**Re: MountainView Hospital – Tower Addition
City of Las Vegas Grading Comment Response Letter (DS5520A)
Las Vegas, NV**

Dear Mr. Sung:

Please consider this submittal as a formal response comments received for the above-referenced project. Below, please find a summary of how each comment has been addressed.

- 1) It is not clear how the proposed reduction in volume in the detention pond by the tower addition is going to be compensated by adding storage volume elsewhere. Is the pond to be expanded horizontally or to be dug deeper? Show and identify the existing pond and the modified pond clearly in the next submittal with contours labeled.
 - *Please see Sheet C4.0 which shows the pond area to be removed hatched in red and Sheet C6.0 for the proposed expansion area hatched in red.*
- 2) Sheet C5.0 was missing in the last mail package. Provide as such in the next submittal
 - *C5.0 has been included with this resubmittal.*

Should you have any questions, please feel free to contact me via phone (615-622-7200) or email (oberryhill@catalyst-dg.com).

Best Regards,

Catalyst Design Group
