RE: TMP-11400 - CITIBANK TENTATIVE MAP - TENTATIVE MAP

Dear Mr. Adamson:

Your request for a Tentative Map FOR A ONE LOT COMMERCIAL SUBDIVISION on 11.38 acres at the northwest corner of Lake North Drive and Lake Sahara Drive (APN 163-08-501-004), C-1 (Limited Commercial), Ward 2 (Wolfson), was considered by the Planning Commission on March 9, 2006.

The Planning Commission voted to **APPROVE** your request, subject to the following:

Planning and Development

1. Approval of the Tentative Map shall be for no more than two (2) years. If a Final Map is not recorded on all or a portion of the area embraced by the Tentative Map within two (2) years of the approval of the Tentative Map, a new Tentative Map must be filed.
2. Street names must be provided in accordance with the City's Street Naming Regulations.
3. All development is subject to the conditions of City Departments and State Subdivision Statutes.
4. In conjunction with creation, declaration and recordation of the subject common-interest community, and prior to recordation of the Covenants, Codes and Restrictions ("CC&R"), or conveyance of any unit within the community, the Developer is required to record a Declaration of Private Maintenance Requirements ("DPMR") as a covenant on all associated properties, and on behalf of all current and future property owners. The DPMR is to include a listing of all privately owned and/or maintained infrastructure improvements, along with assignment of maintenance responsibility for each to the common interest community or the respective individual property owners, and is to provide a brief description of the required level of maintenance for privately maintained components. The DPMR must be reviewed and approved by the City of Las Vegas Department of Field Operations prior to recordation, and must include a

statement that all properties within the community are subject to assessment for all associated costs should private maintenance obligations not be met, and the City of Las Vegas be required to provide for said maintenance. Also, the CC&R are to include a statement of obligation of compliance with the DPMR. Following recordation, the Developer is to submit copies of the recorded DPMR and CC&R documents to the City of Las Vegas Department of Field Operations.

Public Works

5. Remove all substandard public street improvements, if any, adjacent to this site and replace with new improvements meeting current City Standards.
6. Show all Sight Visibility Restriction Zones (SVRZ's) adjacent to public streets and include the following note: "No walls, fences, trees, shrubs, utility appurtenances or any other object, other than traffic control devices and street light poles, may be constructed or installed within the Sight Visibility Restriction Zone (S.V.R.Z.) unless said object is maintained at less than 24 inches in height measured from adjacent top of curb, or where no curb exists, a height of 27 inches measured from the top of adjacent asphalt, gravel, or pavement street surface. Area shall be labeled as "Privately Maintained".
7. Sewer service for this commercial subdivision shall be shown in accordance with one of the following three alternatives, and the appropriate Note shall appear on the face of the recorded Final Map:
 - I. Onsite sewers, 8-inches in diameter or larger, are public sewers within 20 - foot wide dedicated public sewer easements.
 - II. Onsite sewers are a common element privately owned and maintained per the Conditions, Covenants, and Restrictions (CC&Rs) of this commercial subdivision.
 - III. Onsite sewers are a common element privately owned and maintained per the Joint Use Agreement of this commercial subdivision.
8. All subdivided parcels comprising this commercial subdivision shall provide perpetual inter-site common drainage rights across all existing and future parcel limits.
9. Any new development within the limits of the proposed mapping will require a new Drainage Study for this site.

10. Site development to comply with all applicable conditions of approval for Z-54-84 and all other subsequent site-related actions.
11. Prior to recordation, this Final Map must show all required easements and right-of-way dedications, must coincide with the approved drainage plan/study and construction plans, and the Owner's Certificate must make specific reference to all easements and right-of-ways noted/offered for public use as required by the Department of Public Works. Appropriate sight visibility restriction zones, if applicable, are also required to be shown on this Final Map at all interior intersections, at all perimeter intersections abutting this subdivision site, at all intersections where an interior subdivision street connects with an abutting public street and at all other locations as required by the Traffic Engineer.

This action by the Planning Commission on March 9, 2006 is final unless a written appeal is filed with the City Clerk within seven days of the date of the Planning Commission's decision or there is a review action filed by the City Council within the same time period.

Sincerely,

Douglas J. Rankin, Planning Supervisor
