

BILL NO. 92-38

ORDINANCE NO. 3662

AN ORDINANCE CREATING CITY OF LAS VEGAS, NEVADA, SPECIAL IMPROVEMENT DISTRICT NO. 1427; ORDERING THE INSTALLATION OF CERTAIN IMPROVEMENTS WITHIN THE CITY OF LAS VEGAS; PROVIDING FOR THE LEVY AND COLLECTION OF SPECIAL ASSESSMENTS THEREFOR; RATIFYING ACTION HERETOFORE TAKEN RELATIVE TO SAID DISTRICT; AND PROVIDING FOR RELATED MATTERS.

Sponsored by: Ordinance required by
step procedure.

Summary: Creates
District.

WHEREAS, the City Council of the City of Las Vegas (the "City Council" and the "City", respectively, herein), in the County of Clark, and State of Nevada, has heretofore taken action that is preliminary to the creation of the proposed "City of Las Vegas, Nevada, Special Improvement District No. 1427" (the "District" herein), consisting of six (6) separate and distinct assessment units, for the purposes of providing for the grading, gravelling, macadamizing, paving, draining and otherwise improving of Sahara Avenue, and portions thereof, as is more particularly described in the notice of hearing (the "Notice of Hearing" herein) that is provided for in Section 4 of the Provisional Order Resolution that was duly passed, adopted and approved by the City Council on the 20th day of May, 1992, as ASSESSMENT UNIT NO. I, providing for the installation of curbs and gutters along Sahara Avenue, and portions thereof, as is more particularly described in the Notice of Hearing as ASSESSMENT UNIT NO. II, providing for the installation of commercial driveway approaches along Sahara Avenue, and portions thereof, as is more particularly described in the Notice of Hearing as ASSESSMENT UNIT NO. III, providing for the installation of a

street lighting system and all facilities that are incidental thereto along Sahara Avenue, and portions thereof, as is more particularly described in the Notice of Hearing as ASSESSMENT UNIT NO. IV, providing for the installation of sanitary sewer laterals along Sahara Avenue, and portions thereof, as is more particularly described in the Notice of Hearing as ASSESSMENT UNIT NO. V, and providing for the installation of potable water laterals along Sahara Avenue, and portions thereof, as is more particularly described in the Notice of Hearing as ASSESSMENT UNIT NO. VI, and of defraying the entire cost and expense thereof by special assessments, according to the benefits that will be derived from such improvements by the respective assessable lots and parcels of property in the District, against such lots and parcels within each assessment unit thereof; and

WHEREAS, pursuant to Chapter 271 of the Nevada Revised Statutes ("Chapter 271" herein), the City Council, in the Provisional Order Resolution, declared its determination to create the District for the purpose of constructing and installing such improvements within the respective assessment units thereof, described the improvements that are proposed to be constructed and installed in the respective units, stated that the entire cost and expense thereof shall be paid by special assessments and that such assessments are to be levied according to the benefits that will be derived by the respective assessable lots and parcels or property from such improvements, designated, by apt description, the District, including the lots and parcels that are proposed to be so assessed, described with

particularity the location at which the improvement that is proposed to be constructed and installed within each assessment unit of the District is to be so constructed and installed and directed the City Clerk of the City (the "City Clerk" herein) to give notice that certain documents with respect to the District had been filed in her office and of the time, date and place of a public hearing as to the propriety and advisability of constructing and installing such improvements, and the City Clerk gave the notice of such filing and such public hearing in the manner and for the period that is specified in Chapter 271 and in accordance with the directions that are contained in the Provisional Order Resolution; and

WHEREAS, the public hearing concerning the propriety and advisability of constructing and installing such improvements was held on the 17th day of June, 1992, pursuant to the duly mailed, posted and published Notice of Hearing, with no written protest or objection and no oral protest or objection having been presented to the creation of the District or to the construction and installation of any of the improvements that are proposed to be constructed and installed in the respective assessment units thereof; and

WHEREAS, the City Council, by that certain Resolution that was duly passed, adopted and approved on the 1st day of July, 1992, has found, determined and declared that there has been no protest or objection, either written or oral, to the creation of the District or to the construction and installation of any of the improvements that are proposed to be constructed

and installed in the respective assessment units thereof and has further found, determined and declared that the public convenience and necessity require the creation of the District and that the creation of the District is economically sound and feasible; and

WHEREAS, the City Council and the officers of the City have done all of the things that are necessary and preliminary to the creation of the proposed "City of Las Vegas, Nevada, Special Improvement District No. 1427", including without limitation the filing with the City Clerk by the City Engineer of the City of a revised and accurate estimate of the cost and plans, assessment plats, specifications and maps, and the City Council desires, by this Ordinance, now to order the construction and installation of such improvements and the performance of the work within each assessment unit of the District;

