**\*\* STAFF REPORT \*\***

**PROJECT DESCRIPTION**

The applicant is requesting to vacate the Public Sewer and Drainage Easements generally at the northwest corner of Martin Luther King Boulevard and Wellness Way at 700 South Martin Luther King Jr. Boulevard.

**ANALYSIS**

The subject site is a public health laboratory zoned T6 UG-L (T6 Urban General Zone - Limited) with the FBC (Form Based Code) land use designation. The site is subject to 19.09 Form-Based Code Standards. The T6 UG-L (T6 Urban General Zone - Limited) sub-zone provides the same building form as the T6-UG Zone, with the following exception: the minimum allowed building height is one story, and the maximum allowed building height is 14 stories.

The existing easement location is in conflict with the location of a new lab building proposed in the southwest corner of the site. This Vacation (24-0330-VAC1) is requested to vacate the Public Sewer and Drainage easements generally at the northwest corner of Martin Luther King Boulevard and Wellness Way. Staff has no objection to the Vacation application request and recommends approval.

**FINDINGS (24-0330-VAC1)**

Staff has no objection to the Vacation application request to the Public Sewer and Drainage Easements generally at the northwest corner of Martin Luther King Boulevard and Wellness Way and is recommending approval of the request. This Vacation request should be sent to all the utilities however, as no right of way is proposed to be vacated, and thus no franchise rights are involved. It is not necessary to wait for responses from any of the public utilities or other parties interested in preserving a right in this patent easement. Since only City interests are involved; any utility company's interests will need to be addressed with each respective utility company and will not be affected by the City vacating its interest.
