garden is a healthier choice to buying food and provides substance to the people in need. The volunteers learn how to plant and maintain the growth of plants.

7:00 p.m. – Lexie's Little Gestures – Little Gestures

We will enable middle school students at Doral Academy to participate in community service projects that will benefit the foster children in our community. After talking with some people at Child Haven and Department of Child and Family Services, we are aware of the large amount of children each year who come into care without many items. The need that they have for this year includes duffle type bags that they can put their stuff in as they travel to and from foster homes. We will purchase bags that are of a light color so we could decorate them. We will also attach notes/smaller items in the bags. This project will let them know that people do care about them and that they are being thought of as we provide them with some basic needs that they have.

7:00 p.m. – National Honors Society CSNHS West – Project 150 Meal Packs

This project, Meal Packs, will provide lunch and breakfast items for homeless students to receive for the weekend. The Packs will contain microwavable foods that can be heated and eaten directly from the container, and snack items. The pack will also contain disposable silverware. The project was selected when Project 150 let us know of their need for weekend meal packs. Using their suggestions as a guide, we have created a weekend meal pack that is portable, nutritious, and filling. Our NHS members will be involved in the project by attending planning meetings, assembling the kits, and completing individual volunteer service hours at Project 150's main location.

**7:00 p.m. – College of Southern Nevada High School West Charleston - CSNHS Stuco
YNAPP Project**

Our council will put together care packages for Project 150. Project 150 is an organization that provides food, clothing, toiletries, and other essentials to underprivileged youth and their families. Donating care packages to Project 150 will give them more resources to be allocated to more families and youth across the valley.

Date: 1/7/2020 Item: 4
Submitted by: Mastering Mindsets Las Vegas

Our Goal

- Experimentation and exposure to STEM activities can introduce logical thinking and more hands-on experience
- Drive curiosity and interest in STEM careers
- Understanding of strength and weaknesses, but working through to achieve the best for all
- Find and fix errors, along with designing solutions.
- Overcome the stereotype/fixed mindset that STEM is hard

Our Mission

“Teaching young minds to be more open-minded strengthens their ability to interact and make logical connections with technology as they grow. The more exposure our young minds gets, the more they can create and become.”

~ Our Mission for This Project

Interest Growth in STEM careers?

Four-in-ten who were interested in but did not pursue a STEM career were interested during their 20s

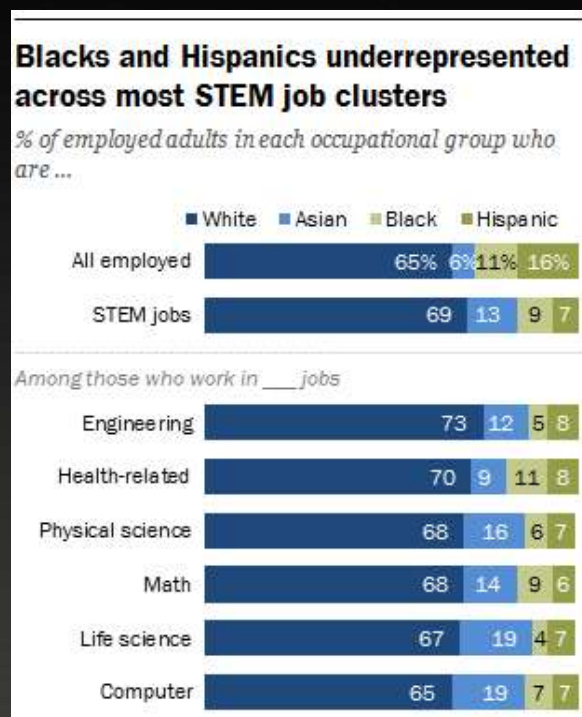

Among those who were ever at least somewhat interested, % who say the age or time period of their life in which they were interested in pursuing a career in science, technology, engineering and math

MOST COMMON RESPONSES

Childhood/elementary school	10%
Teenage years/high school	28
20s/college	41
Age 30 and older	5
Always interested	1
Currently or previously in a STEM career	1
Can't classify/Other	7
Don't know/No answer	8

- **Description from Pew Research:**
“When asked when in their life they were interested in pursuing a STEM job or career, most pointed to when they were in high school, college or during their 20s. About four-in-ten (41%) say that they had this interest in college or during their 20s and another 28% say they were interested in high school or their teenage years.”

Lastly, the diversity in STEM careers.

- **Description from Pew Research:**
“Overall, Blacks and Hispanics are underrepresented in the STEM workforce relative to their shares in the U.S. workforce as a whole.”

Reference to all the Demographics shown are from Pew Research Center: Reife and Kim Parker. “Women and Men in STEM Often at Odds Over Workplace Equity.” Pew Research Center’s Social & Demographic Trends Project, 31 Dec. 2019, referenced Research from Pew Research Center - Funk, Cary, www.pewsocialtrends.org/2018/01/09/women-and-men-in-stem-often-at-odds-over-workplace-equity/

Our Plan

We plan to attract low socioeconomic students from K-5 to this event, exposing them to STEM activities relating to real-life situations

- **Kindergartens** - Station with **OzoBots** (provided by us) designed for visual learning/coding on how commands work
- **1-2th Graders** - Station with **Makey Makey** and **Solar Panel Robots** designed for visual learning/coding, but with designing aspects as well

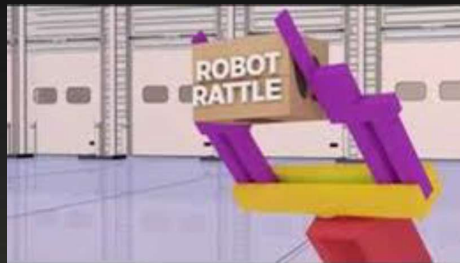

(above) OzoBots

For early and non readers

Our Plan (cont'd)

- **3-4th Graders** - Station with **Robot Rattles** (computer coding stimulation/ provided by us) and **Micro:bit** designed for more computations shown in programming like math

(left) Robot Rattles Logo

(left) Code on Micro:bit

```
while True:  
    display.scroll('Hello, World!')  
    display.show(Image.HEART)  
    sleep(2000)
```

- **5th Graders** - Station with **Raspberry Pi** and **RoboMasters** designed to demonstrate more complex ideas in STEM such as processors in technology

More hands on and instructions for confident readers

Our Wishlist

Prices are estimated below

- **Makey Makey** - Turns everyday objects to a touchpad ~ \$15
- **DJI RoboMasters S1** - Learn to program on a robot ~ \$500 (Joysticks are optional at about \$80)

(below) Makey Makey

*(right)
RoboMasters*

*(left) Code on
RoboMasters*

Our Wishlist (cont'd)

Prices are estimated below

- **Solar Panel Robots (14-in-1)** - Technology powered by sunlight ~ \$30

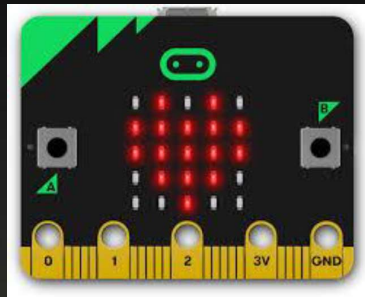

(above) Solar Panel Robots in multiple forms

Our Wishlist (cont'd)

Prices are estimated below

- **Micro:bit** - Pocket-sized computer of creativity ~ \$15

(above) Micro:bit

(below) Raspberry Pi

- **Raspberry Pi** - Credit-card size computer capable of many computations
~ \$35

Girls for Community Gardens

Mom & Me Garden Tea

Submitted at Meeting
Date: 1/7/2020 Item: 4
Submitted by: Girls for Community Gardens

Why this project?

