

AN ORDINANCE GOVERNING THE INSTALLATION, MAINTENANCE AND ENCLOSURE OF SWIMMING POOLS; PROVIDING OTHER MATTERS PROPERLY RELATED THERETO; PROVIDING PENALTIES FOR THE VIOLATION THEREOF; AND REPEALING ALL ORDINANCES IN CONFLICT HEREWITH.

The Board of Commissioners of the City of Las Vegas do ordain as follows:

148
4/2/60

SECTION 1. DEFINITIONS

PRIVATE SWIMMING POOL : A private swimming pool shall include all artificially constructed pools which are used in connection with and appurtenant to a single family residence and available only to the family of the householder or his private guests.

SEMI-PUBLIC POOL : A semi-public swimming pool shall include all artificially constructed pools which are used in connection with multiple family or cooperative groups (such as apartments, hotels, motels, private clubs, subdivisions, etc.) and available only to such groups and their private guests but not available to the general public.

PUBLIC POOL : A public swimming pool shall include all artificially constructed pools which are available to the general public either free or by paying a fee.

SWIMMING POOL : A swimming pool shall mean an artificial pool of water including all appurtenances to its use, and used for swimming or recreation bathing. Other terms shall be construed in their normal and ordinary use and sense. Technical terms shall be construed with the meaning accorded them by the Department of Health of this and other cities and/or states concerning swimming pools.

WADING POOL : A wading pool shall mean either a portable or permanent water container used for recreational wading purposes which at its deepest point is not over 18 inches. Any such container deeper than 18 inches or which has a volume in excess of 150 cubic feet of water shall for the purposes of this ordinance be classified as a swimming pool and shall be subject to the regulations pertaining thereto.

BODY OF WATER : A body of water shall mean any body of water such as a reservoir, tank, pond, etc., not previously defined herein as a wading pool or swimming pool.

SECTION 2. BUILDING PERMIT REQUIRED

a) It shall be unlawful for any person, firm, association or corporation to construct, alter, remove or demolish or to commence the construction, alteration, removal or demolition of a swimming or wading pool without first obtaining a building permit from the Building Official.

b) An application for such permit shall be submitted in such form as the Building Official may prescribe. Such application shall be made by a contractor holding a valid state and city license or the owner who will do his own construction after obtaining the required owner/builder permit. Such application shall contain the full names and addresses of the applicant and/or the owner, and if the owner is a corporate body, of its responsible officers. Such application shall describe the proposed work and shall give such additional information as may be required by the Building Official for a proper understanding of the proposed work.

c) Applications for permits for Public and/or Semi-Public pools shall be accompanied by a certificate of acceptance by the State Department of Health, plans calculations and specifications in duplicate, and shall be in sufficient detail to show

CITY
CLERK'S
FILE

the following:

1. Plot Plan
2. Pool dimensions, depths, and volume in gallons.
3. Type and size of filter system, filtration and backwash capacities.
4. Pool piping layout with all pipe sizes shown and type of material.
5. The pool pump capacity.
6. Waste disposal system.
7. Other pertinent data as may be required by the Building Official.

d) If after examination, the Building Official finds the application to be in compliance with the law and ordinances applicable and the proposed construction or work will be safe and adequate, he shall approve such application and issue a permit for the proposed work as soon as is practicable. If his examination reveals otherwise, he shall reject such application noting his findings in a report to be attached to the application.

e) The Building Official may revoke a permit issued under the provisions of this ordinance in the event he finds that there has been any false statement or misrepresentation as to a material fact in the application or plans on which the permit was based.

f) All work performed under a permit issued by the Building Official under this ordinance shall conform to the approved application and plans. It shall be unlawful to reduce or diminish the area or the construction of work provided for in an application hereunder.

g) Any plans not showing all the requirements of the granting of a permit upon plans submitted shall not be construed as constituting a waiver of any provision of this ordinance or of a sanctioning of any violation thereof.

SECTION 3. POOLS IN VIOLATION HEREOF PROHIBITED:

Whenever the Building Official finds that construction or work in connection therewith, the erection or construction or alteration, execution or repair of which is regulated, permitted or forbidden by this ordinance, is being erected, constructed, altered or repaired in violation of the requirements of this ordinance, or in violation of a detailed statement or plans submitted and approved hereunder, or of a permit issued hereunder, he may serve a written notice upon the responsible person directing discontinuance of such illegal action and the correction of the condition which constitutes a violation of the provisions of this ordinance. In the event that within the specified time to comply, the notice has not been complied with, the Building Official shall institute an appropriate action or proceeding at law to restrain, correct, or remove such violation or the execution of work thereon.

