

SECOND AMENDMENT

BILL NO. 98-48

ORDINANCE NO. **5091**

AN ORDINANCE RELATING TO THE ADMINISTRATION OF THE CITY'S BUILDING CODE AND TECHNICAL CODES; AMENDING TITLE 16, CHAPTER 2, SECTION 10, OF THE MUNICIPAL CODE OF THE CITY OF LAS VEGAS, 1983 EDITION, BY DELETING ALL REFERENCE TO THE 1994 EDITION OF THE UNIFORM ADMINISTRATIVE CODE ADOPTED BY REFERENCE THEREIN AND ADOPTING BY REFERENCE, IN LIEU THEREOF, THE 1997 EDITION OF THE UNIFORM ADMINISTRATIVE CODE AS PART 1 OF SAID CHAPTER; REPEALING IN ITS ENTIRETY THE EXISTING SUPPLEMENTAL DOCUMENT ADOPTED BY REFERENCE THEREIN AND ADOPTING BY REFERENCE, IN LIEU THEREOF, A NEW SUPPLEMENTAL DOCUMENT, ENTITLED: "A SUPPLEMENTAL DOCUMENT AMENDING THE UNIFORM ADMINISTRATIVE CODE, 1997 EDITION" AS PART 2 OF SAID CHAPTER, WHICH ADDS TO, DELETES FROM AND AMENDS VARIOUS PROVISIONS OF THE UNIFORM ADMINISTRATIVE CODE, 1997 EDITION; PROVIDING FOR OTHER MATTERS PROPERLY RELATING THERETO; PROVIDING PENALTIES FOR THE VIOLATION HEREOF; AND REPEALING ALL ORDINANCES AND PARTS OF ORDINANCES IN CONFLICT HEREWITH.

Sponsored by:
Mayor Jan Laverty Jones

Summary: Adopts the 1997 Edition of the Uniform Administrative Code, together with amendments thereto, as the City's Administrative Code.

THE CITY COUNCIL OF THE CITY OF LAS VEGAS DOES HEREBY ORDAIN
AS FOLLOWS:

SECTION 1: Title 16, Chapter 2, Section 10, of the Municipal Code of the City of Las Vegas, Nevada, 1983 Edition, is hereby amended to read as follows:

16.02.010: Those certain documents, three copies of each being on file in the Office of the City Clerk and designated as follows, are adopted by reference and made a part of this Code, to the same extent as if set out in full herein:

(A) Uniform Administrative Code, [1994] 1997 Edition, designated as Part 1 of this Chapter; and

(B) A supplemental document entitled "A Supplemental Document Amending the Uniform Administrative Code, [1994] 1997 Edition," which adds to, deletes from and amends the Uniform Administrative Code, [1994] 1997 Edition, designated as Part 2 of this Chapter.

SECTION 2: The supplemental document entitled "A Supplemental Document Amending the Uniform Administrative Code, 1994 Edition," is hereby repealed in its entirety.

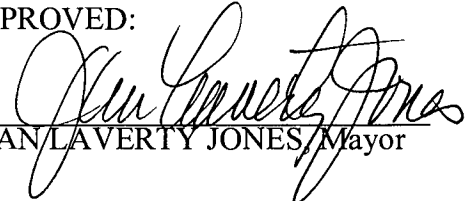

1 SECTION 3: If any section, subsection, subdivision, paragraph, sentence, clause or
2 phrase in this ordinance or any part thereof, is for any reason held to be unconstitutional, or invalid
3 or ineffective by any court of competent jurisdiction, such decision shall not affect the validity or
4 effectiveness of the remaining portions of this ordinance or any part thereof. The City Council of the
5 City of Las Vegas hereby declares that it would have passed each section, subsection, subdivision,
6 paragraph, sentence, clause or phrase thereof irrespective of the fact that any one or more sections,
7 subsections, subdivisions, paragraphs, sentences, clauses or phrases be declared unconstitutional,
8 invalid or ineffective.

9 SECTION 4: Whenever in this ordinance any act is prohibited or is made or declared
10 to be unlawful or an offense or a misdemeanor, or whenever in this ordinance the doing of any act is
11 required or the failure to do any act is made or declared to be unlawful or an offense or a
12 misdemeanor, the doing of such prohibited act or the failure to do any such required act shall
13 constitute a misdemeanor and upon conviction thereof, shall be punished by a fine of not more than
14 \$1,000.00 or by imprisonment for a term of not more than six months, or by any combination of such
15 fine and imprisonment. Any day of any violation of this ordinance shall constitute a separate offense.

16 SECTION 5: All ordinances or parts of ordinances or sections, subsections, phrases,
17 sentences, clauses or paragraphs contained in the Municipal Code of the City of Las Vegas, Nevada,
18 1983 Edition, in conflict herewith are hereby repealed.

19 PASSED, ADOPTED and APPROVED this 24th day of August, 1998.

20 APPROVED:

21 By 
22 JAN LAVERTY JONES, Mayor

23 ATTEST:

24 
25 BARBARA JO RONEMUS, City Clerk

26 APPROVED AS TO FORM:

27 Val Steed 8-24-98
28 _____ Date

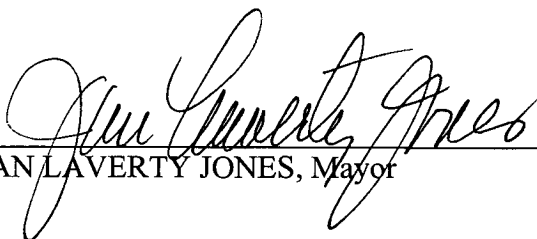

1 The above and foregoing ordinance was first proposed and read by title to the City Council on
2 the 27th day of July, 1998 and referred to the following committee composed of the
3 Councilmen McDonald and Brown for recommendation; thereafter the said committee reported
4 favorably on said ordinance on the 24th day of August, 1998 which was a regular meeting of
5 said Council; that at said regular meeting, the proposed ordinance was read by title to the City
6 Council as amended and adopted by the following vote:

7 VOTING "AYE": Councilmen Adamsen, McDonald, Reese, Brown and Mayor Jones

8 VOTING "NAY": NONE

9 EXCUSED: NONE

10 APPROVED:

16 BARBARA JO RONEMUS, City Clerk

**A SUPPLEMENTAL DOCUMENT AMENDING
THE UNIFORM ADMINISTRATIVE CODE, 1997 EDITION**

SECTION 1: Except as otherwise indicated, all section and chapter references contained in this Supplemental Document are to the Uniform Administrative Code, 1997 Edition.

SECTION 2: Certain provisions of this Code may be parallel or similar to provisions of the Uniform Building Code, 1997 Edition; the Uniform Plumbing Code, 1997 Edition; the Uniform Mechanical Code, 1997 Edition; the National Electrical Code, 1996 Edition; or other similar code adopted by the City. The provisions of this Code and the provisions of the other referenced codes shall be applied to the extent possible. The Building Official shall have the discretion, in the interest of convenience for the City or the public, to apply the provisions herein or corresponding administrative provisions in any of the above-referenced codes. In the event of any conflict in administrative provisions, the provisions of Section 104 of this Code shall govern, unless otherwise deemed appropriate by the Building Official. Unless otherwise specified, the term "Department" refers to the department of the City charged with the enforcement of the codes referred to in this Section, and the term "Director" refers to the director of that department.

SECTION 3: Section 202 is hereby amended by deleting Subsection 202.6 and substituting therefor a new Subsection 202.6, reading as follows:

202.6 Authority to Disconnect Utilities. The Building Official or his authorized representative shall have the authority to disconnect any utility service or energy supplied to the building, structure or building service equipment therein regulated by this Code or by the technical codes, in case of emergency, where such building, structure or equipment is hazardous to life or property. The Building Official shall whenever possible notify the serving utility, the owner and the occupant of the building, structure or building service equipment of the decision to disconnect prior to taking such action, and shall notify in writing such utility, owner and occupant of such disconnection immediately thereafter. Such disconnection is also authorized in cases where a building or structure has been constructed, remodeled, repaired, energized or occupied in violation of this Code or any of the technical codes; provided, however, that notice and an opportunity for informal hearing shall first be afforded the owner and occupant.

SECTION 4: Section 204 is hereby deleted in its entirety and a new Section 204, consisting of Subsections 204.1 and 204.2, is substituted therefor, reading as follows:

SECTION 204 Appeal Procedures

204.1 Administrative Appeal. Whenever an actual or potential violation of any of the technical codes or this Code is identified by staff of the Department, either at the plan review stage or during construction, and the permittee or permit applicant desires administrative appeal of

the conclusion or decision, based upon code interpretation or hardship, the permittee or applicant may obtain such review from the Building Official's Hearing Committee. The Committee shall consist of:

- The Director, a Deputy Director, or another designee.
- An Inspection Supervisor or the Supervisor's designee.
- The Plans Examination Supervisor or the Supervisor's designee.
- Additional inspectors or technical persons, at the Director's discretion.

An application for administrative appeal shall be filed on forms made available by the Building Official and must be filed no later than 4:30 p.m. on the day preceding the appeal meeting to be held that week. The application should contain sufficient information to enable the Committee to perform its review. A filing fee of fifty dollars (\$50.00) will be charged for each appeal. The Committee will meet within eight (8) days after an application has been properly filed, with notice thereof to the applicant. The applicant may, but is not required to, attend the hearing. The decision of the Committee shall be made by the Director or his designee, after receiving input from other Committee members. An applicant who is aggrieved by the Committee's decision may appeal that decision in accordance with Subsection 204.2 of this Section.

204.2 Appeals to City Council.

1. **Right of Appeal.** The City Council of the City of Las Vegas is hereby designated as the board of appeals to hear and decide appeals where it is alleged by an aggrieved party that there is an error in any order or decision made by the Building Official in the enforcement of this Code or the technical codes, or an error in any decision of the Hearing Committee pursuant to Subsection 204.1.

2. **Manner of Appeal.** An appeal may be initiated by filing with the Building Official, within 20 days after the Building Official's order or decision, a written appeal containing:

- a. A heading in the words: "Before the City Council of the City of Las Vegas";
- b. A caption reading "Appeal of" followed by the names of all appellants participating in the appeal;
- c. A brief statement setting forth the legal interest of each of the appellants in the building or land involved in the decision or order;
- d. A brief statement in ordinary and concise language of the specific decision or order protested;

e. A brief statement in ordinary and concise language of the relief sought, such as that the order or decision should be reversed or modified;

f. A statement setting forth the legal or equitable basis of the relief sought by the appellant.

3. Processing of Appeal. Upon receipt of any appeal filed pursuant to this Subsection, the Building Official shall present it at the next regular or special meeting of the City Council for the setting of a hearing date.

4. Appeal Hearing Date. Upon receiving the written appeal, the City Council shall fix a date, time and place for the hearing of the appeal by the Council. Such date shall be not less than 21 days not more than 60 days from the date the appeal was filed with the Building Official. Written notice of the time and place of hearing shall be given at least 10 days prior to the date of the hearing to each appellant by the Building Official, either by causing a copy of such notice to be delivered to the appellant personally or by certified mailing postage prepaid, addressed to the appellant at the address shown on the appeal documents.

5. Waiver. Failure of any person to file an appeal in accordance with the above provisions shall constitute a waiver of the right to an administrative hearing and adjudication of the decision or order of the Building Official.

6. Issues Considered. Only these matters or issues specifically raised by the appellant in the written appeal shall be considered on the hearing of the appeal.

7. Vote. A majority vote of the City Council shall be necessary to reverse or modify any order or decision of the Building Official.

SECTION 5: Section 205 is hereby amended by adding thereto the following paragraph:

It is unlawful for any person to knowingly proceed to do work contrary to or in violation of a stop order issued under this Code. Whenever any stop order has been issued, no work may be resumed until the person seeking to proceed has obtained the approval of the Building Official and has paid to the City an investigation fee in the amount of \$50.00.

SECTION 6: Section 301 is hereby amended by deleting Subsection 301.1 and substituting therefor a new Subsection 301.1 and a new Subsection 301.1.1, reading as follows:

301.1 Permits Required. Except as specified in Subsection 301.1.1 of this Section, no building, structure, building service equipment or onsite improvement regulated by this Code or any of the technical codes shall be erected, constructed, enlarged, altered, repaired, moved, improved, removed, converted or demolished unless a separate, appropriate permit for each building, structure, building service equipment or onsite improvement has first been obtained from the Building Official.

301.1.1 Licensing Requirements. No building permits shall be issued for building work which is required to be performed by a licensed contractor under NRS Chapter 624 unless the applicant is appropriately licensed by the State of Nevada and is licensed to do business within the City. Whenever two or more trades (building, plumbing, mechanical or electrical) are to perform work on a project, a general contractor must be retained for the project. A general contractor to whom a permit is issued shall be responsible for all work authorized for the project and shall post at the job site a list of all subcontractors doing work on the job with their names, their State subcontractor's license numbers and classifications and their City business license numbers. Mechanical, electrical and plumbing subcontractors shall register with the Department when all permits have been taken out by the general contractor. Contractors and subcontractors must meet all applicable qualifications and requirements described in the technical codes.

NOTE: Additional licensing requirements concerning plumbing work are contained in Sections 27 to 31, inclusive, of this Supplemental Document. Additional licensing requirements concerning mechanical work are contained in Sections 37 and 38 of this Supplemental Document.

SECTION 7: Section 301 is hereby amended by deleting Subsection 301.2, including its constituent subdivisions and substituting therefor a new Subsection 301.2, reading as follows:

301.2 Work Exempt from Permit. A building permit shall not be required for the following:

1. Construction work on property owned by the United States or on property owned by any other governmental entity, to the extent exempted by State law.
2. Amusement devices and structures, including merry-go-rounds, ferris wheels, rotating conveyances, slides and similar devices, and any accessory structure consisting of a cover or roof whose use is necessary for the operation of any such device or structure when such device or structure is used for less than 30 days. A storage building or detached structure that is not an integral part of an amusement device or structure does not qualify as an exempt accessory structure for purposes of this paragraph. The exemption contained in this paragraph likewise does not apply to any electrical, mechanical or plumbing work that is to be done in connection with amusement devices or structures that are to be used on a site.
3. Oil derricks.
4. Movable cases, counters and partitions that do not exceed 5 feet 9 inches in height and not containing electrical branch circuits.
5. Privately owned water tanks supported directly upon grade if the capacity does not exceed 5000 gallons and the ratio of height to diameter or width does not exceed two to one.
6. Platforms, walks and driveways not more than 30 inches above grade and not

over any basement or story below, when built in conjunction with a building that is classified as a Group R, Division 3, or a U, Division 1 Occupancy.

7. Painting, papering and similar finish work, except for trim and decorative work exceeding .5 pounds per square foot or .35 pounds per lineal foot in weight.

8. Temporary motion picture, television and theater stage sets and scenery.

9. Window awnings supported by an exterior wall of a Group R, Division 3, or a U, Division 1 Occupancy, when projecting not more than 54 inches.

10. Residential television or radio antennas whose height design does not exceed 10 feet above the height of the tallest structure on the property, and so located that the distance to the nearest property line is equal to or greater than the total height of the antenna mast.

11. Construction directly relating to the delivery of a utility service, built by a public utility company operating under the control of the Public Service Commission.

12. Portable motors or other portable appliances energized by means of a cord or cable having an attachment plug end to be connected to an approved 120 volt receptacle, when that cord or cable is permitted by the Electrical Code.

13. The repair or replacement of fixed motors or fixed approved appliances of the same type and rating in the same location.

14. The installation, alteration or repair of electrical wiring, apparatus or equipment or the generation, transmission, distribution or metering of electrical energy or in the operation of signals or the transmission of intelligence by a public utility in the exercise of its function as a serving utility.

15. Any unit refrigerating system (cooling only) as defined in the Mechanical Code.

NOTE: Exemption from the permit requirements of this Code shall not be deemed to authorize any work to be done in violation of the provisions of the technical codes or any other City ordinances or regulations.

SECTION 8: Section 301 is hereby amended by adding thereto a new subsection, designated as Subsection 301.3, reading as follows:

301.3 Mobile Home, Travel Trailer and Recreational Vehicle Permits.

1. No mobile home shall be placed upon a lot in an R-MH Mobile Home Residence District (R-MH) or an R-MHP Residential Mobile Home Park District (R-MHP), as defined in Title 19 or Title 19A of the Municipal Code of the City of Las Vegas, unless an inspection

permit has been issued by the Building Official. All mobile homes when installed must conform to the installation standards as set forth by the Nevada State Department of Business and Industry. A permit inspection fee as set forth in Table 3-A shall be paid by the permittee prior to the issuance of the permit.

2. Travel trailers or recreational vehicles, when placed in an R-MH District or an R-MHP District in excess of thirty (30) continuous days and used for living purposes, are subject to the same requirements for permit fees and installation standards as a mobile home, as described above.

3. Mobile homes on private property. Nothing in this Code or the technical codes shall be deemed to prohibit any owner of a lot or parcel of land from parking his own mobile home or recreational vehicle thereon and living therein if proper sanitary facilities are provided as required by the District Health Department, the owner has first obtained a mobile home permit as provided in this Section and is constructing a permanent residence on the same lot for his own use. Nothing in this Code shall prohibit a commercial operation from temporarily operating within the manufactured building when such use has been approved by the City Council. In the event of such Council approval, the length of that temporary use shall be in accordance with this Subsection or as determined by the City Council. The period of occupancy may not exceed one year from the first day of occupancy. The Building Official may, upon written request, grant a single six-month extension, provided that a valid building permit is in force at the time the extension is requested. Before receiving a permit to park a mobile home on a lot or parcel of land, the owner shall execute a surety bond to the City in the sum of one thousand dollars. The bond shall be conditioned that the owner has a valid building permit in force during the entire time that the trailer coach is located on the lot or parcel. A refundable cash deposit in the sum of one thousand dollars deposited with the City Treasurer may be substituted for the required bond. A sum of one thousand dollars may be deposited in a financial institution as a substitute for the required bond, provided a security agreement is executed between the owner of the mobile home, the financial institution and the City. Such deposit shall be known as cash-in-lieu of bond.

A. Mobile Home Left on Land Beyond Time Limits—Notice and Order to be Given. Whenever the Building Official or his designee finds that a mobile home has remained on the permit holder's property for a period in excess of the limits specified above, he may issue a written notice and order to comply to the principal and to any surety on the bond. Notice to the principal is sufficient if sent by certified mail, return receipt requested, to the address provided by the principal on the application for the permit. Such notice and order shall state the estimated cost of removal, and provide that if the mobile home is not removed within (30) days from the date of notice, bond shall be forfeited.

B. Right of Appeal by Permit Holder or Surety.

i. Any permit holder or surety who believes that no violation described in Paragraph (3)(A) above has occurred may, within fifteen days after the date of the notice and order, apply in writing to the Department for a hearing. The Department shall forthwith set a date for said hearing, with at least five days written notice to the requesting party. The hearing shall be

conducted by the Building Official or his designee.

ii. The compliance order shall be stayed from the date a timely hearing request is received by the Department until a decision is rendered by the Department, and by the Las Vegas City Council in the event of a timely appeal of the Department's decision.

iii. After the requested hearing, the Building Official may rescind, modify or affirm the order of compliance.

iv. Within ten days after the date the Department's decision is rendered, the permit holder or surety may, if dissatisfied, appeal to the Las Vegas City Council by filing a written notice of appeal with the Department.

v. Extension of time to remove the mobile home. Upon receipt of an application from the person required to remove the mobile home and an agreement by such person to comply with the order if allowed additional time, the Building Official or his designee may, in his discretion, grant an extension of time, not to exceed an additional one hundred and eighty (180) days, within which to remove the mobile home. The Building Official or his designee's authority to extend time is limited to the removal of the mobile home and shall not in any way affect the time to appeal the notice and order.

C. Forfeiture of Bonds.

i. After receipt of a notice and order to comply, the surety must, within the time limits specified above, either cause the mobile home to be removed or pay over to the Department the cost of removal after said mobile home is removed by the Department. The Building Official or his designee may proceed by such mode as is deemed convenient to cause the mobile home to be removed. The Building Official or his designee may, in accordance with City contracting procedures, hire a private contractor to remove the mobile home.

ii. If a cash bond has been posted, notice of default as provided above shall be given to the principal, and if the compliance is not obtained within the time limits specified, the Building Official or his designee may proceed without further notice to use the cash deposit or any portion of such deposit to cause the mobile home to be removed, by contract or otherwise. The balance, if any, of such cash deposit shall, upon the completion of the work, be returned to the depositor or to his successors or assignee after deducting the cost of the work.

iii. If cash-in-lieu of bond has been deposited, notice of default shall be given to the principal, and if the compliance is not obtained within the thirty (30) days specified, the Building Official or his designee may withdraw the deposited funds and use them to cause the mobile home to be removed by contract or otherwise. The balance, if any, shall, upon the completion of the work, be returned to the depositor or to his successors or assignee after deducting the cost of the work.

iv. In any instance where the Building Official or his designee has caused

a mobile home to be removed, such mobile home may be placed in storage at any location within Clark County, Nevada, and all costs of that storage shall be borne by the owner of such mobile home upon reclaiming the mobile home. Upon the owner's failure to pay storage costs, such mobile home may be sold in accordance with NRS Chapter 108.

D. Outstanding Costs. Any costs in excess of the forfeited bond amounts shall be charged to the principal. Where the full amount due to the City is not paid by the principal within 60 days after the City has removed the mobile home, the Building Official or his designee may request the City Attorney to commence appropriate legal proceedings to obtain payment.

E. Procedural Guidelines. The Department is hereby empowered to formulate procedural guidelines to be used in implementing this Subsection 301.3.

4. Nothing in this Code or the technical codes shall be deemed to prohibit the temporary placement of a mobile home or travel trailer for the use of a contractor engaged in construction work on the same parcel of land. In addition, a mobile home or travel trailer may be temporarily placed upon any commercially zoned lot or parcel of land to be used for security purposes when approved by the Building Official. Any placement of a temporary mobile home or travel trailer for the purpose of living there shall be subject to the requirements concerning installation, permitting, bonding, and time limits as set forth in Paragraph (3) above. Any such mobile home or travel trailer shall be properly installed and maintained in accordance with this Subsection.