Many girls that I know have been struggling with

Self esteem

Health

Bullying

Body image

Being lonely

Vegas Roots Community Garden is turning 10 years old in 2020

It's a small non profit that thrives off of volunteers

Has a lot of great programs for the kids and families

We want to keep it clean and safe for kids to play

Has a Little Roots program so kids can learn how to grow, harvest, and consume fruits and vegetables

Has a wellness program for women

Community events and field trips are held here monthly

First Project

We would like to bring girls and women in the community together by hosting a community garden beautification day.

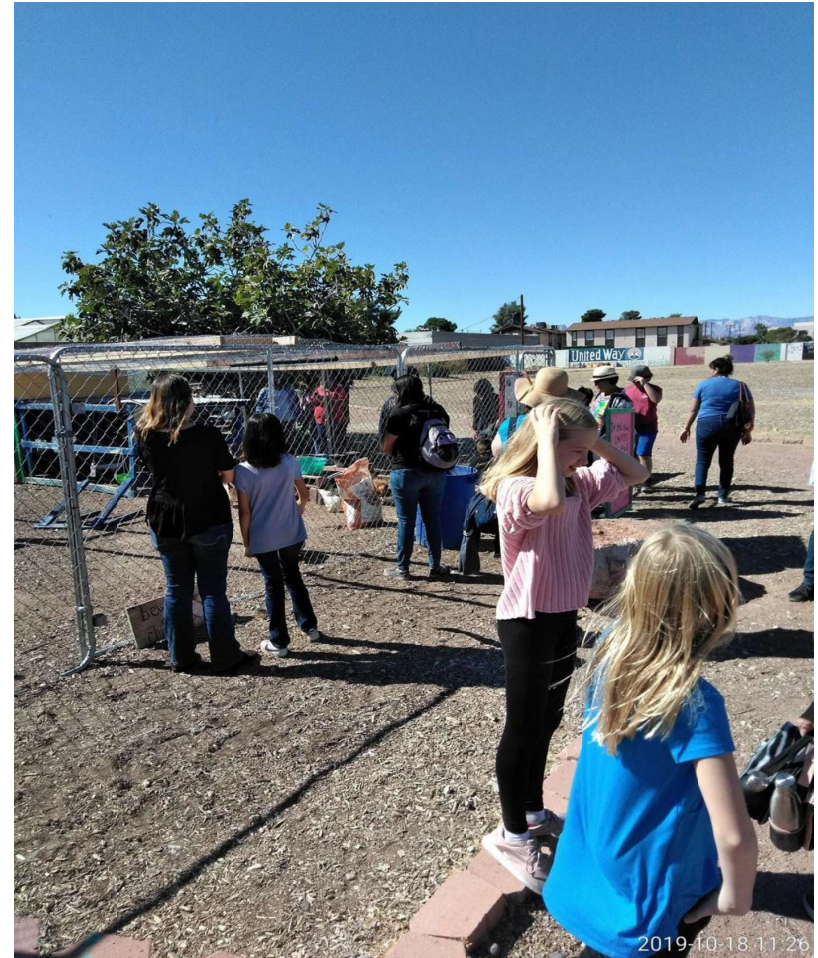

Girls can work alongside women and other young ladies and get to know one another

On this day we can clear all weeds

Paint plots and tables

Help the farmer by tilling and turning soil

Plant new seeds

Second project

Bring girls and women together in the community and celebrate completing our first project.

Girls can spend quality time with positive women.

Build their self esteem & confidence

We will host a wellness day and garden tea party.

This day will have stations for things like yoga, meditation, making vision boards together, and of course tea and tasty treats.

YNAPP Board we **need** your help.

Funds will go towards purchasing:

Trash bags

Paint

Brushes

Seeds

Tiller

Gloves

T-Shirts

Paper towels

Drinks

Food

Table Clothes

Vision Board supplies

Yoga Mats

That empower and inspire young
ladies

Vegas Roots Community Garden

Tulips

Girlfriendz of Color

Girlfriends Who Inspire Change

Volunteers & Match

75 Volunteers x 13 hours = \$5,555 in
matching funds

Thank you
for listening.

Questions

“Getting Healthy - Family Fun Day”

Submitted at Meeting
Date: 1/7/2020 Item: 4
Submitted by: Rise Up NV

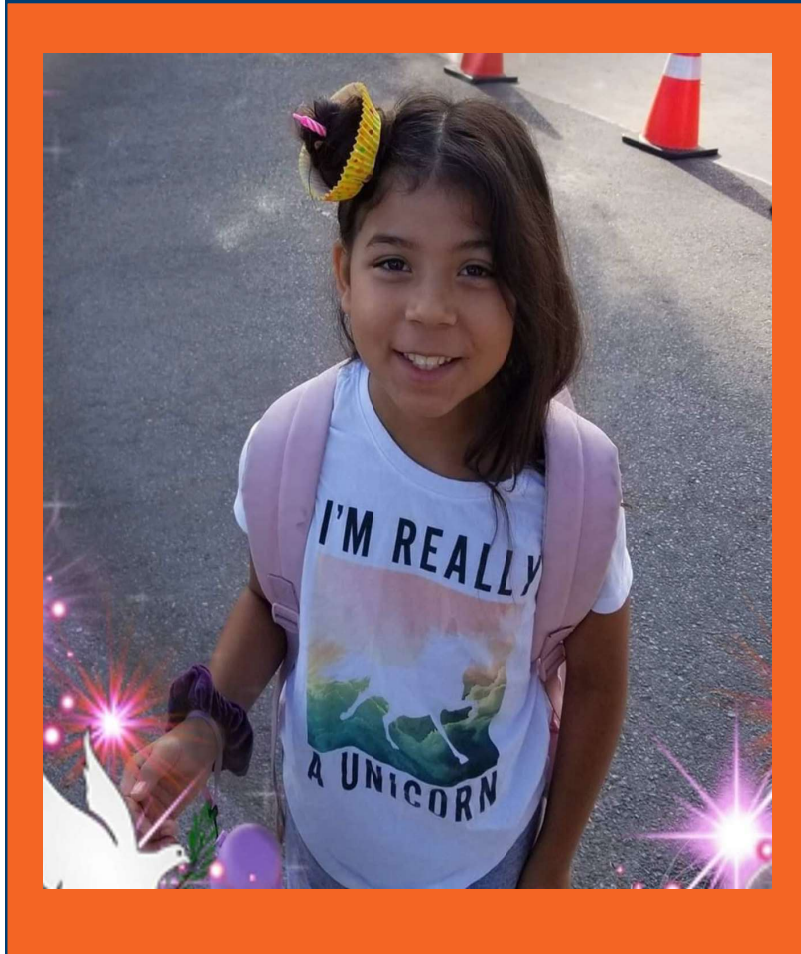

Presented By: Briselle and Sylena Skye

Share information and resources with fellow parents and community members about school performance.

Seek answers to important questions and empower parents to be an active voice for their child's education.

Collaborate with organizations and community leaders to ensure parent voices are heard.

Meet Briselle

Loves cooking for others!

Wants to teach other kids
how to cook healthy meals!

Dream is to open the
“Unicorn Café”!

Meet Sylena Skye

Loves doing fitness activities!

Wants to teach other kids about being type 1 diabetic and staying healthy!

Dreams to be a Toy Maker!

“Getting Healthy” Family Fun Day

Location: Vegas Roots
Urban Community Garden

Centrally located and “lots” of space.

Home of the Lil’ Roots Garden Club for kids.

