

APPENDIX "B"

DRAINAGE INFORMATION FORM

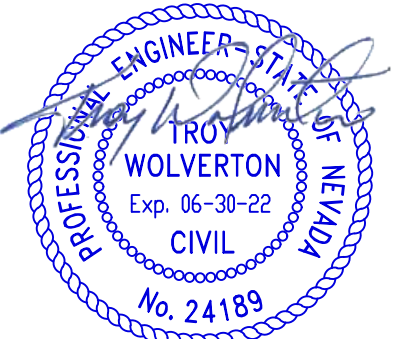

Applicant: Maverik, Inc. Date of Application: Aug. 3, 2021
Name of Development: Maverik Lake Mead & Losee Firm: Anderson Wahlen & Associates
Encroachment Location: SEC Lake Mead Blvd & Losee Rd. Address: 2021 N. Redwood Rd.
Milepost: 0 Route: 147 Salt Lake City UT, 84104
City: North Las Vegas County: Clark County Telephone: 801-410-8533
Type of Development: Maverik convenience store and fuel sales
Approximate upstream land area which drains to the subject site: 8 acres

- 1. Will the project disturb one (1) acre or more within Department right-of-way?
2. Is a portion or all of the proposed encroachment/development located in a designated FEMA Flood Hazard area?
3. As a result of the encroachment/development:
a) Will peak flows up to the 100-year event entering Department right-of-way be increased over pre-development conditions?
b) Will any flows be diverted into or away from Department right-of-way?
c) Will flows entering or leaving Department right-of-way be obstructed (e.g., berms, property walls, etc.)?
d) Will established drainage conditions (velocities, depths, flow paths, etc.) be altered within Department right-of-way?
e) Will curb, gutter, sidewalk, medians or any other obstruction to roadway surface flows be constructed within Department right-of-way?
f) Will drainage or permanent stormwater facilities (culverts, channels, storm drain, water quality treatment devices, etc.) be constructed in Department right-of-way?
g) From a drainage and water quality standpoint, does the proposed encroachment in any way adversely affect Department right-of-way or any upstream and/or downstream property owners?

A drainage report, as described in Section II. 6.1 of the Department's Terms and Conditions Relating to Right-of-Way Occupancy Permits is required if the answer to any of the above questions in Sections 2 or 3 is Yes unless waived by the District Engineer.

- 4. A Signed NOI Certification Statement and SWPPP must be submitted prior to permit issuance if the answer to the following question is Yes:
a) Do Permittee activities require coverage under a State or Federal issued National Pollutant Discharge Elimination System Construction General Permit (CGP)?
5. A Runoff Control Plan (RCP) must be submitted prior to permit issuance if the answer to the following question is Yes:
a) Are there land disturbance activities (including clearing, grading, excavating, stockpiling of material, and other similar activities) within Department right-of-way that are exempt from CGP coverage.

Unless completion of this form is waived by the Department's District Engineer, the form shall be completed and sealed by a licensed Civil Engineer.

OR -> Waived by:
District Engineer
