Hi Albert,

We would like to request to withdraw our TDS Update #2 (DS05644-2) submitted on August 12, 2024. As per your phone conversation with my colleague John Grujicic today, we made some minor mistakes by showing a few minor storm drain invert changes on the plans and the mistakes have been corrected. The inverts have been changed back to the originally approved ones. As a result, this TDS update is no longer needed. Please let me know if you have any questions.

Thank you,