Indoor and outdoor classrooms.

Fresh fruits and vegetables.

– Why this event?

Because Food and Fitness are an important part of our communities health.

- It's By Kids For Kids!
- Teach families how to use food and fitness to be healthy together in a way that is easy and fun.
- Raise awareness about diabetes.
- Create partnerships with families and community resources.

Outcomes

Empower kids to be leaders.

Families will gain the tools and confidence needed to take charge of their health and make better choices.

Know the warning signs of type 1 diabetes.

Increased knowledge to health and wellness resources and maximized community engagement.

What will this day look like?

It will be a fun-filled day that includes a community resource fair, healthy food cooking demonstration, and an easy fitness activity that spreads a message of Good Health for All. Our event will take place at the beautiful Vegas Roots Community Garden!

- **Cooking Demonstration w/ Briselle:** Unicorn Cafés hands on cooking demonstration.
- **Type 1 Presentation & Fitness Workshop w/ Sylena Skye:** Educational presentation & interactive fitness workshop.
- **Games & Activities – Volunteers:** Tag, tug of war, bounce house, yoga introduction, etc.
- **Resource Fair – Community Partners:** Sunrise Children’s Foundation, Art-Autism, Dream-Sickle, Nevada Diabetic Children & Adults Families, etc.

Volunteers/Match

54 volunteers

11 Hours

\$3,160 Grant match

- **Rise Up Board members**
- **Nevada Head Start Association**
- **Southern NV Association for the Education of Young Children**
- **NV Cooperative Extension**
- **Vegas Roots Community Garden**

Children and adults working together

Planning for the
event and making
posters to
advertise

Looking for
healthy recipes
Looking for
donations

Setting up and
cleaning up after
event
Doing reports

We
Need

We will spend money on:

- Decorations
- Food & drinks
- Plates, napkins, utensils
- Books and healthy resources
- Prizes for games
- Activities & games
- Yoga mats
- Chef aprons & hats, and tshirts

—
**Please and
Thank You!**

Full S.T.E.A.M Ahead

Presented by : T.U.L.I.P.S

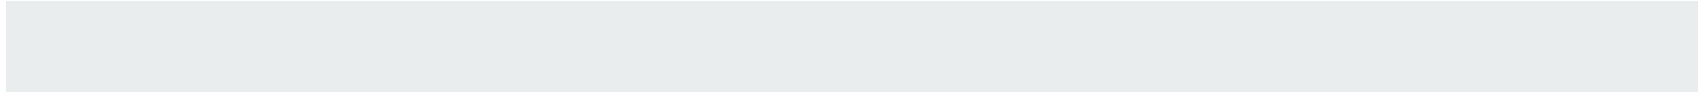

Submitted at Meeting
Date: 1/7/2020 Item: 4
Submitted by: T.U.L.I.P.S

Purpose

This program is designed to explore, educate, and engage students into the world of STEAM utilizing solar energy. Through this program, students will have the opportunity to build a solar car, as well as, participate in S.T.E.A.M related events and games.

Solar Power Technology

Teaching students and their families about Solar Energy through Solar activities is something that has really been a joy. Exposing children of color and their families to Solar energy along with careers and energy efficient opportunities is something that this organization prides itself in being able to do annually.

Activities

With the assistance of YNAPP, we will be hosting 2 events. One will be held in March at Rainbow Dreams Academy and the second is an event in the park that will take place in April. During our events, we hope to witness generous efforts propelling our youth into dreaming big for themselves. The kids will engage in the fun of science by participating in slime activities, and assembling solar powered car kits! Our technology station had children wiring the critical thinking parts of their brains with fun coding cards and learning how to assemble a computer with our computer kits. The engineering station pushed the kids to think outside of the box by not only constructing a LEGO bridge, but also learning how to build healthy relationships through team building. Our art station brought out the creative side of Las Vegas' youth by encouraging children to paint and dance to their heart's desire. Finally, our mathematics station puts the fun back into math by teaching students how to make paper fortune-tellers and playing the age- old game of Around the World.

Think, Touch, Tinker Robotic Station

This station gave students and opportunity to designed and encourage independent exploration, creation, and tinkering.

Code, Create, and Collaborate

Coding activities that help to teach students the principles of coding. In this activity, kids will get hands-on coding experience in the world of coding.

Soar Into Solar “Solar Car Station

Students use engineering design principles to construct and test a fully **solar** powered model **car**.

Let's get into Legos

LEGOs have stood the test of time. Even with competing video and computer games, most kids still love building with bricks. This fun LEGO Station gave children hands-on practice with science, technology, engineering, and math – skills

Marketing and Advertising Ideas Include:

- Utilizing Social Media
- Inviting Physical Education Teachers, personal trainers, etc. to participate
- Family & Friends

