RE: VAC-32-98 - PETITION OF VACATION

Dear Mr. Becker:

Your Petition to vacate Maggie Avenue (60 feet wide) between Jones Boulevard and Lutts Street, Ward 4 (Brown), was considered by the Planning Commission on August 27, 1998.

The Planning Commission unanimously voted to recommend **APPROVAL** of your request, subject to the following:

1. A Drainage Plan and Technical Drainage Study or other related drainage information acceptable to the Flood Control Section must be submitted to and approved by the Department of Public Works prior to the recordation of the Order of Vacation for this application. Appropriate drainage easements shall be reserved if recommended by the approved Drainage Plan/Study.
2. All public improvements, if any, adjacent to and in conflict with this vacation application are to be modified, as necessary, at the applicant's expense prior to the recordation of an Order of Vacation as required by the Department of Public Works.
3. Reservation of easements for the facilities of the various utility companies together with reasonable ingress thereto and egress therefrom shall be provided if required.
4. All development shall be in conformance with code requirements and design standards of all City departments.
5. The Order of Vacation shall not be recorded until all of the above conditions have been met provided, however, that Condition #2 may be fulfilled for purposes of recordation by providing sufficient security for the performance thereof in accordance with the Subdivision Ordinance of the City of Las Vegas. City Staff is empowered to modify this application if necessary because of technical concerns or because of other related review actions as long as current City right-of-way requirements are still complied with and the intent of the vacation application is not changed. If applicable, a five foot wide easement for public streetlight and fire hydrant purposes shall be retained on all vacation actions abutting public street corridors that will remain dedicated and available for public use. Also, if applicable and where needed, public easement corridors and sight visibility or other easements that would/should cross any right-of-way being vacated must be retained.
