31 SECTION 89: Title 7 of the Municipal Code of the City of Las
32 Vegas, Nevada, 1983 Edition, is hereby amended by adding thereto a new

Chapter, to be designated as Chapter 20, consisting of the provisions set forth in Sections 90 to 101, inclusive, of this Ordinance.

SECTION 90:

(A) Every dog or cat found at large, or in violation of any Section of this Chapter, or without a numbered license tag as required by this Title or any Subsection thereof, may be impounded by the Animal Control Officer at the Animal Control Center and there kept for a period of one hundred twenty hours.

(B) If the ownership of the dog or cat is proved within said period of time, the owner shall be able to remove it upon payment of an impound fee of twenty-five dollars plus payment of boarding fees of five dollars per day or any part thereof; said payment shall go to the credit of the City.

(C) If any such animal is licensed and the license tag has been lost, the same shall, before the release of the animal from the Animal Control Center, be replaced at the expense of the owner at a cost of five dollars, payable to the Animal Regulation Officer.

(D) If such dog or cat is unlicensed, its release shall be conditioned upon the delivery of a certificate of vaccination to the Animal Regulation Officer, and the payment to said Animal Regulation Officer of the license fee in accordance with the provisions of this Title, whereupon such owner so reclaiming such dog or cat shall be entitled to a license and numbered license tag.

(E) If the dog or cat is unvaccinated, the owner shall also be required to have the dog or cat vaccinated prior to release.

SECTION 91: It is unlawful for the owner of any female dog or cat to suffer, permit, or allow their dog or cat to run at large while the dog or cat is in its copulating season, and the owner of such female dog or cat shall keep the same secured upon his premises in an adequately enclosed area or in a boarding kennel so that other dogs or cats shall not have access thereto. Every female dog or cat which is not kept in conformance with this Section shall be immediately seized and impounded in

1 the Animal Control Center and held subject to the provisions of this
2 Chapter.

3 CHAPTER 92:

4 (A) The fee for impounding such dog or cat as provided in Section
5 91 shall be fifty dollars, plus five dollars per day or any part
6 thereof, twenty-five dollars of which can, at the option of the owner, be
7 applied toward the spaying of the dog or cat at a veterinarian of the
8 owner's choice if the spaying is performed within ninety days. The Animal
9 Regulation Officer shall forward the thirty-five dollars to the
10 veterinarian upon the latter's proof of the spay of the dog or cat.
11 Should the owner opt not to have the spay performed, the entire fifty
12 dollars shall be retained by the City.

13 (B) If a dog or cat running at large in copulating season is captured
14 by the Animal Regulation Officer for the second time within a five-year
15 period of the first capture in copulating season, then a fine of one
16 hundred dollars plus five dollars per day for any time over twenty-four
17 hours shall be levied by the City with the same option of spay to the
18 owner of the dog or cat as on the first capture.

19 (C) All subsequent captures in copulating season within a five-year
20 period of the first capture shall cause a fine of one hundred fifty
21 dollars plus five dollars per day for any time over twenty-four hours to
22 be levied by the City with the same option to the owner of the dog or cat
23 as on the first capture.

8 SECTION 95: The Animal Control Officer or any Peace Officer
9 shall have the right for just cause to enter upon any private or public

15 Control Officer shall have the authority, when deemed reasonably
16 necessary, to utilize any weapon, device or substance in order to
17 apprehend, capture, control, or subdue any animal running at large, or
18 considered to be a threat to persons or property in the immediate area.

19 SECTION 97:

20 (A) Any dog or cat impounded in the Animal Control Center as provided
21 in this Title shall be kept for a minimum of one hundred twenty hours;
22 provided, however, that any such dog or cat may, after the first
23 seventy-two hours, be released to any person who shall pay all appropriate
24 fees as provided in this Title; however, if ownership is proven, the owner
25 may pick up the animal at any time contingent on all criteria of this
26 Title being met.

27 (B) If the ownership of a dog or cat is not proven or if such dog or
28 cat is not released pursuant to Subsection (A) of this Section within one
29 hundred twenty hours, or within the ten-day period of observation for
30 rabies as provided in Chapter 7.24, such dog or cat may be destroyed in a
31 humane manner in compliance with and pursuant to the provisions of
32 Sections 145 through 148, under the direction of the Animal Regulation

1 Officer.

2 (C) If the animal is on a court or Animal Regulation Officer's hold
3 to determine if the animal is vicious, the owner must pay the impound fee
4 of twenty-five dollars plus payment of boarding fees of five dollars per
5 day or any part thereof until the animal has been released. Payment shall
6 go to the credit of the City.