SECTION 9: Section 301 is hereby amended by adding thereto two new subsections, designated as Sections 301.4 and 301.5, respectively, reading as follows:

301.4 Grading Permit--Acreage Limitations. In order to minimize the environmental impacts of large-scale grading, a grading permit shall authorize the grading of no more than 120 acres at a time. The Building Official may increase the acreage authorized for grading in the case of:

1. Golf course development; or
2. Other large-scale development, if the applicant or permittee demonstrates to the satisfaction of the Building Official that enhanced dust control mitigation measures are in place to ensure that the increase in grading activity will not adversely impact neighboring properties.

301.5 Moving of Buildings.

1. In order to move any building or structure to or from a location within the City, a moving permit must be obtained in advance. The application for a permit must describe the proposed new location for the building or structure. Before the building or structure is moved, and before the issuance of a moving permit, the applicant must contact a Supervisor of Building Inspections to schedule a field inspection of the building to be moved and the site from which it is to be moved. The field inspection may consist of, without limitation, an inspection concerning:

- a. Visible structural integrity of the structure.
- b. Required or proposed means of egress.
- c. Electrical wiring and grounding.
- d. Plumbing and gas line location, and compliance with applicable codes.
- e. Site safety, including the capping of lines, disconnection of electrical power, filling of holes, and removal of other potential hazards.

The moving of buildings shall also be subject to the requirements (and the prior approval, if applicable) of the Traffic Engineering Division of the Department of Public Works, the Nevada Department of Transportation, and any other agency having jurisdiction.

2. With regard to any structure proposed to be moved to a location within the City, whether it is proposed to be moved from another location within the City or from a location outside the City, the application for a moving permit shall be accompanied by an application for a building permit, including the submittal of plans of the type and extent that would be required for the initial erection of that structure. The Department may require letters from design professionals verifying structural integrity and compliance with the Model Energy Code. The review and approval of those plans shall also include and be subject to review and verification by the Department of Planning and Development and the Land Development Division that the proposed location of the building, whether permanent or temporary, is permissible and appropriate under applicable zoning and development regulations.

SECTION 10: Section 302 is hereby amended by deleting Subsection 302.3 and substituting therefor a new Subsection 302.3 and a new Subsection 302.3.1, reading as follows:

302.3 Information on Plans and Specifications. Plans and specifications shall be drawn to scale upon substantial paper and shall be of sufficient clarity to indicate the location, nature and extent of the work proposed and to show in detail that the work will conform to the provisions of the technical codes and all relevant laws, ordinances, rules and regulations.

Plans for tract home developments, multiple residential developments, and commercial additions and developments shall contain three (3) copies of geotechnical reports as required by Subsection 3309.5 of the UBC Appendix; and recommendations contained in such reports shall be incorporated in the building plans, engineering calculations, specifications and building construction. Where geotechnical reports are required, the reports specified in Subsection 3318.1 of the UBC Appendix shall be submitted to the Building Official for approval prior to the commencement of any work on the structure. Geotechnical investigations and reports may be limited in scope for small projects with the approval of the Building Official.

302.3.1 Application by FAX. Where a contractor maintains an APA Account with the Department, and plans are either already on file with the City or are not required, the contractor

may make application for a permit by FAX machine. For tract housing, the signed application form shall be transmitted by FAX along with one copy of the plot plan. For small work not requiring a permit, the application alone may be FAXED. There will be a \$2.00 service charge for this service. The applicant's copy of the permit will be mailed to the applicant's place of business, and the inspection card will be sent to the job site with the inspector, or the contractor may pick up such permit and inspection card at the Department.

SECTION 11: Section 303 is hereby amended by deleting Subsection 303.4 and substituting therefor a new subsection 303.4, reading as follows:

303.4 Expiration. Every permit issued by the Building Official with respect to work governed by the technical codes shall expire by limitation and become null and void if the building or work authorized by such permit is not commenced within 180 days from the date of such permit, as documented by an inspection, or if the building or work authorized by such permit is suspended or abandoned at any time after the work is commenced for a period of 180 days, as documented by an inspection. Permits shall also expire when corrections which have been required by means of a notice to correct have not yet been completed within thirty (30) days after such inspection. Before such work can be recommenced, a new permit therefor shall first be obtained, and the fee therefor shall be one half the amount required for a new permit for such work, provided that no changes have been made or will be made in the original plans and specifications for such work, and provided further that such suspension or abandonment has not exceeded one year. In order to renew action on a permit after expiration, the permittee shall pay a new full permit fee and shall be subject to all development/impact fees current at the time of the new permit.

Any permittee holding an unexpired permit may apply for an extension of the time within which to commence work under that permit when the permittee is unable to commence work within the time required by this Section for good and satisfactory reasons. The Building Official may extend the time for action by the permittee for a period not exceeding 180 days upon written request by the permittee showing that circumstances beyond the control of the permittee have prevented action from being taken. The Building Official may not extend a permit more than once.

SECTION 12: Section 304 is hereby amended by deleting Subsection 304.1 and substituting therefor a new Subsection 304.1, reading as follows:

304.1 General. Fees shall be assessed in accordance with the provisions of this Section and the fee schedules adopted in connection with this Supplemental Document. Political subdivisions which by law are exempt from the payment of building permit fees are not exempt from:

1. The plan review fees described in this Section 304;
2. Sewer connection fees; or
3. Any other development-related fee, except to the extent provided by law.

SECTION 13: Section 304 is hereby amended by deleting Subsection 304.3 and substituting therefor a new Subsection 304.3, reading as follows:

304.3 Plan Review Fees.

1. When the submission of plans or other data is required by Section 302, a plan review fee shall be paid at the time plans and specifications are submitted for review. The building plan review fee for buildings or structures shall be 65 percent of the building permit fee as set forth in Table No. 3-A. An additional 5 percent shall be charged for zoning requirement review.

2. No separate plan review fee shall be charged for repetitive permits for electrical, mechanical or plumbing work when all permits (building, electrical, mechanical and plumbing) are sought on one application. When separate permits by trade area are requested, plan review fees for electrical, mechanical and plumbing work for each permit shall be 25 percent of the total permit fee set forth, respectively, in Table Nos. 3-B, 3-C and 3-D.

3. The plan review fee for grading work shall be as set forth in Table No. 3-G.

4. If two or more buildings (residential dwellings) are to be built from a single model building plan without substantial modifications, as determined by the Building Official, and said model building plan is submitted by any one building contractor while the Building Code under which the plans were approved by the Building Official are in effect, then:

A. The plan review fees for each model building plan shall be 65 percent of the aggregate building permit fees, plus \$50.00 for each additional exterior design elevation.

B. An additional plan checking fee for each subsequent use of that model plan (tract house) shall be paid, in the amount of \$20.00.

5. Plan review for repetitive plans is valid for the period during which the Building Code under which plans were reviewed is in effect. Plans must be resubmitted within 6 months after the adoption of a more recent edition of the Building Code. Plan review fees shall be 65 percent of the building permit fee.

6. Plan review for non-repetitive plans is valid for 6 months after approval. Unless permits are issued within that period, plans must be re-reviewed under the then-current Building Code and new plan review fees paid.

7. The plan review fees described in this Subsection 304.3 are separate and in addition to the permit fees described in Subsection 304.2 of this Section.

8. Where plans are incomplete or are changed so as to require additional plan review, an additional plan review fee shall be charged at the rate shown in Table No. 3-H.

9. Where a permit has been issued, and subsequently the builder, owner or

representative requests a change in the plan which would require the preparation of new permit documentation, an additional fee shall be charged in the amount of \$30.00 for each new permit required.

SECTION 14: Section 304 is hereby amended by adding thereto five new subsections, designated as Subsections 304.7, 304.8, 304.9, 304.10 and 304.11, respectively, reading as follows:

304.7 Advance Payment Account (APA) for Use in Payment of Permitting Fees. The City may establish for any licensed contractor a non-interest bearing account for use in connection with the advance payment of fees. Any contractor who uses such account shall provide to the City the names of all employees or officers who are authorized to draw from the account. A minimum balance of \$100.00 shall be maintained in the account.

304.8 Moving Permit Fees. For moving a building or structure, the fee shall be as set forth in Table 3-H.

304.9 Demolition Permit Fees. The fee for a demolition permit as set forth under Table 3-H shall be paid at the time of issuance of the permit and prior to any demolition work being done by the permittee.

304.10 Certification Inspection of Residences or Certificate of Occupancy Inspection of Commercial Tenant Spaces. The fee for a certification inspection of an existing structure shall be as set forth in Table 3-H.

304.11 Other fees. See Table 3-H.

SECTION 15: Section 305 is hereby amended by deleting the first two paragraphs of Subsection 305.5 and substituting therefor two new paragraphs, reading as follows:

305.5 Required Building Inspections. All work regulated by this Code and the technical codes must be inspected and approved before being covered or concealed, and finished work must be inspected and approved before occupancy. The sequence and types of required inspections will be indicated on the inspection report card. The absence of such indication shall not be deemed to waive any inspection requirement.

The Building Official, upon notification, shall make inspections that may include, but are not limited to, the following, and shall either approve that portion of the construction as completed or shall notify the permit holder or his agent of construction that fails to comply with this Code or the technical codes:

SECTION 16: Section 306 is hereby amended by deleting Subsection 306.1, but not including the subparts thereof that follow, and substituting therefor a new Subsection 306.1, reading as follows:

306.1 General. In addition to the inspections that are referred to in Section 305 of this Code, special inspections shall be conducted for the types of work that are described in Subsections 306.1.1 to 306.1.16, inclusive, that follow. A special inspector who is acceptable to the Building Official must be assigned to the construction project until all special inspection work is completed in accordance with this Subsection.

In the event one or more special inspectors are assigned and employed by the City, the owner or contractor shall reimburse the City for the costs of employing the special inspector(s). Reimbursement shall be made within 30 days after billing. If full reimbursement has not been made within 30 days after final billing, the City may place a labor lien on the affected property in accordance with the provisions of the Nevada Revised Statutes.

SECTION 17: Subsection 306.1.1 is hereby amended by deleting Exception 2 thereto and substituting therefor a new Exception 2, reading as follows:

2. For foundation concrete, when the structural design is based on a f c no greater than 2500 psi.

SECTION 18: Section 308 is hereby amended by adding thereto two new subsections, designated as Subsections 308.3 and 308.4, respectively, reading as follows:

308.3 Construction Power. The Building Official may authorize temporary construction power, which is a privilege granted solely for convenience.

308.4 Revocation of Temporary Connection or Construction Power. Temporary connections of construction power may be revoked, upon written notice, for the use of temporary construction power for permanent occupancy, and may be revoked with or without notice for tampering with the electrical service panel in violation of the National Electrical Code and utility company requirements, or in the event work is suspended or abandoned as described in Subsection 303.4.

SECTION 19: Subsection 309.1 is hereby amended by deleting both the first paragraph thereof and the exception that follows and substituting for that paragraph and exception the following paragraph:

309.1 Use or Occupancy. No building or structure shall be used or occupied and no change in the existing occupancy classification of a building or structure or portion thereof shall be made until the Building Official has issued a Certificate of Occupancy therefor as provided herein. For Group R, Division 3, and U Occupancies, approval of a final inspection shall constitute the Certificate of Occupancy.

SECTION 20: Subsection 309.3 is hereby amended by adding thereto a new paragraph, reading as follows:

For purposes of enforcing this Code, existing buildings for which a Certificate of

Occupancy has never been issued shall be deemed to have been issued a Certificate. Nothing in this paragraph, however, shall be construed to mean or imply that any such building complies with the requirements and provisions of the technical codes.

SECTION 21: Section 309 is hereby amended by adding thereto a new subsection, designated as Subsection 309.7, reading as follows:

309.7 Utilities. Upon revocation of a Certificate of Occupancy, the Building Official may order the disconnection or discontinuance of utility services upon at least three (3) days written notice to the owner and occupant.

SECTION 22: Table Nos. 3-A to 3-D, inclusive, are hereby deleted in their entirety and new Table Nos. 3-A to 3-D, inclusive, are hereby adopted in lieu thereof, reading as set forth in Section 25 hereof.

SECTION 23: Table Nos. 3-E and 3-F are hereby deleted in their entirety.

SECTION 24: Table Nos. 3-G and 3-H are hereby deleted in their entirety and new Table Nos. 3-G and 3-H are hereby adopted in lieu thereof, reading as set forth in Section 25 hereof.

SECTION 25: New Tables. The tables that are attached, Table Nos. 3-A, 3-B, 3-C, 3-D, 3-G and 3-H, are hereby adopted and incorporated herein by this reference.

PROVISIONS RELATING TO THE PLUMBING CODE

SECTION 26: In connection with the administration and enforcement of the Uniform Plumbing Code, 1997 Edition, the provisions which are set forth as Sections 27 to 35, inclusive, of this Supplemental Document are hereby adopted.

SECTION 27: GENERAL PROHIBITIONS.

A. It is unlawful for any person to conduct, carry or engage in the business of plumbing or act in the capacity of a plumbing contractor without first having obtained a license from the State of Nevada Contractors Board to carry on the trade of plumbing.

B. It is unlawful for any person to conduct, carry on or engage in the business of installing, altering or repairing sewers or private sewage disposal systems without first having obtained a license from the State of Nevada Contractors Board to carry on the trade of plumbing.

C. It is unlawful for any person to work or labor at the trade of plumbing unless that person has successfully passed an examination by an approved agency and has a valid current Plumber's Certificate of Qualification, as required by the Nevada Revised Statutes and the Rules and Regulations of the State of Nevada Contractors Board.

EXCEPTION: Apprentices and helpers.

D. Contractors that are described in Section 29(F) and their employees engaged in the construction of underground utility lines, as described in that Section, are exempt from any provisions of this Chapter requiring a Certificate of Qualification, but such contractors must possess both a valid State Contractor's License and a City business license to carry on the business of contracting, as distinct from engaging in the business of plumbing.

SECTION 28: DEFINITIONS AND QUALIFICATIONS OF CONTRACTORS AND PLUMBERS

A. A Plumbing Contractor is a person who holds a license from the State of Nevada Contractors Board and a business license from the City to carry on the trade of plumbing.

B. A Certified Plumber is a person who has successfully passed an examination given by an approved agency and has a valid current Plumber's Certificate of Qualification.

C. A Master Plumber is a person who was certified as such by a local entity before July 1, 1985.

D. A Qualified Individual or QI is a person who has passed an appropriate examination(s) of the State of Nevada Contractors Board subsequent to July 1, 1985, and otherwise meets the qualifications of, and has been accepted by, the State of Nevada Contractors Board as a Qualified Individual in one or more of the subcategories of plumbing contracting (or as appropriate to the work to be permitted) after July 1, 1985.

SECTION 29: PERMITS; WORKSITE REQUIREMENTS

A. Permits may be issued to plumbing contractors having a State of Nevada Contractor's license and City business license for any plumbing or drainage work regulated by the Uniform Plumbing Code.

B. Permits may be issued to any properly licensed person to install, alter or enlarge irrigation systems, providing that required backflow prevention devices are installed to existing water lines.

C. Permits may be issued to licensed fire sprinkling contractors or licensed plumbing contractors for the installation of automatic fire extinguishing systems, provided that all work conforms to the requirements of the most recent edition of National Board of Fire Underwriters Standard #13.

D. Permits may be issued to any person to do plumbing or drainage work regulated by the Uniform Plumbing Code in a single family dwelling used exclusively for living purposes, including the usual accessory buildings or quarters in connection with such buildings, provided that such person is the bona fide owner of such dwelling and accessory buildings or

quarters, and the same are occupied or designated to be occupied by said owner.

E. A permit may be issued for the original installation of permanent and rental water softening equipment, provided the work done involves only minor changes in the existing water lines. Every application for a permit shall be accompanied by a sketch or drawing of the proposed installation. The person making the installation, at a minimum, must have successfully passed an examination given by an approved agency for a limited certificate of competency, permitting the holder to make minor changes in the present water system to install only permanent and rental water softening equipment. If the installation involves connecting to the drainage system, this work must be done by a certified plumber unless the building is provided with a drain connection suitable for the purpose of connecting a water softener. For purposes of this paragraph, "minor changes" in the water system shall be construed to mean that no more than one cut into the existing water lines will be required.

F. A permit may be issued to any general engineering contractor, or to any sewer, sewage disposal, drain and pipelaying contractor, pipeline contractor or industrial piping contractor licensed by the State of Nevada, for work within that contractor's respective specialty or specialties, for the construction and installation of sewer, water, or other underground utility lines on private or public property up to a point not less than five (5) feet from the building and, with respect to a mobile home or recreational vehicle park, for installation of pipeline systems in accordance with approved plans.

G. A permit may be issued to any refrigeration or air conditioning contractor who holds both a valid State of Nevada Contractor's License, Classification C-21 (a) or (b), and a valid business license issued by the City, to install gas piping which is directly related and necessary to the repair or replacement of a refrigeration, heating or air conditioning system, not exceeding 500,000 BTUH per permit (based on natural gas input). The permittee shall only use qualified workers who have met City requirements for installation of gas lines. The permittee shall not modify or alter any gas piping except for that gas piping allowed by this Subsection.

H. At least one Certified (Journeyman) Plumber must be on any job site while work is being performed.

SECTION 30: CERTIFICATION

A. **Certification.** A Master Plumber or Qualified Individual Certification shall be recognized and accepted by the Building Official upon receipt of a certification issued by a third-party independent agency recognized by the Building Official as demonstrating competency in the field of plumbing.

The holder of a Master or Qualified Individual Certificate shall be a supervisory employee of, or otherwise have principal responsibility for the continuing operation of, the contracting business. A Master or Qualified Individual may act for two or more contracting businesses in which he himself holds at least 50 percent ownership.

B. Renewal of Certificates. Master and Qualified Individuals are required to insure that their Master and Qualified Individual certifications are maintained in a current active status in accordance with the third party testing agency accepted by the State of Nevada Contractors Board and to renew as required.

C. Nonrecognition of Certificate. A Master or Qualified Individual who has been found not to meet the qualification standard of the State of Nevada Contractors Board for a Qualified Individual in any plumbing contractor's license classification shall not be recognized as certified, until the individual meets the standards of certification by re-examination.

D. Reciprocal Sanctions. The record of disciplinary action taken by any governmental entity in Clark County against a holder of a Master or Qualified Individual Certificate shall be reviewed by the Administrative Authority, who shall determine if sanctions shall be imposed upon the individual.

**SECTION 31: RESPONSIBILITY FOR CERTIFICATION;
REVOCATION OF CERTIFICATE OR OF
RECOGNITION THEREOF.**

A. A plumbing contractor shall be responsible for ensuring that plumbers under the contractor's control have certificates.

B. Upon presentation to the Building Official of allegations that the holder of any certificate has violated any provisions of this Code or other City ordinance regulating plumbing installations and permits, or is incompetent or unfit to comply with such regulations, the Building Official may seek action by the City Council to suspend or revoke the certificate (or recognition thereof), or take other disciplinary measures. All recommendations must be filed through the Building Official, who will proceed with all necessary paperwork for Council action. The certificate holder shall be given notice of the allegations against him and the opportunity to appear at the hearing to refute said charges. If, after such hearing, it is voted to recommend the suspension or revocation of the certificate or recognition, the holder shall be notified in writing by the Building Official that such a recommendation has been made and that, unless he can show good and sufficient cause to the City Council why revocation should not occur, the City Council may order the Building Official to revoke the certificate or recognition thereof. This notification shall be delivered to the holder of the certificate at least ten (10) days in advance of the action by the City Council. When a certificate or recognition has been revoked, no new certificate or recognition shall be granted to the same person to perform plumbing work within the City until said person has waited at least one (1) year and the Building Official determines that the applicant meets all of the requirements of this ordinance. The City Council can at any time on its own motion, after notice and hearing and for good and proper cause, revoke or suspend any certificate (or recognition thereof), or take other disciplinary action against the holder.

SECTION 32: PLAN/CALCULATION PREPARATION

A. It shall be the responsibility of every contractor and the contractor's Master

Plumber or Qualified Individual to inform the Building Official in writing of any change of employment status of his Master or Qualified Individual within ten (10) days thereafter.

B. When plans and calculations are not stamped with the seal of an architect or engineer who is responsible for the work, the plumbing contractor shall be responsible for design and conformance with this Code. The plumbing contractor shall provide on any plans a title block which includes the plumbing contractor's company and individual names and the State Contractor's License Number.

EXCEPTION: An owner-builder may prepare plans for the owner-builder's own home. An owner-builder shall provide a title block and sign the building plans.

C. A Master Certificate or Qualified Individual Certificate shall be valid for one business only. Simultaneous use of such certificate for more than one contractor shall be grounds for certificate revocation. Notwithstanding anything above to the contrary, an owner holding a Master Certificate may be the Master Plumber for his own business.

SECTION 33: OCCUPANCY FEES FOR SEWER CONNECTION (See Chapter 14.04 of the Las Vegas Municipal Code for Schedule of Fees)

Occupancy fees for sewer connection shall be due at the time of issuance of building permit or occupancy change. Upon collection of a sewer connection fee, the Building Official may deduct from that fee the amount of \$25.00, to be used to offset the cost of processing. An application for occupancy change shall include the deposit for any additional fees that are required to be paid. Credit for existing sewer shall be applied to the new sewer fees based on previous type of occupancy and only when the new occupancy requires an additional fee.

The Building Official may authorize the refunding of sewer connection fees which are erroneously paid or collected and in instances where construction is not performed. All applications for refunds must be filed in writing by the original permittee not later than 180 days after the date of payment. All refunds are subject to an administrative fee to cover the processing of permits and refund applications. The administrative fee shall be \$50.00, or twenty percent (20%) of the total connection fee, whichever is less.

