RE: ABEYANCE - RENOTIFICATION - SD-0045-00 - SITE DEVELOPMENT PLAN REVIEW

Dear Mr. Wiesner:

Your request for a Site Development Plan Review FOR A PROPOSED 9,715 SQUARE FOOT ADDITION TO AN EXISTING 9,420 SQUARE FOOT TAVERN (DRAFT HOUSE BARN & CASINO) at 4543 North Rancho Drive (APN: 138-02-202-014), C-2 (General Commercial) Zone, Ward 6 (Mack), was considered by the Planning Commission on August 10, 2000.

The Planning Commission voted to recommend **APPROVAL** of your request, subject to the following:

Planning and Development

1. Provide minimum eight-foot wide landscape buffers along the north, south and west property lines. The planters along the north and west property lines shall contain 24 inch box trees spaced 30 feet on center, shrubs and ground cover. The planters along the south property line shall contain 24-inch box trees spaced 20 feet on center, shrubs and ground cover.
2. All development shall be in conformance with the Site Development plan and building elevations as amended by the above conditions.
3. Landscaping and a permanent underground sprinkler system shall be provided as required by the Planning Commission and shall be permanently maintained in a satisfactory manner. For non-residential developments, failure to properly maintain required landscaping and underground sprinkler systems shall be cause for revocation of a business license.
4. A landscaping plan must be submitted prior to or at the same time application is made for a building permit or license, or prior to occupancy, whichever occurs first.
5. All mechanical equipment, air conditioners and trash areas shall be screened from view from the abutting streets (excluding single family development).
6. All City Code requirements and design standards of all City departments must be satisfied.

7. A fully operational fire protection system, including fire apparatus roads, fire hydrants and water supply, shall be installed and shall be functioning prior to construction of any combustible structures.
8. Where new water mains are extended along streets and fire hydrants are not needed for protection of structures, hydrants shall be spaced at a maximum distance of 1,000 feet.
9. Provide plans showing accessible exterior routes from public transportation stops, accessible parking, passenger loading zones and public sidewalks to the accessible building entrance(s) with submittal of plans for building permits as required by the Department of Building and Safety. Accessible routes shall have running slopes and cross slopes in accordance with the applicable code.
10. The applicant shall provide a 6 foot tall block wall (measured from the side with the highest grade), along all property lines where abutting residential properties.

Public Works

11. Remove all substandard public street improvements and unused driveway cuts adjacent to this site, if any, and replace with new improvements meeting current City Standards prior to occupancy of this site as required by the Department of Public Works.
12. Provide a copy of a recorded Joint Access and Parking Agreement between this site and the adjoining parcel to the south prior to the issuance of any permits as required by the Department of Public Works.
13. A Traffic Impact Analysis must be submitted to and approved by the Department of Public Works prior to the issuance of any building or grading permits for this site. Comply with the recommendations of the approved Traffic Impact Analysis prior to occupancy of the site. The City shall determine area traffic mitigation contribution requirements based upon information provided in the approved Traffic Impact Analysis; such monies shall be contributed prior to the issuance of any permits for this site. The Traffic Impact Analysis shall also include a section addressing Standard Drawings #234.1 #234.2 and #234.3 to determine additional right-of-way requirements adjacent to this site, if any; dedicate all areas recommended by the approved Traffic Impact Analysis. All additional rights-of-way required by Standard Drawing #201.1 shall be dedicated prior to or concurrent with the commencement of on-site development activities unless specifically noted as not required in the approved Traffic Impact Analysis. Phased compliance will be allowed if recommended by the approved Traffic Impact Analysis.

Mr. Tom Wiesner
SD-0045-00 - Page Three - **CORRECTED LETTER**
August 30, 2000

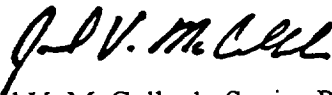

No recommendation of the approved Traffic Impact Analysis, or compliance therewith, shall be deemed to modify or eliminate any condition of approval imposed by the Planning Commission or the City Council on the development of this site.

Alternatively, in lieu of a Traffic Impact Analysis, the applicant may participate in a reasonable alternative mutually acceptable to the applicant and the Department of Public Works.

14. A Drainage Plan and Technical Drainage Study must be submitted to and approved by the Department of Public Works prior to the issuance of any building or grading permits as required by the Department of Public Works. Provide and improve all drainageways recommended in the approved drainage plan/study. The developer of this site shall be responsible to contribute monies for the construction of neighborhood or local drainage improvements. The amount of such monies shall be determined by the approved Drainage Plan/Study and shall be contributed prior to the issuance of any building or grading permits, whichever may occur first. In lieu of monetary contributions, in whole or in part, the developer may agree to construct such drainage facility improvements as are recommended by the approved Drainage Plan/Study concurrent with development of this site if allowed by the Planning Engineer. This site is in a FEMA Flood Zone "A".

This item will be considered by the City Council on October 4, 2000, at 1:00 P.M. in the Council Chambers of City Hall, 400 Stewart Avenue, Las Vegas, Nevada. ***The Council requires that you or your representative be present at this meeting.*** If you or your representative chooses not to attend, the City Council may act in your absence without your input.

Sincerely,

Joel V. McCulloch, Senior Planner