SECTION 4. GENERAL CONSTRUCTION REQUIREMENTS:

a) Electrical Wiring - Electrical wiring shall conform to the electrical provisions set forth in the electrical code of the City of Las Vegas. No electrical wires shall be extended across the pool area at any height.

b) Water Heating Equipment - Swimming pool water heating equipment shall conform to the provisions set forth in the Plumbing Code of the City of Las Vegas. Water shall not be allowed to enter the pool at a temperature above 100° F.

c) Gas Piping - Gas Piping shall conform to the provisions set forth in the Plumbing Code of the City of Las Vegas.

d) Waste Water Disposal - The waste water disposal shall conform to the provisions set forth in the Plumbing Code of the City of Las Vegas.

e) Potable Water Supply - The water supply shall conform to the provisions set forth in the Plumbing Code of the City of Las Vegas.

f) Water Treating Devices - Where devices for chemically treating the water to be used in the pool are installed, they shall meet the requirements of the State Department of Health.

g) Plumbing - All piping and appurtenances shall conform to the provisions set forth in the Plumbing Code of the City of Las Vegas.

h) Filter and Recirculation System - All pools shall be equipped with an efficient and dependable circulation and purification system, consisting of circulation pumps and piping arranged for optimum circulation in the pool, and a filter with the usual and necessary appurtenances as approved by the Building Official. Such system shall be operated at all times when the pool is in use. There shall be provided a complete turnover of the pool water in 24 hours or less for private pools and 8 hours or less for semi-public or public pools.

i) Underwater lighting - Each pool shall have installed at least one (1) underwater lighting fixture.

j) Semi-public or Public Pools - In addition to the requirements of this Ordinance, all public and semi-public pools shall conform to the requirements of the Nevada State Health Department's rules governing swimming pools.

k) STEPS AND STAIRWAYS - Steps and stairways for entering or leaving the pool shall be of such construction as to minimize danger. Convex, semicircular or triangular steps shall have rounded corners.

a. There shall be at least one stairway for exiting or entering the pool, located in the shallow end; there shall be at least one ladder for entering or exiting the pool located at the deep end. Treads of ladders and/or steps shall be of non-slip construction.

l. RUNWAYS OR DECKS - Runways, at least thirty (30) inches wide for private pools, & four feet (4) wide for public or semi-public pools shall be placed adjacent to the pool. Runways shall be sloped 1/4 inch to the foot away from the pool, and should be of a material, approved by the Building Official, which shall be of non-slip texture, easily cleaned. Grading around the pool area shall be such that the surface runoff shall be diverted from the pool.

m. SCUM GUTTERS AND SKIMMERS - Scum gutters and skimmers shall conform to the requirements of the State Department of Health. Inlets for fresh or re-purified water shall be located to produce a reasonably uniform circulation of water throughout the entire pool without the existence of "dead" spots.

n. SPRINGBOARDS OR PLATFORMS - There shall be a minimum of fourteen feet of clearance above each springboard or platform. The depth of the water in the area adjacent to the springboard or platform shall not be less than the safe limits below. The minimum safe depth of water shall extend horizontally from the wall under the board or platform at least fifteen (15) feet but beyond the extremity of the board or platform this horizontal distance shall in no case be less than shown in the table below.

ELEVATION OF PLATFORM ABOVE THE WATER LEVEL	MINIMUM SAFE DEPTH OF WATER	HORIZONTAL DISTANCE FROM END OF BOARD
1 Foot	5 Feet	10 Feet
3 Feet	6 Feet	10 Feet
5 Feet	7 Feet	13 Feet
7 Feet	8 Feet	16 Feet
10 Feet	9 Feet	20 Feet 6 Inches

As the elevation of the platform exceeds ten (10) feet, the horizontal distance shall increase at the rate of 1-1/2 times the height above three (3) feet plus ten (10) feet, and the safe depth shall lower at the rate of 1/3 times the height above ten (10) feet plus nine (9) feet.