SECTION 34: SEWER TRUNK EXTENSION AND OVERSIZING - REFUNDING AGREEMENTS

A. Sewer trunk extensions and oversizing necessary to serve real property within the City which is incapable of being served by existing sewer trunks may be installed pursuant to refunding agreements, at the discretion of the Director of Public Works, in accordance with the following procedures:

1. An applicant for a refunding agreement will file an application therefor with the Department of Public Works, accompanied by an original tracing plan and profile design

of the proposed installation.

2. The Director of Public Works shall designate the sizing for the proposed trunk extension; the depth at which it shall be installed; the number, location and type of appurtenances to be included therein; and the location of the area from which the refund therefor will be derived.

3. Upon receipt of written notice from the Director of Public Works of the approval of the application and of the plans for such installation, as submitted or as may have been modified in such approval, the applicant shall submit to the Department of Public Works at least three (3) written bids from licensed sewer contractors for the construction of the proposed sewer trunk extension in accordance with the approved plans therefor; provided, however, that the Director of Public Works, at his discretion and upon good cause shown, may waive the requirement of those written bids.

4. Any sewer trunk extension and appurtenant installation under a refunding agreement shall conform to the Standard Specifications for Public Works' Construction then in force in the City, and shall be subject to the approval of and acceptance by the City prior to the use thereof.

5. Upon the completion of construction of any such sewer trunk extension, "as built" plans of said installation shall be filed with the Department of Public Works.

B. Recovery under each such refunding agreement shall apply only to that portion of the extended sewer trunk in excess of two hundred (200) feet from its connection to the existing sewer trunk (the "trunk extension subject to refunding"), and the amount recoverable thereunder shall be as specified in the agreement but not to exceed ninety-five (95%) of the amount, based upon the lowest acceptable bid, actually expended by the applicant, after any appropriate adjustment in cost, in the construction of the trunk extension subject to refunding; provided, however, that the cost resulting from any oversizing of such extended sewer trunk at the request of the City shall be pursuant to separate agreement and shall be paid by the City in accordance therewith or within thirty (30) days after the acceptance by the City of such extended sewer trunks, or as specified in the agreement.

C. Unless otherwise provided by agreement, refunds pursuant to each refunding agreement shall be made by the City on or before the 1st day of August in each year on the basis of, and shall be limited to, one-hundred percent (100%) of the funds received by the City from connection fees paid by the owners of the properties situated within the area designated in such refunding agreement as being subject thereto which were connected onto the sewer trunk extension installed pursuant to that particular refunding agreement during the preceding fiscal year; provided, however, that the right to any refund thereunder shall expire on the tenth anniversary of the execution of such agreement and provided, further, that in no event shall the aggregate refund to be made under any such refunding agreement ever exceed ninety-five percent (95%) of the costs expended by the applicant in connection with the installation of the trunk extension subject to refunding.

D. Unless otherwise specified by agreement, refunds associated with sewer extensions and reimbursements associated with oversizing shall be made to the applicant.

SECTION 35: FEES. Fees related to plumbing permits and plumbing work shall be in accordance with the Fee Tables adopted as part of this Code.

PROVISIONS RELATING TO THE MECHANICAL CODE

SECTION 36: In connection with the administration and enforcement of the Uniform Mechanical Code, 1997 Edition, the provisions which are set forth as Sections 37 to 39, inclusive, of this Supplemental Document are hereby adopted.

SECTION 37: LICENSING. Any person, firm or corporation engaged in the business of installing, repairing, servicing, maintaining or improving heating and air conditioning equipment or ductwork in the City shall first secure a State of Nevada Contractor's License and a City business license. Those licenses must be kept valid as long as the licensee is engaged in any business described in this Section.

SECTION 38: QUALIFIED PERSONS.

(A) It is unlawful for any person to install, alter, reconstruct, repair or maintain any heating, ventilating, air conditioning or refrigeration equipment or evaporative cooler or cooling tower as described in this Code, unless such person is a qualified person or a regular salaried employee of a qualified person, in which latter case the qualified person shall be responsible for all work done by such employee.

(B) The term "qualified person" shall be deemed to mean a person, firm or corporation holding both a valid contractor's license issued by the State of Nevada and a valid City business license, or a person who qualifies under Subsection (C) of this Section.

(C) Any permit required by this Code may be issued to any person doing any construction or work regulated by this Code in a single family dwelling used exclusively for living purposes, including usual accessory buildings and quarters in connection with such single family dwelling, provided that:

1. Such person is a bona fide owner of such dwelling, accessory building and quarters;

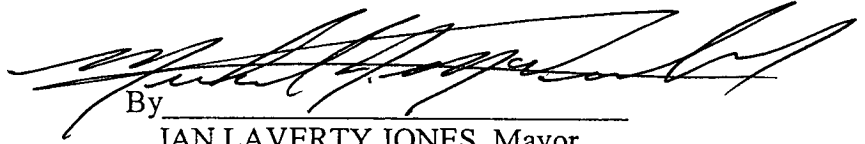

2. The same are occupied by or intended to be occupied by such owner;
and

3. For the installation of any equipment, such owner applies for and obtains a permit for such construction or work; provided, however, that no permit will be required for the repair, service or maintenance of existing equipment.

SECTION 39: Fees related to mechanical permits and mechanical work shall be in accordance with the Fee Tables adopted as part of this Code.

PASSED, ADOPTED and APPROVED this 29th day of August, 1998.

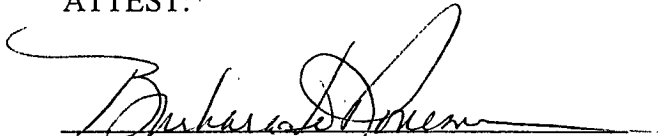

APPROVED:

By

JAN LAVERTY JONES, Mayor
MICHAEL J. McDONALD, MAYOR PRO-TEM

ATTEST:

BARBARA JO RONEMUS, City Clerk

TABLE NO. 3-A BUILDING PERMIT FEES

NOTE: Fee categories marked with an asterisk represent an alternate method of calculating mechanical, plumbing and electrical permit fees for new Group R Occupancies that would otherwise be determined under Table Nos.3-B through 3-D, respectively.

TABLE NO. 3-A - BUILDING PERMIT FEES (continued)

VALUATION IN DOLLARS	BLDG PERMIT FEE	PLAN CHECK FEE	ZONING CHECK FEE	MECH PERMIT FEE*	PLUMB PERMIT FEE*	ELEC PERMIT FEE*	M P E PERMIT FEE*
-------------------------	-----------------------	----------------------	------------------------	------------------------	-------------------------	------------------------	-------------------------

NOTE: The plan Check Fee is 65% of the Building Permit Fee.

The Zoning Check Fee is 5% of the Building Permit Fee.

* The Mechanical Permit Fee is 15% of the Building Permit Fee.

* The Plumbing Permit Fee is 20% of the Building Permit Fee.

* The Electrical Permit Fee is 20% of the Building Permit Fee.

* The M P E Permit is 55% of the Building Permit Fee.

TABLE 3-B - ELECTRICAL PERMIT FEES

Permit Issuance

For the issuance of each permit	\$20.00
For issuing each supplement permit	10.00

Appliance Charge

Receptacle/Switch (each two)	.50
Light Fixture or Socket (each three)	.40

Each Outlet for:

Dishwasher, Garbage Grinder, Trash Compactor, G.F.I. Clothes Washer, Dryer, Electric Range, Ovens, Smoke Detector, Special Purpose, Water Heater, Space Heater, Blast Coil Heater (per K.W.), Mercury Lamp, Quartz Lamp, Sodium Lamp or Sign Circuit	.80
X-Ray Unit	11.85
Area Lighting (Each 1000 Watts)	3.60

Motors (1/2 H.P. and over)

Transformers, Welders, and Generators

First H.P. for each unit	3.60
First KVA for each unit	3.60
Each additional H.P. or KVA up to 50	.60
Each two H.P. or KVA over 50	.50
Temporary Power or Pole	7.20
Electric Service (including first meter up to 200 Amp)	7.20
400 Amp and 600 Amp	14.85
Over 600 Amp to 1200 Amp	29.70
Over 1200 Amp	59.25
Each two additional meter sockets	.60
Sub Panel (each)	3.60
Swimming Pool (residential)	23.75
Swimming Pool (semi-public)	35.50
Spas	9.60
Recreational vehicle spaces (each)	3.60
Busways-trolley or plug-in (each 100 feet)	3.60
Gasoline pumps	3.60
Permanent A/C Unit (package units)	3.60
Each air handler	1.25
Low Voltage installations, speaker outlets (each)	.40
Signal or alarm outlets (each)	.40
Amplifiers	3.00
Control panel (each two)	.60
TV Master System (each)	.40
Telephone or computer outlet (each)	.40

TABLE 3-C - MECHANICAL PERMIT FEES

Permit Issuance

1.	For the issuance of each permit	\$20.00
2.	For issuing each supplement permit	10.00

Unit Fee Schedule

1.	For the installation or relocation of each forced-air or gravity-type furnace or burner, including ducts and vents attached to such appliance, up to, and including 100,000 Btu/h	10.75
2.	For the installation or relocation of each forced-air or gravity-type furnace or burner, including ducts and vents attached to such appliance, over 100,000 Btu/h	13.10
3.	For the installation or relocation of each suspended heater, recessed wall heater or floor-mounted unit heater.	10.75
4.	For the installation or relocation of each floor furnace, including vent.	10.75
5.	For the installation, relocation or replacement of each appliance vent installed and not included in an appliance permit.	6.50
6.	For the repair of, alteration of, or addition to each heating appliance, refrigeration unit, cooling unit, absorption unit, or each heating, cooling system, including installation of controls regulated by this Code.	10.75
7.	For the installation or relocation of each boiler or compressor to and including three ton, or each absorption system to and including 100,000 Btu/h.	10.75
8.	For the installation or relocation of each boiler or compressor over three ton to and including 15 ton, or each absorption system over 100,000 Btu/h and including 500,000 Btu/h.	19.50
9.	For the installation or relocation of each boiler or compressor over 15 ton, or each absorption system over 500,000 Btu/h to and including 1,000,000 Btu/h	26.70
10.	For the installation or relocation of each boiler or compressor over 30 ton to and including 50 ton, or for each absorption system over 1,000,000 Btu/h and including 1,750,000 Btu/h.	39.60
11.	For the installation or relocation of each boiler or refrigeration compressor over 50 ton or each absorption system over 1,750,000 Btu/h.	66.35

12.	For each air-handling unit to and including 10,000 cubic feet per minute including ducts attached thereto. Note: This fee shall not apply to an air-handling unit which is a portion of a factory-assembled appliance, cooling and/or heating unit, evaporative cooler or absorption unit for which a permit is required elsewhere in this Code.	7.75
13.	For each air-handling unit over 10,000 cfm.	13.10
14.	For each evaporative cooler other than portable type	7.75
15.	For each ventilation fan connected to single duct.	
	Commercial	5.35
	Residential	2.90
16.	For each ventilation system which is not a portion of any heating or air conditioning system authorized by permit.	7.75
17.	For the installation of each hood which is served by mechanical exhaust, including the ducts for such hood.	21.70
18.	For each fire damper installed in an existing system.	5.45
19.	For each air balance test.	21.70

Clothes washer (residential)	2.35
Clothes washer (commercial)	2.35
Dishwasher (residential)	2.35
Dishwasher (commercial)	2.35
Dental unit	9.60
Drinking fountain	2.35
Refrigerator, ice maker, water dispenser	2.35
Any other water using equipment attached coffee makers, ice makers	2.35
Water heaters (gas) (electric)	2.35
Sewer System - new, replacement, modification, <u>or any drainage work</u>	11.85
Grease or sand trap or interceptor	2.35
Trailer trap - rental parks	5.60

Water Softeners

Non permanent type (rental)	2.35
Permanent type (connected to drain)	2.35

Swimming Pools

Private or wading pool (including spa)	23.75
Public or semi-public	35.50
Spas - preformed private	11.85
Spas - preformed commercial	23.75

Water Distribution System

Single family dwelling	7.20
Multi family dwelling	7.20
Plus each dwelling unit	3.60
Commercial building per floor	3.60
Plus each unit (leased space or office)	2.35
Hotel or motel	9.30
Plus each unit	3.60
Trailer park	35.40
Plus each space	2.35
Irrigation for SFD only	21.45
Irrigation - commercial construction valuation. (see Section 304 Table 3-A of the 1991 Uniform Building Code as amended	

Fuel Piping System

Single family dwelling	7.20
Multi family dwelling	11.85
Plus each unit	2.35
Commercial building per floor	7.20
Plus each unit (leased space or office)	7.20
Medium pressure gas system (plan check)	14.25
Each gas appliance (any type)	2.35
Standby emergency (generating engines)	2.35
Steam boilers	6.20

Pipeline contractor for on site sewer, gas or
water Contract Value

Fee based on
building code
permit valuation
chart, 1991 UBC

Solar Energy Systems (collectors, including piping) per collector	6.20
Storage Tanks (each)	6.20

(Tables 3-E and 3-F deleted)

TABLE 3-G - GRADING FEES

Issuance Fee - \$20.00

Grading Permit Fees:

Clearing and Grubbing - \$21.00 minimum for each permit up to 50 acres, plus \$5.00 per additional 50 acres or portion thereof.

Earth Moving - \$21.00 minimum

50 cubic yards or less \$21.00

51 to 100 cubic yards \$24.00

101 to 1000 cubic yards - \$24.00 for the first 100 cubic yards, plus \$12.00 for each additional 100 cubic yards or fraction thereof.

1001 to 10,000 cubic yards - \$132.00 for the first 1,000 cubic yards, plus \$10.00 for each additional 1,000 cubic yards or fraction thereof.

10,001 to 100,000 cubic yards \$200.00 for the first 10,000 cubic yards, plus \$53.00 for each additional 10,000 cubic yards or fraction thereof.

100,001 cubic yards or more - \$699.00 for the first 100,000 cubic yards, plus \$25.00 for each additional 10,000 cubic yards or fraction thereof.

Grading, Clearing and Grubbing prior to Obtaining a Permit

An additional fee of \$100.00 for each 100 acres or fraction thereof shall be levied when a grading or clearing and grubbing operation has commenced prior to obtaining a permit.

TABLE 3-H - OTHER INSPECTIONS AND FEES

The following fees are incorporated into Tables 3-A through 3-G and are considered a part thereof:

1. **Moving Permit Fee:** Moving within or into the City. For buildings larger than 200 square feet, \$100.00 for each building or structure unless said building or structure is moved in portions in which case each portion shall be \$100.00.

For buildings or structures of 200 square feet or less, the fee shall be \$40.00 unless said building or structure is moved in portions in which case each portion shall be \$40.00.
2. **Moving Out of the City:** \$20.00 for each building or structure unless said building or structure is moved in portions in which case each portion is \$20.00
3. **Certification and Certificate of Occupancy Fees:** \$50.00 per dwelling unit, guest room or tenant space. If four or more units, the fee shall be \$200.00 plus \$10.00 per dwelling unit, guest room or tenant space, over four.
4. **Additional Plan Review Service Charge:** \$50.00 per hour during business hours; \$70.00 per hour after hours (minimum one hour).
5. **Inspections Outside of Normal Business Hours:**
 - (a) \$60.00 per hour if contiguous to work hours (minimum, 1 hour)
 - (b) Same-day callouts will be charged at the rate of \$60.00, plus \$60.00 for each hour or portion thereof of travel and waiting time.
 - (c) Planned Saturday callouts will be a minimum of three hours (\$180.00) and \$60.00 an hour for each hour or portion thereof over three hours.
 - (d) Emergency after hours calls (with less than 12 hours notice) and Holiday callouts will be \$240.00 for a three hour minimum, and then an additional \$80.00 for each hour or portion thereof over three hours.
 - (e) Fire investigations for Permits: \$80.00, for the first hour, then \$60.00 per hour thereafter.
6. **Reinspection Fee Assessed Under Provisions of Section 305(h):**
\$75.00

7. Demolition Permit Fee: \$50.00
8. Permit Fee for Expired Permit: Permit fees for renewal/issuance for an expired permit shall be per Section 303(d).

Exception: Where only final inspections are incomplete, the fee to renew the permit shall be \$50.00 per trade (i.e. Building, Mechanical, Plumbing, Electrical), when approved by the Building Official.
9. Special Investigation Fee: \$50.00 or \$50.00 per hour, whichever is greatest.
10. Product Approval Fee: \$250.00 per case for staff review and evaluation of a building product not yet approved by the International Conference of Building Officials (ICBO).
11. Amusement Ride Certificate: \$250.00 (on calendar year basis).
12. Change of address: If address change is requested by the applicant / owner after permits have been issued, a \$200.00 Administrative Processing Fee per address will be charged.
13. Mobile Home: Mobile Home Fees are as follows: Inspection Fees, \$69.00; Zoning Fees, \$3.00; Manufactured Home Tag, \$30.00.

Mayor Jan Laverty Jones

Summary: Adopts the 1997 Edition of the Uniform Administrative Code, together with amendments thereto, as the City's Administrative Code.

THE CITY COUNCIL OF THE CITY OF LAS VEGAS DOES HEREBY ORDAIN
AS FOLLOWS:

SECTION 1: Title 16, Chapter 2, Section 10, of the Municipal Code of the City of Las Vegas, Nevada, 1983 Edition, is hereby amended to read as follows:

16.02.010: Those certain documents, three copies of each being on file in the Office of the City Clerk and designated as follows, are adopted by reference and made a part of this Code, to the same extent as if set out in full herein:

(A) Uniform Administrative Code, [1994] 1997 Edition, designated as Part 1 of this Chapter; and

(B) A supplemental document entitled "A Supplemental Document Amending the Uniform Administrative Code, [1994] 1997 Edition," which adds to, deletes from and amends the Uniform Administrative Code, [1994] 1997 Edition, designated as Part 2 of this Chapter.

SECTION 2: The supplemental document entitled "A Supplemental Document Amending the Uniform Administrative Code, 1994 Edition," is hereby repealed in its entirety.

SECTION 3: If any section, subsection, subdivision, paragraph, sentence, clause or

1 phrase in this ordinance or any part thereof, is for any reason held to be unconstitutional, or invalid
2 or ineffective by any court of competent jurisdiction, such decision shall not affect the validity or
3 effectiveness of the remaining portions of this ordinance or any part thereof. The City Council of the
4 City of Las Vegas hereby declares that it would have passed each section, subsection, subdivision,
5 paragraph, sentence, clause or phrase thereof irrespective of the fact that any one or more sections,
6 subsections, subdivisions, paragraphs, sentences, clauses or phrases be declared unconstitutional,
7 invalid or ineffective.

8 SECTION 4: Whenever in this ordinance any act is prohibited or is made or declared
9 to be unlawful or an offense or a misdemeanor, or whenever in this ordinance the doing of any act is
10 required or the failure to do any act is made or declared to be unlawful or an offense or a
11 misdemeanor, the doing of such prohibited act or the failure to do any such required act shall
12 constitute a misdemeanor and upon conviction thereof, shall be punished by a fine of not more than
13 \$1,000.00 or by imprisonment for a term of not more than six months, or by any combination of such
14 fine and imprisonment. Any day of any violation of this ordinance shall constitute a separate offense.

15 SECTION 5: All ordinances or parts of ordinances or sections, subsections, phrases,
16 sentences, clauses or paragraphs contained in the Municipal Code of the City of Las Vegas, Nevada,
17 1983 Edition, in conflict herewith are hereby repealed.

**A SUPPLEMENTAL DOCUMENT AMENDING
THE UNIFORM ADMINISTRATIVE CODE, 1997 EDITION**

SECTION 1: Except as otherwise indicated, all section and chapter references contained in this Supplemental Document are to the Uniform Administrative Code, 1997 Edition.

SECTION 2: Certain provisions of this Code may be parallel or similar to provisions of the Uniform Building Code, 1997 Edition; the Uniform Plumbing Code, 1997 Edition; the Uniform Mechanical Code, 1997 Edition; the National Electrical Code, 1996 Edition; or other similar code adopted by the City. The provisions of this Code and the provisions of the other referenced codes shall be applied to the extent possible. The Building Official shall have the discretion, in the interest of convenience for the City or the public, to apply the provisions herein or corresponding administrative provisions in any of the above-referenced codes. In the event of any conflict in administrative provisions, the provisions of Section 104 of this Code shall govern, unless otherwise deemed appropriate by the Building Official. Unless otherwise specified, the term "Department" refers to the department of the City charged with the enforcement of the codes referred to in this Section, and the term "Director" refers to the director of that department.

SECTION 3: Section 202 is hereby amended by deleting Subsection 202.6 and substituting therefor a new Subsection 202.6, reading as follows:

202.6 Authority to Disconnect Utilities. The Building Official or his authorized representative shall have the authority to disconnect any utility service or energy supplied to the building, structure or building service equipment therein regulated by this Code or by the technical codes, in case of emergency, where such building, structure or equipment is hazardous to life or property. The Building Official shall whenever possible notify the serving utility, the owner and the occupant of the building, structure or building service equipment of the decision to disconnect prior to taking such action, and shall notify in writing such utility, owner and occupant of such disconnection immediately thereafter. Such disconnection is also authorized in cases where a building or structure has been constructed, remodeled, repaired, energized or occupied in violation of this Code or any of the technical codes; provided, however, that notice and an opportunity for informal hearing shall first be afforded the owner and occupant.

SECTION 4: Section 204 is hereby deleted in its entirety and a new Section 204, consisting of Subsections 204.1 and 204.2, is substituted therefor, reading as follows:

SECTION 204 Appeal Procedures

204.1 Administrative Appeal. Whenever an actual or potential violation of any of the technical codes or this Code is identified by staff of the Department, either at the plan review stage or during construction, and the permittee or permit applicant desires administrative appeal of

the conclusion or decision, based upon code interpretation or hardship, the permittee or applicant may obtain such review from the Building Official's Hearing Committee. The Committee shall consist of:

- The Director, a Deputy Director, or another designee.
- An Inspection Supervisor or the Supervisor's designee.
- The Plans Examination Supervisor or the Supervisor's designee.
- Additional inspectors or technical persons, at the Director's discretion.

