RE: SDR-26350 - SITE DEVELOPMENT PLAN REVIEW

Dear Applicant:

Your request for a Site Development Plan Review FOR A THREE-UNIT CONDOMINIUM DEVELOPMENT on 0.24 acres adjacent to the north side of McWilliams Avenue, approximately 105 feet west of "F" Street (APN 139-27-310-036), R-3 (Medium Density Residential) Zone, Ward 5 (Barlow), was considered by the Planning Commission on February 28, 2008.

The Planning Commission voted to ***APPROVE*** your request, subject to the following:

Planning and Development

1. This approval shall be void two years from the date of final approval, unless a building permit has been issued for the principal building on the site. An Extension of Time may be filed for consideration by the City of Las Vegas.
2. All development shall be in conformance with the site plan date stamped 01/15/08, elevations date stamped 02/15/08, except as amended by conditions herein.
3. The standards for this development shall include a Minimum lot size of 6,500 square feet and building height shall not exceed two stories or 35 feet, whichever is less.
4. A technical landscape plan, signed and sealed by a Registered Architect, Landscape Architect, Residential Designer or Civil Engineer, must be submitted prior to or at the same time application is made for a building permit. A permanent underground sprinkler system is required, and shall be permanently maintained in a satisfactory manner; the landscape plan shall include irrigation specifications.

5. Pre-planting and post-planting landscape inspections are required to ensure the appropriate plant material, location, size of planters, and landscape plans are being utilized. The Planning and Development Department must be contacted to schedule an inspection prior to the start of the landscape installation and after the landscape installation is completed. A certificate of occupancy will not be issued or the final inspection will not be approved until the landscape inspections have been completed.
6. Reflective glazing at the pedestrian level is prohibited. Glazing above the pedestrian level shall be limited to a maximum reflectance rating of 22% (as defined by the National Institute of Standards and Technology).
7. Air conditioning units shall not be mounted on rooftops.
8. All utility boxes exceeding 27 cubic feet in size shall meet the standards of LVMC Title 19.12.040.
9. Parking lot lighting standards shall be no more than 30 feet in height and shall utilize downward-directed lights with full cut-off luminaries. Lighting on the exterior of buildings shall be shielded and shall be downward-directed. Non-residential property lighting shall be directed away from residential property or screened, and shall not create fugitive lighting on adjacent properties.
10. A fully operational fire protection system, including fire apparatus roads, fire hydrants and water supply, shall be installed and shall be functioning prior to construction of any combustible structures.
11. Prior to the submittal of a building permit application, the applicant shall meet with Planning and Development Department staff to develop a comprehensive address plan for the subject site. A copy of the approved address plan shall be submitted with any future building permit applications related to the site.
12. All City Code requirements and design standards of all City Departments must be satisfied, except as modified herein.

Public Works

-
13. Submit a Reversionary Map for this site or coordinate with the City Surveyor to determine an acceptable mapping method; comply with the recommendations of the City Surveyor.

14. Remove all substandard public street improvements and unused driveway cuts adjacent to this site, if any, and replace with new improvements meeting current City Standards concurrent with development of this site. Driveways shall be designed, located and constructed in accordance with Standard Drawing #224.
15. Landscape and maintain all unimproved right-of-way adjacent to this site. All landscaping and private improvements installed with this project shall be situated and maintained so as to not create sight visibility obstructions for vehicular traffic at all development access drives and abutting street intersections.
16. Submit an Encroachment Agreement for all landscaping and private improvements located within the public right-of-way adjacent to this site prior to occupancy of this site.
17. Meet with the Fire Protection Engineering Section of the Department of Fire Services to discuss fire requirements for the proposed use of this facility.
18. Meet with the Flood Control Section of the Department of Public Works for assistance with establishing finished floor elevations and drainage paths for this site prior to submittal of construction plans, the issuance of any building or grading permits or the submittal of a map for this site, whichever may occur first. Provide and improve all drainage ways as recommended.

This action by the Planning Commission on **February 28, 2008** is final unless a written appeal is filed with the City Clerk within ten days of the date of the Planning Commission's decision or there is a review action filed by the City Council within the same time period. The Notice of Final Action was filed with the Las Vegas City Clerk on **February 29, 2008**.

Sincerely,
