

Revision to Offsite Improvements L24-002473-R003-Civil-V01
Summerlin West Village 25 Park Drift Trail from
Sandstone Rise Drive to Lake Mead Boulevard

Nenad Mirkovic
Structural Plans Examiner
Department of Community Development
Building & Safety Division | Engineering Section
(702) 455-5022

Dear Mr. Mirkovic

12 December 2024

This letter is in response to the comment received regarding changes to the Junction Structure SDMH#10 in L24-002473 R003-Civil-V01 on 11/27/2024.

We have revised the plan view of the junction structure on civil sheets 5,6,20,21 to match the approved structural sheet, but the design of the junction structure has not changed. And so, no revisions to the structural design or calculations for Junction Structure SDMH#10 are needed.