An application for administrative appeal shall be filed on forms made available by the Building Official and must be filed no later than 4:30 p.m. on the day preceding the appeal meeting to be held that week. The application should contain sufficient information to enable the Committee to perform its review. A filing fee of fifty dollars (\$50.00) will be charged for each appeal. The Committee will meet within eight (8) days after an application has been properly filed, with notice thereof to the applicant. The applicant may, but is not required to, attend the hearing. The decision of the Committee shall be made by the Director or his designee, after receiving input from other Committee members. An applicant who is aggrieved by the Committee's decision may appeal that decision in accordance with Subsection 204.2 of this Section.

204.2 Appeals to City Council.

1. Right of Appeal. The City Council of the City of Las Vegas is hereby designated as the board of appeals to hear and decide appeals where it is alleged by an aggrieved party that there is an error in any order or decision made by the Building Official in the enforcement of this Code or the technical codes, or an error in any decision of the Hearing Committee pursuant to Subsection 204.1.

2. Manner of Appeal. An appeal may be initiated by filing with the Building Official, within 20 days after the Building Official's order or decision, a written appeal containing:

- a. A heading in the words: "Before the City Council of the City of Las Vegas";
- b. A caption reading "Appeal of" followed by the names of all appellants participating in the appeal;
- c. A brief statement setting forth the legal interest of each of the appellants in the building or land involved in the decision or order;
- d. A brief statement in ordinary and concise language of the specific decision or order protested;

e. A brief statement in ordinary and concise language of the relief sought, such as that the order or decision should be reversed or modified;

f. A statement setting forth the legal or equitable basis of the relief sought by the appellant.

3. Processing of Appeal. Upon receipt of any appeal filed pursuant to this Subsection, the Building Official shall present it at the next regular or special meeting of the City Council for the setting of a hearing date.

4. Appeal Hearing Date. Upon receiving the written appeal, the City Council shall fix a date, time and place for the hearing of the appeal by the Council. Such date shall be not less than 21 days not more than 60 days from the date the appeal was filed with the Building Official. Written notice of the time and place of hearing shall be given at least 10 days prior to the date of the hearing to each appellant by the Building Official, either by causing a copy of such notice to be delivered to the appellant personally or by certified mailing postage prepaid, addressed to the appellant at the address shown on the appeal documents.

5. Waiver. Failure of any person to file an appeal in accordance with the above provisions shall constitute a waiver of the right to an administrative hearing and adjudication of the decision or order of the Building Official.

6. Issues Considered. Only these matters or issues specifically raised by the appellant in the written appeal shall be considered on the hearing of the appeal.

7. Vote. A majority vote of the City Council shall be necessary to reverse or modify any order or decision of the Building Official.

SECTION 5: Section 205 is hereby amended by adding thereto the following paragraph:

It is unlawful for any person to knowingly proceed to do work contrary to or in violation of a stop order issued under this Code. Whenever any stop order has been issued, no work may be resumed until the person seeking to proceed has obtained the approval of the Building Official and has paid to the City an investigation fee in the amount of \$50.00.

SECTION 6: Section 301 is hereby amended by deleting Subsection 301.1 and substituting therefor a new Subsection 301.1 and a new Subsection 301.1.1, reading as follows:

301.1 Permits Required. Except as specified in Subsection 301.1.1 of this Section, no building, structure, building service equipment or onsite improvement regulated by this Code or any of the technical codes shall be erected, constructed, enlarged, altered, repaired, moved, improved, removed, converted or demolished unless a separate, appropriate permit for each building, structure, building service equipment or onsite improvement has first been obtained from the Building Official.

301.1.1 Licensing Requirements. No building permits shall be issued for building work which is required to be performed by a licensed contractor under NRS Chapter 624 unless the applicant is appropriately licensed by the State of Nevada and is licensed to do business within the City. Whenever two or more trades (building, plumbing, mechanical or electrical) are to perform work on a project, a general contractor must be retained for the project. A general contractor to whom a permit is issued shall be responsible for all work authorized for the project and shall post at the job site a list of all subcontractors doing work on the job with their names, their State subcontractor's license numbers and classifications and their City business license numbers. Mechanical, electrical and plumbing subcontractors shall register with the Department when all permits have been taken out by the general contractor. Contractors and subcontractors must meet all applicable qualifications and requirements described in the technical codes.

NOTE: Additional licensing requirements concerning plumbing work are contained in Sections 27 to 31, inclusive, of this Supplemental Document. Additional licensing requirements concerning mechanical work are contained in Sections 37 and 38 of this Supplemental Document.

SECTION 7: Section 301 is hereby amended by deleting Subsection 301.2, including its constituent subdivisions and substituting therefor a new Subsection 301.2, reading as follows:

301.2 Work Exempt from Permit. A building permit shall not be required for the following:

1. Construction work on property owned by the United States or on property owned by any other governmental entity, to the extent exempted by State law.
2. Amusement devices and structures, including merry-go-rounds, ferris wheels, rotating conveyances, slides and similar devices, and any accessory structure consisting of a cover or roof whose use is necessary for the operation of any such device or structure when such device or structure is used for less than 30 days. A storage building or detached structure that is not an integral part of an amusement device or structure does not qualify as an exempt accessory structure for purposes of this paragraph. The exemption contained in this paragraph likewise does not apply to any electrical, mechanical or plumbing work that is to be done in connection with amusement devices or structures that are to be used on a site.
3. Oil derricks.
4. Movable cases, counters and partitions that do not exceed 5 feet 9 inches in height and not containing electrical branch circuits.
5. Privately owned water tanks supported directly upon grade if the capacity does not exceed 5000 gallons and the ratio of height to diameter or width does not exceed two to one.
6. Platforms, walks and driveways not more than 30 inches above grade and not

over any basement or story below, when built in conjunction with a building that is classified as a Group R, Division 3, or a U, Division 1 Occupancy.

7. Painting, papering and similar finish work, except for trim and decorative work exceeding .5 pounds per square foot or .35 pounds per lineal foot in weight.

8. Temporary motion picture, television and theater stage sets and scenery.

9. Window awnings supported by an exterior wall of a Group R, Division 3, or a U, Division 1 Occupancy, when projecting not more than 54 inches.

10. Residential television or radio antennas whose height design does not exceed 10 feet above the height of the tallest structure on the property, and so located that the distance to the nearest property line is equal to or greater than the total height of the antenna mast.

11. Construction directly relating to the delivery of a utility service, built by a public utility company operating under the control of the Public Service Commission.

12. Portable motors or other portable appliances energized by means of a cord or cable having an attachment plug end to be connected to an approved 120 volt receptacle, when that cord or cable is permitted by the Electrical Code.

13. The repair or replacement of fixed motors or fixed approved appliances of the same type and rating in the same location.

14. The installation, alteration or repair of electrical wiring, apparatus or equipment or the generation, transmission, distribution or metering of electrical energy or in the operation of signals or the transmission of intelligence by a public utility in the exercise of its function as a serving utility.

15. Any unit refrigerating system (cooling only) as defined in the Mechanical Code.

NOTE: Exemption from the permit requirements of this Code shall not be deemed to authorize any work to be done in violation of the provisions of the technical codes or any other City ordinances or regulations.

SECTION 8: Section 301 is hereby amended by adding thereto a new subsection, designated as Subsection 301.3, reading as follows:

301.3 Mobile Home, Travel Trailer and Recreational Vehicle Permits.

1. No mobile home shall be placed upon a lot in an R-MH Mobile Home Residence District (R-MH) or an R-MHP Residential Mobile Home Park District (R-MHP), as defined in Title 19 or Title 19A of the Municipal Code of the City of Las Vegas, unless an inspection

permit has been issued by the Building Official. All mobile homes when installed must conform to the installation standards as set forth by the Nevada State Department of Business and Industry. A permit inspection fee as set forth in Table 3-A shall be paid by the permittee prior to the issuance of the permit.

2. Travel trailers or recreational vehicles, when placed in an R-MH District or an R-MHP District in excess of thirty (30) continuous days and used for living purposes, are subject to the same requirements for permit fees and installation standards as a mobile home, as described above.

3. Mobile homes on private property. Nothing in this Code or the technical codes shall be deemed to prohibit any owner of a lot or parcel of land from parking his own mobile home or recreational vehicle thereon and living therein if proper sanitary facilities are provided as required by the District Health Department, the owner has first obtained a mobile home permit as provided in this Section and is constructing a permanent residence on the same lot for his own use. Nothing in this Code shall prohibit a commercial operation from temporarily operating within the manufactured building when such use has been approved by the City Council. In the event of such Council approval, the length of that temporary use shall be in accordance with this Subsection or as determined by the City Council. The period of occupancy may not exceed one year from the first day of occupancy. The Building Official may, upon written request, grant a single six-month extension, provided that a valid building permit is in force at the time the extension is requested. Before receiving a permit to park a mobile home on a lot or parcel of land, the owner shall execute a surety bond to the City in the sum of one thousand dollars. The bond shall be conditioned that the owner has a valid building permit in force during the entire time that the trailer coach is located on the lot or parcel. A refundable cash deposit in the sum of one thousand dollars deposited with the City Treasurer may be substituted for the required bond. A sum of one thousand dollars may be deposited in a financial institution as a substitute for the required bond, provided a security agreement is executed between the owner of the mobile home, the financial institution and the City. Such deposit shall be known as cash-in-lieu of bond.

A. Mobile Home Left on Land Beyond Time Limits—Notice and Order to be Given. Whenever the Building Official or his designee finds that a mobile home has remained on the permit holder's property for a period in excess of the limits specified above, he may issue a written notice and order to comply to the principal and to any surety on the bond. Notice to the principal is sufficient if sent by certified mail, return receipt requested, to the address provided by the principal on the application for the permit. Such notice and order shall state the estimated cost of removal, and provide that if the mobile home is not removed within (30) days from the date of notice, bond shall be forfeited.

B. Right of Appeal by Permit Holder or Surety.

i. Any permit holder or surety who believes that no violation described in Paragraph (3)(A) above has occurred may, within fifteen days after the date of the notice and order, apply in writing to the Department for a hearing. The Department shall forthwith set a date for said hearing, with at least five days written notice to the requesting party. The hearing shall be

conducted by the Building Official or his designee.

ii. The compliance order shall be stayed from the date a timely hearing request is received by the Department until a decision is rendered by the Department, and by the Las Vegas City Council in the event of a timely appeal of the Department's decision.

iii. After the requested hearing, the Building Official may rescind, modify or affirm the order of compliance.

iv. Within ten days after the date the Department's decision is rendered, the permit holder or surety may, if dissatisfied, appeal to the Las Vegas City Council by filing a written notice of appeal with the Department.

v. Extension of time to remove the mobile home. Upon receipt of an application from the person required to remove the mobile home and an agreement by such person to comply with the order if allowed additional time, the Building Official or his designee may, in his discretion, grant an extension of time, not to exceed an additional one hundred and eighty (180) days, within which to remove the mobile home. The Building Official or his designee's authority to extend time is limited to the removal of the mobile home and shall not in any way affect the time to appeal the notice and order.

C. Forfeiture of Bonds.

i. After receipt of a notice and order to comply, the surety must, within the time limits specified above, either cause the mobile home to be removed or pay over to the Department the cost of removal after said mobile home is removed by the Department. The Building Official or his designee may proceed by such mode as is deemed convenient to cause the mobile home to be removed. The Building Official or his designee may, in accordance with City contracting procedures, hire a private contractor to remove the mobile home.

ii. If a cash bond has been posted, notice of default as provided above shall be given to the principal, and if the compliance is not obtained within the time limits specified, the Building Official or his designee may proceed without further notice to use the cash deposit or any portion of such deposit to cause the mobile home to be removed, by contract or otherwise. The balance, if any, of such cash deposit shall, upon the completion of the work, be returned to the depositor or to his successors or assignee after deducting the cost of the work.

iii. If cash-in-lieu of bond has been deposited, notice of default shall be given to the principal, and if the compliance is not obtained within the thirty (30) days specified, the Building Official or his designee may withdraw the deposited funds and use them to cause the mobile home to be removed by contract or otherwise. The balance, if any, shall, upon the completion of the work, be returned to the depositor or to his successors or assignee after deducting the cost of the work.

iv. In any instance where the Building Official or his designee has caused

a mobile home to be removed, such mobile home may be placed in storage at any location within Clark County, Nevada, and all costs of that storage shall be borne by the owner of such mobile home upon reclaiming the mobile home. Upon the owner's failure to pay storage costs, such mobile home may be sold in accordance with NRS Chapter 108.

D. Outstanding Costs. Any costs in excess of the forfeited bond amounts shall be charged to the principal. Where the full amount due to the City is not paid by the principal within 60 days after the City has removed the mobile home, the Building Official or his designee may request the City Attorney to commence appropriate legal proceedings to obtain payment.

E. Procedural Guidelines. The Department is hereby empowered to formulate procedural guidelines to be used in implementing this Subsection 301.3.

4. Nothing in this Code or the technical codes shall be deemed to prohibit the temporary placement of a mobile home or travel trailer for the use of a contractor engaged in construction work on the same parcel of land. In addition, a mobile home or travel trailer may be temporarily placed upon any commercially zoned lot or parcel of land to be used for security purposes when approved by the Building Official. Any placement of a temporary mobile home or travel trailer for the purpose of living there shall be subject to the requirements concerning installation, permitting, bonding, and time limits as set forth in Paragraph (3) above. Any such mobile home or travel trailer shall be properly installed and maintained in accordance with this Subsection.

SECTION 9: Section 301 is hereby amended by adding thereto two new subsections, designated as Sections 301.4 and 301.5, respectively, reading as follows:

301.4 Grading Permit--Acreage Limitations. In order to minimize the environmental impacts of large-scale grading, a grading permit shall authorize the grading of no more than 120 acres at a time. The Building Official may increase the acreage authorized for grading in the case of:

1. Golf course development; or
2. Other large-scale development, if the applicant or permittee demonstrates to the satisfaction of the Building Official that enhanced dust control mitigation measures are in place to ensure that the increase in grading activity will not adversely impact neighboring properties.

301.5 Moving of Buildings.

1. In order to move any building or structure to or from a location within the City, a moving permit must be obtained in advance. The application for a permit must describe the proposed new location for the building or structure. Before the building or structure is moved, and before the issuance of a moving permit, the applicant must contact a Supervisor of Building Inspections to schedule a field inspection of the building to be moved and the site from which it is to be moved. The field inspection may consist of, without limitation, an inspection concerning:

- a. Visible structural integrity of the structure.
- b. Required or proposed means of egress.
- c. Electrical wiring and grounding.
- d. Plumbing and gas line location, and compliance with applicable codes.
- e. Site safety, including the capping of lines, disconnection of electrical power, filling of holes, and removal of other potential hazards.

The moving of buildings shall also be subject to the requirements (and the prior approval, if applicable) of the Traffic Engineering Division of the Department of Public Works, the Nevada Department of Transportation, and any other agency having jurisdiction.

2. With regard to any structure proposed to be moved to a location within the City, whether it is proposed to be moved from another location within the City or from a location outside the City, the application for a moving permit shall be accompanied by an application for a building permit, including the submittal of plans of the type and extent that would be required for the initial erection of that structure. The Department may require letters from design professionals verifying structural integrity and compliance with the Model Energy Code. The review and approval of those plans shall also include and be subject to review and verification by the Department of Planning and Development and the Land Development Division that the proposed location of the building, whether permanent or temporary, is permissible and appropriate under applicable zoning and development regulations.

SECTION 10: Section 302 is hereby amended by deleting Subsection 302.3 and substituting therefor a new Subsection 302.3 and a new Subsection 302.3.1, reading as follows:

302.3 Information on Plans and Specifications. Plans and specifications shall be drawn to scale upon substantial paper and shall be of sufficient clarity to indicate the location, nature and extent of the work proposed and to show in detail that the work will conform to the provisions of the technical codes and all relevant laws, ordinances, rules and regulations.

Plans for tract home developments, multiple residential developments, and commercial additions and developments shall contain three (3) copies of geotechnical reports as required by Subsection 3309.5 of the UBC Appendix, and recommendations contained in such reports shall be incorporated in the building plans, engineering calculations, specifications and building construction. Where geotechnical reports are required, the reports specified in Subsection 3318.1 of the UBC Appendix shall be submitted to the Building Official for approval prior to the commencement of any work on the structure. Geotechnical investigations and reports may be limited in scope for small projects with the approval of the Building Official.

302.3.1 Application by FAX. Where a contractor maintains an APA Account with the Department, and plans are either already on file with the City or are not required, the contractor

may make application for a permit by FAX machine. For tract housing, the signed application form shall be transmitted by FAX along with one copy of the plot plan. For small work not requiring a permit, the application alone may be FAXED. There will be a \$2.00 service charge for this service. The applicant's copy of the permit will be mailed to the applicant's place of business, and the inspection card will be sent to the job site with the inspector, or the contractor may pick up such permit and inspection card at the Department.

SECTION 11: Section 303 is hereby amended by deleting Subsection 303.4 and substituting therefor a new subsection 303.4, reading as follows:

303.4 Expiration. Every permit issued by the Building Official with respect to work governed by the technical codes shall expire by limitation and become null and void if the building or work authorized by such permit is not commenced within 180 days from the date of such permit, as documented by an inspection, or if the building or work authorized by such permit is suspended or abandoned at any time after the work is commenced for a period of 180 days, as documented by an inspection. Permits shall also expire when corrections which have been required by means of a notice to correct have not yet been completed within thirty (30) days after such inspection. Before such work can be recommenced, a new permit therefor shall first be obtained, and the fee therefor shall be one half the amount required for a new permit for such work, provided that no changes have been made or will be made in the original plans and specifications for such work, and provided further that such suspension or abandonment has not exceeded one year. In order to renew action on a permit after expiration, the permittee shall pay a new full permit fee and shall be subject to all development/impact fees current at the time of the new permit.

Any permittee holding an unexpired permit may apply for an extension of the time within which to commence work under that permit when the permittee is unable to commence work within the time required by this Section for good and satisfactory reasons. The Building Official may extend the time for action by the permittee for a period not exceeding 180 days upon written request by the permittee showing that circumstances beyond the control of the permittee have prevented action from being taken. The Building Official may not extend a permit more than once.

SECTION 12: Section 304 is hereby amended by deleting Subsection 304.1 and substituting therefor a new Subsection 304.1, reading as follows:

304.1 General. Fees shall be assessed in accordance with the provisions of this Section and the fee schedules adopted in connection with this Supplemental Document. Political subdivisions which by law are exempt from the payment of building permit fees are not exempt from:

1. The plan review fees described in this Section 304;
2. Sewer connection fees; or
3. Any other development-related fee, except to the extent provided by law.

SECTION 13: Section 304 is hereby amended by deleting Subsection 304.3 and substituting therefor a new Subsection 304.3, reading as follows:

304.3 Plan Review Fees.

1. When the submission of plans or other data is required by Section 302, a plan review fee shall be paid at the time plans and specifications are submitted for review. The building plan review fee for buildings or structures shall be 65 percent of the building permit fee as set forth in Table No. 3-A. An additional 5 percent shall be charged for zoning requirement review.

2. No separate plan review fee shall be charged for repetitive permits for electrical, mechanical or plumbing work when all permits (building, electrical, mechanical and plumbing) are sought on one application. When separate permits by trade area are requested, plan review fees for electrical, mechanical and plumbing work for each permit shall be 25 percent of the total permit fee set forth, respectively, in Table Nos. 3-B, 3-C and 3-D.

3. The plan review fee for grading work shall be as set forth in Table No. 3-G.

4. If two or more buildings (residential dwellings) are to be built from a single model building plan without substantial modifications, as determined by the Building Official, and said model building plan is submitted by any one building contractor while the Building Code under which the plans were approved by the Building Official are in effect, then:

A. The plan review fees for each model building plan shall be 65 percent of the aggregate building permit fees, plus \$50.00 for each additional exterior design elevation.

B. An additional plan checking fee for each subsequent use of that model plan (tract house) shall be paid, in the amount of \$20.00.

5. Plan review for repetitive plans is valid for the period during which the Building Code under which plans were reviewed is in effect. Plans must be resubmitted within 6 months after the adoption of a more recent edition of the Building Code. Plan review fees shall be 65 percent of the building permit fee.

6. Plan review for non-repetitive plans is valid for 6 months after approval. Unless permits are issued within that period, plans must be re-reviewed under the then-current Building Code and new plan review fees paid.

7. The plan review fees described in this Subsection 304.3 are separate and in addition to the permit fees described in Subsection 304.2 of this Section.

8. Where plans are incomplete or are changed so as to require additional plan review, an additional plan review fee shall be charged at the rate shown in Table No. 3-H.

9. Where a permit has been issued, and subsequently the builder, owner or

representative requests a change in the plan which would require the preparation of new permit documentation, an additional fee shall be charged in the amount of \$30.00 for each new permit required.

SECTION 14: Section 304 is hereby amended by adding thereto five new subsections, designated as Subsections 304.7, 304.8, 304.9, 304.10 and 304.11, respectively, reading as follows:

304.7 Advance Payment Account (APA) for Use in Payment of Permitting Fees.

The City may establish for any licensed contractor a non-interest bearing account for use in connection with the advance payment of fees. Any contractor who uses such account shall provide to the City the names of all employees or officers who are authorized to draw from the account. A minimum balance of \$100.00 shall be maintained in the account.

304.8 Moving Permit Fees. For moving a building or structure, the fee shall be as set forth in Table 3-H.

304.9 Demolition Permit Fees. The fee for a demolition permit as set forth under Table 3-H shall be paid at the time of issuance of the permit and prior to any demolition work being done by the permittee.

304.10 Certification Inspection of Residences or Certificate of Occupancy Inspection of Commercial Tenant Spaces. The fee for a certification inspection of an existing structure shall be as set forth in Table 3-H.