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF LAS VEGAS DOES ORDAIN AS FOLLOWS:

SECTION 1. That there shall be, and there hereby is, created a special improvement district, consisting of six (6) separate and distinct assessment units, for the purposes of providing for the grading, gravelling, macadamizing, paving, draining and otherwise improving of Sahara Avenue, and portions thereof, in ASSESSMENT UNIT NO. I, providing for the installation of curbs and gutters along Sahara Avenue, and portions thereof, in ASSESSMENT UNIT NO. II, providing for the installation of commercial driveway approaches along Sahara Avenue, and portions thereof, in ASSESSMENT UNIT NO. III, providing for the

installation of a street lighting system and all facilities that are incidental thereto along Sahara Avenue, and portions thereof, in ASSESSMENT UNIT NO. IV, providing for the installation of sanitary sewer laterals along Sahara Avenue, and portions thereof, in ASSESSMENT UNIT NO. V and providing for the installation of potable water laterals along Sahara Avenue, and portions thereof, in ASSESSMENT UNIT NO. VI and of defraying the entire cost and expense thereof by special assessments, according to the benefits that will be derived from such improvements by the respective assessable lots and parcels of property in the District, against such lots and parcels within each assessment unit thereof, such assessment units to include, and be the same as, the areas that are designated in the Provisional Order Resolution, and such improvements shall be, and they hereby are ordered to be, constructed and installed.

SECTION 2. That the character and location of the improvements and the boundaries of the District, and of each assessment unit thereof, shall be, in all respects, as the same are set forth in the Provisional Order Resolution (except to the extent that any thereof may be inconsistent herewith), all as is more particularly shown on the plats, diagrams, plans and specifications as they were filed in the Office of the City Clerk prior to the adoption of the Provisional Order Resolution.

The boundaries of the District, which include all of the lots and parcels of property that are to be assessed, are more particularly described as follows:

ASSESSMENT UNIT NO. I (Street Paving)

Each lot or parcel of real property lying in and being situate in the City of Las Vegas, County of Clark, State of Nevada, and being a portion of Section 2 or Section 3, Township 21 South, Range 60 East, M.D.M., that abuts Sahara Avenue (121 feet wide) along the north side thereof from the centerline of Rainbow Boulevard (150 feet wide) westerly to the centerline of Durango Drive (100 feet wide).

ASSESSMENT UNIT NO. II (Curbs and Gutters)

Each lot or parcel of real property lying in and being situate in the City of Las Vegas, County of Clark, State of Nevada, and being a portion of Section 2 or Section 3, Township 21 South, Range 60 East, M.D.M., that abuts Sahara Avenue (121 feet wide) along the north side thereof from the centerline of Rainbow Boulevard (150 feet wide) westerly to the centerline of Durango Drive (100 feet wide).

ASSESSMENT UNIT NO. III (Commercial Driveway Approaches)

Each lot or parcel of real property lying in and being situate in the City of Las Vegas, County of Clark, State of Nevada, and being a portion of Section 2 or Section 3, Township 21 South, Range 60 East, M.D.M., that abuts Sahara Avenue (121 feet wide) along the north side thereof from the centerline of Rainbow Boulevard (150 feet wide) westerly to the centerline of Durango Drive (100 feet wide).

ASSESSMENT UNIT NO. IV (Street Lighting)

Each lot or parcel of real property lying in and being situate in the City of Las Vegas, County of Clark, State of

Nevada, and being a portion of Section 2 or Section 3, Township 21 South, Range 60 East, M.D.M., that abuts Sahara Avenue (121 feet wide) along the north side thereof from the centerline of Rainbow Boulevard (150 feet wide) westerly to the centerline of Durango Drive (100 feet wide).

ASSESSMENT UNIT NO. V (Sanitary Sewer Laterals)

Each lot or parcel of real property lying in and being situate in the City of Las Vegas, County of Clark, State of Nevada, and being a portion of Section 2 or Section 3, Township 21 South, Range 60 East, M.D.M., that abuts Sahara Avenue (121 feet wide) along the north side thereof from the centerline of Rainbow Boulevard (150 feet wide) westerly to the centerline of Durango Drive (100 feet wide).

ASSESSMENT UNIT NO. VI (Potable Water Laterals)

Each lot or parcel of real property lying in and being situate in the City of Las Vegas, County of Clark, State of Nevada, and being a portion of Section 2 or Section 3, Township 21 South, Range 60 East, M.D.M., that abuts Sahara Avenue (121 feet wide) along the north side thereof from the centerline of Rainbow Boulevard (150 feet wide) westerly to the centerline of Durango Drive (100 feet wide).