VEGAS ROOTS Garden

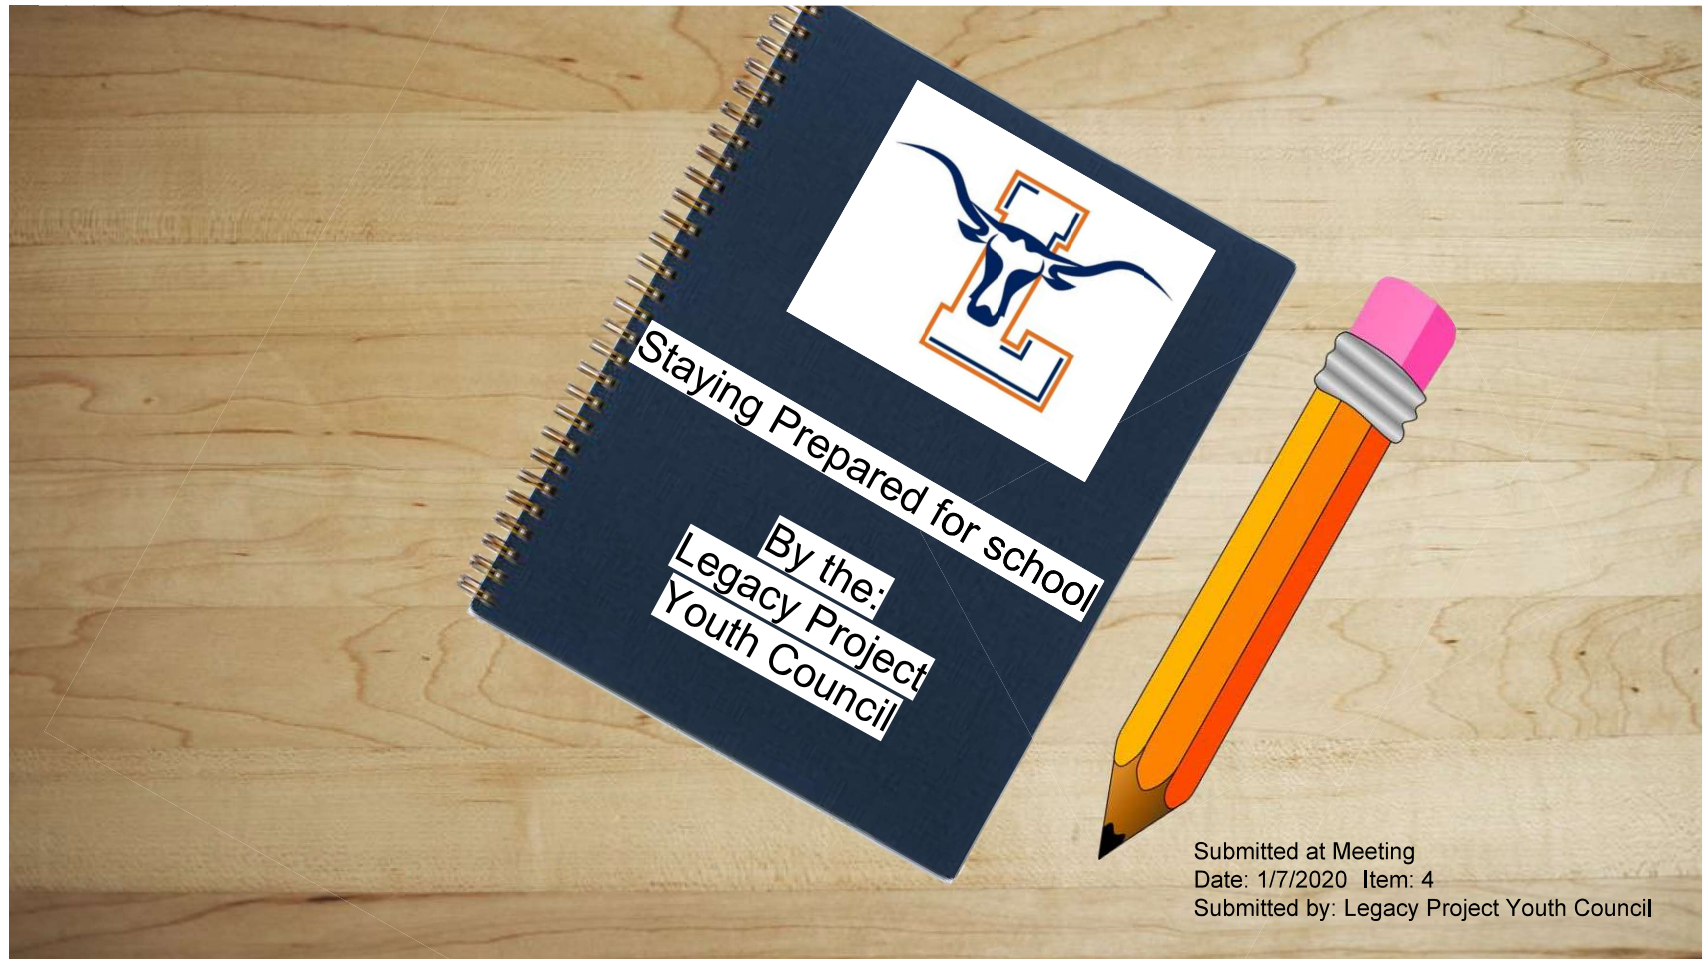

Hosting Site of Zeta Archonettes “Have Heart”

VEGAS ROOTS is a Community-based garden located in Downtown Las Vegas.

Purpose: Educating and nourishing the community with and about freshly grown foods & how to cultivate home grown gardens! Changing the narrative that being healthy is not “expensive” and its possible!

QUESTIONS???

Submitted at Meeting
Date: 1/7/2020 Item: 4
Submitted by: Legacy Project Youth Council

Our Project

If we are Awarded the grant, we will use it to buy school supplies to benefit the students at Rainbow Dreams Academy here in Las Vegas, Nevada.

It is a charter school in West las Vegas that mainly services the students in the 89106 area, and beyond.

Our Project

We Chose Rainbow Dreams Academy because many of our members are very Passionate about helping the kids in our community that might struggle with acquiring the necessary resources to ensure a successful school year.

Our Plan

We plan to go out and buy schools supplies from retailers and collect them in a designated area until they are ready to be donated to the school.

We will take the supplies to the students on a designated day TBD by our executive board.

Our “WHY”

We have started to notice a trend at our school of choice. It appears that students from lower, or single, income households are not able to continuously purchase school supplies items. This causes a shortage in educational resources for students around the month of November.

Factors like backpacks, pencils, notebooks, etc. can cost upwards of \$100 per student. For the average household that has 3 students, that's approximately \$300 per household every 3 months or so.

Our “WHY”

Students at Rainbow Dreams Academy are required to wear uniforms on campus. A shirt will cost approximately \$15 and the Khaki pants will cost approximately \$20. They have to have the uniform for several years during their time at the school. That is approximately \$35 coupled with the approximately \$100 spent on school supplies per student.

What If...

If we are not awarded the grant money we will still put the project in action!

Although the grant would provide a tremendous opportunity, we will find other ways to ensure we are able to help. We have the support of our community and our school. We could hold a school supplies drive at school and effectively communicate our purpose to ensure we will be able to help out!

MAKING GET WELL SOON CARDS

Laugh-Out-Loud Jokes for Kids
April 7, 2019 · 🌐

Can I just say the greatest part about getting to write joke books for kids isn't all the glitz and glamour 😊...it's getting to meet amazing kids and families like Khloe and her fam. @sitauiterokkar @rayman_244

Khloe contacted me (through her mom) to order joke books to put in care packages for sick children in the hospital. Khloe has learned the lesson that our pain doesn't have to be wasted! We can turn around and use it to encourage others.

Khloe was sick in the hospital on a couple different occasions and received her own care packages. She also has loving grandparents. Khloe's grandfather would sit by her bedside while she was recovering and read her jokes. When her body was stronger, she wanted help others.

Khloe's grandmother helped Khloe secure a grant through the city of Las Vegas @strongfuturelv Youth Neighborhood Association Partnership Program. The YNAPP grants offer up to \$1,000 for youth to create and implement service projects in their neighborhoods based on a community need. Khloe's group, "The Superfriends", won a grant to implement care packages for children who are sick in the hospital. "The Superfriends" are comprised of Khloe and her three best friends.

Khloe is a second grader with a heart of gold, and I hope that she'll continue to give back to others through community service! it's humbling to see kids taking steps to make the world a better place while I sit in my office and come up with Knock knock jokes 😊 Have a great day and find ways to become a world changer like Khloe and the Superfriends.

SUPPORT AND PARTNERSHIP

SUPER CARE PACKAGES

DELIVERED TO SUMMERLIN HOSPITAL ON MOTHER'S DAY

OUR 2020 PROJECT

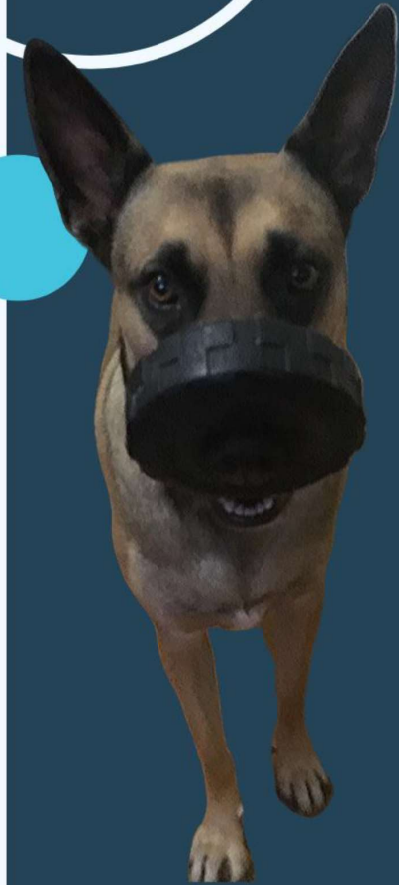

We have partnered with a local dog rescue and will create "Doggie Bags" with all of the essentials a new dog owner needs. This will make it easier for people to adopt rescue dogs.

HOW DID WE GET OUR IDEA?

I LOVE MY DOG. HE WAS A RESCUE. MY DAD'S COUSIN FOUND HIM TIED TO A LIGHTPOLE IN THE HOTTEST DAY OF THE SUMMER. HE WAS THERE FOR OVER A DAY. SHE TOOK HIM IN BUT COULDN'T KEEP HIM. SHE ASKED IF OUR FAMILY COULD TAKE HIM IN.