7 SECTION 98: No dog or cat so impounded shall be released to any
8 person except upon performance of the following conditions:

9 (A) There has been presented to the Animal Regulation Officer a
10 current license for such dog or cat issued by the City, County or one of
11 their political subdivisions, or a current license from any other state or

17 City dog or cat license as provided by law;

18 (C) There has been paid all appropriate licensing and certification
19 fees as provided by law.

20 (D) The Animal Regulation Officer has determined that such dog or cat
21 does not have or is not reasonably suspected of having rabies.

22 SECTION 99: Before the release of any animal by way of an
23 adoption, an adoption fee, plus the cost of sterilization and rabies
24 vaccination, will be paid to the Animal Regulation Officer. All dogs and
25 cats older than 4 months must be sterilized prior to being released for
26 adoption from the Animal Control Center.

27 SECTION 100: After the animal has been vaccinated, or the fee
28 for vaccination has been paid, and if all the conditions of this Title
29 have been satisfied, the Animal Control Officer shall release such dog or
30 cat to the owner, or to the person applying for the release of such animal
31 as herein provided.

32 SECTION 101: If the Animal Control Officer suspects that any

1 dog or cat so impounded has rabies, he shall hold such animal for
2 inspection by a veterinarian. In the event that such animal is afflicted
3 with rabies, it shall be disposed of or confined for such time as the
4 Health Officer shall direct. Whenever the veterinarian determines that
5 such dog or cat does not have rabies, it shall be released as provided
6 herein.

7 SECTION 102: Title 7, Chapter 24, of the Municipal Code of the
8 City of Las Vegas, Nevada, 1983 Edition, is hereby repealed in its
9 entirety.

10 SECTION 103: Title 7 of the Municipal Code of the City of Las
11 Vegas, Nevada, 1983 Edition, is hereby amended by adding thereto a new
12 Chapter, to be designated as Chapter 24, consisting of the provisions set
13 forth in Sections 104 to 115, inclusive, of this Ordinance.

14 SECTION 104: The Health Officer may, by public notice and
15 proclamation, quarantine any animal in any area of the City where he finds
16 rabies or other disease to exist. During such quarantine period and until
17 public notice of its termination has been given by the Health Officer,
18 each animal in that area must be securely confined by its owner. All such
19 designated animals found at large in that area during such period may be
20 impounded, quarantined, or destroyed at the order of the Health Officer.

21 SECTION 105: It shall be the duty of anyone with knowledge of a
22 human being having been bitten by any animal to promptly report the same
23 to the Health Officer or the Animal Regulation Officer, and to provide all
24 pertinent information requested by them.

25 SECTION 106:

26 (A) A home confinement may be approved by the Animal Control Officer.
27 If the biting animal has been properly vaccinated against rabies, it shall
28 be the duty of the person owning, possessing or having the care, custody
29 and control of said animal to confine such animal separately and securely
30 in an enclosed building or lot for a period of ten days in keeping with
31 directions from the Animal Control Officer. If the animal biting is
32 considered vicious by the Animal Control Officer, the animal will be

1 impounded at the Animal Control Center. In the event such animal develops
2 any illness during such period of time, the owner or person having the
3 care, custody, and control must promptly notify a veterinarian, who shall
4 make such examination as he deems necessary and report to the Animal
5 Control Officer in the event said animal is deemed to have rabies, and
6 said animal shall be handled in accordance with the provisions hereof.

7 (B) The maximum period of confinement for observation of the
8 vaccinated animal confined at the Animal Control Center shall be ten days,
9 even if said animal is obtained from any other governmental entity,
10 including, but not limited to, the State, the County, the City of North
11 Las Vegas, the City of Henderson, and the City of Boulder City. If the
12 animal is not released after the maximum ten-day period, as provided by
13 law, it may be destroyed thereafter, except when the animal has a hold on
14 it.

15 SECTION 107:

16 (A) In the event the biting animal has not been vaccinated against
17 rabies, said animal shall be confined, at the owner's expense, separately,
18 in either the animal quarters at the business premises of a veterinarian,
19 at a commercial kennel, or in the City Animal Control Center for a period
20 of ten days observation, and if not released as provided by law, may be
21 destroyed thereafter. Such animal shall not be released before suitable
22 provisions for vaccination and licensing have been made as set forth in
23 this Title. If the biting animal is considered vicious by the Animal
24 Control Officer, the animal will be impounded at the Animal Control
25 Center.