SECTION 3. That the improvements that are ordered by Section 1 of this Ordinance to be constructed and installed in the District constitute a portion of a total project that will include the construction and installation along Sahara Avenue (121 feet wide) of street paving 117 feet in width; raised median islands or a two-way center left turn lane, or a combination

thereof; traffic control devices; curbs and gutters; commercial driveway approaches; streetlights; sanitary sewer laterals; potable water laterals; and drainage facilities (the "Project" herein). The total cost of the Project is estimated to be \$5,844,990.00, of which an estimated \$775,987.00 will be paid by the special assessments that are to be levied upon the assessable lots and parcels of property that will be benefited by the Project. The City Council shall provide that such assessments may be payable without interest or demand during a specified period or, at the election of the owner of the lot or parcel of property upon which such assessment is levied, in twenty (20) substantially equal semiannual installments of principal. The amounts that are to be assessed shall be assessed against all of the assessable lots and parcels of property that are benefited by such improvements, proportionately to the benefits that each such lot or parcel receives, and shall be assessed against the assessable lots and parcels of property that abut, and are benefited by, the improvement that is constructed and installed in ASSESSMENT UNIT NO. I on a front foot basis, i.e., on the basis that each lot or parcel of property that is to be assessed in the assessment unit shall be assessed a portion of the aggregate dollar amount that is being levied against the entire assessment unit in the proportion that the frontage of such lot or parcel that abuts, and is benefited by, the improvement bears to the frontage of all of the assessable properties that abut, and are benefited by, the improvement in the assessment unit (provided, however, that, if any such lot or parcel is divided,

after the date of the hearing as to the propriety and advisability of making such improvement but prior to the date on which the assessments are levied by ordinance, pursuant to NRS 271.390, into sublots or subparcels, the assessment against such lot or parcel shall be apportioned among such sublots or subparcels on an area basis, i.e., on the basis that each such subplot or subparcel shall be assessed a portion of the aggregate dollar amount that is being levied against the entire lot or parcel in the proportion that the area of such subplot or subparcel bears to the aggregate area of the entire lot or parcel), against the assessable lots and parcels of property that abut, and are benefited by, the improvement that is constructed and installed in ASSESSMENT UNIT NO. II on a lineal foot basis, i.e., on the basis that each lot or parcel of property that is to be assessed in the assessment unit shall be assessed a portion of the aggregate dollar amount that is being levied against the entire assessment unit in the proportion that the number of lineal feet of such lot or parcel that abut, and are benefited by, the improvement bears to the number of lineal feet of all of the assessable properties that abut, and are benefited by, the improvement in the assessment unit (provided, however, that, if any such lot or parcel is divided, after the date of the hearing as to the propriety and advisability of making such improvement but prior to the date on which the assessments are levied by ordinance, pursuant to NRS 271.390, into sublots or subparcels, the assessment against such lot or parcel shall be apportioned among such sublots or subparcels on an area basis, i.e., on the

basis that each such subplot or subparcel shall be assessed a portion of the aggregate dollar amount that is being levied against the entire lot or parcel in the proportion that the area of such subplot or subparcel bears to the aggregate area of the entire lot or parcel), against the assessable lots and parcels of property that are served by, and are to be assessed for, any improvement that is constructed and installed in ASSESSMENT UNIT NO. III on the basis that each lot or parcel of property that is served by, and is to be assessed for, any improvement that is constructed and installed in the assessment unit shall be assessed a portion of the aggregate dollar amount that is being levied against the entire assessment unit in the proportion that the number and length of the driveway approaches that are constructed and installed to serve such lot or parcel bears to the total number and aggregate length of all of the driveway approaches that are constructed and installed to serve all of the assessable properties in the assessment unit, against the assessable lots and parcels of property that abut the street along which the improvement that is installed in ASSESSMENT UNIT NO. IV, and are benefited by such improvement, on a front foot basis, i.e., on the basis that each lot or parcel of property that is to be assessed in the assessment unit shall be assessed a portion of the aggregate dollar amount that is being levied against the entire assessment unit in the proportion that the frontage of such lot or parcel that abuts the street along which the improvement is installed, and is benefited by such improvement, bears to the frontage of all of the assessable