HE WAS VERY SKINNY, SCARED, HIS PAWS WERE DRY AND RAW, HIS NECK FUR WAS MISSING AND HIS SKIN WAS BLOODY BECAUSE OF THE ROPE THEY USED TO TIE HIM UP.

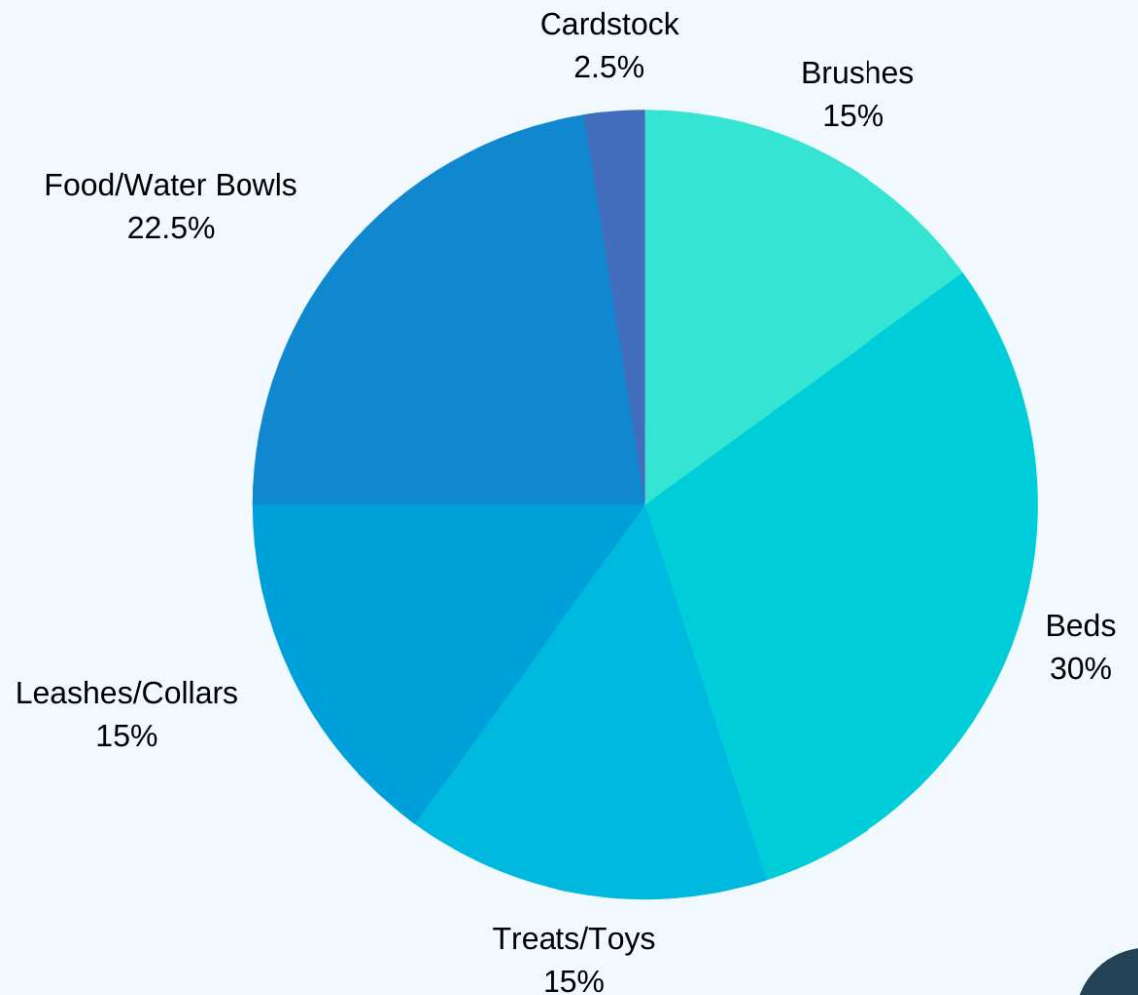

WE NEVER OWNED A DOG BEFORE SO WE NEEDED A LOT OF SUPPLIES. IT WAS A LOT OF MONEY TO SPEND ALL AT ONCE. WE WANT TO MAKE IT EASIER FOR LOVING FAMILIES TO HELP RESCUES.

BUDGET

We will create care packages for the dogs so that when they get their fur-ever family, the family won't have to worry about buying the basics.

Some things I want to put in the care packages are dog brush, dog bed, dog treats, dog toys, dog leash and collar, dog bowls and a card for the family who adopts the rescue dog.

WHO WILL HELP US?

Zeke

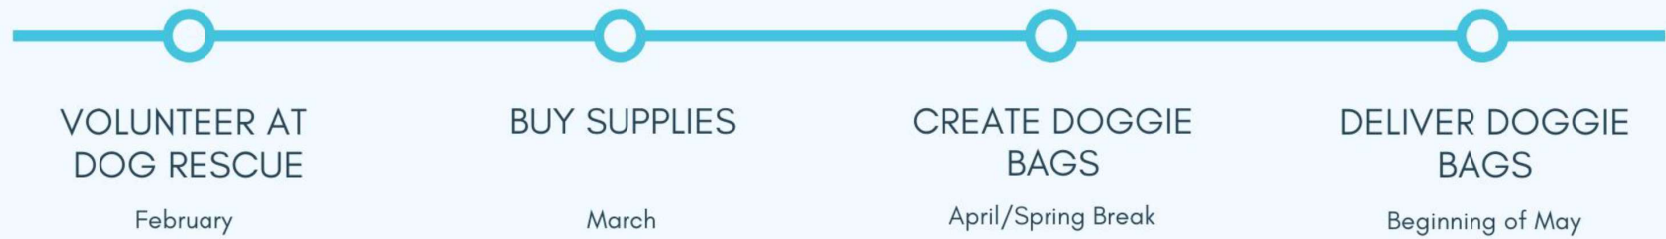

Colton

Ms. Roth's 3rd
Grade Class

TIMELINE

REFLECTION ACTIVITY

Last year we shared on social media and tagged @StrongFutureLV and I told all of my friends. I also participated in the YNAPP Project Showcase.

We will do all of those things again this year.

WHY IS THIS IMPORTANT TO ME?

I love my dog and all of the dogs that my family members have. They are a part of our families and should always be taken care of. Dogs love us and need us.

THANK
YOU!

