

ORDINANCE NO. 1282

AN ORDINANCE TO AMEND TITLE IV, CHAPTER 4 OF THE MUNICIPAL CODE OF THE CITY OF LAS VEGAS NEVADA, 1960 EDITION, READOPTING THE "INLAND EMPIRE HEATING, VENTILATING, AIR CONDITIONING, REFRIGERATION AND WATER CONSERVATION CODE, 1959 EDITION," WITH CERTAIN AMENDMENTS THERETO; REGULATING THE INSTALLATION, REPAIR, SERVICING, MAINTENANCE AND IMPROVEMENT OF HEATING AND AIR CONDITIONING EQUIPMENT AND DUCTWORK AND PROVIDING FOR THE INSPECTION THEREOF; PROVIDING FOR THE LICENSING OF PERSONS, FIRMS, OR CORPORATIONS ENGAGED IN THE BUSINESS OF INSTALLING, REPAIRING, SERVICING, MAINTAINING AND IMPROVING HEATING AND AIR CONDITIONING EQUIPMENT AND DUCTWORK; PROVIDING FOR THE ISSUANCE OF PERMITS IN CONNECTION WITH SUCH WORK; PROVIDING OTHER MATTERS PROPERLY RELATED THERETO; PROVIDING PENALTIES FOR THE VIOLATION HEREOF AND REPEALING ALL ORDINANCES OR PARTS OF ORDINANCES IN CONFLICT HERewith.

THE BOARD OF COMMISSIONERS OF THE CITY OF LAS VEGAS DOES ORDAIN AS FOLLOWS:

SECTION 1. Title IV, Chapter 4 of the Municipal Code of the City of Las Vegas, Nevada, 1960 Edition, is hereby amended to read as follows:

4-4-1: ADOPTION OF CODE: That certain document, three (3) copies of which are on file in the office of the Clerk, being marked and designated as "Inland Empire Heating, Ventilating, Air Conditioning, Refrigeration and Water Conservation Code, 1959 Edition" be, and the same is hereby, adopted in full as the Heating, Ventilating, Air Conditioning and Refrigeration Code of the City and made a part hereof as if fully set forth herein.

The Board of Commissioners hereby declares that it would have adopted each separate provision of this Chapter, regardless of the adoption of any other provision, and if any remedy provided for in this Chapter be held invalid or limited in effect, such limitation shall not affect the application of any other provision of this Chapter.

4-4-2: AMENDMENTS AND ADDITIONS: Certain sections of the Inland Empire Heating, Ventilating, Air Conditioning, Refrigeration and Water Conservation Code, hereafter referred to as "this Code" are hereby deleted, modified, amended or added to as follows:

I. Section IE-1130B is hereby amended to read as follows:

B. The "Administrative Authority," as used in this Code, shall be construed to mean the Director of Building and Safety of the City, and is empowered to make all interpretations concerning the "Provisions" of this Code.

II. Section IE-1141 is hereby amended to read as follows:

Sec. IE-1141 - Licensing.

A. Except as provided in Subsection (B) of this Section, any person, firm or corporation engaged in the business of installing, repairing, servicing, maintaining or improving heating and air conditioning equipment or ductwork in the City shall, as a condition precedent thereto, secure a contractor's license from the State of Nevada and thereafter a City license from the Department of License and Revenue of the City, for which a fee of \$100.00 per year shall be charged. Each such City license shall expire at midnight on the 31st day of January of each year following the date of issue, and shall be renewed by the Director of License and Revenue upon application by the holder of the license and payment of the required annual fee at any time within thirty (30) days prior to such expiration date; provided, however, that such applicant shall possess, on the date of such renewal, a valid contractor's license from the State of Nevada. Any revocation, termination, suspension or expiration of the State contractor's license shall automatically suspend the right of the holder of a City license to perform such work or furnish materials thereunder until such time as the State contractor's license shall be restored; and, provided further, that any person, firm or corporation who continues to operate under its City license during any period of revocation, termination, suspension or expiration of its State contractor's license shall be treated for all intents and purposes as one who does not hold a valid City license.

