**RE: Cell Facility for Clear Wireless LLC/BCI (APN 138-08-401-013)
located at 9172 West Cheyenne Avenue: SDR-39366**

Dear Ms. Schneider:

Planning and Development Department staff has reviewed the proposed plans to remove three (3) existing antennas; install six (6) new Argus panel antennas and six (6) DAP Heads at the 55-foot centerline of an existing 63-foot tall Wireless Communication Facility, Non-Stealth Design (Monopole); in addition to installing one (1) GPS antenna near the base of the facility located at 9172 West Cheyenne Avenue. The determination has been made that this request cannot be considered administratively as the building permit for the installation of the Wireless Communication Facility did not receive an approved final inspection and has since expired.

If you have any questions, please contact me at (702) 229-6895.

Sincerely,

Debbie Sullivan, Planner I