Our Homeless Care Package Project

Submitted at Meeting
Date: 1/7/2020 Item: 4
Submitted by: National Junior Honor Society

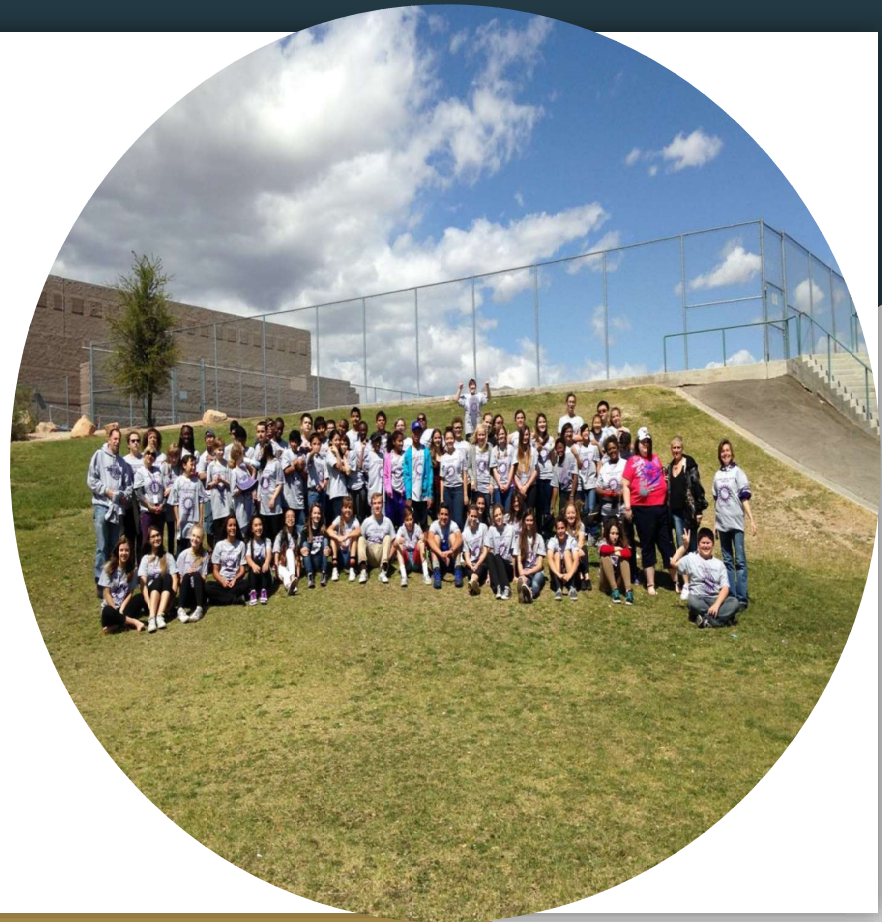

We are Angela Dannaker, Riley Brown,
Hannah Brown & Mason MacDonald.

We are all eighth graders from the National
Junior Honor Society (NJHS) program at
Ernest Becker Middle School.

This is not our school
NJHS's first time
applying for the
YNAPP grant. Our
last application took
place three years ago
and they applied for
the full \$1,000.

The previous two times our NJHS applied for this grant, the students held a field day for Becker's special education students.

Our project aims to give homeless citizens and their canine companions in Las Vegas care packages that include the following:

- ★ Snacks
- ★ Water bottles
- ★ Deodorant
- ★ Gloves and socks
- ★ Chapstick
- ★ Emergency blankets
- ★ Feminine hygiene products

And for dogs:

- ★ Dry food
- ★ Dog treats
- ★ And toys that our NJHS group will make ourselves

We are requesting the full \$1,000

We will be spending our funds on items to fill
the 100 care packages for people and the 25
care packages for dogs.

The rest of our NJHS group will be helping us
in our project by putting together our care
packages and making the dog toys.

In order to complete our service project, we will need to fill tote bags and deliver them to the homeless citizens of Las Vegas. We are planning a few days for our entire group of NJHS students to help create the care packages, and then a separate day for a few of our members and our two advisors to go hand deliver them.

We have pledged many hours

- 130 total hours
- 40 members of our NJHS society

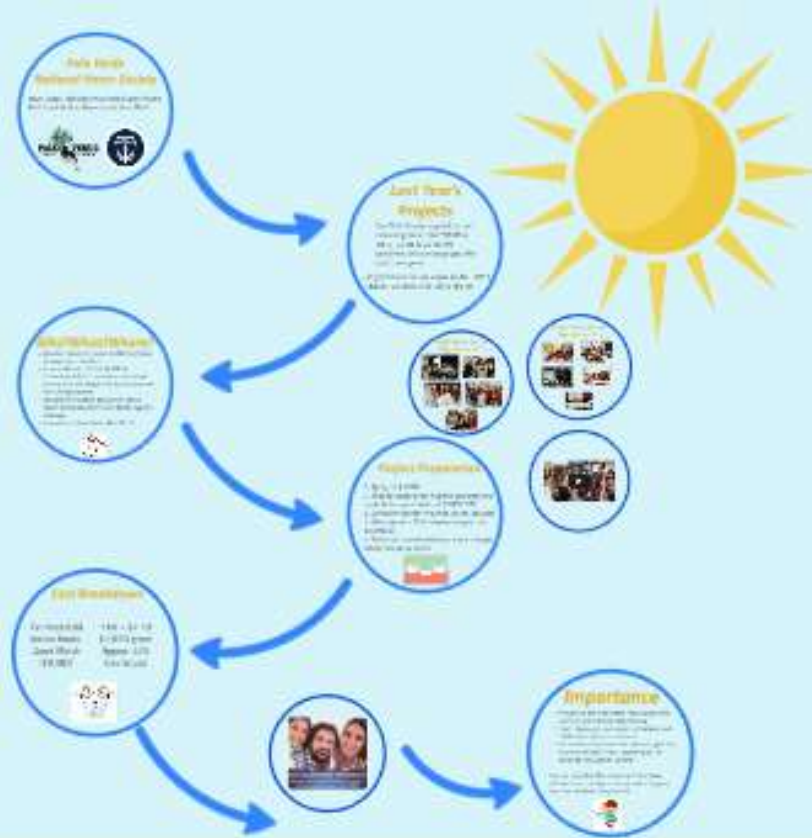

Why should YNAPP fund our project?

- supports the homeless community
- shows the students of our school how they can help their community
- Although it won't solve homelessness, it proves that there are ways to give support
- According to a study conducted by [security.org](https://www.security.org) "With a rate of about 272 homeless individuals per 100,000 people, the city of Las Vegas ranked seventh among the cities with the highest homeless rates."

Thank you for your time!

We hope you will consider our
group for the YNAPP grant!

Bright Smiles For Las Vegas Youth

Submitted at Meeting
Date: 1/7/2020 Item: 4
Submitted by: Palo Verde National Honor Society

Palo Verde National Honor Society

Youth Leads: Jack Kostrinsky and Everett Hume

Adult Lead: Andrea Resnick and Sara Melvin

Last Year's Projects

Our NHS Chapter applied for and received grants from YNAPP in 2017, 2018, & 2019. We performed this service project the past three years:

- Bright Smiles for Las Vegas Youth - 2017 (\$838), 2018 (\$743), 2019 (\$978)

Who?What?Where?

- Volunteer dental hygienist and NHS officers, advisors, and members
- Students (Kinder-3rd) at Red Rock Elementary School - diverse school in low income area, the majority of students are on free lunch programs
- Educate the students about their dental health and supply them with dental hygiene packages
- Inspiration: Future Smiles Non-Profit

Project Preparation

1. Apply for \$1000
2. Shop for supplies for hygiene packages and books (total calculated cost \$1000.00)
3. Donations (dental hygienist, prizes, posters)
4. Meetings with NHS members to plan the assemblies
5. Reflection: slideshow/video; share through school and social media

Cost Breakdown

Estimated 80
service hours-
Grant Match
(\$9,382)

1 Kit = \$2.10
\$1,000 grant
Approx. 475
kids helped

Importance

- Preventive oral healthcare reduces pain and suffering while being cost effective
- Tooth decay can cause poor self esteem and inhibit ability to learn in school
- 51 million school hours are lost each year due to dental related illness, according to the Office of the Surgeon General

It is our hope that this project will help these children learn the importance of dental hygiene and lead healthier, happier lives.

Squires Community Partners

The Shade Tree's Summer Backpacks

Submitted at Meeting
Date: 1/7/2020 Item: 4
Submitted by: Squires Community Partners

About Us

Hello!!