o) CLEARANCES - No private pool shall have its water line closer than five (5) feet from any property or building line, except pools may be closer to the building if satisfactory evidence is submitted to show that no damage to the building will occur, or any other hazardous or unsafe condition will be created. No semi-public or public pool shall have its water line closer than five (5) feet from any property line, nor ten (10) feet from any building line. No private pool equipment pit shall be located closer than five (5) feet from any property or building line.

p) WALLS AND FLOORS - The walls and floors shall be designed and constructed to be structurally sound under the conditions of the site. The pool walls and floor shall be constructed of smooth, non-absorbent materials, free from cracks light in color, and be so constructed as to be properly drained through one or more metal-grated openings. A tight, leakproof pool with easily cleaned surfaces shall be provided. The inner surface of the pool must be coved, rounded or bullnosed at all joints, corners, angles of bases, walls, floors, or curbs. No sharp corners or projections will be permitted. Floor drains shall be flush with the finished surface. The materials used in wall and floor construction shall conform to the provisions of the Building Code of the City of Las Vegas.

SECTION 5. INDOOR SWIMMING POOLS: In addition to the remainder of the requirements herein, indoor swimming pools shall have windows or a sky light equal to at least one half of the surface area of the pool, provided that artificial light may be used in lieu thereof if approved by the Building Official.

SECTION 6. PROTECTIVE BARRIERS: Every swimming pool, wading pool or other outside body of water shall be completely surrounded by a fence or wall not less than four feet in height. The fence or wall shall be so constructed as not to have openings, holes or gaps larger than four inches in any dimension, except for doors or gates; and if a picket fence is erected or maintained, the horizontal dimension shall not exceed four inches. A dwelling house or accessory building may be used as part of such enclosure.

All gates or doors opening through such enclosure shall be equipped with a self-closing and self-latching device for keeping the gate or door securely closed at all times when not in actual use; except that the door of any dwelling house which forms a part of the enclosure need not be so equipped.

The duty of providing and maintaining such enclosure shall be upon the person, association, firm or corporation occupying the tract of land upon which the pool or body of water is located, or the owner of any tract of land which is vacant or unoccupied.

Indoor pools shall be maintained in a separate room of any building or if in a portion of a room, a protective barrier shall be used to enclose the pool utilizing whatever walls are available.

The legislative intent of this section is the protection of the inhabitants of the City of Las Vegas, particularly children, from the hazards to life and safety inherent

in the presence of unenclosed pools or outside bodies of water.

The Building Official is authorized and empowered to modify in individual cases the requirements of this section with respect to the height, nature and location of the fence, wall, gates or latches, or with respect to the necessity therefor, upon a showing of good cause and satisfactory assurances that the degree of protection is not thereby reduced. The Building Official also may permit the use of protective devices or structures other than those specified herein, so long as the degree of protection is not thereby reduced.

Any person, association, firm or corporation now maintaining an unenclosed swimming pool, or outside body of water, in the city of Las Vegas, shall have to and including the thirty-first (31st) day of October 1960 to enclose said pool.

All such swimming pools or outside bodies of water not so enclosed by the thirty-first (31st) day of October, 1960 are hereby declared public nuisances.

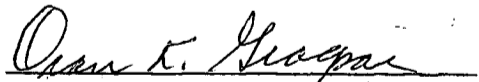

SECTION 7. PERMIT FEES The fees charged for the issuance of a permit to construct and/or enclose a pool or outside body of water in the City of Las Vegas shall be as stated in those codes governing the applicable portions of construction. The valuation of the pool, outside body of water, or accessory buildings, shall be as determined by the Building Official.

SECTION 8. INSPECTION. All portions of the construction of the pool shall be inspected by the Building Official or his representative to insure compliance with the required Codes of the City of Las Vegas. A final inspection to allow occupancy cannot be made until the pool is completed, filled with water and the filter system is in operation and that all phases function correctly.

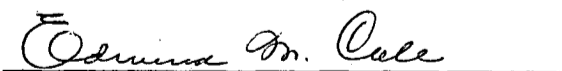

SECTION 9. PENALTY FOR VIOLATION: Any person, firm, association, or corporation, who shall violate the terms and provisions of this ordinance shall be guilty of a misdemeanor and upon conviction therefor shall be punished by a fine of not more than \$500.00 or by confinement in the City Jail for not more than six months or by a combination of both.

SECTION 10. All ordinances or parts of ordinances in conflict herewith are hereby expressly repealed.