304.11 Other fees. See Table 3-H.

SECTION 15: Section 305 is hereby amended by deleting the first two paragraphs of Subsection 305.5 and substituting therefor two new paragraphs, reading as follows:

305.5 Required Building Inspections. All work regulated by this Code and the technical codes must be inspected and approved before being covered or concealed, and finished work must be inspected and approved before occupancy. The sequence and types of required inspections will be indicated on the inspection report card. The absence of such indication shall not be deemed to waive any inspection requirement.

The Building Official, upon notification, shall make inspections that may include, but are not limited to, the following, and shall either approve that portion of the construction as completed or shall notify the permit holder or his agent of construction that fails to comply with this Code or the technical codes:

SECTION 16: Section 306 is hereby amended by deleting Subsection 306.1, but not including the subparts thereof that follow, and substituting therefor a new Subsection 306.1, reading as follows:

306.1 General. In addition to the inspections that are referred to in Section 305 of this Code, special inspections shall be conducted for the types of work that are described in Subsections 306.1.1 to 306.1.16, inclusive, that follow. A special inspector who is acceptable to the Building Official must be assigned to the construction project until all special inspection work is completed in accordance with this Subsection.

In the event one or more special inspectors are assigned and employed by the City, the owner or contractor shall reimburse the City for the costs of employing the special inspector(s). Reimbursement shall be made within 30 days after billing. If full reimbursement has not been made within 30 days after final billing, the City may place a labor lien on the affected property in accordance with the provisions of the Nevada Revised Statutes.

SECTION 17: Subsection 306.1.1 is hereby amended by deleting Exception 2 thereto and substituting therefor a new Exception 2, reading as follows:

2. For foundation concrete, when the structural design is based on a f'c no greater than 2500 psi.

SECTION 18: Section 308 is hereby amended by adding thereto two new subsections, designated as Subsections 308.3 and 308.4, respectively, reading as follows:

308.3 Construction Power. The Building Official may authorize temporary construction power, which is a privilege granted solely for convenience.

308.4 Revocation of Temporary Connection or Construction Power. Temporary connections of construction power may be revoked, upon written notice, for the use of temporary construction power for permanent occupancy, and may be revoked with or without notice for tampering with the electrical service panel in violation of the National Electrical Code and utility company requirements, or in the event work is suspended or abandoned as described in Subsection 303.4.

SECTION 19: Subsection 309.1 is hereby amended by deleting both the first paragraph thereof and the exception that follows and substituting for that paragraph and exception the following paragraph:

309.1 Use or Occupancy. No building or structure shall be used or occupied and no change in the existing occupancy classification of a building or structure or portion thereof shall be made until the Building Official has issued a Certificate of Occupancy therefor as provided herein. For Group R, Division 3, and U Occupancies, approval of a final inspection shall constitute the Certificate of Occupancy.

SECTION 20: Subsection 309.3 is hereby amended by adding thereto a new paragraph, reading as follows:

For purposes of enforcing this Code, existing buildings for which a Certificate of

Occupancy has never been issued shall be deemed to have been issued a Certificate. Nothing in this paragraph, however, shall be construed to mean or imply that any such building complies with the requirements and provisions of the technical codes.

SECTION 21: Section 309 is hereby amended by adding thereto a new subsection, designated as Subsection 309.7, reading as follows:

309.7 Utilities. Upon revocation of a Certificate of Occupancy, the Building Official may order the disconnection or discontinuance of utility services upon at least three (3) days written notice to the owner and occupant.

SECTION 22: Table Nos. 3-A to 3-D, inclusive, are hereby deleted in their entirety and new Table Nos. 3-A to 3-D, inclusive, are hereby adopted in lieu thereof, reading as set forth in Section 25 hereof.

SECTION 23: Table Nos. 3-E and 3-F are hereby deleted in their entirety.

SECTION 24: Table Nos. 3-G and 3-H are hereby deleted in their entirety and new Table Nos. 3-G and 3-H are hereby adopted in lieu thereof, reading as set forth in Section 25 hereof.

SECTION 25: New Tables. The tables that are attached, Table Nos. 3-A, 3-B, 3-C, 3-D, 3-G and 3-H, are hereby adopted and incorporated herein by this reference.

PROVISIONS RELATING TO THE PLUMBING CODE

SECTION 26: In connection with the administration and enforcement of the Uniform Plumbing Code, 1997 Edition, the provisions which are set forth as Sections 27 to 35, inclusive, of this Supplemental Document are hereby adopted.

SECTION 27: GENERAL PROHIBITIONS.

A. It is unlawful for any person to conduct, carry or engage in the business of plumbing or act in the capacity of a plumbing contractor without first having obtained a license from the State of Nevada Contractors Board to carry on the trade of plumbing.

B. It is unlawful for any person to conduct, carry on or engage in the business of installing, altering or repairing sewers or private sewage disposal systems without first having obtained a license from the State of Nevada Contractors Board to carry on the trade of plumbing.

C. It is unlawful for any person to work or labor at the trade of plumbing unless that person has successfully passed an examination by an approved agency and has a valid current Plumber's Certificate of Qualification, as required by the Nevada Revised Statutes and the Rules and Regulations of the State of Nevada Contractors Board.

EXCEPTION: Apprentices and helpers.

D. Contractors that are described in Section 29(F) and their employees engaged in the construction of underground utility lines, as described in that Section, are exempt from any provisions of this Chapter requiring a Certificate of Qualification, but such contractors must possess both a valid State Contractor's License and a City business license to carry on the business of contracting, as distinct from engaging in the business of plumbing.

SECTION 28: DEFINITIONS AND QUALIFICATIONS OF CONTRACTORS AND PLUMBERS

A. A Plumbing Contractor is a person who holds a license from the State of Nevada Contractors Board and a business license from the City to carry on the trade of plumbing.

B. A Certified Plumber is a person who has successfully passed an examination given by an approved agency and has a valid current Plumber's Certificate of Qualification.

C. A Master Plumber is a person who was certified as such by a local entity before July 1, 1985.

D. A Qualified Individual or QI is a person who has passed an appropriate examination(s) of the State of Nevada Contractors Board subsequent to July 1, 1985, and otherwise meets the qualifications of, and has been accepted by, the State of Nevada Contractors Board as a Qualified Individual in one or more of the subcategories of plumbing contracting (or as appropriate to the work to be permitted) after July 1, 1985.

SECTION 29: PERMITS; WORKSITE REQUIREMENTS

A. Permits may be issued to plumbing contractors having a State of Nevada Contractor's license and City business license for any plumbing or drainage work regulated by the Uniform Plumbing Code.

B. Permits may be issued to any properly licensed person to install, alter or enlarge irrigation systems, providing that required backflow prevention devices are installed to existing water lines.

C. Permits may be issued to licensed fire sprinkling contractors or licensed plumbing contractors for the installation of automatic fire extinguishing systems, provided that all work conforms to the requirements of the most recent edition of National Board of Fire Underwriters Standard #13.

D. Permits may be issued to any person to do plumbing or drainage work regulated by the Uniform Plumbing Code in a single family dwelling used exclusively for living purposes, including the usual accessory buildings or quarters in connection with such buildings, provided that such person is the bona fide owner of such dwelling and accessory buildings or

quarters, and the same are occupied or designated to be occupied by said owner.

E. A permit may be issued for the original installation of permanent and rental water softening equipment, provided the work done involves only minor changes in the existing water lines. Every application for a permit shall be accompanied by a sketch or drawing of the proposed installation. The person making the installation, at a minimum, must have successfully passed an examination given by an approved agency for a limited certificate of competency, permitting the holder to make minor changes in the present water system to install only permanent and rental water softening equipment. If the installation involves connecting to the drainage system, this work must be done by a certified plumber unless the building is provided with a drain connection suitable for the purpose of connecting a water softener. For purposes of this paragraph, "minor changes" in the water system shall be construed to mean that no more than one cut into the existing water lines will be required.

F. A permit may be issued to any general engineering contractor, or to any sewer, sewage disposal, drain and pipelaying contractor, pipeline contractor or industrial piping contractor licensed by the State of Nevada, for work within that contractor's respective specialty or specialties, for the construction and installation of sewer, water, or other underground utility lines on private or public property up to a point not less than five (5) feet from the building and, with respect to a mobile home or recreational vehicle park, for installation of pipeline systems in accordance with approved plans.

G. A permit may be issued to any refrigeration or air conditioning contractor who holds both a valid State of Nevada Contractor's License, Classification C-21 (a) or (b), and a valid business license issued by the City, to install gas piping which is directly related and necessary to the repair or replacement of a refrigeration, heating or air conditioning system, not exceeding 500,000 BTUH per permit (based on natural gas input). The permittee shall only use qualified workers who have met City requirements for installation of gas lines. The permittee shall not modify or alter any gas piping except for that gas piping allowed by this Subsection.

H. At least one Certified (Journeyman) Plumber must be on any job site while work is being performed.

SECTION 30: CERTIFICATION

A. Certification. A Master Plumber or Qualified Individual Certification shall be recognized and accepted by the Building Official upon receipt of a certification issued by a third-party independent agency recognized by the Building Official as demonstrating competency in the field of plumbing.

The holder of a Master or Qualified Individual Certificate shall be a supervisory employee of, or otherwise have principal responsibility for the continuing operation of, the contracting business. A Master or Qualified Individual may act for two or more contracting businesses in which he himself holds at least 50 percent ownership.

B. Renewal of Certificates. Master and Qualified Individuals are required to insure that their Master and Qualified Individual certifications are maintained in a current active status in accordance with the third party testing agency accepted by the State of Nevada Contractors Board and to renew as required.

C. Nonrecognition of Certificate. A Master or Qualified Individual who has been found not to meet the qualification standard of the State of Nevada Contractors Board for a Qualified Individual in any plumbing contractor's license classification shall not be recognized as certified, until the individual meets the standards of certification by re-examination.

D. Reciprocal Sanctions. The record of disciplinary action taken by any governmental entity in Clark County against a holder of a Master or Qualified Individual Certificate shall be reviewed by the Administrative Authority, who shall determine if sanctions shall be imposed upon the individual.

**SECTION 31: RESPONSIBILITY FOR CERTIFICATION;
REVOCATION OF CERTIFICATE OR OF
RECOGNITION THEREOF.**

A. A plumbing contractor shall be responsible for ensuring that plumbers under the contractor's control have certificates.

B. Upon presentation to the Building Official of allegations that the holder of any certificate has violated any provisions of this Code or other City ordinance regulating plumbing installations and permits, or is incompetent or unfit to comply with such regulations, the Building Official may seek action by the City Council to suspend or revoke the certificate (or recognition thereof), or take other disciplinary measures. All recommendations must be filed through the Building Official, who will proceed with all necessary paperwork for Council action. The certificate holder shall be given notice of the allegations against him and the opportunity to appear at the hearing to refute said charges. If, after such hearing, it is voted to recommend the suspension or revocation of the certificate or recognition, the holder shall be notified in writing by the Building Official that such a recommendation has been made and that, unless he can show good and sufficient cause to the City Council why revocation should not occur, the City Council may order the Building Official to revoke the certificate or recognition thereof. This notification shall be delivered to the holder of the certificate at least ten (10) days in advance of the action by the City Council. When a certificate or recognition has been revoked, no new certificate or recognition shall be granted to the same person to perform plumbing work within the City until said person has waited at least one (1) year and the Building Official determines that the applicant meets all of the requirements of this ordinance. The City Council can at any time on its own motion, after notice and hearing and for good and proper cause, revoke or suspend any certificate (or recognition thereof), or take other disciplinary action against the holder.

SECTION 32: PLAN/CALCULATION PREPARATION

A. It shall be the responsibility of every contractor and the contractor's Master

Plumber or Qualified Individual to inform the Building Official in writing of any change of employment status of his Master or Qualified Individual within ten (10) days thereafter.

B. When plans and calculations are not stamped with the seal of an architect or engineer who is responsible for the work, the plumbing contractor shall be responsible for design and conformance with this Code. The plumbing contractor shall provide on any plans a title block which includes the plumbing contractor's company and individual names and the State Contractor's License Number.

EXCEPTION: An owner-builder may prepare plans for the owner-builder's own home. An owner-builder shall provide a title block and sign the building plans.

C. A Master Certificate or Qualified Individual Certificate shall be valid for one business only. Simultaneous use of such certificate for more than one contractor shall be grounds for certificate revocation. Notwithstanding anything above to the contrary, an owner holding a Master Certificate may be the Master Plumber for his own business.

SECTION 33: OCCUPANCY FEES FOR SEWER CONNECTION (See Chapter 14.04 of the Las Vegas Municipal Code for Schedule of Fees)

Occupancy fees for sewer connection shall be due at the time of issuance of building permit or occupancy change. Upon collection of a sewer connection fee, the Building Official may deduct from that fee the amount of \$25.00, to be used to offset the cost of processing. An application for occupancy change shall include the deposit for any additional fees that are required to be paid. Credit for existing sewer shall be applied to the new sewer fees based on previous type of occupancy and only when the new occupancy requires an additional fee.

The Building Official may authorize the refunding of sewer connection fees which are erroneously paid or collected and in instances where construction is not performed. All applications for refunds must be filed in writing by the original permittee not later than 180 days after the date of payment. All refunds are subject to an administrative fee to cover the processing of permits and refund applications. The administrative fee shall be \$50.00, or twenty percent (20%) of the total connection fee, whichever is less.

SECTION 34: SEWER TRUNK EXTENSION AND OVERSIZING - REFUNDING AGREEMENTS

A. Sewer trunk extensions and oversizing necessary to serve real property within the City which is incapable of being served by existing sewer trunks may be installed pursuant to refunding agreements, at the discretion of the Director of Public Works, in accordance with the following procedures:

1. An applicant for a refunding agreement will file an application therefor with the Department of Public Works, accompanied by an original tracing plan and profile design

of the proposed installation.

2. The Director of Public Works shall designate the sizing for the proposed trunk extension; the depth at which it shall be installed; the number, location and type of appurtenances to be included therein; and the location of the area from which the refund therefor will be derived.

3. Upon receipt of written notice from the Director of Public Works of the approval of the application and of the plans for such installation, as submitted or as may have been modified in such approval, the applicant shall submit to the Department of Public Works at least three (3) written bids from licensed sewer contractors for the construction of the proposed sewer trunk extension in accordance with the approved plans therefor; provided, however, that the Director of Public Works, at his discretion and upon good cause shown, may waive the requirement of those written bids.

4. Any sewer trunk extension and appurtenant installation under a refunding agreement shall conform to the Standard Specifications for Public Works' Construction then in force in the City, and shall be subject to the approval of and acceptance by the City prior to the use thereof.

5. Upon the completion of construction of any such sewer trunk extension, "as built" plans of said installation shall be filed with the Department of Public Works.

B. Recovery under each such refunding agreement shall apply only to that portion of the extended sewer trunk in excess of two hundred (200) feet from its connection to the existing sewer trunk (the "trunk extension subject to refunding"), and the amount recoverable thereunder shall be as specified in the agreement but not to exceed ninety-five (95%) of the amount, based upon the lowest acceptable bid, actually expended by the applicant, after any appropriate adjustment in cost, in the construction of the trunk extension subject to refunding; provided, however, that the cost resulting from any oversizing of such extended sewer trunk at the request of the City shall be pursuant to separate agreement and shall be paid by the City in accordance therewith or within thirty (30) days after the acceptance by the City of such extended sewer trunks, or as specified in the agreement.

C. Unless otherwise provided by agreement, refunds pursuant to each refunding agreement shall be made by the City on or before the 1st day of August in each year on the basis of, and shall be limited to, one-hundred percent (100%) of the funds received by the City from connection fees paid by the owners of the properties situated within the area designated in such refunding agreement as being subject thereto which were connected onto the sewer trunk extension installed pursuant to that particular refunding agreement during the preceding fiscal year; provided, however, that the right to any refund thereunder shall expire on the tenth anniversary of the execution of such agreement and provided, further, that in no event shall the aggregate refund to be made under any such refunding agreement ever exceed ninety-five percent (95%) of the costs expended by the applicant in connection with the installation of the trunk extension subject to refunding.

D. Unless otherwise specified by agreement, refunds associated with sewer extensions and reimbursements associated with oversizing shall be made to the applicant.

SECTION 35: FEES. Fees related to plumbing permits and plumbing work shall be in accordance with the Fee Tables adopted as part of this Code.

PROVISIONS RELATING TO THE MECHANICAL CODE

SECTION 36: In connection with the administration and enforcement of the Uniform Mechanical Code, 1997 Edition, the provisions which are set forth as Sections 37 to 39, inclusive, of this Supplemental Document are hereby adopted.

SECTION 37: LICENSING. Any person, firm or corporation engaged in the business of installing, repairing, servicing, maintaining or improving heating and air conditioning equipment or ductwork in the City shall first secure a State of Nevada Contractor's License and a City business license. Those licenses must be kept valid as long as the licensee is engaged in any business described in this Section.

SECTION 38: QUALIFIED PERSONS.

(A) It is unlawful for any person to install, alter, reconstruct, repair or maintain any heating, ventilating, air conditioning or refrigeration equipment or evaporative cooler or cooling tower as described in this Code, unless such person is a qualified person or a regular salaried employee of a qualified person, in which latter case the qualified person shall be responsible for all work done by such employee.

(B) The term "qualified person" shall be deemed to mean a person, firm or corporation holding both a valid contractor's license issued by the State of Nevada and a valid City business license, or a person who qualifies under Subsection (C) of this Section.

(C) Any permit required by this Code may be issued to any person doing any construction or work regulated by this Code in a single family dwelling used exclusively for living purposes, including usual accessory buildings and quarters in connection with such single family dwelling, provided that:

1. Such person is a bona fide owner of such dwelling, accessory building and quarters;

2. The same are occupied by or intended to be occupied by such owner;
and

3. For the installation of any equipment, such owner applies for and obtains a permit for such construction or work; provided, however, that no permit will be required for the repair, service or maintenance of existing equipment.

SECTION 39: Fees related to mechanical permits and mechanical work shall be in accordance with the Fee Tables adopted as part of this Code.

PASSED, ADOPTED and APPROVED this _____ day of _____, **1998.**

OVER \$100,000 AND UP: \$546.00 FOR THE FIRST \$100,000 PLUS \$3.00 PER EACH ADDITIONAL THOUSAND OR FRACTION THEREOF.

TABLE NO. 3-A - BUILDING PERMIT FEES (continued)

VALUATION IN DOLLARS	BLDG PERMIT FEE	PLAN CHECK FEE	ZONING CHECK FEE	MECH PERMIT FEE*	PLUMB PERMIT FEE*	ELEC PERMIT FEE*	M P E PERMIT FEE*
---------------------------------	--------------------------------	-------------------------------	---------------------------------	---------------------------------	----------------------------------	---------------------------------	----------------------------------

NOTE: The plan Check Fee is 65% of the Building Permit Fee.

The Zoning Check Fee is 5% of the Building Permit Fee.

* The Mechanical Permit Fee is 15% of the Building Permit Fee.

* The Plumbing Permit Fee is 20% of the Building Permit Fee.

* The Electrical Permit Fee is 20% of the Building Permit Fee.

* The M P E Permit is 55% of the Building Permit Fee.

