RE: SDR-1776 - SITE DEVELOPMENT PLAN REVIEW
CITY COUNCIL MEETING OF APRIL 16, 2003
Related to SDR-1778

Dear Mr. Prayer:

The City Council at a regular meeting held April 16, 2003 APPROVED the request for a Site Development Plan Review FOR A PROPOSED TWO-STORY OFFICE COMPLEX (TWO 35,800 SQUARE FOOT BUILDINGS) on 4.9 acres adjacent to the southwest corner of Trinity Peak Drive and Fire Mesa Street (APN: 138-15-410-026), C-PB (Planned Business Park) Zone. The Notice of Final Action was filed with the Las Vegas City Clerk on April 17, 2003. This approval is subject to:

Planning and Development

1. This Site Development Plan Review shall expire two years from date of final approval unless it is exercised or an Extension of Time is granted by the City Council.
2. All development shall be in conformance with the site plan and building elevations, except as amended by conditions herein.
3. Prior to the submittal of a building permit, the applicant shall meet with Planning and Development Department staff to develop a comprehensive address plan for the subject site. A copy of the approved address plan shall be submitted with any future building permit applications related to the site.
4. Landscape materials (trees and shrubs) shall meet the minimum requirements of the Las Vegas Urban Design Guidelines and Standards, which include 24-inch box tree planted 20-feet on center along all roadways, and planted 30-feet on center along all interior property lines. In addition, four 5-gallon shrubs shall be planted in addition to each 24-inch box tree.

5. Landscaping and a permanent underground sprinkler system shall be installed as required by the Planning Commission or City Council and shall be permanently maintained in a satisfactory manner. [Failure to properly maintain required landscaping and underground sprinkler systems shall be cause for revocation of a business license.]
6. A landscaping plan must be submitted prior to or at the same time application is made for a building permit.
7. All mechanical equipment, air conditioners and trash areas shall be fully screened in views from the abutting streets.
8. Parking lot lighting standards shall be no more than 20 feet in height and shall utilize 'shoe-box' fixtures and downward-directed lights. Wallpack lighting shall utilize 'shoe-box' fixtures and downward-directed lights on the proposed building. Non-residential property lighting shall be directed away from residential property or screened, and shall not create fugitive lighting on adjacent properties.
9. All utility boxes exceeding 27 cubic feet in size shall meet the standards of Municipal Code Section 19.12.050.
10. Any property line wall shall be a decorative block wall, with at least 20 percent contrasting materials. Wall heights shall be measured from the side of the fence with the least vertical exposure above the finished grade, unless otherwise stipulated.
11. A fully operational fire protection system, including fire apparatus roads, fire hydrants and water supply, shall be installed and shall be functioning prior to construction of any combustible structures.
12. All City Code requirements and design standards of all City departments must be satisfied.

Public Works

13. Remove all substandard public street improvements, if any, adjacent to this site and replace with new improvements meeting current City Standards concurrent with on-site development activities.
14. Meet with the Traffic Engineering Representative in Land Development for assistance in the possible redesign of the proposed driveway access, on site circulation and parking lot layout prior to the submittal of any construction plans or the issuance of any permits, whichever may occur first. Driveways shall be designed, located and constructed in accordance with Standard Drawing #222A.

April 21, 2003

15. An update to the previously approved master Traffic Impact Analysis must be submitted to and approved by the Department of Public Works prior to the issuance of any building or grading permits, submittal of any construction drawings. Comply with the recommendations of the approved Traffic Impact Analysis prior to occupancy of the site. The Traffic Impact Analysis shall also include a section addressing Standard Drawings #234.1 #234.2 and #234.3 to determine additional right-of-way requirements for bus turnouts adjacent to this site, if any; dedicate all areas recommended by the approved Traffic Impact Analysis. All additional rights-of-way required by Standard Drawing #201.1 for exclusive right turn lanes and dual left turn lanes shall be dedicated prior to or concurrent with the commencement of on-site development activities unless specifically noted as not required in the approved Traffic Impact Analysis. Phased compliance will be allowed if recommended by the approved Traffic Impact Analysis. No recommendation of the approved Traffic Impact Analysis, nor compliance therewith, shall be deemed to modify or eliminate any condition of approval imposed by the Planning Commission or the City Council on the development of this site.

16. An update to the previously approved Drainage Plan and Technical Drainage Study must be submitted to and approved by the Department of Public Works prior to the issuance of any grading or building permits, or the submittal of any construction drawings, whichever may occur first. Provide and improve all drainageways as recommended in the approved drainage plan/study.

Sincerely,

Angela Crolli
Deputy City Clerk II for