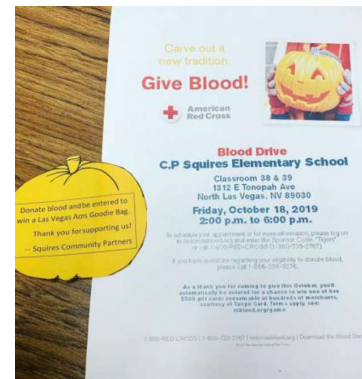

Our names are Mauriah Preston and Amanda España. We are both in the 5th grade and attend C.P. Squires Elementary School, and represent Squires Community Partners.

Squires Community Partners is composed of 3rd, 4th, and 5th grade students who are focused on changing the world one act of kindness at a time.

Community Service Projects

This is the first year that Squires Community Partners applies for a grant with YNAPP; no previous funding has been received.

However, we have completed several community service projects such as a baby item drive for Baby's Bounty, a blood drive with the Red Cross, wrote meaningful and thoughtful quotes for Starbucks customers, upon many more.

Our Project

We were asked by our teacher advisors the type of activities we do over the summer; the top three answers were going on trips with our families, watch movies, and play with electronic devices.

We were informed that there are children who live at The Shade Tree who don't have the same summer experiences as we do. We were empowered to do something that would make their summer more fun!

We came up with the idea of creating "Summer Backpacks" and fill them with activities/ items they could use. Some of the items in the backpacks will include books, jump ropes, chalk, coloring books, crayons and playing cards.

We believe that every child should have a summer filled with fun experiences and laughter and we hope that we are able to provide this for them.

Volunteers

Assisting us with this project will be friends and families of C.P. Squires. Volunteers will be used to help put the backpacks together.

**** Volunteer**

Hours: Throughout the course of the project, we pledge to have a total of 48 volunteer hours completed.

Funds

We are requesting a total of \$1,000 to complete our project. The amount projected to be spent is \$998.83. The items purchased for this project will be backpacks, fabric paint, pillowcases, construction paper, cardstock, yarn, jump ropes, chalk, coloring books, crayons, and toothbrushes.

Donations

The total amount of donations we will receive is a total of \$707.40. The items donated by community members are books and playing cards.

Additional Information:

Why is our project important?

With the help of our teachers, Squires Community Partners is dedicated to completed 58 Acts of Kindness for the lives lost during 1 October.

Who will benefit from this project?

All residents of The Shade Tree can benefit from our Summer Backpacks. Adults and children alike will be able to enjoy a night of card games, puzzles, reading coloring and much more!

Why should our project be funded?

Squires Community Partners is dedicated to changing the Las Vegas Valley one act of kindness at a time; by providing us with the funds needed, you too can help make a change!

Veterans Memorial Community Center Youth Council Presents...

The Giving Garden

Submitted at Meeting
Date: 1/7/2020 Item: 4
Submitted by: Veterans Memorial Community
Center (VMCC) Youth Council

Introduction

- + Youth Council members will create a garden for those who want to participate in beautifying and giving back to our community. Our garden will consist of fruits and vegetables that will later be donated to those in need. Tending to the garden beds will bring our community together regardless of our diversity. This will be an opportunity to teach Youth Council members about responsibility, team work, and gardening. These garden beds will be maintained by further generations involved in our community for years to come.

History

In February of 2019, we were granted \$978.26 for “Yarn of Compassion”. Yarn of Compassion was created to show support towards those battling illnesses as well as to comfort them while they are going through treatment. Youth council members were able to hand-crochet 75 beanies and 13 blankets for children in need.

What Is The Giving Garden?

Youth Council members will plant garden beds for local schools and community residents in need.

Youth council members will:

- Learn about gardening
- Purchase the necessary supplies
- Complete thorough research
- Build the bed
- Maintain a garden

Activity	Date(s)	Estimated Time
Learning	11/13-12/11	4.5 hrs
Supplies/Research	1/8-2/26	6 hrs
Building	3/4, 3/11, 3/18, 3/25	6 hrs
Planting	4/1, 4/8, 4/15, 4/22	6 hrs
Maintaining	5/13-5/27	3 hrs
Address: 101 S Pavilion Center Dr		

Why Should YNAPP Fund Our Project?

- + The garden will beautify the community.
- + Our garden will unify the people in our community.
- + Provides a healthy alternative to buying food for those in need
- + Creates an opportunity for learning among the volunteers
- + The garden will last for many years to come.
- + Involves a wide range of ages

Funding

In order to make the 4 garden beds, plant the seeds, maintain the crops, and keep the council members safe, we would need to buy:

- + 8ft 2"x 10" boards for \$260
- + 3" exterior deck screws 5 LB box for \$30
- + 4'x 300' roll Landscape Fabric for \$110
- + Landscape fabric pins for \$12
- + Covering and protection for \$120
- + Top Soil for \$110
- + Seeds, hand shovels , and cultivators all for \$150
- + Safety Gloves for \$30
- + Compost for \$137.50
- + Refreshments for council members for \$40.50

All of this adds up to a total of exactly **\$1,000**

Items to Purchase for Project	YNAPP Funds
8ft 2"x 10" boards	\$260.00
3" exterior deck screws 5 LB box	\$30.00
4'x 300' roll Landscape Fabric	\$110.00
Landscape Fabric pins	\$12.00
Covering and Protection	\$120.00
Top Soil	\$110.00
Seeds, hand shovels, and cultivators	\$150.00
Safety Gloves	\$30.00
Compost	\$137.50
Refreshments	\$40.50
Total	\$1,000.00

Why We Chose This Project & Its Impact

- ✦ We chose this project to help benefit the community by harvesting crops and donating the proceeds to those in need
- ✦ The garden beautifies the community while unifying the people.
- ✦ In addition this project provides healthy food choices for those in need.
- ✦ The volunteers will learn how to plant and maintain the growth of plants.
- ✦ Gets people of all ages involved in the care of the beds.

Conclusion

Our aim is to undertake a project that brings us closer to our community and to the environment.

With YNAPP's support, we can build a garden that involves many generations of people, and that will last for many generations to come.

SOARING EAGLES YOUTH MENTORS PROJECT

MADELIN OBOTE

Submitted at Meeting
Date: 1/7/2020 Item: 4
Submitted by: Wendell P. Williams Soaring Eagles

WHAT DOES IT MEAN TO BE A SOARING EAGLE ?

To be a Soaring Eagle , you must SOAR!

S: Smart Choices

O: Ownership

A: Attitude

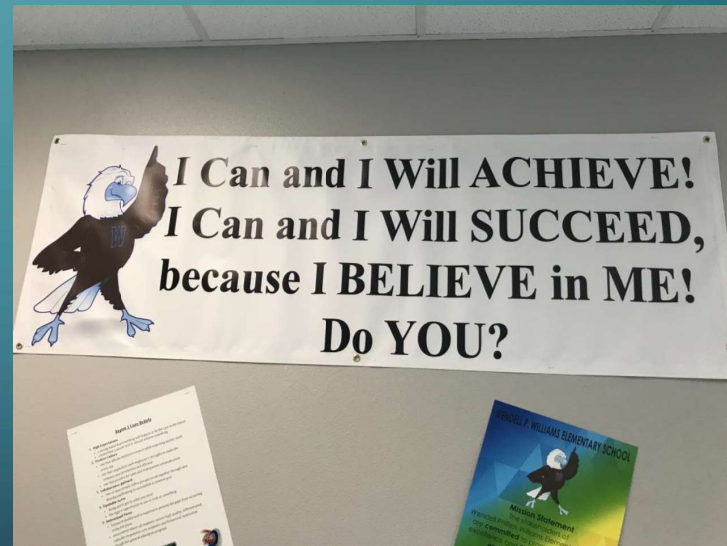

R: Responsibility, Respect

These are a must for Wendell P. Williams Soaring Eagles Youth Mentors. We are a group of young people working towards a positive school community.

