**RE: Gate Queuing Analysis for Parcel X of Summerlin Village 20**

Dear Mr. Nezhati:

The Traffic Engineering Division has reviewed the gate queuing analysis for Parcel X (Solano) of Summerlin Village 20 (The Vistas), located on the west side of Vista Run Drive, south of Alta Drive. This subdivision has 132 single family dwelling units. The analysis demonstrates that two ingressing lanes with a distance to the call box of 50 feet will be adequate. Please note that is satisfied the technical requirements, however this parcel entry was built to meet the Summerlin standard for an ungated entry. This approval cannot constitute a deviation from Summerlin standards. Please contact me at 229-2452 if you have any questions.

Sincerely,

Rick Schroder, P.E.  
Transportation Planning
