The Planning Commission voted to **APPROVE** your request, subject to the following:

**Planning and Development**

1. Approval of the Tentative Map shall be for no more than two (2) years. If a Final Map is not recorded on all or a portion of the area embraced by the Tentative Map within two (2) years of the approval of the Tentative Map, this action is void.
2. All development shall conform to the Conditions of Approval for Site Development Plan Review (SDR-13534) and Special Use Permit (SUP-13537) and the Las Vegas Medical District Plan Development Standards.

4. In conjunction with creation, declaration and recordation of the subject common-interest community, and prior to recordation of the Covenants, Codes and Restrictions ("CC&R"), or conveyance of any unit within the community, the Developer is required to record a Declaration of Private Maintenance Requirements ("DPMR") as a covenant on all associated properties, and on behalf of all current and future property owners. The DPMR is to include a listing of all privately owned and/or maintained infrastructure improvements, along with assignment of maintenance responsibility for each to the common interest community or the respective individual property owners, and is to provide a brief description of the required level of maintenance for privately maintained components. The DPMR must be reviewed and approved by the City of Las Vegas Department of Field Operations prior to recordation, and must include a statement that all properties within the community are subject to assessment for all associated costs should private maintenance obligations not be met, and the City of Las Vegas be required to provide for said maintenance.