S IS FOR SMART CHOICES

How to make Smart Choices?

As a Soaring Eagle Mentor, you want to be aware of how you present yourself. It shows in your behavior . You must make good choices in the things you do and be positive.

O IS FOR OWNERSHIP

Take ownership in everything you do , whether it is good or negative

If you did something that wasn't nice , don't blame the other guy. Just admit to your mistakes in your situation of what happen. Never lie or make up a story. Always telling the truth makes you an honest citizen in a community of peers.

A IS FOR ATTITUDE

Always have a positive attitude , try not to let a bad event get you down. It is always good to talk to the principal, vice principal, a teacher, support staff , or youth mentors about the situation

We are here to help.

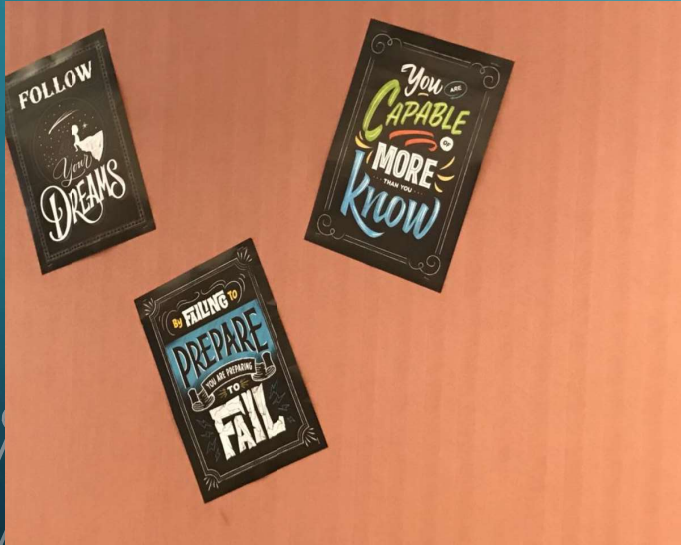

R IS FOR RESPONSIBILITY AND RESPECT

Always be responsible for your actions , never blame someone else for your behavior. Remember how you respond to other's actions reflects on you. Take ownership for your action.

Be respectful of your fellow peers, principal ,vice principal, teachers, and support staff in the Wendell P. Williams ES. Community.

WENDELL P. WILLIAMS SOARING EAGLES YOUTH MENTORS

Will help fellow students solve problems with their peers along with the help of an adult if needed.

We will be non bias at all times towards any students in any situation.

We will always use the SOAR method when handling any situations.

Project 150 Meal Packs

College of Southern Nevada HS West

National Honor Society

Submitted at Meeting
Date: 1/7/2020 Item: 4
Submitted by: National Honor Society
CSNHS West

What is Project 150?

Non-profit Organization dedicated to offering support and services to homeless students in the Las Vegas area

Beginning in 2011, they now serve more than **6,000** homeless and non-registered homeless high school students in need at **58** different high schools in Southern Nevada, giving them the opportunity to **excel** in school and receive their diploma

Our Goals

We want to assemble and donate breakfast/lunch meal packs to Project 150 for those nearly 204,000 students whom rely on Clark County's free and reduced lunch program and for those dependent on Project 150's work

We would...

- Use YNAPP funding to buy supplies for the meal packs
- Work together to assemble meal packs
- Donate meal pack's to Project 150's main site

Why Project 150?

We understand the pressures
that come with going through
high school

- "High School is Tough Enough"
no student should worry about
where their next meal is coming
from
- These students are our peers
- They deserve the same
opportunity we have

What are Project 150's Needs?

Non Perishable Food Items:

- Canned Goods
- Pre-packaged snacks, crackers, granola bars
- Packaged Oatmeal
- Microwaveable pastas, noodles, soups
- Fruit cups

What Our Chapter Will Do

Meetings

NHS students will attend 2 meetings to discuss the grant requirements, grant progress, & be given the opportunity to provide input on how to improve the grant.

Supply & Assembly

- Purchase Meal Pack Supplies
- Assemble meal packs at CSN
- Deliver packs to Project 150

Service

Students will complete 4 Hours Community Service at Project 150

They will also complete spreadsheets, pictures, and other necessary reports to fulfill the grant requirements.

What We Accomplished

Previous Funding
2018-19: \$978.26

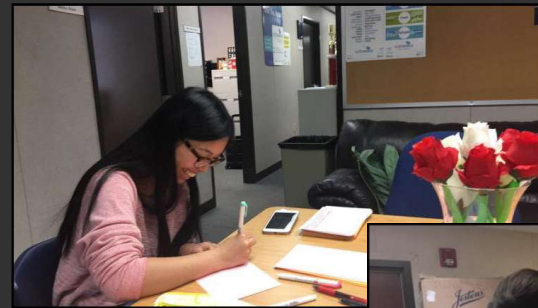

We organized and counted all of our materials, and then individually packaged the kits with all of our ordered foods.

What We Accomplished

When we were finished assembling the kits, we wrote notes for each one.

In total, we created
251 meal kits with
personally handwritten
messages.

In Our Own Pack

Here are some items we would like to include in our current meal pack:

- Fruit Snacks
- Breakfast Snacks
- Snack Bars
- Lunch Snack Packs
- Plastic Spoon, Fork, & Napkin

How will NHS Raise the Money?

Prior to receiving YNAPP funding we will vote to use \$100-\$200 of our NHS funds to purchase supplies

Funds Requested

In order to complete the aforementioned task, the College of Southern Nevada High School National Honor Society chapter asks for a \$1000 grant.

THE TEAM

College of Southern
Nevada High School- West
Charleston Student Council

*with Mrs.
Osazuwa*

2019 Project Recap:

- assembled snack packs that were donated to Project 150

Amount Requested:
\$1000

THE PROJECT

provide essential items
needed for daily living
in care packages that
will be donated to
Project 150

*OUR
PURPOSE*

*PACK
ITEMS*

*AMOUNT
REQUESTED*

WHY CARE PACKAGES?

"KTNV reports that over **2,200 youth** in the Vegas area are homeless.

Nevada is **fourth** nationwide for the amount of homeless youth within its borders."

After considering many ideas for the project, we realized that not all youths in Las Vegas have easily accessible items that are needed for daily survival.

SUPPLIES

- Drawstring bags
 - Body washes
 - Toothbrushes
 - Toothpaste
 - Sanitizers
 - Lotion
- Men's Deodorant
- Women's Deodorant
- Travel first aid kit

AMOUNT REQUESTED

In order to ensure good quality in the care packages
and to complete the project to the best of our abilities,
we are requesting \$1000.

Floss.....	\$72
Toothbrushes.....	\$20
Toothpaste.....	\$80
Sanitizers.....	\$108
Drawstring Bags.....	\$120
Shampoo & Conditioner.....	\$105
Body Wash.....	\$35
Lotion.....	\$144
Men's Deodorant.....	\$88
Women's Deodorant.....	\$68
First Aid.....	\$160
TOTAL.....	\$1,000
Pledged Volunteer Hours:	41

AFTER THE PROJECT

- Rep our work to our student body & highlight the importance of using your resources to help others
- Discuss how participating in this project impacted our thoughts and viewpoints on life

Las Vegas is home to
many underprivileged
youths. Being part of
Las Vegas' youth, we
want to make a
difference and help our
friends across the valley.