B. Nothing contained in this Section shall be construed to require the licensing of:

1. Salaried employees whose duties and responsibilities include the servicing, maintenance and repair of heating and air conditioning equipment and ductwork, and who are employed either on a permanent full time or permanent part time basis, for a regular wage or salary, by the owner or owners of the premises upon which said equipment and ductwork are situated; provided, however, that this provision shall in no event be construed to exempt from the licensing requirements those who, as individuals, partners or employees

of another, repair, maintain or service heating and air conditioning equipment or ductwork for the public in general and provided further nothing contained herein shall be construed to apply to employees of licensed contractors while they are actually employed by, and furthering the business of, said licensed contractor. An individual who performs servicing, maintenance or ductwork owned, leased or rented by someone other than the employer or business entity from whom he receives a U.S. Government W-2 form, shall be presumed to be subject to the licensing requirements of this Section.

2. Work done exclusively by a public utility, or its employees, operating under the regulations of the Nevada Public Service Commission on construction, installation, repair, servicing, maintenance and improvement work incidental to its own business.

3. Merchants who limit their business activities in the areas of heating and air conditioning to the sale and servicing of portable appliances. For the purpose of this Subsection, the term "portable appliances" shall include only those items which are readily moved from area to area and which are not attached firmly to realty. It shall be conclusively presumed, however, that heating and air conditioning units which require ductwork or which are larger than single room "window size" are not portable.

III. There is hereby added a new section, designated Section IE-1142, reading as follows:

Sec. IE-1142 - Place of Business:

Every person, firm or corporation required by this Code to be licensed hereunder, shall establish an actual place of business in a zoning classification permitting said business and such business location shall be actually used by such person, firm or corporation, in the prosecution of his business operations, to the exclusion of all other locations save and except branch locations separately licensed to such person, firm or corporation. The aforesaid business location shall house the business records of such person,

firm or corporation except during temporary periods when it may be necessary or convenient to remove them for such lawful purposes as auditing or servicing.

IV. There is hereby added a new section, designated Section IE-1143, reading as follows:

Sec. IE-1143 - Advertising.

A. Except as provided in Subsection (B) of this Section, it shall be unlawful for any person, firm or corporation not the holder of a valid license issued hereunder to engage in, carry on, or represent himself, itself, or themselves as engaging in or carrying on heating, air conditioning or ductwork installation, repairing, servicing, maintenance, or improvement or to use the words "heating" or "air conditioning", either alone or in combination with other words, in any advertising, or to display or cause to be displayed or to use or cause to be used on any sign or in any media of advertising, words communicating the same or similar import for the purpose of implying the advertiser or the person, firm or corporation being advertised to be engaged in any aspect of the business regulated by this Code. All trucking equipment and vehicles used for the purpose of performing work, carrying materials or soliciting business shall expose or display a sign on each side of said equipment or vehicles indicating the name, actual business address and telephone number of the licensee to whom such equipment and vehicles belong.

B. Nothing in this Section shall be construed to restrict or prevent the right of any bona fide manufacturer of heating and air conditioning equipment to advertise its products in any lawful manner it may choose; provided, however, that any such manufacturer shall not advertise in conjunction or cooperation with any unlicensed person, firm or corporation who engages or seeks to engage in any aspect of business regulated by this Code.

V. Section IE 1200(A) is hereby amended to read as follows:

A. It shall be unlawful for any person or persons to install or cause to be installed, or to use, operate, maintain or alter, repair, replace, relocate, convert or connect any heat producing appliance, fittings, valves, air conditioning equipment, evaporative cooler, equipment or appurtenances thereto, or to change over to any other type of equipment without first applying for and obtaining an application for inspection. Nothing herein contained shall prevent the operation and use by the owner or occupant of real property of existing heating, air conditioning or cooling equipment concerning which an application for inspection has previously been obtained, provided further this provision shall not apply to any portable heating or air conditioning equipment. Whenever in this Code the phrase "application for inspection" appears, it shall be construed to mean "application for permit." Application forms for permits shall be furnished by the Department of Building and Safety and shall be submitted to the Department of Building and Safety by the applicant and the permit issued and fees paid prior to any work starting covered by the permit.

VI. Section IE-1200 (D) is hereby deleted.

VII. Section IE-1221 is hereby amended to read as follows:

Sec. IE-1221 - Qualified Person

A. It is unlawful for any person who is not qualified to install, alter, reconstruct, repair or maintain any heating, ventilating, air conditioning or refrigeration equipment or evaporative cooler or cooling towers as described in this Code, unless such person is a qualified person or a regular salaried employee of a qualified person, in which latter case, the qualified person shall be responsible for all work done by such employee.

B. The term "qualified person" shall be deemed to mean a person, firm or corporation holding both a valid contractors license issued by the State of Nevada and a valid City license issued by the Department of License and Revenue of the City or one who is a homeowner as defined in Subparagraph (C) of this Section.