SECTION 11. This ordinance shall be in full force and effect upon its publication for two successive weeks immediately following its first reading and adoption in a daily newspaper published in the City of Las Vegas.

REVISED AS OF MAY 25, 1960.
ORDINANCE NO. 841

AN ORDINANCE GOVERNING THE INSTALLATION, MAINTENANCE AND ENCLOSURE OF SWIMMING POOLS; PROVIDING OTHER MATTERS PROPERLY RELATED THERETO; PROVIDING PENALTIES FOR THE VIOLATION THEREOF; AND REPEALING ALL ORDINANCES IN CONFLICT HERewith.

The Board of Commissioners of the City of Las Vegas do ordain as follows:

SECTION 1. DEFINITIONS:

PRIVATE SWIMMING POOL: A private swimming pool shall include all artificially constructed pools which are used in connection with an appurtenant to a single family residence and available only to the family of the householder or his private guests.

SEMI-PUBLIC POOL: A semi-public swimming pool shall include all artificially constructed pools which are used in connection with multiple family or cooperative groups (such as apartments, hotels, motels, private clubs, subdivisions, etc.) and available only to such groups and their private guests but not available to the general public.

PUBLIC POOL: A public swimming pool shall include all artificially constructed pools which are available to the general public, either free or by paying a fee.

SWIMMING POOL: A swimming pool shall mean an artificial pool of water including all appurtenances to its use, and used for swimming or recreation bathing. Other terms shall be construed in their normal and ordinary use and sense. Technical terms shall be construed with the meaning accorded them by the Department of Health of this and other cities and/or states concerning swimming pools.

WADING POOL: A wading pool shall mean either a portable or permanent water container used for recreational wading purposes which at its deepest point is not over 18 inches. Any such container deeper than 18 inches or which has a volume in excess of 150 cubic feet of water shall for the purposes of this ordinance be classified as a swimming pool and shall be subject to the regulations pertaining thereto.

BODY OF WATER: A body of water shall mean any body of water such as a reservoir, tank, pond, etc., not previously defined herein as a wading pool or swimming pool.

SECTION 2. BUILDING PERMIT REQUIRED

a) It shall be unlawful for any person, firm, association or corporation to construct, alter, remove or demolish or to commence the construction, alteration, removal or demolition of a swimming or wading pool without first obtaining a building permit from the Building Official.

b) An application for such permit shall be submitted in such form as the Building Official may prescribe. Such application shall be made by a contractor holding a valid state and city license or the owner who will do his own construction after obtaining the required owner/builder permit. Such application shall contain the full names and addresses of the applicant and/or the owner, and if the owner is a corporate body, of its responsible officers. Such application shall describe the proposed work and shall give such additional information as may be required by the Building Official for a proper understanding of the proposed work.

c) Applications for permits for Public and/or Semi-Public pools shall be accompanied by a certificate of acceptance by the State Department of Health, plans, calculations and specifications in duplicate, and shall be in sufficient detail to show the following:

1. Plot Plan.
2. Pool dimensions, depths, and volume in gallons.
3. Type and size of filter system, filtration and backwash capacities.
4. Pool piping layout with all pipe sizes shown and type of material.
5. The pool pump capacity.
6. Waste disposal system.
7. Other pertinent data as may be required by the Building Official.

d) If after examination, the Building Official finds the application to be in compliance with the law and ordinances applicable and the proposed construction or work will be safe and adequate, he shall approve such application and issue a permit for the proposed work as soon as is practicable. If his examination reveals otherwise, he shall reject such application noting his findings in a report to be attached to the application.

e) The Building Official may revoke a permit issued under the provisions of this ordinance in the event he finds that there has been any false statement or misrepresentation as to a material fact in the application or plans on which the permit was based.

f) All work performed under a permit issued by the Building Official under this ordinance shall conform to the approved application and plans. It shall be unlawful to reduce or diminish the area or the construction of work provided for in an application hereunder.

g) Any plans not showing all the requirements of the granting of a permit upon plans submitted shall not be construed as constituting a waiver of any provision of this ordinance or of a sanctioning of any violation thereof.

