RE: Z-0090-95(5) & Z-0036-97(2) – REQUIRED TWO YEAR REVIEW – SITE
DEVELOPMENT PLAN REVIEW
CITY COUNCIL MEETING OF SEPTEMBER 19, 2001

Dear Mr. Becker:

The City Council at a regular meeting held September 19, 2001 APPROVED the request for a Required Two Year Review on an approved Site Development Plan Review for urban off-site improvements and the perimeter block wall located between Michael Way and Rancho Drive, north of Smoke Ranch Road and south of Cheyenne Avenue (APN: 138-13-512-002), C-2 (General Commercial) and R-E (Residence Estates) Zones under Resolution of Intent to C-M (Commercial/Industrial) and O (Office). The Notice of Final Action was filed with the Las Vegas City Clerk on September 20, 2001. This approval is subject to:

1. An Avigation Easement shall be recorded, in a form acceptable to the Clark County Department of Aviation, prior to the issuance of development permits for this site as required by the Planning and Development Department.
2. The applicant shall file form 7460-1 "Notice of Proposed Construction or Alteration" with the FAA, and receive a permit from the Clark County Director of Aviation prior to the construction of any building on this site. Proof of filing and approval must be presented to the Planning and Development Department prior to the issuance of permits.
3. Construct the full width driveway on Rancho Drive concurrent with the first phase of development anywhere on this site, and construct appropriate on-site paving to provide for two-way traffic between Rancho Drive and each phase of development as required by the Department of Public Works.
4. Meet with the Traffic Engineering Representative in Land Development for assistance in the possible redesign of the proposed driveway access, on site circulation and parking lot layout prior to the submittal of any construction plans or the issuance of any permits, whichever may occur first. Driveways shall be designed, located and constructed in accordance with Standard Drawing #222a as required by the Department of Public Works.

5. Provide to the City Collections System Engineer a sewer relocation and abandonment plan for the existing sewer lines and easements prior to the issuance of any building permits. All sewer lines conflicting with new construction shall be removed and relocated and all existing easements shall be vacated and re-granted for the new sewer lines prior to the issuance of any building permits for any buildings or structures overlying the existing sewer easements as required by the Department of Public Works. No buildings will be permitted to encroach within existing public sewer easements.
6. A Drainage Plan and Technical Drainage Study must be submitted to and approved by the Department of Public Works prior to the issuance of any building or grading permits, or the recordation of a Final Map for this site, whichever may occur first as required by the Department of Public Works. Provide and improve all drainageways recommended in the approved drainage plan/study. The developer of this site shall be responsible to contribute monies for the construction of neighborhood or local drainage improvements. The amount of such monies shall be determined by the approved Drainage Plan/Study and shall be contributed prior to the issuance of any building or grading permits, whichever may occur first. In lieu of monetary contributions, in whole or in part, the developer may agree to construct such drainage facility improvements as are recommended by the approved Drainage Plan/Study concurrent with development of this site if allowed by the Planning Engineer. This condition supersedes condition #14 of Z-36-97 and condition #19 of Z-90-95.
7. Site development to comply with all applicable conditions of approval for Z-0090-95, Z-0036-97, the Insight Aircenter Rancho Commercial Subdivision (if applicable), and all other applicable site-related actions as required by the Department of Public Works.
8. All development shall be in conformance with the site plan (as amended by the above conditions) and building elevations.
9. Landscaping and a permanent underground sprinkler system shall be provided as required by the Planning and Development Department and shall be permanently maintained in a satisfactory manner. Failure to properly maintain required landscaping and underground sprinkler systems shall be cause for revocation of a business license.
10. A landscaping plan must first be submitted prior to or at the same time application is made for a building permit or license, or prior to occupancy, whichever occurs first.
11. All mechanical equipment, air conditioners and trash areas shall be screened from view from the abutting streets.
12. All City Code requirements and design standards of all City departments must be satisfied.

Mr. Ernest A. Becker, Jr.

September 26, 2001

13. A fully operational fire protection system, including fire apparatus roads, fire hydrants and water supply shall be installed and shall be functioning prior to construction of any combustible structures.
14. Where new mains are extended along streets and fire hydrants are not needed for protection of structures, hydrants shall be spaced at a maximum distance of 1,000 feet to provide for transportation hazards.
15. Provide plans showing accessible exterior routes from public transportation stops, accessible parking, passenger loading zones and public sidewalks to the accessible building entrance(s) with submittal of plans for building permits as required by the Planning and Development Department. Accessible routes shall have running slopes and cross slopes in accordance with the applicable code.

Sincerely,

ANGELA CROLLI
DEPUTY CITY CLERK II for
BARBARA JO RONEMUS, CITY CLERK