C. Any permit required by this Code may be issued to any person doing any construction or work regulated by this Code in a single family dwelling

used exclusively for living purposes, including usual accessory buildings and quarters in connection with such single dwelling, provided:

1. That such person is a bona fide owner of such dwelling, accessory buildings and quarters; and
2. That the same are occupied by or intended to be occupied by such owner; and
3. That said owner shall personally purchase all materials and shall personally perform all labor in connection with such construction or work; and
4. That for the installation of any equipment such owner shall be required to apply for and obtain a permit for such construction or work; provided, however, that no permit will be required for the repair, service or maintenance of existing equipment.

VIII. Section IE-1222 is hereby deleted.

IX. Section IE-1240 is hereby amended by making the following changes in the fee schedule contained therein:

1. Anything in the following fee schedule notwithstanding, the minimum fee for each permit shall be \$4.00. 29 deleted. 30 deleted. 31 deleted. 32 deleted.

X. Section IE-1250 is hereby amended by adding thereto a new Subsection, designated Subsection (C), reading as follows:

C. The administrative authority, or his authorized representative, shall have authority to issue stop orders with respect to any construction or work regulated by this Code when, in the opinion of the administrative authority, the provisions of this Code are not being complied with, and a red "stop work" card shall be placed or posted on the premises where such work is being performed. Once a stop order has been issued with respect to any construction or work, a fee of \$10.00 shall be paid to the Department of Building and Safety of the City before any work pertaining to the stop order can again commence; provided, however, that the \$10.00 fee may be waived by the administrative authority in exceptional cases.

XI. Section IE-1400 is hereby deleted.

XII. Section IE-1410 is hereby deleted.

XIII. Section IE-1420 is hereby deleted.

XIV. Section IE-3200 (C) is hereby amended to read as follows:

C. Rooms or spaces that do not have the volume as specified above, and in which fuel burning appliances are installed shall be provided with unobstructed combustion air openings as follows:

1. For gas burning appliances there shall be provided one (1) square inch of unobstructed opening for each one thousand (1,000) BTU fuel input of all such appliances with a minimum total unobstructed area not less than one hundred (100) square inches.
2. For liquid or solid fuel burning appliances there shall be provided two (2) square inches of unobstructed opening for each one thousand (1,000) BTU fuel input of all such appliances with a minimum total unobstructed area not less than two hundred (200) square inches.

XV. Section IE-6110 is hereby amended to read as follows:

Sec. IE-6110. Approval of Equipment and Refrigerants.

All refrigeration equipment and refrigerants for any comfort cooling system and comfort cooling unit and heat pumps shall meet the requirements as set forth in Tables 12-A, 12-B and 12-C of this table, unless otherwise stated in this Division.

XVI. Section IE-6170B is hereby amended to read as follows:

B. Every portion of any comfort cooling and heat pump system which is installed in a side yard of a residential building shall conform to the existing requirements of the zoning ordinance.

XVII. Section IE-6172 is hereby amended by adding an exception to the end of Paragraph (A) to read as follows:

Exception: This Section need not apply to residential properties.

XVIII. Section IE-6172 (D) is hereby amended to read as follows:

D. The maximum velocity of the return air for any comfort cooling system or heat pump installed in a residential occupancy shall not exceed eight hundred feet (800') per minute, except across the grill the velocity shall not exceed five hundred feet (500') per minute.

XIX. Section IE-28128 (E) is hereby amended by deleting "No. C-38" from the end of the sentence.

SECTION 2. This ordinance shall take effect immediately upon its second publication in the Las Vegas Review-Journal, provided, however, that persons, firms

or corporation who presently hold limited heating or air conditioning maintenance licenses are hereby granted 90 days from and after such effective date of this ordinance within which to obtain a State contractor's license and City license hereunder and after the expiration of said 90 day period, all such limited heating and air conditioning maintenance licenses shall be null and void.

SECTION 3. Any person, firm or corporation violating any of the provisions of this ordinance shall, upon conviction thereof, be punished by a fine of not more than \$500.00 and/or imprisonment in the City Jail for not more than six (6) months, or any combination of such fine and imprisonment. Every day of such violation shall constitute a separate offense.

SECTION 4. All ordinances or parts of ordinances, sections, subsections, phrases, sentences, clauses or paragraphs contained in the Municipal Code of the City of Las Vegas, Nevada, 1960 Edition, in conflict herewith are hereby repealed.

PASSED, ADOPTED AND APPROVED this 1st day of November, 1967.