26 (B) The maximum period of confinement for observation of the
27 unvaccinated animal confined at the Animal Control Center shall be ten
28 days, even if said animal is obtained from any other governmental entity,
29 including, but not limited to, the State, the County, the City of North
30 Las Vegas, the City of Henderson, and the City of Boulder City. If the
31 animal is not released after the maximum ten-day period, as provided by
32 law, it may be destroyed thereafter, except when the animal has a hold on

1 it.

2 SECTION 108:

3 (A) Upon the receipt by the Animal Control Officer of any animal
4 believed to be afflicted with rabies, which has been bitten by any animal
5 afflicted or suspected of being afflicted with rabies, or which has been
6 exposed to the infection of rabies, the Animal Control Officer shall
7 separately confine such animal and shall immediately notify a veterinarian
8 and the Health Officer. The veterinarian or Health Officer shall
9 thereupon make such examination of the animal as may be deemed necessary.
10 If, upon such examination, it is determined that such animal is afflicted
11 with rabies, the Animal Control Officer shall be so advised.

12 (B) It shall be the duty of the Animal Control Officer to keep such
13 animal suspected of having rabies confined for such time as the
14 veterinarian or Health Officer may direct, and such animal shall not be
15 redeemed or released except upon written order signed by the Health
16 Officer. Such animal shall not be released before suitable provisions for
17 vaccination and licensing have been made as set forth in this Title.

18 (C) The cost of all examinations shall be borne by the owner of said
19 animal.

20 SECTION 109: It shall be the duty of the Animal Control Officer
21 to impound any animal found in or upon any public street, alley or other
22 public place, or in or upon any lot or premises, whether public or
23 private, if such animal is known to have or suspected of having rabies, or
24 known to have been bitten by any animal having or suspected of having
25 rabies, and such animal shall be brought immediately before the Health
26 Officer and a veterinarian for determination of whether the animal shall
27 be destroyed or impounded. If destruction of the animal is required,
28 destruction shall be accomplished in such manner as to preserve intact the
29 head. Such head shall promptly and without delay be properly removed and
30 packaged for shipment for laboratory analysis as prescribed by the Health
31 Officer.

32 SECTION 110: The maximum period of confinement for observation

1 at the Animal Control Center of a animal known to have or suspected of
2 having rabies shall be ten days, even if said animal is obtained from any
3 other governmental entity, including, but not limited to, the State, the
4 County, and the cities of North Las Vegas, Henderson, and Boulder City.
5 If the animal is not released after the maximum ten-day period, as
6 provided by law, it may be destroyed thereafter. Any other animal known
7 to have or suspected of having rabies shall be confined for observation at
8 the Animal Control Center for such necessary period of time as shall be
9 determined by the Health Officer, but in no event less than ten days.

10 SECTION 111: Whenever any person owning, possessing or having
11 the custody or control of an animal shall observe or learn that such
12 animal shows symptoms of rabies, or acts in a manner which would lead to a
13 reasonable suspicion that it may have rabies, he shall immediately notify
14 a veterinarian or the Health Officer to make an inspection or examination
15 of such animal until it shall be established to the satisfaction of said
16 veterinarian or Health Officer that such animal has or does not have
17 rabies. There shall be immediate notification to the Health Officer and
18 the Animal Regulation Officer of any animal which dies during quarantine
19 and any such animal shall be preserved for laboratory analysis.

20 SECTION 112: Whenever any animal is bitten by another animal
21 suspected of having rabies, the owner of the bitten animal and the owner
22 of the biting animal shall immediately notify the Health Officer and the
23 Animal Control Officer who, in their discretion, may quarantine such
24 animals for a period to be determined and in such manner as prescribed by
25 the Health Officer.

26 SECTION 113: The Health Officer is hereby empowered to enter
27 upon any private or public property for the purpose of ascertaining
28 whether any animal kept or harbored therein is afflicted with rabies.

29 SECTION 114: If it shall appear to the Health Officer or Animal
30 Control Officer that an animal has rabies, he shall forthwith impound for
31 observation such animal until released by the Health Officer.

32 SECTION 115: It shall be the duty of the Animal Regulation

1 Officer to keep an accurate record of all reports of animal bites,
2 including the place of occurrence, time of report, person making the
3 report, disposition of the case, and such other information as may be
4 required by the Animal Regulation Officer or the Health Officer. Each
5 such case shall be investigated and the animal properly dealt with in
6 accordance with the provisions of this Chapter.

25 [by sale, destruction, or gift under the provisions of this Title
26 governing the disposal of abandoned or unclaimed animals] according
27 to law.