TABLE 3-B - ELECTRICAL PERMIT FEES

Permit Issuance

For the issuance of each permit	\$20.00
For issuing each supplement permit	10.00

Appliance Charge

Receptacle/Switch (each two)	.50
Light Fixture or Socket (each three)	.40

Each Outlet for:

Dishwasher, Garbage Grinder, Trash Compactor, G.F.I. Clothes Washer, Dryer, Electric Range, Ovens, Smoke Detector, Special Purpose, Water Heater, Space Heater, Blast Coil Heater (per K.W.), Mercury Lamp, Quartz Lamp, Sodium Lamp or Sign Circuit	.80
X-Ray Unit	11.85
Area Lighting (Each 1000 Watts)	3.60

Motors (1/2 H.P. and over)

Transformers, Welders, and Generators

First H.P. for each unit	3.60
First KVA for each unit	3.60
Each additional H.P. or KVA up to 50	.60
Each two H.P. or KVA over 50	.50
Temporary Power or Pole	7.20
Electric Service (including first meter up to 200 Amp)	7.20
400 Amp and 600 Amp	14.85
Over 600 Amp to 1200 Amp	29.70
Over 1200 Amp	59.25
Each two additional meter sockets	.60
Sub Panel (each)	3.60
Swimming Pool (residential)	23.75
Swimming Pool (semi-public)	35.50
Spas	9.60
Recreational vehicle spaces (each)	3.60
Busways-trolley or plug-in (each 100 feet)	3.60
Gasoline pumps	3.60
Permanent A/C Unit (package units)	3.60
Each air handler	1.25
Low Voltage installations, speaker outlets (each)	.40
Signal or alarm outlets (each)	.40
Amplifiers	3.00
Control panel (each two)	.60
TV Master System (each)	.40
Telephone or computer outlet (each)	.40

TABLE 3-C - MECHANICAL PERMIT FEES

Permit Issuance

1.	For the issuance of each permit	\$20.00
2.	For issuing each supplement permit	10.00

Unit Fee Schedule

1.	For the installation or relocation of each forced-air or gravity-type furnace or burner, including ducts and vents attached to such appliance, up to, and including 100,000 Btu/h	10.75
2.	For the installation or relocation of each forced-air or gravity-type furnace or burner, including ducts and vents attached to such appliance, over 100,000 Btu/h	13.10
3.	For the installation or relocation of each suspended heater, recessed wall heater or floor-mounted unit heater.	10.75
4.	For the installation or relocation of each floor furnace, including vent.	10.75
5.	For the installation, relocation or replacement of each appliance vent installed and not included in an appliance permit.	6.50
6.	For the repair of, alteration of, or addition to each heating appliance, refrigeration unit, cooling unit, absorption unit, or each heating, cooling system, including installation of controls regulated by this Code.	10.75
7.	For the installation or relocation of each boiler or compressor to and including three ton, or each absorption system to and including 100,000 Btu/h.	10.75
8.	For the installation or relocation of each boiler or compressor over three ton to and including 15 ton, or each absorption system over 100,000 Btu/h and including 500,000 Btu/h.	19.50
9.	For the installation or relocation of each boiler or compressor over 15 ton, or each absorption system over 500,000 Btu/h to and including 1,000,000 Btu/h	26.70
10.	For the installation or relocation of each boiler or compressor over 30 ton to and including 50 ton, or for each absorption system over 1,000,000 Btu/h and including 1,750,000 Btu/h.	39.60
11.	For the installation or relocation of each boiler or refrigeration compressor over 50 ton or each absorption system over 1,750,000 Btu/h.	66.35

12.	For each air-handling unit to and including 10,000 cubic feet per minute including ducts attached thereto. Note: This fee shall not apply to an air-handling unit which is a portion of a factory-assembled appliance, cooling and/or heating unit, evaporative cooler or absorption unit for which a permit is required elsewhere in this Code.	7.75
13.	For each air-handling unit over 10,000 cfm.	13.10
14.	For each evaporative cooler other than portable type	7.75
15.	For each ventilation fan connected to single duct.	
	Commercial	5.35
	Residential	2.90
16.	For each ventilation system which is not a portion of any heating or air conditioning system authorized by permit.	7.75
17.	For the installation of each hood which is served by mechanical exhaust, including the ducts for such hood.	21.70
18.	For each fire damper installed in an existing system.	5.45
19.	For each air balance test.	21.70

TABLE 3-D - PLUMBING PERMIT FEES

Permit Issuance

For issuing each permit	20.00
For issuing each supplemental permit	10.00

Fixture Charges

Bathtub	2.35
Shower	2.35
Lavatory	2.35
Toilet	2.35
Urinal	2.35
Floor drain	2.35
Floor sink	2.35
Wash Tray	2.35
Sink	2.35
Garbage disposal (residential)	2.35
Garbage disposal (commercial)	9.60
Clothes dryer (gas) (venting)	2.35
Clothes washer (residential)	2.35
Clothes washer (commercial)	2.35
Dishwasher (residential)	2.35
Dishwasher (commercial)	2.35
Dental unit	9.60
Drinking fountain	2.35
Refrigerator, ice maker, water dispenser	2.35
Any other water using equipment attached coffee makers, ice makers	2.35
Water heaters (gas) (electric)	2.35
Sewer System - new, replacement, modification, <u>or any drainage work</u>	11.85
Grease or sand trap or interceptor	2.35
Trailer trap - rental parks	5.60

Water Softeners

Non permanent type (rental)	2.35
Permanent type (connected to drain)	2.35

Swimming Pools

Private or wading pool (including spa)	23.75
Public or semi-public	35.50
Spas - preformed private	11.85
Spas - preformed commercial	23.75

Water Distribution System

Single family dwelling	7.20
Multi family dwelling	7.20
Plus each dwelling unit	3.60
Commercial building per floor	3.60
Plus each unit (leased space or office)	2.35
Hotel or motel	9.30
Plus each unit	3.60
Trailer park	35.40
Plus each space	2.35
Irrigation for SFD only	21.45
Irrigation - commercial construction valuation. (see Section 304 Table 3-A of the 1991 Uniform Building Code as amended	

Fuel Piping System

Single family dwelling	7.20
Multi family dwelling	11.85
Plus each unit	2.35
Commercial building per floor	7.20
Plus each unit (leased space or office)	7.20
Medium pressure gas system (plan check)	14.25
Each gas appliance (any type)	2.35
Standby emergency (generating engines)	2.35
Steam boilers	6.20

Pipeline contractor for on site sewer, gas or
water Contract Value

Fee based on
building code
permit valuation
chart, 1991 UBC

Solar Energy Systems (collectors, including piping) per collector	6.20
Storage Tanks (each)	6.20

(Tables 3-E and 3-F deleted)

TABLE 3-G - GRADING FEES

Plan Review Fee - \$20.00

Grading Permit Fees:

Clearing and Grubbing - \$20.50 minimum for each permit up to 50 acres, plus \$5.00 per additional 50 acres or portion thereof.

Earth Moving - \$20.50 minimum

50 cubic yards or less \$20.50

51 to 100 cubic yards \$23.75

101 to 1000 cubic yards - \$23.75 for the first 100 cubic yards, plus \$11.35 for each additional 100 cubic yards or fraction thereof.

1001 to 10,000 cubic yards - \$126.00 for the first 1,000 cubic yards, plus \$10.00 for each additional 1,000 cubic yards or fraction thereof.

10,001 to 100,000 cubic yards \$216.00 for the first 10,000 cubic yards, plus \$52.00 for each additional 10,000 cubic yards or fraction thereof.

100,001 cubic yards or more - \$684.00 for the first 100,000 cubic yards, plus \$24.00 for each additional 10,000 cubic yards or fraction thereof.

Grading, Clearing and Grubbing prior to Obtaining a Permit

An additional fee of \$100.00 for each 100 acres or fraction thereof shall be levied when a grading or clearing and grubbing operation has commenced prior to obtaining a permit.

TABLE 3-H - OTHER INSPECTIONS AND FEES

The following fees are incorporated into Tables 3-A through 3-G and are considered a part thereof:

1. **Moving Permit Fee:** Moving within or into the City. For buildings larger than 200 square feet, \$100.00 for each building or structure unless said building or structure is moved in portions in which case each portion shall be \$100.00.

For buildings or structures of 200 square feet or less, the fee shall be \$40.00 unless said building or structure is moved in portions in which case each portion shall be \$40.00.

2. **Moving Out of the City:** \$20.00 for each building or structure unless said building or structure is moved in portions in which case each portion is \$20.00
3. **Certification and Certificate of Occupancy Fees:** \$50.00 per dwelling unit, guest room or tenant space. If four or more units, the fee shall be \$200.00 plus \$10.00 per dwelling unit, guest room or tenant space, over four.
4. **Additional Plan Review Service Charge:** \$50.00 per hour during business hours; \$70.00 per hour after hours (minimum one hour).
5. **Inspections Outside of Normal Business Hours:**
 - (a) \$60.00 per hour if contiguous to work hours (minimum, 1 hour)
 - (b) Same-day callouts will be charged at the rate of \$60.00, plus \$60.00 for each hour or portion thereof of travel and waiting time.
 - (c) Planned Saturday callouts will be a minimum of three hours (\$180.00) and \$60.00 an hour for each hour or portion thereof over three hours.
 - (d) Emergency after hours calls (with less than 12 hours notice) and Holiday callouts will be \$240.00 for a three hour minimum, and then an additional \$80.00 for each hour or portion thereof over three hours.
 - (e) Fire investigations for Permits: \$80.00, for the first hour, then \$60.00 per hour thereafter.

6. **Reinspection Fee Assessed Under Provisions of Section 305(h):**
\$75.00

7. **Demolition Permit Fee:** \$50.00
8. **Permit Fee for Expired Permit:** Permit fees for renewal/issuance for an expired permit shall be per Section 303(d).

Exception: Where only final inspections are incomplete, the fee to renew the permit shall be \$50.00 per trade (i.e. Building, Mechanical, Plumbing, Electrical), when approved by the Building Official.
9. **Special Investigation Fee:** \$50.00 or \$50.00 per hour, whichever is greatest.
10. **Product Approval Fee:** \$250.00 per case for staff review and evaluation of a building product not yet approved by the International Conference of Building Officials (ICBO).
11. **Amusement Ride Certificate:** \$250.00 (on calendar year basis).
12. **Change of address:** If address change is requested by the applicant / owner after permits have been issued, a \$200.00 Administrative Processing Fee per address will be charged.
13. **Mobile Home:** Mobile Home Fees are as follows: Inspection Fees, \$69.00; Zoning Fees, \$3.00; Manufactured Home Tag, \$30.00.

ORDINANCE NO. _____

AN ORDINANCE RELATING TO THE ADMINISTRATION OF THE CITY'S BUILDING CODE AND TECHNICAL CODES; AMENDING TITLE 16, CHAPTER 2, SECTION 10, OF THE MUNICIPAL CODE OF THE CITY OF LAS VEGAS, 1983 EDITION, BY DELETING ALL REFERENCE TO THE 1994 EDITION OF THE UNIFORM ADMINISTRATIVE CODE ADOPTED BY REFERENCE THEREIN AND ADOPTING BY REFERENCE, IN LIEU THEREOF, THE 1997 EDITION OF THE UNIFORM ADMINISTRATIVE CODE AS PART 1 OF SAID CHAPTER; REPEALING IN ITS ENTIRETY THE EXISTING SUPPLEMENTAL DOCUMENT ADOPTED BY REFERENCE THEREIN AND ADOPTING BY REFERENCE, IN LIEU THEREOF, A NEW SUPPLEMENTAL DOCUMENT, ENTITLED: "A SUPPLEMENTAL DOCUMENT AMENDING THE UNIFORM ADMINISTRATIVE CODE, 1997 EDITION" AS PART 2 OF SAID CHAPTER, WHICH ADDS TO, DELETES FROM AND AMENDS VARIOUS PROVISIONS OF THE UNIFORM ADMINISTRATIVE CODE, 1997 EDITION; PROVIDING FOR OTHER MATTERS PROPERLY RELATING THERETO; PROVIDING PENALTIES FOR THE VIOLATION HEREOF; AND REPEALING ALL ORDINANCES AND PARTS OF ORDINANCES IN CONFLICT HEREWITH.

Sponsored by:
Mayor Jan Laverty Jones

Summary: Adopts the 1997 Edition of the Uniform Administrative Code, together with amendments thereto, as the City's Administrative Code.

THE CITY COUNCIL OF THE CITY OF LAS VEGAS DOES HEREBY ORDAIN
AS FOLLOWS:

SECTION 1: Title 16, Chapter 2, Section 10, of the Municipal Code of the City of Las Vegas, Nevada, 1983 Edition, is hereby amended to read as follows:

16.02.010: Those certain documents, three copies of each being on file in the Office of the City Clerk and designated as follows, are adopted by reference and made a part of this Code, to the same extent as if set out in full herein:

(A) Uniform Administrative Code, [1994] 1997 Edition, designated as Part 1 of this Chapter; and

(B) A supplemental document entitled "A Supplemental Document Amending the Uniform Administrative Code, [1994] 1997 Edition," which adds to, deletes from and amends the Uniform Administrative Code, [1994] 1997 Edition, designated as Part 2 of this Chapter.

SECTION 2: The supplemental document entitled "A Supplemental Document Amending the Uniform Administrative Code, 1994 Edition," is hereby repealed in its entirety.

1 SECTION 3: If any section, subsection, subdivision, paragraph, sentence, clause or
2 phrase in this ordinance or any part thereof, is for any reason held to be unconstitutional, or invalid
3 or ineffective by any court of competent jurisdiction, such decision shall not affect the validity or
4 effectiveness of the remaining portions of this ordinance or any part thereof. The City Council of the
5 City of Las Vegas hereby declares that it would have passed each section, subsection, subdivision,
6 paragraph, sentence, clause or phrase thereof irrespective of the fact that any one or more sections,
7 subsections, subdivisions, paragraphs, sentences, clauses or phrases be declared unconstitutional,
8 invalid or ineffective.

9 SECTION 4: Whenever in this ordinance any act is prohibited or is made or declared
10 to be unlawful or an offense or a misdemeanor, or whenever in this ordinance the doing of any act is
11 required or the failure to do any act is made or declared to be unlawful or an offense or a
12 misdemeanor, the doing of such prohibited act or the failure to do any such required act shall
13 constitute a misdemeanor and upon conviction thereof, shall be punished by a fine of not more than
14 \$1,000.00 or by imprisonment for a term of not more than six months, or by any combination of such
15 fine and imprisonment. Any day of any violation of this ordinance shall constitute a separate offense.

16 SECTION 5: All ordinances or parts of ordinances or sections, subsections, phrases,
17 sentences, clauses or paragraphs contained in the Municipal Code of the City of Las Vegas, Nevada,
18 1983 Edition, in conflict herewith are hereby repealed.

**A SUPPLEMENTAL DOCUMENT AMENDING
THE UNIFORM ADMINISTRATIVE CODE, 1997 EDITION**

SECTION 1: Except as otherwise indicated, all section and chapter references contained in this Supplemental Document are to the Uniform Administrative Code, 1997 Edition.

SECTION 2: Certain provisions of this Code may be parallel or similar to provisions of the Uniform Building Code, 1997 Edition; the Uniform Plumbing Code, 1997 Edition; the Uniform Mechanical Code, 1997 Edition; the National Electrical Code, 1996 Edition; or other similar code adopted by the City. The provisions of this Code and the provisions of the other referenced codes shall be applied to the extent possible. The Building Official shall have the discretion, in the interest of convenience for the City or the public, to apply the provisions herein or corresponding administrative provisions in any of the above-referenced codes. In the event of any conflict in administrative provisions, the provisions of Section 104 of this Code shall govern, unless otherwise deemed appropriate by the Building Official. Unless otherwise specified, the term "Department" refers to the department of the City charged with the enforcement of the codes referred to in this Section, and the term "Director" refers to the director of that department.

SECTION 3: Section 202 is hereby amended by deleting Subsection 202.6 and substituting therefor a new Subsection 202.6, reading as follows:

202.6 Authority to Disconnect Utilities. The Building Official or his authorized representative shall have the authority to disconnect any utility service or energy supplied to the building, structure or building service equipment therein regulated by this Code or by the technical codes, in case of emergency, where such building, structure or equipment is hazardous to life or property. The Building Official shall whenever possible notify the serving utility, the owner and the occupant of the building, structure or building service equipment of the decision to disconnect prior to taking such action, and shall notify in writing such utility, owner and occupant of such disconnection immediately thereafter. Such disconnection is also authorized in cases where a building or structure has been constructed, remodeled, repaired, energized or occupied in violation of this Code or any of the technical codes; provided, however, that notice and an opportunity for informal hearing shall first be afforded the owner and occupant.

SECTION 4: Section 204 is hereby deleted in its entirety and a new Section 204, consisting of Subsections 204.1 and 204.2, is substituted therefor, reading as follows:

SECTION 204 Appeal Procedures

204.1 Administrative Appeal. Whenever an actual or potential violation of any of the technical codes or this Code is identified by staff of the Department, either at the plan review stage or during construction, and the permittee or permit applicant desires administrative appeal of

the conclusion or decision, based upon code interpretation or hardship, the permittee or applicant may obtain such review from the Building Official's Hearing Committee. The Committee shall consist of:

- The Director, a Deputy Director, or another designee.
- An Inspection Supervisor or the Supervisor's designee.
- The Plans Examination Supervisor or the Supervisor's designee.
- Additional inspectors or technical persons, at the Director's discretion.

An application for administrative appeal shall be filed on forms made available by the Building Official and must be filed no later than 4:30 p.m. on the day preceding the appeal meeting to be held that week. The application should contain sufficient information to enable the Committee to perform its review. A filing fee of fifty dollars (\$50.00) will be charged for each appeal. The Committee will meet within eight (8) days after an application has been properly filed, with notice thereof to the applicant. The applicant may, but is not required to, attend the hearing. The decision of the Committee shall be made by the Director or his designee, after receiving input from other Committee members. An applicant who is aggrieved by the Committee's decision may appeal that decision in accordance with Subsection 204.2 of this Section.

204.2 Appeals to City Council.

1. Right of Appeal. The City Council of the City of Las Vegas is hereby designated as the board of appeals to hear and decide appeals where it is alleged by an aggrieved party that there is an error in any order or decision made by the Building Official in the enforcement of this Code or the technical codes, or an error in any decision of the Hearing Committee pursuant to Subsection 204.1.

2. Manner of Appeal. An appeal may be initiated by filing with the Building Official, within 20 days after the Building Official's order or decision, a written appeal containing:

- a. A heading in the words: "Before the City Council of the City of Las Vegas";
- b. A caption reading "Appeal of" followed by the names of all appellants participating in the appeal;
- c. A brief statement setting forth the legal interest of each of the appellants in the building or land involved in the decision or order;
- d. A brief statement in ordinary and concise language of the specific decision or order protested;

e. A brief statement in ordinary and concise language of the relief sought, such as that the order or decision should be reversed or modified;

f. A statement setting forth the legal or equitable basis of the relief sought by the appellant.

3. Processing of Appeal. Upon receipt of any appeal filed pursuant to this Subsection, the Building Official shall present it at the next regular or special meeting of the City Council for the setting of a hearing date.

4. Appeal Hearing Date. Upon receiving the written appeal, the City Council shall fix a date, time and place for the hearing of the appeal by the Council. Such date shall be not less than 21 days not more than 60 days from the date the appeal was filed with the Building Official. Written notice of the time and place of hearing shall be given at least 10 days prior to the date of the hearing to each appellant by the Building Official, either by causing a copy of such notice to be delivered to the appellant personally or by certified mailing postage prepaid, addressed to the appellant at the address shown on the appeal documents.

5. Waiver. Failure of any person to file an appeal in accordance with the above provisions shall constitute a waiver of the right to an administrative hearing and adjudication of the decision or order of the Building Official.

6. Issues Considered. Only these matters or issues specifically raised by the appellant in the written appeal shall be considered on the hearing of the appeal.

7. Vote. A majority vote of the City Council shall be necessary to reverse or modify any order or decision of the Building Official.

SECTION 5: Section 205 is hereby amended by adding thereto the following paragraph:

It is unlawful for any person to knowingly proceed to do work contrary to or in violation of a stop order issued under this Code. Whenever any stop order has been issued, no work may be resumed until the person seeking to proceed has obtained the approval of the Building Official and has paid to the City an investigation fee in the amount of \$50.00.

SECTION 6: Section 301 is hereby amended by deleting Subsection 301.1 and substituting therefor a new Subsection 301.1 and a new Subsection 301.1.1, reading as follows:

301.1 Permits Required. Except as specified in Subsection 301.1.1 of this Section, no building, structure, building service equipment or onsite improvement regulated by this Code or any of the technical codes shall be erected, constructed, enlarged, altered, repaired, moved, improved, removed, converted or demolished unless a separate, appropriate permit for each building, structure, building service equipment or onsite improvement has first been obtained from the Building Official.

301.1.1 Licensing Requirements. No building permits shall be issued for building work which is required to be performed by a licensed contractor under NRS Chapter 624 unless the applicant is appropriately licensed by the State of Nevada and is licensed to do business within the City. Whenever two or more trades (building, plumbing, mechanical or electrical) are to perform work on a project, a general contractor must be retained for the project. A general contractor to whom a permit is issued shall be responsible for all work authorized for the project and shall post at the job site a list of all subcontractors doing work on the job with their names, their State subcontractor's license numbers and classifications and their City business license numbers. Mechanical, electrical and plumbing subcontractors shall register with the Department when all permits have been taken out by the general contractor. Contractors and subcontractors must meet all applicable qualifications and requirements described in the technical codes.

NOTE: Additional licensing requirements concerning plumbing work are contained in Sections 27 to 31, inclusive, of this Supplemental Document. Additional licensing requirements concerning mechanical work are contained in Sections 37 and 38 of this Supplemental Document.

SECTION 7: Section 301 is hereby amended by deleting Subsection 301.2, including its constituent subdivisions and substituting therefor a new Subsection 301.2, reading as follows:

301.2 Work Exempt from Permit. A building permit shall not be required for the following:

1. Construction work on property owned by the United States or on property owned by any other governmental entity, to the extent exempted by State law.
2. Amusement devices and structures, including merry-go-rounds, ferris wheels, rotating conveyances, slides and similar devices, and any accessory structure consisting of a cover or roof whose use is necessary for the operation of any such device or structure when such device or structure is used for less than 30 days. A storage building or detached structure that is not an integral part of an amusement device or structure does not qualify as an exempt accessory structure for purposes of this paragraph. The exemption contained in this paragraph likewise does not apply to any electrical, mechanical or plumbing work that is to be done in connection with amusement devices or structures that are to be used on a site.
3. Oil derricks.
4. Movable cases, counters and partitions that do not exceed 5 feet 9 inches in height and not containing electrical branch circuits.
5. Privately owned water tanks supported directly upon grade if the capacity does not exceed 5000 gallons and the ratio of height to diameter or width does not exceed two to one.
6. Platforms, walks and driveways not more than 30 inches above grade and not

over any basement or story below, when built in conjunction with a building that is classified as a Group R, Division 3, or a U, Division 1 Occupancy.

7. Painting, papering and similar finish work, except for trim and decorative work exceeding .5 pounds per square foot or .35 pounds per lineal foot in weight.

8. Temporary motion picture, television and theater stage sets and scenery.

9. Window awnings supported by an exterior wall of a Group R, Division 3, or a U, Division 1 Occupancy, when projecting not more than 54 inches.

10. Residential television or radio antennas whose height design does not exceed 10 feet above the height of the tallest structure on the property, and so located that the distance to the nearest property line is equal to or greater than the total height of the antenna mast.

11. Construction directly relating to the delivery of a utility service, built by a public utility company operating under the control of the Public Service Commission.

12. Portable motors or other portable appliances energized by means of a cord or cable having an attachment plug end to be connected to an approved 120 volt receptacle, when that cord or cable is permitted by the Electrical Code.

13. The repair or replacement of fixed motors or fixed approved appliances of the same type and rating in the same location.

14. The installation, alteration or repair of electrical wiring, apparatus or equipment or the generation, transmission, distribution or metering of electrical energy or in the operation of signals or the transmission of intelligence by a public utility in the exercise of its function as a serving utility.

15. Any unit refrigerating system (cooling only) as defined in the Mechanical Code.

NOTE: Exemption from the permit requirements of this Code shall not be deemed to authorize any work to be done in violation of the provisions of the technical codes or any other City ordinances or regulations.

SECTION 8: Section 301 is hereby amended by adding thereto a new subsection, designated as Subsection 301.3, reading as follows:

301.3 Mobile Home, Travel Trailer and Recreational Vehicle Permits.

1. No mobile home shall be placed upon a lot in an R-MH Mobile Home Residence District (R-MH) or an R-MHP Residential Mobile Home Park District (R-MHP), as defined in Title 19 or Title 19A of the Municipal Code of the City of Las Vegas, unless an inspection

permit has been issued by the Building Official. All mobile homes when installed must conform to the installation standards as set forth by the Nevada State Department of Business and Industry. A permit inspection fee as set forth in Table 3-A shall be paid by the permittee prior to the issuance of the permit.

