**RE: 26-0061-SDR1
CITY COUNCIL MEETING OF JUNE 17, 2026**

Dear Applicant:

The City Council at a regular meeting held on **June 17, 2026** voted to **APPROVE** the following Land Use Entitlement project request FOR A PROPOSED FIVE-STORY, 11-UNIT MULTI-FAMILY RESIDENTIAL DEVELOPMENT WITH WAIVERS OF TITLE 19.09 FORM-BASED CODE DEVELOPMENT STANDARDS on 0.16 acres at 508 Van Buren Avenue (APN 139-27-110-041), T4-N (T4 Neighborhood) Zone, Ward 5 (Summers-Armstrong).

This approval is subject to the following conditions:

Planning

1. This approval shall be void two years from the date of final approval, unless exercised pursuant to the provisions of LVMC Title 19.16. An Extension of Time may be filed for consideration by the City of Las Vegas.
2. All development shall be in conformance with the site plan, landscape plan, and building elevations, date stamped 02/19/26, except as amended by conditions herein.
3. A Waiver of Title 19.09 is hereby approved, to allow 8 parking stalls where ten are required.
4. All necessary building permits shall be obtained and final inspections shall be completed in compliance with Title 19 and all codes as required by the Building and Safety Division.
5. These Conditions of Approval shall be affixed to the cover sheet of any plan set submitted for building permit.
6. Prior to the exercising of the Site Development Plan Review as expressed in Title 19.16.100(J), the Developer shall be required to record a Declaration of Private Maintenance Requirements ("DPMR") as a covenant on all associated properties and on behalf of all current and future property owners. The DPMR shall include a listing of all

privately owned and/or maintained infrastructure improvements, along with assignment of maintenance responsibility for each of the subject site's landscaped areas including, but not limited to, perimeter landscape buffers, parking lot landscaping, and foundation landscaping, and shall provide a brief description of the required level of maintenance for privately maintained components including, but not limited to, building elevations, parking lot striping, trash enclosures and driveway pans. The DPMR shall be reviewed and approved by the City of Las Vegas Department of Community Development prior to the exercising of the Site Development Plan Review as expressed in Title 19.16.100(J) and must include a statement that all properties within the subject site are subject to assessment for all associated costs should private maintenance obligations not be met, and the City of Las Vegas be required to provide for said maintenance. Following recordation, the Developer shall submit a copy of the recorded DPMR document to the City of Las Vegas Department of Community Development.

7. The City Council is required to approve a Declaration of Special Land Use Restrictions (DSLURS) to grant a two-story height bonus for the subject site prior to the issuance of any building permits.
8. Pursuant to LVMC Title 19.06.040.H for multi-family or nonresidential properties, a perimeter wall shall be constructed adjacent to any residential zoning district or property used solely for single-family residential purposes. The wall or fence is intended to screen the multi-family residential activity from the residential property and shall be of a solid decorative material that is a minimum of six feet in height measured from the side of the multi-family residential property. In no case shall the wall or fence exceed the overall height limitation applicable to the adjacent zoning district or property unless approved through a Variance or other applicable means. The overall height of a wall or fence shall be measured from the side with the greatest vertical exposure above finished grade.
9. All utility or mechanical equipment shall comply with the provisions of the Interim Downtown Las Vegas Development Standards.
10. A technical landscape plan, signed and sealed by a Registered Architect, Landscape Architect, Residential Designer or Civil Engineer, must be submitted prior to or at the same time application is made for a building permit. A permanent underground sprinkler system is required, which shall be permanently maintained in a satisfactory manner; the landscape plan shall include irrigation specifications. Installed landscaping shall not impede visibility of any traffic control device.
11. A Comprehensive Construction Staging Plan shall be submitted to the Department of Community Development for review and approval prior to the issuance of any building permits. The Construction Staging Plan shall include the following information: Design and location of construction trailer(s); design and location of construction fencing; all proposed temporary construction signage; location of materials staging area; and the location and design of parking for all construction workers.

12. Prior to the submittal of a building permit application, the applicant shall meet with Department of Community Development staff to develop a comprehensive address plan for the subject site. A copy of the approved address plan shall be submitted with any future building permit applications related to the site.
13. All City Code requirements and design standards of all City Departments must be satisfied, except as modified herein.

Public Works

14. In accordance with code requirements of Title 13.56 and Section 2.2 of the City's Vision Zero Action Plan, remove all substandard offsite improvements and unused driveway cuts, if any, and replace with new improvements meeting Public Right-of-Way Accessibility Guidelines (PROWAG) to the satisfaction of the City Engineer concurrent with development of this site. Grant Pedestrian Access Easement(s) if necessary to comply with this requirement. All existing paving damaged or removed by this development shall be restored at its original location, width and depth concurrent with development of this site.
15. If a new public sewer connection is required, connect to the existing 8" public sewer main in the alley directly north of this site.
16. Landscape and maintain all unimproved right-of-way adjacent to this site. All landscaping and private improvements installed with this project shall be situated and maintained so as to not create sight visibility obstructions for vehicular traffic at all development access drives and abutting street intersections.
17. Submit a License Agreement for landscaping and private improvements in the public right-of-way adjacent to this site, if any, prior to the issuance of permits for these improvements. If requested by the City, the applicant shall remove property within the public right-of-way at the applicant's expense pursuant to the terms of the City's License Agreement. The installation and maintenance of all private improvements in the public right-of-way shall be the responsibility of the applicant and any successors in interest to the property and assigns pursuant to the terms of the License Agreement. Coordinate all requirements for the License Agreement with the Land Development Section of the Department of Community Development (702-229-5460).
18. Queues for the overall site shall not extend into the public right-of-way as a result of the gating operations on this site. Gates shall automatically open for residents through clickers or another vehicle recognition technology.
19. Meet with the Flood Control Section of the Department of Public Works for assistance with establishing finished floor elevations and drainage paths for this site prior to submittal of construction plans or the issuance of any building or grading permits, whichever may occur first. Provide and improve all drainageways as recommended.

Fire & Rescue

20. A fully operational fire protection system, including fire apparatus roads, fire hydrants and water supply, shall be installed and shall be functioning prior to construction of any combustible structures.

The Notice of Final Action was filed with the Las Vegas City Clerk on June 18, 2026.

Sincerely,

Seth T. Floyd
Director of Community Development
Department of Planning
