RE: Z-85-98 - REZONING

Dear Mr. and Mrs. Pittman:

The City Council at a regular meeting held February 8, 1999 APPROVED the request for a Rezoning on property located on the south side of Cedar Avenue, approximately 150 feet east of Eastern Avenue, From: R-E (Residence Estates) To: C-1 (Limited Commercial), PROPOSED USE: PARKING LOT, Size: 0.41 Acres. The Notice of Final Action was filed with the Las Vegas City Clerk on February 9, 1999. This approval is subject to:

1. Construct all incomplete half-street improvements on Cedar Avenue adjacent to this site concurrent with development of this site as required by the Department of Public Works. All existing paving damaged or removed by this development shall be restored at its original location and to its original width concurrent with development of this site.
2. The proposed driveway access, on-site circulation and parking lot layout shall meet the approval of the Traffic Engineering Representative in Land Development prior to the submittal of any construction plans or the issuance of any permits, whichever may occur first, as required by the Department of Public Works. Driveways shall be designed, located and constructed in accordance with Standard Drawing #222a as required by the Department of Public Works.
3. Contribute \$1,000 for the future upgrading of the existing traffic signal system at the intersection of Eastern Avenue and Stewart Avenue prior to the issuance of building or off-site permits as required by the Department of Public Works. The City reserves the right to utilize the contributed traffic signal monies for the installation and/or upgrading of traffic signals at any intersection within this general vicinity which is impacted by this development and which has a more immediate need for signalization.
4. Submit a copy of a recorded Joint Access and Parking Agreement between this site and the parcel to the west to provide for perpetual intrasite circulation between the adjoining parcels, prior to the issuance of permits, as required by the Department of Public Works.
5. A Resolution of Intent.
6. All development shall be in conformance with the plot plan and building elevations.

7. Landscaping and a permanent underground sprinkler system shall be provided as required by the Planning Commission and shall be permanently maintained in a satisfactory manner. Failure to properly maintain required landscaping and underground sprinkler systems shall be cause for revocation of a business license.
8. A landscaping plan must be submitted prior to or at the same time application is made for a building permit or license, or prior to occupancy, whichever occurs first.
9. All City Code requirements and design standards of all City departments must be satisfied.
10. Parking and driveway plans must be approved by the Traffic Engineer prior to the issuance of any permits.
11. All damage to the existing street improvements resulting from this development must be repaired as required by the Department of Public Works.
12. Remove all substandard public street improvements and all unused driveway cuts adjacent to this site, if any, and replace with new improvements meeting current City standards prior to occupancy of this site as required by the Department of Public Works.
13. A fully operational fire protection system, including fire apparatus roads, fire hydrants and water supply, shall be installed and shall be functioning prior to construction of any combustible structures.
14. Where new water mains are extended along streets and fire hydrants are not needed for protection of structures, hydrants shall be spaced at a maximum distance of 1,000 feet to provide for transportation hazards.
15. Fence heights shall be measured from the side of the fence with the least vertical exposure above the finished grade.
16. Provide plans showing accessible exterior routes from public transportation stops, accessible parking, passenger loading zones and public sidewalks to the accessible building entrance(s) with submittal of plans for building permits as required by the Planning and Development Department. Accessible routes shall have running slopes and cross slopes in accordance with the applicable code.

Sincerely,

  
BARBARA JO RONEMUS  
City Clerk