2. Travel trailers or recreational vehicles, when placed in an R-MH District or an R-MHP District in excess of thirty (30) continuous days and used for living purposes, are subject to the same requirements for permit fees and installation standards as a mobile home, as described above.

3. Mobile homes on private property. Nothing in this Code or the technical codes shall be deemed to prohibit any owner of a lot or parcel of land from parking his own mobile home or recreational vehicle thereon and living therein if proper sanitary facilities are provided as required by the District Health Department, the owner has first obtained a mobile home permit as provided in this Section and is constructing a permanent residence on the same lot for his own use. Nothing in this Code shall prohibit a commercial operation from temporarily operating within the manufactured building when such use has been approved by the City Council. In the event of such Council approval, the length of that temporary use shall be in accordance with this Subsection or as determined by the City Council. The period of occupancy may not exceed one year from the first day of occupancy. The Building Official may, upon written request, grant a single six-month extension, provided that a valid building permit is in force at the time the extension is requested. Before receiving a permit to park a mobile home on a lot or parcel of land, the owner shall execute a surety bond to the City in the sum of one thousand dollars. The bond shall be conditioned that the owner has a valid building permit in force during the entire time that the trailer coach is located on the lot or parcel. A refundable cash deposit in the sum of one thousand dollars deposited with the City Treasurer may be substituted for the required bond. A sum of one thousand dollars may be deposited in a financial institution as a substitute for the required bond, provided a security agreement is executed between the owner of the mobile home, the financial institution and the City. Such deposit shall be known as cash-in-lieu of bond.

A. Mobile Home Left on Land Beyond Time Limits—Notice and Order to be Given. Whenever the Building Official or his designee finds that a mobile home has remained on the permit holder's property for a period in excess of the limits specified above, he may issue a written notice and order to comply to the principal and to any surety on the bond. Notice to the principal is sufficient if sent by certified mail, return receipt requested, to the address provided by the principal on the application for the permit. Such notice and order shall state the estimated cost of removal, and provide that if the mobile home is not removed within (30) days from the date of notice, bond shall be forfeited.

B. Right of Appeal by Permit Holder or Surety.

i. Any permit holder or surety who believes that no violation described in Paragraph (3)(A) above has occurred may, within fifteen days after the date of the notice and order, apply in writing to the Department for a hearing. The Department shall forthwith set a date for said hearing, with at least five days written notice to the requesting party. The hearing shall be

conducted by the Building Official or his designee.

ii. The compliance order shall be stayed from the date a timely hearing request is received by the Department until a decision is rendered by the Department, and by the Las Vegas City Council in the event of a timely appeal of the Department's decision.

iii. After the requested hearing, the Building Official may rescind, modify or affirm the order of compliance.

iv. Within ten days after the date the Department's decision is rendered, the permit holder or surety may, if dissatisfied, appeal to the Las Vegas City Council by filing a written notice of appeal with the Department.

v. Extension of time to remove the mobile home. Upon receipt of an application from the person required to remove the mobile home and an agreement by such person to comply with the order if allowed additional time, the Building Official or his designee may, in his discretion, grant an extension of time, not to exceed an additional one hundred and eighty (180) days, within which to remove the mobile home. The Building Official or his designee's authority to extend time is limited to the removal of the mobile home and shall not in any way affect the time to appeal the notice and order.

C. Forfeiture of Bonds.

i. After receipt of a notice and order to comply, the surety must, within the time limits specified above, either cause the mobile home to be removed or pay over to the Department the cost of removal after said mobile home is removed by the Department. The Building Official or his designee may proceed by such mode as is deemed convenient to cause the mobile home to be removed. The Building Official or his designee may, in accordance with City contracting procedures, hire a private contractor to remove the mobile home.

ii. If a cash bond has been posted, notice of default as provided above shall be given to the principal, and if the compliance is not obtained within the time limits specified, the Building Official or his designee may proceed without further notice to use the cash deposit or any portion of such deposit to cause the mobile home to be removed, by contract or otherwise. The balance, if any, of such cash deposit shall, upon the completion of the work, be returned to the depositor or to his successors or assignee after deducting the cost of the work.

iii. If cash-in-lieu of bond has been deposited, notice of default shall be given to the principal, and if the compliance is not obtained within the thirty (30) days specified, the Building Official or his designee may withdraw the deposited funds and use them to cause the mobile home to be removed by contract or otherwise. The balance, if any, shall, upon the completion of the work, be returned to the depositor or to his successors or assignee after deducting the cost of the work.

iv. In any instance where the Building Official or his designee has caused

a mobile home to be removed, such mobile home may be placed in storage at any location within Clark County, Nevada, and all costs of that storage shall be borne by the owner of such mobile home upon reclaiming the mobile home. Upon the owner's failure to pay storage costs, such mobile home may be sold in accordance with NRS Chapter 108.

D. Outstanding Costs. Any costs in excess of the forfeited bond amounts shall be charged to the principal. Where the full amount due to the City is not paid by the principal within 60 days after the City has removed the mobile home, the Building Official or his designee may request the City Attorney to commence appropriate legal proceedings to obtain payment.

E. Procedural Guidelines. The Department is hereby empowered to formulate procedural guidelines to be used in implementing this Subsection 301.3.

4. Nothing in this Code or the technical codes shall be deemed to prohibit the temporary placement of a mobile home or travel trailer for the use of a contractor engaged in construction work on the same parcel of land. In addition, a mobile home or travel trailer may be temporarily placed upon any commercially zoned lot or parcel of land to be used for security purposes when approved by the Building Official. Any placement of a temporary mobile home or travel trailer for the purpose of living there shall be subject to the requirements concerning installation, permitting, bonding, and time limits as set forth in Paragraph (3) above. Any such mobile home or travel trailer shall be properly installed and maintained in accordance with this Subsection.

SECTION 9: Section 301 is hereby amended by adding thereto two new subsections, designated as Sections 301.4 and 301.5, respectively, reading as follows:

301.4 Grading Permit--Acreage Limitations. In order to minimize the environmental impacts of large-scale grading, a grading permit shall authorize the grading of no more than 120 acres at a time. The Building Official may increase the acreage authorized for grading in the case of:

1. Golf course development; or
2. Other large-scale development, if the applicant or permittee demonstrates to the satisfaction of the Building Official that enhanced dust control mitigation measures are in place to ensure that the increase in grading activity will not adversely impact neighboring properties.

301.5 Moving of Buildings.

1. In order to move any building or structure to or from a location within the City, a moving permit must be obtained in advance. The application for a permit must describe the proposed new location for the building or structure. Before the building or structure is moved, and before the issuance of a moving permit, the applicant must contact a Supervisor of Building Inspections to schedule a field inspection of the building to be moved and the site from which it is to be moved. The field inspection may consist of, without limitation, an inspection concerning:

- a. Visible structural integrity of the structure.
- b. Required or proposed means of egress.
- c. Electrical wiring and grounding.
- d. Plumbing and gas line location, and compliance with applicable codes.
- e. Site safety, including the capping of lines, disconnection of electrical power, filling of holes, and removal of other potential hazards.

The moving of buildings shall also be subject to the requirements (and the prior approval, if applicable) of the Traffic Engineering Division of the Department of Public Works, the Nevada Department of Transportation, and any other agency having jurisdiction.

2. With regard to any structure proposed to be moved to a location within the City, whether it is proposed to be moved from another location within the City or from a location outside the City, the application for a moving permit shall be accompanied by an application for a building permit, including the submittal of plans of the type and extent that would be required for the initial erection of that structure. The Department may require letters from design professionals verifying structural integrity and compliance with the Model Energy Code. The review and approval of those plans shall also include and be subject to review and verification by the Department of Planning and Development and the Land Development Division that the proposed location of the building, whether permanent or temporary, is permissible and appropriate under applicable zoning and development regulations.

SECTION 10: Section 302 is hereby amended by deleting Subsection 302.3 and substituting therefor a new Subsection 302.3 and a new Subsection 302.3.1, reading as follows:

302.3 Information on Plans and Specifications. Plans and specifications shall be drawn to scale upon substantial paper and shall be of sufficient clarity to indicate the location, nature and extent of the work proposed and to show in detail that the work will conform to the provisions of the technical codes and all relevant laws, ordinances, rules and regulations.

Plans for tract home developments, multiple residential developments, and commercial additions and developments shall contain three (3) copies of geotechnical reports as required by Subsection 3309.5 of the UBC Appendix, and recommendations contained in such reports shall be incorporated in the building plans, engineering calculations, specifications and building construction. Where geotechnical reports are required, the reports specified in Subsection 3318.1 of the UBC Appendix shall be submitted to the Building Official for approval prior to the commencement of any work on the structure. Geotechnical investigations and reports may be limited in scope for small projects with the approval of the Building Official.

302.3.1 Application by FAX. Where a contractor maintains an APA Account with the Department, and plans are either already on file with the City or are not required, the contractor

may make application for a permit by FAX machine. For tract housing, the signed application form shall be transmitted by FAX along with one copy of the plot plan. For small work not requiring a permit, the application alone may be FAXED. There will be a \$2.00 service charge for this service. The applicant's copy of the permit will be mailed to the applicant's place of business, and the inspection card will be sent to the job site with the inspector, or the contractor may pick up such permit and inspection card at the Department.

SECTION 11: Section 303 is hereby amended by deleting Subsection 303.4 and substituting therefor a new subsection 303.4, reading as follows:

303.4 Expiration. Every permit issued by the Building Official with respect to work governed by the technical codes shall expire by limitation and become null and void if the building or work authorized by such permit is not commenced within 180 days from the date of such permit, as documented by an inspection, or if the building or work authorized by such permit is suspended or abandoned at any time after the work is commenced for a period of 180 days, as documented by an inspection. Permits shall also expire when corrections which have been required by means of a notice to correct have not yet been completed within thirty (30) days after such inspection. Before such work can be recommenced, a new permit therefor shall first be obtained, and the fee therefor shall be one half the amount required for a new permit for such work, provided that no changes have been made or will be made in the original plans and specifications for such work, and provided further that such suspension or abandonment has not exceeded one year. In order to renew action on a permit after expiration, the permittee shall pay a new full permit fee and shall be subject to all development/impact fees current at the time of the new permit.

Any permittee holding an unexpired permit may apply for an extension of the time within which to commence work under that permit when the permittee is unable to commence work within the time required by this Section for good and satisfactory reasons. The Building Official may extend the time for action by the permittee for a period not exceeding 180 days upon written request by the permittee showing that circumstances beyond the control of the permittee have prevented action from being taken. The Building Official may not extend a permit more than once.

SECTION 12: Section 304 is hereby amended by deleting Subsection 304.1 and substituting therefor a new Subsection 304.1, reading as follows:

304.1 General. Fees shall be assessed in accordance with the provisions of this Section and the fee schedules adopted in connection with this Supplemental Document. Political subdivisions which by law are exempt from the payment of building permit fees are not exempt from:

1. The plan review fees described in this Section 304;
2. Sewer connection fees; or
3. Any other development-related fee, except to the extent provided by law.

SECTION 13: Section 304 is hereby amended by deleting Subsection 304.3 and substituting therefor a new Subsection 304.3, reading as follows:

304.3 Plan Review Fees.

1. When the submission of plans or other data is required by Section 302, a plan review fee shall be paid at the time plans and specifications are submitted for review. The building plan review fee for buildings or structures shall be 65 percent of the building permit fee as set forth in Table No. 3-A. An additional 5 percent shall be charged for zoning requirement review.

2. No separate plan review fee shall be charged for repetitive permits for electrical, mechanical or plumbing work when all permits (building, electrical, mechanical and plumbing) are sought on one application. When separate permits by trade area are requested, plan review fees for electrical, mechanical and plumbing work for each permit shall be 25 percent of the total permit fee set forth, respectively, in Table Nos. 3-B, 3-C and 3-D.

3. The plan review fee for grading work shall be as set forth in Table No. 3-G.

4. If two or more buildings (residential dwellings) are to be built from a single model building plan without substantial modifications, as determined by the Building Official, and said model building plan is submitted by any one building contractor while the Building Code under which the plans were approved by the Building Official are in effect, then:

A. The plan review fees for each model building plan shall be 65 percent of the aggregate building permit fees, plus \$50.00 for each additional exterior design elevation.

B. An additional plan checking fee for each subsequent use of that model plan (tract house) shall be paid, in the amount of \$20.00.

5. Plan review for repetitive plans is valid for the period during which the Building Code under which plans were reviewed is in effect. Plans must be resubmitted within 6 months after the adoption of a more recent edition of the Building Code. Plan review fees shall be 65 percent of the building permit fee.

6. Plan review for non-repetitive plans is valid for 6 months after approval. Unless permits are issued within that period, plans must be re-reviewed under the then-current Building Code and new plan review fees paid.

7. The plan review fees described in this Subsection 304.3 are separate and in addition to the permit fees described in Subsection 304.2 of this Section.

8. Where plans are incomplete or are changed so as to require additional plan review, an additional plan review fee shall be charged at the rate shown in Table No. 3-H.

9. Where a permit has been issued, and subsequently the builder, owner or

representative requests a change in the plan which would require the preparation of new permit documentation, an additional fee shall be charged in the amount of \$30.00 for each new permit required.

SECTION 14: Section 304 is hereby amended by adding thereto five new subsections, designated as Subsections 304.7, 304.8, 304.9, 304.10 and 304.11, respectively, reading as follows:

304.7 Advance Payment Account (APA) for Use in Payment of Permitting Fees.

The City may establish for any licensed contractor a non-interest bearing account for use in connection with the advance payment of fees. Any contractor who uses such account shall provide to the City the names of all employees or officers who are authorized to draw from the account. A minimum balance of \$100.00 shall be maintained in the account.

304.8 Moving Permit Fees. For moving a building or structure, the fee shall be as set forth in Table 3-H.

304.9 Demolition Permit Fees. The fee for a demolition permit as set forth under Table 3-H shall be paid at the time of issuance of the permit and prior to any demolition work being done by the permittee.

304.10 Certification Inspection of Residences or Certificate of Occupancy Inspection of Commercial Tenant Spaces. The fee for a certification inspection of an existing structure shall be as set forth in Table 3-H.

304.11 Other fees. See Table 3-H.

SECTION 15: Section 305 is hereby amended by deleting the first two paragraphs of Subsection 305.5 and substituting therefor two new paragraphs, reading as follows:

305.5 Required Building Inspections. All work regulated by this Code and the technical codes must be inspected and approved before being covered or concealed, and finished work must be inspected and approved before occupancy. The sequence and types of required inspections will be indicated on the inspection report card. The absence of such indication shall not be deemed to waive any inspection requirement.

The Building Official, upon notification, shall make inspections that may include, but are not limited to, the following, and shall either approve that portion of the construction as completed or shall notify the permit holder or his agent of construction that fails to comply with this Code or the technical codes:

SECTION 16: Section 306 is hereby amended by deleting Subsection 306.1, but not including the subparts thereof that follow, and substituting therefor a new Subsection 306.1, reading as follows:

306.1 General. In addition to the inspections that are referred to in Section 305 of this Code, special inspections shall be conducted for the types of work that are described in Subsections 306.1.1 to 306.1.16, inclusive, that follow. A special inspector who is acceptable to the Building Official must be assigned to the construction project until all special inspection work is completed in accordance with this Subsection.

In the event one or more special inspectors are assigned and employed by the City, the owner or contractor shall reimburse the City for the costs of employing the special inspector(s). Reimbursement shall be made within 30 days after billing. If full reimbursement has not been made within 30 days after final billing, the City may place a labor lien on the affected property in accordance with the provisions of the Nevada Revised Statutes.

SECTION 17: Subsection 306.1.1 is hereby amended by deleting Exception 2 thereto and substituting therefor a new Exception 2, reading as follows:

2. For foundation concrete, when the structural design is based on a f'c no greater than 2500 psi.

SECTION 18: Section 308 is hereby amended by adding thereto two new subsections, designated as Subsections 308.3 and 308.4, respectively, reading as follows:

308.3 Construction Power. The Building Official may authorize temporary construction power, which is a privilege granted solely for convenience.

308.4 Revocation of Temporary Connection or Construction Power. Temporary connections of construction power may be revoked, upon written notice, for the use of temporary construction power for permanent occupancy, and may be revoked with or without notice for tampering with the electrical service panel in violation of the National Electrical Code and utility company requirements, or in the event work is suspended or abandoned as described in Subsection 303.4.

SECTION 19: Subsection 309.1 is hereby amended by deleting both the first paragraph thereof and the exception that follows and substituting for that paragraph and exception the following paragraph:

309.1 Use or Occupancy. No building or structure shall be used or occupied and no change in the existing occupancy classification of a building or structure or portion thereof shall be made until the Building Official has issued a Certificate of Occupancy therefor as provided herein. For Group R, Division 3, and U Occupancies, approval of a final inspection shall constitute the Certificate of Occupancy.

SECTION 20: Subsection 309.3 is hereby amended by adding thereto a new paragraph, reading as follows:

For purposes of enforcing this Code, existing buildings for which a Certificate of

Occupancy has never been issued shall be deemed to have been issued a Certificate. Nothing in this paragraph, however, shall be construed to mean or imply that any such building complies with the requirements and provisions of the technical codes.

SECTION 21: Section 309 is hereby amended by adding thereto a new subsection, designated as Subsection 309.7, reading as follows:

309.7 Utilities. Upon revocation of a Certificate of Occupancy, the Building Official may order the disconnection or discontinuance of utility services upon at least three (3) days written notice to the owner and occupant.

SECTION 22: Table Nos. 3-A to 3-D, inclusive, are hereby deleted in their entirety and new Table Nos. 3-A to 3-D, inclusive, are hereby adopted in lieu thereof, reading as set forth in Section 25 hereof.

SECTION 23: Table Nos. 3-E and 3-F are hereby deleted in their entirety.

SECTION 24: Table Nos. 3-G and 3-H are hereby deleted in their entirety and new Table Nos. 3-G and 3-H are hereby adopted in lieu thereof, reading as set forth in Section 25 hereof.

SECTION 25: New Tables. The tables that are attached, Table Nos. 3-A, 3-B, 3-C, 3-D, 3-G and 3-H, are hereby adopted and incorporated herein by this reference.

PROVISIONS RELATING TO THE PLUMBING CODE

SECTION 26: In connection with the administration and enforcement of the Uniform Plumbing Code, 1997 Edition, the provisions which are set forth as Sections 27 to 35, inclusive, of this Supplemental Document are hereby adopted.

SECTION 27: GENERAL PROHIBITIONS.

A. It is unlawful for any person to conduct, carry or engage in the business of plumbing or act in the capacity of a plumbing contractor without first having obtained a license from the State of Nevada Contractors Board to carry on the trade of plumbing.

B. It is unlawful for any person to conduct, carry on or engage in the business of installing, altering or repairing sewers or private sewage disposal systems without first having obtained a license from the State of Nevada Contractors Board to carry on the trade of plumbing.

C. It is unlawful for any person to work or labor at the trade of plumbing unless that person has successfully passed an examination by an approved agency and has a valid current Plumber's Certificate of Qualification, as required by the Nevada Revised Statutes and the Rules and Regulations of the State of Nevada Contractors Board.

EXCEPTION: Apprentices and helpers.

D. Contractors that are described in Section 29(F) and their employees engaged in the construction of underground utility lines, as described in that Section, are exempt from any provisions of this Chapter requiring a Certificate of Qualification, but such contractors must possess both a valid State Contractor's License and a City business license to carry on the business of contracting, as distinct from engaging in the business of plumbing.

SECTION 28: DEFINITIONS AND QUALIFICATIONS OF CONTRACTORS AND PLUMBERS

A. A Plumbing Contractor is a person who holds a license from the State of Nevada Contractors Board and a business license from the City to carry on the trade of plumbing.

B. A Certified Plumber is a person who has successfully passed an examination given by an approved agency and has a valid current Plumber's Certificate of Qualification.

C. A Master Plumber is a person who was certified as such by a local entity before July 1, 1985.

D. A Qualified Individual or QI is a person who has passed an appropriate examination(s) of the State of Nevada Contractors Board subsequent to July 1, 1985, and otherwise meets the qualifications of, and has been accepted by, the State of Nevada Contractors Board as a Qualified Individual in one or more of the subcategories of plumbing contracting (or as appropriate to the work to be permitted) after July 1, 1985.

SECTION 29: PERMITS; WORKSITE REQUIREMENTS

A. Permits may be issued to plumbing contractors having a State of Nevada Contractor's license and City business license for any plumbing or drainage work regulated by the Uniform Plumbing Code.

B. Permits may be issued to any properly licensed person to install, alter or enlarge irrigation systems, providing that required backflow prevention devices are installed to existing water lines.

C. Permits may be issued to licensed fire sprinkling contractors or licensed plumbing contractors for the installation of automatic fire extinguishing systems, provided that all work conforms to the requirements of the most recent edition of National Board of Fire Underwriters Standard #13.

D. Permits may be issued to any person to do plumbing or drainage work regulated by the Uniform Plumbing Code in a single family dwelling used exclusively for living purposes, including the usual accessory buildings or quarters in connection with such buildings, provided that such person is the bona fide owner of such dwelling and accessory buildings or

quarters, and the same are occupied or designated to be occupied by said owner.

E. A permit may be issued for the original installation of permanent and rental water softening equipment, provided the work done involves only minor changes in the existing water lines. Every application for a permit shall be accompanied by a sketch or drawing of the proposed installation. The person making the installation, at a minimum, must have successfully passed an examination given by an approved agency for a limited certificate of competency, permitting the holder to make minor changes in the present water system to install only permanent and rental water softening equipment. If the installation involves connecting to the drainage system, this work must be done by a certified plumber unless the building is provided with a drain connection suitable for the purpose of connecting a water softener. For purposes of this paragraph, "minor changes" in the water system shall be construed to mean that no more than one cut into the existing water lines will be required.