**4th AMENDMENT
ORDINANCE NO. 1222**

AN ORDINANCE TO AMEND TITLE IV, CHAPTER 4 OF THE MUNICIPAL CODE OF THE CITY OF LAS VEGAS, NEVADA, 1960 EDITION, READOPTING THE "INLAND EMPIRE HEATING, VENTILATING, AIR CONDITIONING, REFRIGERATION AND WATER CONSERVATION CODE 1959 EDITION, "WITH CERTAIN AMENDMENTS THERETO; REGULATING THE INSTALLATION, REPAIR, SERVICING, MAINTENANCE AND IMPROVEMENT OF HEATING AND AIR CONDITIONING EQUIPMENT AND DUCTWORK AND PROVIDING FOR THE INSPECTION THEREOF; PROVIDING FOR THE LICENSING OF PERSONS, FIRMS, OR CORPORATIONS ENGAGED IN THE BUSINESS OF INSTALLING, REPAIRING, SERVICING, MAINTAINING AND IMPROVING HEATING AND AIR CONDITIONING EQUIPMENT AND DUCTWORK; PROVIDING FOR THE ISSUANCE OF PERMITS IN CONNECTION WITH SUCH WORK; PROVIDING OTHER MATTERS PROPERLY RELATED THERETO; PROVIDING PENALTIES FOR THE VIOLATION HEREOF AND REPEALING ALL ORDINANCES OR PARTS OF ORDINANCES IN CONFLICT HEREWITH.

THE BOARD OF COMMISSIONERS OF THE CITY OF LAS VEGAS DOES ORDAIN AS FOLLOWS:

SECTION 1. Title IV, Chapter 4 of the Municipal Code of the City of Las Vegas, Nevada, 1960 Edition, is hereby amended to read as follows:

4-1: ADOPTION OF CODE: That certain document, three (3) copies of which are on file in the office of the Clerk, being marked and designated as "Inland Empire Heating, Ventilating, Air Conditioning, Refrigeration and Water Conservation Code, 1959 Edition" be, and the same is hereby, adopted in full as the Heating, Ventilating, Air Conditioning and Refrigeration Code of the City and made a part hereof as if fully set forth herein.

The Board of Commissioners hereby declares that it would have adopted each separate provision of this Chapter, regardless of the adoption of any other provision, and if any remedy provided for in this Chapter be held invalid or limited in effect, such limitation shall not affect the application of any other provision of this Chapter.

4-2: AMENDMENTS AND ADDITIONS: Certain sections of the Inland Empire Heating, Ventilating, Air Conditioning, Refrigeration and Water Conservation Code, hereafter referred to as "this Code" are hereby deleted, modified, amended as follows:

I. Section IE-1130B is hereby amended as follows:

B. The "Administrative Authority," as used in this Code, shall be construed to mean the Director of Building and Safety of the City, and is empowered to make all interpretations concerning the "Provisions" of this Code.

II. Section IE-1141 is hereby amended as follows:

Sec. IE-1141—Licensing.

A. Except as provided in Subsection (B) of this Section, any person, firm or corporation engaged in the business of installing, repairing, servicing, maintaining or improving heating and air conditioning equipment or ductwork in the City shall, as a condition precedent thereto, secure a contractor's license from the State of Nevada and thereafter a City license from the Department of License and Revenue of the City, for which a fee of \$100.00 per year shall be charged. Each such City license shall expire at midnight on the 31st day of January of each year following the date of issue, and shall be renewed by the Director of License and Revenue upon application by the holder of the license and payment of the required annual fee at any time within thirty (30) days prior to such expiration date; provided, however, that such applicant shall possess, on the date of such renewal, a valid contractor's license from the State of Nevada. Any revocation, termination, suspension or expiration of the State contractor's license shall automatically suspend the right of the holder of a City license to perform such work or furnish materials thereunder until such time as the State contractor's license shall be restored; and, provided further, that any person, firm or corporation who continues to operate under its City license during any period of revocation, termination, suspension or expiration of its State contractor's license shall be treated for all intent and purposes as one who does not hold a valid City license.

