RE: Z-76-97 - REZONING REQUEST

Dear Mr. Chandler:

Your request for a Rezoning on property located on Cimarron Road between Ann Road and El Campo Grande, From: R-E (Residence Estates) To: R-1 (Single Family Residential), PROPOSED USE: 13 SINGLE FAMILY DWELLINGS, Size: 3.21 Acres, Ward 4 (Brown), APN: 125-28-801-005, 007 and 010, was considered by the Planning Commission on August 28, 1997.

The Planning Commission unanimously voted to recommend APPROVAL of your request, subject to the following:

1. All homes abutting the east property line shall be single story.
2. Conformance to all relevant sections of the City of Las Vegas Zoning Code.
3. Submit a Reversionary Map to revert the underlying parcel maps to acreage as required by the Department of Public Works. The Reversionary Map shall record prior to the recordation of a Final Map for this site.
4. Construct half-street improvements on Cimarron Road adjacent to this site concurrent with development of this site as required by the Department of Public Works.
5. Contribute \$ 5,000 to partially fund a traffic signal system at the intersection of Ann Road and Cimarron Road prior to the issuance of building or off-site permits as required by the Department of Public Works. Install all appurtenant underground facilities, if any, adjacent to this site needed for the future traffic signal system concurrent with development of this site. The City reserves the right to utilize the contributed traffic signal moneys for the installation of traffic signals at any other intersection within this general vicinity which is impacted by this development and which has a more immediate need for signalization.
6. Coordinate the extension of public sewer to this site with the Department of Public Works. Provide a public sewer stub to the north edge of this site at a location acceptable to the Planning Engineer as required by the Department of Public Works.

Mayor
Jan Lavery Jones

Councilmen
Arnie Adamsen
Michael J. McDonald
Gary Reese
Larry Brown

City Manager
Larry K. Barton

7. A Drainage Plan and Technical Drainage Study must be submitted to and approved by the Department of Public Works prior to the issuance of any building or grading permits, whichever may occur first, as required by the Department of Public Works. Provide and improve all drainageways as recommended in the approved Drainage Plan/Study.
8. The final layout of the subdivision shall be determined at the time of approval of the Tentative Map. Issues regarding intersection offset requirements will be addressed at that time.
9. A Resolution of Intent.
10. All development shall be in conformance with the plot plan and building elevations.
11. Landscaping and a permanent underground sprinkler system shall be provided as required by the Planning Commission and shall be permanently maintained in a satisfactory manner. Failure to properly maintain required landscaping and underground sprinkler systems shall be cause for revocation of a business license.
12. A landscaping plan must be submitted prior to or at the same time application is made for a building permit or license, or prior to occupancy, whichever occurs first.
13. All mechanical equipment, air conditioners and trash areas shall be screened from view from the abutting streets (excluding single family development).
14. All City Code requirements and design standards of all City departments must be satisfied.
15. Parking and driveway plans must be approved by the Traffic Engineer prior to the issuance of any permits.
16. All damage to the existing street improvements resulting from this development must be repaired as required by the Department of Public Works.
17. A fully operational fire protection system, including fire apparatus roads, fire hydrants and water supply, shall be installed and shall be functioning prior to construction of any combustible structures.
18. Where new water mains are extended along streets and fire hydrants are not needed for protection of structures, hydrants shall be spaced at a maximum distance of 1,000 feet to provide for transportation hazards.

Mr. Chandler

19. Fence heights shall be measured from the side of the fence with the least vertical exposure above the finished grade.

This item will be considered by the City Council on September 22, 1997, at 2:00 P.M. in the Council Chambers of City Hall, 400 Stewart Avenue, Las Vegas, Nevada. The Council **REQUIRES** that you or your representative be present at this meeting. If you or your representative choose not to attend, the City Council may act in your absence without your input.

Very truly yours,

David Clapsaddle, Senior Planner
Current Planning Division
