**Re: Updated Grading Plans for Addendum 2 to TDS for Buffalo-Grand Teton Commercial (PW20-16017)**  
Reynolds Engineering Co. Job No. 20003

Dear Mr. Gerstenkorn:

Attached are two (2) sets of revised grading plans prepared by Zenith Engineering for the above referenced project to replace those previously submitted. Building A had to be shifted five feet to the west to accommodate playground equipment. No revision to drainage design or responses to comments as submitted in Addendum 2 was required.

If you have any questions regarding this submittal or require additional information to complete your review, please contact this office.

Respectfully submitted,

**Reynolds Engineering Co.**

James G. Reynolds, P.E.  
Principal Civil Engineer