B. Nothing contained in this Section shall be construed to require the licensing of:

1. Salaried employees whose duties and responsibilities include the servicing, maintenance and repair of heating and air conditioning equipment and

Legal Notices

ductwork, and who are employed either on a permanent full time or permanent part time basis, for a regular wage or salary, by the owner or owners of the premises upon which said equipment and ductwork are situated; provided, however, that this provision shall in no manner be construed to exempt from the licensing requirements those who, as individuals, partners, or employees, install, repair, maintain or service heating and air conditioning equipment or ductwork for the public in general and provided further nothing contained herein shall be construed to apply to employees of licensed contractors while they are actually employed by, and furthering the business of, said licensed contractor. An individual who performs servicing, maintenance or ductwork owned, leased or rented by someone other than the employer or business entity from whom he receives a U.S. Government W-2 form, shall be presumed to be subject to the licensing requirements of this Section.

2. Work done exclusively by a public utility, or its employees, operating under the regulations of the Nevada Public Service Commission on construction, installation, repair, servicing, maintenance and improvement work incidental to its own business.

3. Merchants who limit their business activities in the areas of heating and air conditioning to the sale and servicing of portable appliances. For the purpose of this Subsection, the term "portable appliances" shall include only those items which are readily moved from area to area and which are not attached firmly to realty. It shall be conclusively presumed, however, that heating and air conditioning units which require ductwork or which are larger than single room "window size" are not portable.

III. There is hereby added a new section, designated Section IE-1142, reading as follows:

Sec. IE-1142 — Place of Business:

Every person, firm or corporation required by this Code to be licensed hereunder, shall establish an actual place of business in a zoning classification permitting said business and such business location shall be actually used by such person, firm or corporation. In the prosecution of his business operations, to the exclusion of all other locations save and except branch locations separately licensed to such person, firm or corporation. The aforesaid business location shall house the business records of such person, firm or corporation except during temporary periods when it may be necessary or convenient to remove them for such lawful purposes as auditing or servicing.

IV. There is hereby added a new section designated Section IE-1143, reading as follows:

Sec. IE-1143 — Advertising.

A. Except as provided in Subsection (B) of this Section, it shall be unlawful for any person, firm or corporation not the holder of a valid license issued hereunder to engage in, carry on, or represent himself, itself, or themselves as engaging in or carrying on heating, air conditioning or ductwork installation, repairing, servicing, maintenance, or improvement or to use the words "heating" or "air conditioning," either alone or in combination with other words, in any advertising, or to display or cause to be displayed or to use or cause to be used on any sign or in any media of advertising, words communicating the same or similar import for the purpose of implying the advertiser or the person, firm or corporation being advertised to be engaged in any aspect of the business regulated by this Code. All trucking equipment and vehicles used for the purpose of performing work, carrying materials or soliciting business shall expose or display a sign on each side of said equipment or vehicles indicating the name, actual business and address and telephone number of the licensee to whom such equipment and vehicles belong.

B. Nothing in this Section shall be construed to restrict or prevent the right of any bona fide manufacturer of heating and air conditioning equipment to advertise its products in any lawful manner it may choose; provided, however, that any such manufacturer shall not advertise in conjunction or cooperation with any unlicensed person, firm or corporation who engages or seeks to engage in any aspect of business regulated by this Code.

V. Section IE 1200(A) is hereby amended to read as follows:

A. It shall be unlawful for any person or persons to install or cause to be installed, or to use, operate, maintain or alter, repair, replace, relocate, convert or connect any heat producing appliance, fittings, valves, air conditioning equipment, evaporative cooler, equipment or appurtenances thereto, or to change over to any other type of equipment without first applying for and obtaining an application for inspection. Nothing herein contained shall prevent the operation and use by the owner or occupant of real property of existing heating, air conditioning or cooling equipment concerning which an application for inspection has previously been obtained, provided further this provision shall not apply to any portable heating or air conditioning equipment. Whenever in this Code the phrase "application for inspection" appears, it shall be construed to mean "application for permit." Application forms for permits shall be furnished by the Department of Building and Safety and shall be submitted to the Department of Building and Safety by the applicant and the permit issued and fees paid prior to any work starting covered by the permit.

VI. Section IE-1200 (D) is hereby deleted.

VII. Section IE-1221 is hereby amended to read as follows:

Section IE-1221 — Qualified Person:

A. It is unlawful for any person who is not qualified to install, alter, reconstruct, repair or maintain any heating, ventilating, air conditioning or refrigeration equipment or evaporative cooler or cooling towers as described in this Code, unless such person is a qualified person or a regular salaried employee of a qualified person, in which latter case, the qualified person shall be responsible for all work done by such employee.

B. The term "qualified person" shall be deemed to mean a person, firm or corporation holding both a valid contractor's license issued by the State of Nevada and a valid City license issued by the Department of License and Revenue of the City or one who is a homeowner as defined in Subparagraph (C) of this Section.