SECTION 3. POOLS IN VIOLATION HEREOF PROHIBITED:

Whenever the Building Official finds that construction or work in connection therewith, the erection or construction or alteration, execution or repair of which is regulated, permitted or forbidden by this ordinance, is being erected, constructed, altered or repaired in violation of the requirements of this ordinance, or in violation of a detailed statement or plans submitted and approved hereunder, or of a permit issued hereunder, he may serve a written notice upon the responsible person directing discontinuance of such illegal action and the correction of the condition which constitutes a violation of the provisions of this ordinance. In the event that within the specified time to comply, the notice has not been complied with, the Building Official shall institute an appropriate action or proceeding at law to restrain, correct, or remove such violation or the execution of work thereon.

SECTION 4. GENERAL CONSTRUCTION REQUIREMENTS:

a) **Electrical Wiring** — Electrical wiring shall conform to the electrical provisions set forth in the electrical code of the City of Las Vegas. No electrical wires shall be extended across the pool area at any height.

b) **Water Heating Equipment** — Swimming pool heating equipment shall conform to the provisions set forth in the Plumbing Code of the City of Las Vegas. Water shall not be allowed to enter the pool at a temperature above 100° F.

c) **Gas Piping** — Gas Piping shall conform to the provisions set forth in the Plumbing Code of the City of Las Vegas.

d) **Waste Water Disposal** — The waste water disposal shall conform to the provisions set forth in the Plumbing Code of the City of Las Vegas.

e) **Potable Water Supply** — The water supply shall conform to the provisions set forth in the Plumbing Code of the City of Las Vegas.

f) **Water Treating Devices** — Where devices for chemically treating the water to be used in the pool are installed, they shall meet the requirements of the State Department of Health.

g) **Plumbing** — All piping and appurtenances shall conform to the provisions set forth in the Plumbing Code of the City of Las Vegas.

h) **Filter and Recirculation System** — All pools shall be equipped with an efficient and dependable circulation and purification system, consisting of circulation pumps and piping arranged for optimum circulation in the pool, and a filter with the usual and necessary appurtenances as approved by the Building Official. Such system shall be operated at all times when the pool is in use. There shall be provided a complete turnover of the pool water in 24 hours or less for private pools and 8 hours or less for semi-public or public pools.

i) **Underwater Lighting** — Each pool shall have installed at least one (1) underwater lighting fixture.

j) **Semi-public or Public Pools** — In addition to the requirements of this Ordinance, all public and semi-public pools shall conform to the requirements of the Nevada State Health Department's rules governing swimming pools.

k) **STEPS AND STAIRWAYS** — Steps and stairways for entering or leaving the pool shall be of such con-

LEGAL NOTICES

struction as to minimize danger. Convex, semicircular or triangular steps shall have rounded corners.

a. There shall be at least one stairway for exiting or entering the pool located in the shallow end; there shall be at least one ladder for entering or exiting the pool located at the deep end. Treads of ladders and/or steps shall be of non-slip construction.

l) RUNWAYS OR DECKS — Runways, at least thirty (30) inches wide for private pools, and four feet (4) wide for public or semi-public pools shall be placed adjacent to the pool. Runways shall be sloped ¼ inch to the foot away from the pool, and should be of a material, approved by the Building Official, which shall be of non-slip texture, easily cleaned. Grading around the pool area shall be such that the surface runoff shall be diverted from the pool.

m) SCUM GUTTERS AND SKIMMERS — Scum gutters and skimmers shall conform to the requirements of the State Department of Health. Inlets for fresh or repurified water shall be located to produce a reasonably uniform circulation of water throughout the entire pool without the existence of "dead" spots.

n) SPRINGBOARDS OR PLATFORMS — There shall be a minimum of fourteen feet of clearance above each springboard or platform. The depth of the water in the area adjacent to the springboard or platform shall not be less than the safe limits below. The minimum safe depth of water shall extend horizontally from the wall under the board or platform at least fifteen (15) feet but beyond the extremity of the board or platform this horizontal distance shall in no case be less than shown in the table below.