F. A permit may be issued to any general engineering contractor, or to any sewer, sewage disposal, drain and pipelaying contractor, pipeline contractor or industrial piping contractor licensed by the State of Nevada, for work within that contractor's respective specialty or specialties, for the construction and installation of sewer, water, or other underground utility lines on private or public property up to a point not less than five (5) feet from the building and, with respect to a mobile home or recreational vehicle park, for installation of pipeline systems in accordance with approved plans.

G. A permit may be issued to any refrigeration or air conditioning contractor who holds both a valid State of Nevada Contractor's License, Classification C-21 (a) or (b), and a valid business license issued by the City, to install gas piping which is directly related and necessary to the repair or replacement of a refrigeration, heating or air conditioning system, not exceeding 500,000 BTUH per permit (based on natural gas input). The permittee shall only use qualified workers who have met City requirements for installation of gas lines. The permittee shall not modify or alter any gas piping except for that gas piping allowed by this Subsection.

H. At least one Certified (Journeyman) Plumber must be on any job site while work is being performed.

SECTION 30: CERTIFICATION

A. Certification. A Master Plumber or Qualified Individual Certification shall be recognized and accepted by the Building Official upon receipt of a certification issued by a third-party independent agency recognized by the Building Official as demonstrating competency in the field of plumbing.

The holder of a Master or Qualified Individual Certificate shall be a supervisory employee of, or otherwise have principal responsibility for the continuing operation of, the contracting business. A Master or Qualified Individual may act for two or more contracting businesses in which he himself holds at least 50 percent ownership.

B. Renewal of Certificates. Master and Qualified Individuals are required to insure that their Master and Qualified Individual certifications are maintained in a current active status in accordance with the third party testing agency accepted by the State of Nevada Contractors Board and to renew as required.

C. Nonrecognition of Certificate. A Master or Qualified Individual who has been found not to meet the qualification standard of the State of Nevada Contractors Board for a Qualified Individual in any plumbing contractor's license classification shall not be recognized as certified, until the individual meets the standards of certification by re-examination.

D. Reciprocal Sanctions. The record of disciplinary action taken by any governmental entity in Clark County against a holder of a Master or Qualified Individual Certificate shall be reviewed by the Administrative Authority, who shall determine if sanctions shall be imposed upon the individual.

**SECTION 31: RESPONSIBILITY FOR CERTIFICATION;
REVOCATION OF CERTIFICATE OR OF
RECOGNITION THEREOF.**

A. A plumbing contractor shall be responsible for ensuring that plumbers under the contractor's control have certificates.

B. Upon presentation to the Building Official of allegations that the holder of any certificate has violated any provisions of this Code or other City ordinance regulating plumbing installations and permits, or is incompetent or unfit to comply with such regulations, the Building Official may seek action by the City Council to suspend or revoke the certificate (or recognition thereof), or take other disciplinary measures. All recommendations must be filed through the Building Official, who will proceed with all necessary paperwork for Council action. The certificate holder shall be given notice of the allegations against him and the opportunity to appear at the hearing to refute said charges. If, after such hearing, it is voted to recommend the suspension or revocation of the certificate or recognition, the holder shall be notified in writing by the Building Official that such a recommendation has been made and that, unless he can show good and sufficient cause to the City Council why revocation should not occur, the City Council may order the Building Official to revoke the certificate or recognition thereof. This notification shall be delivered to the holder of the certificate at least ten (10) days in advance of the action by the City Council. When a certificate or recognition has been revoked, no new certificate or recognition shall be granted to the same person to perform plumbing work within the City until said person has waited at least one (1) year and the Building Official determines that the applicant meets all of the requirements of this ordinance. The City Council can at any time on its own motion, after notice and hearing and for good and proper cause, revoke or suspend any certificate (or recognition thereof), or take other disciplinary action against the holder.

SECTION 32: PLAN/CALCULATION PREPARATION

A. It shall be the responsibility of every contractor and the contractor's Master

Plumber or Qualified Individual to inform the Building Official in writing of any change of employment status of his Master or Qualified Individual within ten (10) days thereafter.

B. When plans and calculations are not stamped with the seal of an architect or engineer who is responsible for the work, the plumbing contractor shall be responsible for design and conformance with this Code. The plumbing contractor shall provide on any plans a title block which includes the plumbing contractor's company and individual names and the State Contractor's License Number.

EXCEPTION: An owner-builder may prepare plans for the owner-builder's own home. An owner-builder shall provide a title block and sign the building plans.

C. A Master Certificate or Qualified Individual Certificate shall be valid for one business only. Simultaneous use of such certificate for more than one contractor shall be grounds for certificate revocation. Notwithstanding anything above to the contrary, an owner holding a Master Certificate may be the Master Plumber for his own business.

SECTION 33: OCCUPANCY FEES FOR SEWER CONNECTION (See Chapter 14.04 of the Las Vegas Municipal Code for Schedule of Fees)

Occupancy fees for sewer connection shall be due at the time of issuance of building permit or occupancy change. Upon collection of a sewer connection fee, the Building Official may deduct from that fee the amount of \$25.00, to be used to offset the cost of processing. An application for occupancy change shall include the deposit for any additional fees that are required to be paid. Credit for existing sewer shall be applied to the new sewer fees based on previous type of occupancy and only when the new occupancy requires an additional fee.

The Building Official may authorize the refunding of sewer connection fees which are erroneously paid or collected and in instances where construction is not performed. All applications for refunds must be filed in writing by the original permittee not later than 180 days after the date of payment. All refunds are subject to an administrative fee to cover the processing of permits and refund applications. The administrative fee shall be \$50.00, or twenty percent (20%) of the total connection fee, whichever is less.

SECTION 34: SEWER TRUNK EXTENSION AND OVERSIZING

A. Sewer trunk extensions and oversizing necessary to serve real property within the City which is incapable of being served by existing sewer trunks may be installed pursuant to refunding agreements, at the discretion of the Director of Public Works, in accordance with the following procedures:

1. The Engineering Planning Division shall designate the sizing for the proposed trunk extension; the depth at which it shall be installed; the number, location and type of appurtenances to be included therein; and the location of the area from which the refund therefor will

be derived.

2. The developer to be responsible for extending the sewer shall submit to the Department of Public Works at least three (3) written bids from licensed sewer contractors for the construction of the proposed sewer trunk extension in accordance with the approved plans therefor; provided, however, that the Director of Public Works, at his discretion and upon good cause shown, may waive the requirement of those written bids.

3. Any sewer trunk extension and appurtenant installation under a sewer extension agreement shall conform to the "Design and Construction Standards for Wastewater Collection Systems" then in force in the City, and shall be subject to the approval of and acceptance by the City prior to the use thereof.

4. Upon the completion of construction of any such sewer trunk extension, "as built" plans of said installation shall be filed with the Department of Public Works.

B. Recovery of any refund under a sewer extension agreement shall apply only to that portion of the extended sewer trunk in excess of two hundred (200) feet from its connection to the existing sewer trunk (the "trunk extension subject to refunding"), and the amount recoverable thereunder shall be as specified in the agreement but not to exceed ninety-five (95%) of the amount, based upon the lowest acceptable bid, actually expended by the applicant, after any appropriate adjustment in cost, in the construction of the trunk extension subject to refunding; provided, however, that the cost resulting from any oversizing of such extended sewer trunk at the request of the City shall be paid by the City within thirty (30) days after the acceptance by the City of such extended sewer trunks, or as otherwise specified by agreement.

C. Unless otherwise provided by agreement, refunds pursuant to a sewer extension agreement shall be made by the City on or before the 1st day of August in each year on the basis of, and shall be limited to, one-hundred percent (100%) of the funds received by the City from connection fees paid by the owners of the properties situated within the area designated in such refunding agreement as being subject thereto which were connected onto the sewer trunk extension installed pursuant to that particular refunding agreement during the preceding fiscal year; provided, however, that the right to any refund thereunder shall expire on the tenth anniversary of the execution of such agreement and provided, further, that in no event shall the aggregate refund to be made under any such refunding agreement ever exceed ninety-five percent (95%) of the costs expended by the applicant in connection with the installation of the trunk extension subject to refunding.

D. Unless otherwise specified by agreement or by assignment, refunds associated with a sewer extension and reimbursements associated with oversizing shall be made to the developer responsible for the installation.

SECTION 35: FEES. Fees related to plumbing permits and plumbing work shall be in accordance with the Fee Tables adopted as part of this Code.

PROVISIONS RELATING TO THE MECHANICAL CODE

SECTION 36: In connection with the administration and enforcement of the Uniform Mechanical Code, 1997 Edition, the provisions which are set forth as Sections 37 to 39, inclusive, of this Supplemental Document are hereby adopted.

SECTION 37: LICENSING. Any person, firm or corporation engaged in the business of installing, repairing, servicing, maintaining or improving heating and air conditioning equipment or ductwork in the City shall first secure a State of Nevada Contractor's License and a City business license. Those licenses must be kept valid as long as the licensee is engaged in any business described in this Section.

SECTION 38: QUALIFIED PERSONS.

(A) It is unlawful for any person to install, alter, reconstruct, repair or maintain any heating, ventilating, air conditioning or refrigeration equipment or evaporative cooler or cooling tower as described in this Code, unless such person is a qualified person or a regular salaried employee of a qualified person, in which latter case the qualified person shall be responsible for all work done by such employee.

(B) The term "qualified person" shall be deemed to mean a person, firm or corporation holding both a valid contractor's license issued by the State of Nevada and a valid City business license, or a person who qualifies under Subsection (C) of this Section.

(C) Any permit required by this Code may be issued to any person doing any construction or work regulated by this Code in a single family dwelling used exclusively for living purposes, including usual accessory buildings and quarters in connection with such single family dwelling, provided that:

1. Such person is a bona fide owner of such dwelling, accessory building and quarters;

2. The same are occupied by or intended to be occupied by such owner; and

3. For the installation of any equipment, such owner applies for and obtains a permit for such construction or work; provided, however, that no permit will be required for the repair, service or maintenance of existing equipment.

...
...
...

SECTION 39: Fees related to mechanical permits and mechanical work shall be in accordance with the Fee Tables adopted as part of this Code.

PASSED, ADOPTED and APPROVED this _____ day of _____, **1998**.

APPROVED:

By _____
JAN LAVERTY JONES, Mayor

ATTEST:

BARBARA JO RONEMUS, City Clerk

TABLE NO. 3-A BUILDING PERMIT FEES

NOTE: Fee categories marked with an asterisk represent an alternate method of calculating mechanical, plumbing and electrical permit fees for new Group R Occupancies that would otherwise be determined under Table Nos.3-B through 3-D, respectively.

TABLE NO. 3-A - BUILDING PERMIT FEES (continued)

VALUATION IN DOLLARS	BLDG PERMIT FEE	PLAN CHECK FEE	ZONING CHECK FEE	MECH PERMIT FEE*	PLUMB PERMIT FEE*	ELEC PERMIT FEE*	M P E PERMIT FEE*
-------------------------	-----------------------	----------------------	------------------------	------------------------	-------------------------	------------------------	-------------------------

NOTE: The plan Check Fee is 65% of the Building Permit Fee.

The Zoning Check Fee is 5% of the Building Permit Fee.

* The Mechanical Permit Fee is 15% of the Building Permit Fee.

* The Plumbing Permit Fee is 20% of the Building Permit Fee.

* The Electrical Permit Fee is 20% of the Building Permit Fee.

* The M P E Permit is 55% of the Building Permit Fee.

TABLE 3-B - ELECTRICAL PERMIT FEES

Permit Issuance

For the issuance of each permit	\$20.00
For issuing each supplement permit	10.00

Appliance Charge

Receptacle/Switch (each two)	.50
Light Fixture or Socket (each three)	.40

Each Outlet for:

Dishwasher, Garbage Grinder, Trash Compactor, G.F.I. Clothes Washer, Dryer, Electric Range, Ovens, Smoke Detector, Special Purpose, Water Heater, Space Heater, Blast Coil Heater (per K.W.), Mercury Lamp, Quartz Lamp, Sodium Lamp or Sign Circuit	.80
X-Ray Unit	11.85
Area Lighting (Each 1000 Watts)	3.60

Motors (1/2 H.P. and over)

Transformers, Welders, and Generators

First H.P. for each unit	3.60
First KVA for each unit	3.60
Each additional H.P. or KVA up to 50	.60
Each two H.P. or KVA over 50	.50
Temporary Power or Pole	7.20
Electric Service (including first meter up to 200 Amp)	7.20
400 Amp and 600 Amp	14.85
Over 600 Amp to 1200 Amp	29.70
Over 1200 Amp	59.25
Each two additional meter sockets	.60
Sub Panel (each)	3.60
Swimming Pool (residential)	23.75
Swimming Pool (semi-public)	35.50
Spas	9.60
Recreational vehicle spaces (each)	3.60
Busways-trolley or plug-in (each 100 feet)	3.60
Gasoline pumps	3.60
Permanent A/C Unit (package units)	3.60
Each air handler	1.25
Low Voltage installations, speaker outlets (each)	.40
Signal or alarm outlets (each)	.40
Amplifiers	3.00
Control panel (each two)	.60
TV Master System (each)	.40
Telephone or computer outlet (each)	.40

TABLE 3-C - MECHANICAL PERMIT FEES

Permit Issuance

1.	For the issuance of each permit	\$20.00
2.	For issuing each supplement permit	10.00

Unit Fee Schedule

1.	For the installation or relocation of each forced-air or gravity-type furnace or burner, including ducts and vents attached to such appliance, up to, and including 100,000 Btu/h	10.75
2.	For the installation or relocation of each forced-air or gravity-type furnace or burner, including ducts and vents attached to such appliance, over 100,000 Btu/h	13.10
3.	For the installation or relocation of each suspended heater, recessed wall heater or floor-mounted unit heater.	10.75
4.	For the installation or relocation of each floor furnace, including vent.	10.75
5.	For the installation, relocation or replacement of each appliance vent installed and not included in an appliance permit.	6.50
6.	For the repair of, alteration of, or addition to each heating appliance, refrigeration unit, cooling unit, absorption unit, or each heating, cooling system, including installation of controls regulated by this Code.	10.75
7.	For the installation or relocation of each boiler or compressor to and including three ton, or each absorption system to and including 100,000 Btu/h.	10.75
8.	For the installation or relocation of each boiler or compressor over three ton to and including 15 ton, or each absorption system over 100,000 Btu/h and including 500,000 Btu/h.	19.50
9.	For the installation or relocation of each boiler or compressor over 15 ton, or each absorption system over 500,000 Btu/h to and including 1,000,000 Btu/h	26.70
10.	For the installation or relocation of each boiler or compressor over 30 ton to and including 50 ton, or for each absorption system over 1,000,000 Btu/h and including 1,750,000 Btu/h.	39.60
11.	For the installation or relocation of each boiler or refrigeration compressor over 50 ton or each absorption system over 1,750,000 Btu/h.	66.35

12.	For each air-handling unit to and including 10,000 cubic feet per minute including ducts attached thereto. Note: This fee shall not apply to an air-handling unit which is a portion of a factory-assembled appliance, cooling and/or heating unit, evaporative cooler or absorption unit for which a permit is required elsewhere in this Code.	7.75
13.	For each air-handling unit over 10,000 cfm.	13.10
14.	For each evaporative cooler other than portable type	7.75
15.	For each ventilation fan connected to single duct.	
	Commercial	5.35
	Residential	2.90
16.	For each ventilation system which is not a portion of any heating or air conditioning system authorized by permit.	7.75
17.	For the installation of each hood which is served by mechanical exhaust, including the ducts for such hood.	21.70
18.	For each fire damper installed in an existing system.	5.45
19.	For each air balance test.	21.70

TABLE 3-D - PLUMBING PERMIT FEES

Permit Issuance

For issuing each permit	20.00
For issuing each supplemental permit	10.00

Fixture Charges

Bathtub	2.35
Shower	2.35
Lavatory	2.35
Toilet	2.35
Urinal	2.35
Floor drain	2.35
Floor sink	2.35
Wash Tray	2.35
Sink	2.35
Garbage disposal (residential)	2.35
Garbage disposal (commercial)	9.60
Clothes dryer (gas) (venting)	2.35
Clothes washer (residential)	2.35
Clothes washer (commercial)	2.35
Dishwasher (residential)	2.35
Dishwasher (commercial)	2.35
Dental unit	9.60
Drinking fountain	2.35
Refrigerator, ice maker, water dispenser	2.35
Any other water using equipment attached coffee makers, ice makers	2.35
Water heaters (gas) (electric)	2.35
Sewer System - new, replacement, modification, <u>or any drainage work</u>	11.85
Grease or sand trap or interceptor	2.35
Trailer trap - rental parks	5.60

Water Softeners

Non permanent type (rental)	2.35
Permanent type (connected to drain)	2.35

Swimming Pools

Private or wading pool (including spa)	23.75
Public or semi-public	35.50
Spas - preformed private	11.85
Spas - preformed commercial	23.75

Water Distribution System

Single family dwelling	7.20
Multi family dwelling	7.20
Plus each dwelling unit	3.60
Commercial building per floor	3.60
Plus each unit (leased space or office)	2.35
Hotel or motel	9.30
Plus each unit	3.60
Trailer park	35.40
Plus each space	2.35
Irrigation for SFD only	21.45
Irrigation - commercial construction valuation. (see Section 304 Table 3-A of the 1991 Uniform Building Code as amended	

Fuel Piping System

Single family dwelling	7.20
Multi family dwelling	11.85
Plus each unit	2.35
Commercial building per floor	7.20
Plus each unit (leased space or office)	7.20
Medium pressure gas system (plan check)	14.25
Each gas appliance (any type)	2.35
Standby emergency (generating engines)	2.35
Steam boilers	6.20

Pipeline contractor for on site sewer, gas or
water Contract Value

Fee based on
building code
permit valuation
chart, 1991 UBC

Solar Energy Systems (collectors, including piping) per collector	6.20
Storage Tanks (each)	6.20

(Tables 3-E and 3-F deleted)

TABLE 3-G - GRADING FEES

Plan Review Fee - \$20.00

Grading Permit Fees:

Clearing and Grubbing - \$20.50 minimum for each permit up to 50 acres, plus \$5.00 per additional 50 acres or portion thereof.

Earth Moving - \$20.50 minimum

50 cubic yards or less \$20.50

51 to 100 cubic yards \$23.75

101 to 1000 cubic yards - \$23.75 for the first 100 cubic yards, plus \$11.35 for each additional 100 cubic yards or fraction thereof.

1001 to 10,000 cubic yards - \$126.00 for the first 1,000 cubic yards, plus \$10.00 for each additional 1,000 cubic yards or fraction thereof.

10,001 to 100,000 cubic yards \$216.00 for the first 10,000 cubic yards, plus \$52.00 for each additional 10,000 cubic yards or fraction thereof.

100,001 cubic yards or more - \$684.00 for the first 100,000 cubic yards, plus \$24.00 for each additional 10,000 cubic yards or fraction thereof.

Grading, Clearing and Grubbing prior to Obtaining a Permit

An additional fee of \$100.00 for each 100 acres or fraction thereof shall be levied when a grading or clearing and grubbing operation has commenced prior to obtaining a permit.

TABLE 3-H - OTHER INSPECTIONS AND FEES

The following fees are incorporated into Tables 3-A through 3-G and are considered a part thereof:

1. **Moving Permit Fee:** Moving within or into the City. For buildings larger than 200 square feet, \$100.00 for each building or structure unless said building or structure is moved in portions in which case each portion shall be \$100.00.

For buildings or structures of 200 square feet or less, the fee shall be \$40.00 unless said building or structure is moved in portions in which case each portion shall be \$40.00.
2. **Moving Out of the City:** \$20.00 for each building or structure unless said building or structure is moved in portions in which case each portion is \$20.00
3. **Certification and Certificate of Occupancy Fees:** \$50.00 per dwelling unit, guest room or tenant space. If four or more units, the fee shall be \$200.00 plus \$10.00 per dwelling unit, guest room or tenant space, over four.
4. **Additional Plan Review Service Charge:** \$50.00 per hour during business hours; \$70.00 per hour after hours (minimum one hour).
5. **Inspections Outside of Normal Business Hours:**
 - (a) \$60.00 per hour if contiguous to work hours (minimum, 1 hour)
 - (b) Same-day callouts will be charged at the rate of \$60.00, plus \$60.00 for each hour or portion thereof of travel and waiting time.
 - (c) Planned Saturday callouts will be a minimum of three hours (\$180.00) and \$60.00 an hour for each hour or portion thereof over three hours.
 - (d) Emergency after hours calls (with less than 12 hours notice) and Holiday callouts will be \$240.00 for a three hour minimum, and then an additional \$80.00 for each hour or portion thereof over three hours.
 - (e) Fire investigations for Permits: \$80.00, for the first hour, then \$60.00 per hour thereafter.
6. **Reinspection Fee Assessed Under Provisions of Section 305(h):**
\$75.00

7. **Demolition Permit Fee:** \$50.00
8. **Permit Fee for Expired Permit:** Permit fees for renewal/issuance for an expired permit shall be per Section 303(d).

Exception: Where only final inspections are incomplete, the fee to renew the permit shall be \$50.00 per trade (i.e. Building, Mechanical, Plumbing, Electrical), when approved by the Building Official.
9. **Special Investigation Fee:** \$50.00 or \$50.00 per hour, whichever is greatest.
10. **Product Approval Fee:** \$250.00 per case for staff review and evaluation of a building product not yet approved by the International Conference of Building Officials (ICBO).
11. **Amusement Ride Certificate:** \$250.00 (on calendar year basis).
12. **Change of address:** If address change is requested by the applicant / owner after permits have been issued, a \$200.00 Administrative Processing Fee per address will be charged.
13. **Mobile Home:** Mobile Home Fees are as follows: Inspection Fees, \$69.00; Zoning Fees, \$3.00; Manufactured Home Tag, \$30.00.