C. Any permit required by this Code may be issued to any person doing any construction or work regulated by this Code in a single family dwelling used exclusively for living purposes including usual accessory buildings and quarters in connection with such single dwellings, provided:

1. That such person is a bona fide owner of such dwelling, accessory buildings and quarters; and
2. That the same are occupied by or intended to be occupied by such owner; and
3. That said owner shall personally purchase all materials and shall personally perform all labor in connection with such construction or works; and
4. That for the installation of any equipment such owner shall be required to apply for and obtain a permit for such construction or work; provided, however, that no permit will be required for the repair, service or maintenance of existing equipment.

VIII. Section IE-122 is hereby deleted.

IX. Section IE-1240 is hereby amended by making the following changes in the fee schedule contained therein:

1. Anything in the following fee schedule notwithstanding, the minimum fee for each permit shall be \$4.00. 29 deleted, 30 deleted, 31 deleted, 32 deleted.

X. Section IE-1250 is hereby amended by adding thereto a new Subsection, designated Subsection (C), reading as follows:

C. The administrative authority, or his authorized representative, shall have authority to issue stop orders with respect to any construction or work regulated by this Code when, in the opinion of the administrative authority, the provisions of this Code are not being complied with, and a red "stop work" card shall be placed or posted on the premises where such work is being performed. Once a stop order has been issued with respect to any construction or work a fee of \$10.00 shall be paid to the Department of Building and Safety of the City before any work pertaining to the stop order can again commence; provided, however, that the \$10.00 fee may be waived by the administrative authority in exceptional cases.

XI. Section IE-1400 is hereby deleted.

XII. Section IE-1410 is hereby deleted.

XIII. Section IE-1420 is hereby deleted.

XIV. Section IE-3200 (C) is hereby amended to read as follows:

C. Rooms or spaces that do not have the volume as specified above, and in which fuel burning appliances are installed shall be provided with unobstructed combustion air openings as follows:

1. For gas burning appliances there shall be provided one (1) square inch of unobstructed opening for each one thousand (1,000) BTU fuel input of all such appliances with a minimum total unobstructed area not less than one hundred (100) square inches.

2. For liquid or solid fuel burning appliances there shall be provided two (2) square inches of unobstructed opening for each one thousand (1,000) BTU

Legal Notices

fuel input of all such appliances with a minimum total unobstructed area not less than two hundred (200) square inches.

XV. Section IE-6170 is hereby amended to read as follows:

Sec. IE-6170. Appliances of Equipment and Refrigerants.
All refrigeration, air conditioning and refrigerants for any comfort cooling system and comfort cooling and heat pumps shall meet the requirements as set forth in Tables 12-A, 12-B and 12-C of this table, unless otherwise stated in this Division.

XVI. Section IE-6170B is hereby amended to read as follows:

B. Every portion of any comfort cooling and heat pump system which is installed in a side yard of a residential building shall conform to the existing requirements of the zoning ordinance.

XVII. Section IE-6172 is hereby amended by adding an exception to the end of the Paragraph (A) to read as follows:

Exception: This Section need not apply to residential properties.

XVIII. Section IE-6172(D) is hereby amended to read as follows:

D. The maximum velocity of the return air for any comfort cooling system or heat pump installed in a residential occupancy shall not exceed eight hundred feet (800') per minute, except across the grill the velocity shall not exceed five hundred feet (500') per minute.

XIX. Section IE-28128(E) is hereby amended by deleting "No. C-38" from the end of the sentence.

SECTION 2. This ordinance shall take effect immediately upon its second publication in the Las Vegas Review-Journal, provided, however, that persons, firms or corporation who presently hold limited heating or air conditioning maintenance licenses are hereby granted 90 days from and after such effective date of this ordinance within which to obtain a State contractor's license and City license hereunder and after the expiration of said 90 day period, all such limited heating and air conditioning maintenance licenses shall be null and void.

SECTION 3. Any person, firm or corporation violating any of the provisions of this ordinance shall, upon conviction thereof, be punished by a fine of not more than \$500.00 and/or imprisonment in the City Jail for not more than six (6) months, or any combination of such fine and imprisonment. Every day of such violation shall constitute a separate offense.

SECTION 4. All ordinances or parts of ordinances, sections, subsections, phrases, sentences, clauses or paragraphs contained in the Municipal Code of the City of Las Vegas, Nevada, 1960 Edition, in conflict herewith are hereby repealed.