Elevation of Platform Above The	Minimum Safe Depth of	Horizontal Distance From End of Board
Water Level	Water	of Board
1 Foot	5 Feet	10 Feet
3 Feet	6 Feet	10 Feet
5 Feet	7 Feet	13 Feet
7 Feet	8 Feet	16 Feet
10 Feet	9 Feet	20 Feet
		8 Inches

As the elevation of the platform exceeds ten (10) feet, the horizontal distance shall increase at the rate of 1-½ times the height above three (3) feet plus ten (10) feet, and the safe depth shall lower at the rate of ½ times the height above ten (10) feet plus nine (9) feet.

o) CLEARANCES — No private pool shall have its water line closer than five (5) feet from any property or building line, except pools may be closer to the building if satisfactory evidence is submitted to show that no damage to the building will occur, or any other hazardous or unsafe condition will be created. No semi-public or public pool shall have its water line closer than five (5) feet from any property line, nor ten (10) feet from any building line. No private pool equipment pit shall be located closer than five (5) feet from any property or building line.

p) WALLS AND FLOORS — The walls and floors shall be designed and constructed to be structurally sound under the conditions of the site. The pool walls and floor shall be constructed of smooth, non-absorbent materials, free from cracks light in color, and be so constructed as to be properly drained through one or more metal grated openings. A tight, leak-proof, pool with easily cleaned surfaces shall be provided. The inner surface of the pool must be coved, rounded or bullnosed at all joints, corners, angles of bases, walls, floors, or curbs. No sharp corners or projections will be permitted. Floor drains shall be flush with the finished surface. The materials used in wall and floor construction shall conform to the provisions of the Building Code of the City of Las Vegas.

SECTION 5. INDOOR SWIMMING POOLS: In addition to the remainder of the requirements herein, indoor swimming pools shall have windows or a sky light equal to at least one half of the surface area of the pool, provided that artificial light may be used in lieu thereof if approved by the Building Official.

SECTION 6. PROTECTIVE BARRIERS: Every swimming pool, wading pool or other outside body of water shall be completely surrounded by a fence or wall not less than four feet in height. The fence or wall shall be so constructed as not to have openings, holes or gaps larger than four inches in any dimension, except for doors or gates; and if a picket fence is erected or maintained, the horizontal dimension shall not exceed four inches. A dwelling house or accessory building may be used as part of such enclosure.

All gates or doors opening through such enclosure shall be equipped with a self-closing and self-latching device for keeping the gate or door securely closed at all times when not in actual use; except that the door of any dwelling house which forms a part of the enclosure need not be so equipped.

The duty of providing and maintaining such enclosure shall be upon the person, association, firm or corporation occupying the tract of land upon which the pool, or body of water is located, or the owner of any tract of land which is vacant or unoccupied.

Indoor pools shall be maintained in a separate room of any building or if in a portion of a room, a protective barrier shall be used to enclose the pool utilizing whatever walls are available.

The legislative intent of this section is the protection of the inhabitants of the City of Las Vegas, particularly children, from the hazards to life and safety inherent in the presence of unenclosed pools or outside bodies of water.

The Building Official is authorized and empowered to modify in individual cases the requirements of this section with respect to the height, nature and location of the fence, wall, gates or latches, or with respect to the necessity therefor, upon a showing of good cause and satisfactory assurances that the degree of protection is not thereby reduced. The Building Official also may permit the use of protective devices or structures other than those specified herein so long as the degree of protection is not thereby reduced.

Any person, association, firm or corporation now maintaining an unenclosed swimming pool or outside body of water, in the city of Las Vegas, shall have to and including the thirty-first (31st) day of October 1960 to enclose said pool.

All such swimming pools or outside bodies of water not so enclosed by the thirty-first (31st) day of October, 1960 are hereby declared public nuisances.

SECTION 7. PERMIT FEES. The fees charged for the issuance of a permit to construct and/or enclose a pool or outside body of water in the City of Las Vegas shall be as stated in those codes governing the applicable portions of construction. The valuation of the pool, outside body of water, or accessory buildings, shall be as determined by the Building Official.

SECTION 8. INSPECTION. All portions of the construction of the pool shall be inspected by the Building Official or his representative to insure compliance with the required Codes of the City of Las Vegas. A final inspection to allow occupancy cannot be made until the pool is completed, filled with water and the filter system is in operation and that all phase function correctly.

SECTION 9. PENALTY FOR VIOLATION: Any person, firm, association, or corporation, who shall violate the terms and provisions of this ordinance, shall be guilty of a misdemeanor and upon conviction therefor shall be punished by a fine of not more than \$500.00 or by confinement in the City Jail for not more than six months or by a combination of both.

SECTION 10. All ordinances or part of ordinances in conflict herewith are hereby expressly repealed.

SECTION 11. This ordinance shall be in full force and effect upon its publication for two successive weeks immediately following its first reading and adoption in a daily newspaper published in the City of Las Vegas.