properties that abut the street along which the improvement is installed, and are benefited by such improvement, in the assessment unit (provided, however, that, if any such lot or parcel is divided, after the date of the hearing as to the propriety and advisability of making such improvement but prior to the date on which the assessments are levied by ordinance, pursuant to NRS 271.390, into sublots or subparcels, the assessment against such lot or parcel shall be apportioned among such sublots or subparcels on an area basis, i.e., on the basis that each such subplot or subparcel shall be assessed a portion of the aggregate dollar amount that is being levied against the entire lot or parcel in the proportion that the area of such subplot or subparcel bears to the aggregate area of the entire lot or parcel), against the assessable lots and parcels of property that are served by, and are to be assessed for, any improvement that is installed in ASSESSMENT UNIT NO. V on the basis that each lot or parcel of property that is served by, and is to be assessed in the assessment unit for, 6-inch unit sanitary sewer laterals shall be assessed a portion of the aggregate dollar amount that is being levied against the entire assessment unit for 6-inch sewer laterals in the proportion that the number of 6-inch sewer laterals that are installed to serve such lot or parcel bears to the total number of 6-inch sewer laterals that are installed to serve all of the assessable properties in the assessment unit and on the basis that each lot or parcel of property that is served by, and is to be assessed in the assessment unit for, 8-inch sanitary sewer laterals shall be

assessed a portion of the aggregate dollar amount that is being levied against the entire assessment unit for 8-inch sewer laterals in the proportion that the number of 8-inch sewer laterals that are installed to serve such lot or parcel bears to the total number of 8-inch sewer laterals that are installed to serve all of the assessable properties in the assessment unit and against the assessable lots and parcels of property that are served by, and are to be assessed for, any improvement that is installed in ASSESSMENT UNIT NO. VI on the basis that each lot or parcel of property that is served by, and is to be assessed in the assessment unit for, 6-inch potable water laterals shall be assessed a portion of the aggregate dollar amount that is being levied against the entire assessment unit for 6-inch water laterals in the proportion that the number of 6-inch water laterals that are installed to serve such lot or parcel bears to the total number of 6-inch water laterals that are installed to serve all of the assessable properties in the assessment unit and on the basis that each lot or parcel of property that is served by, and is to be assessed in the assessment unit for, 8-inch potable water laterals shall be assessed a portion of the aggregate dollar amount that is being levied against the entire assessment unit for 8-inch water laterals in the proportion that the number of 8-inch water laterals that are installed to serve such lot or parcel bears to the total number of 8-inch water laterals that are installed to serve all of the assessable properties in the assessment unit. The portion of the costs that is to be assessed against, and the estimated amount of the

maximum benefits that are anticipated will be derived from such improvements by, each lot or parcel of property in each of the individual assessment units shall be as is stated in the aforesaid assessment plat.

Regardless of the basis that is used in apportioning the assessments, in the case of a wedge, "v" or other irregularly shaped lot or parcel of property, the amount that is apportioned thereto shall be in proportion to the special benefits that will be derived thereby.

SECTION 4. That, except as is shown on the plans and specifications that are now on file in the Office of the City Clerk, the character of such improvements is more particularly as follows:

ASSESSMENT UNIT NO. I (Street Paving)

The street paving shall consist of 3/4ths of an inch of opengrade over 5½ inches of plantmix bituminous surface and 3 inches of Type II aggregate base; together with the installation, removal and relocation of any and all utilities and any and all appurtenances that are deemed to be necessary in order to complete the same, as is more particularly shown by the plats, diagrams and plans of the work and of the locality that is to be improved as filed in the Office of the City Clerk.

ASSESSMENT UNIT NO. II (Curbs and Gutters)

The curbs and gutters shall be standard Portland cement "L" type over 6 inches of Type II aggregate base; together with the installation, removal and relocation of any and all utilities and any and all appurtenances that are deemed to be necessary in

order to complete the same, as is more particularly shown by the plats, diagrams and plans of the work and of the locality that is to be improved as filed in the Office of the City Clerk.

ASSESSMENT UNIT NO. III (Commercial Driveway Approaches)

The commercial driveway approaches shall consist of a radius driveway with a cross gutter, consisting of 6 inches of standard Portland cement that is reinforced with #4 rebar over 6 inches of Type II aggregate base, and a sidewalk and access ramp for the handicapped, consisting of 4 inches of standard Portland cement that is reinforced with #4 rebar over 5 inches of Type II aggregate base; together with the installation, removal and relocation of any and all utilities and any and all appurtenances that are deemed to be necessary in order to complete the same, as is more particularly shown by the plats, diagrams and plans of the work and of the locality that is to be improved as filed in the Office of the City Clerk.

ASSESSMENT UNIT NO. IV (Street Lighting)

The street lighting system shall consist of 250 watt high pressure sodium vapor luminaires, steel lighting standards on concrete bases and underground circuits; together with the installation, removal and relocation of any and all utilities and any and all appurtenances that are deemed to be necessary in order to complete the same, as is more particularly shown by the plats, diagrams and plans of the work and of the locality that is to be improved as filed in the Office of the City Clerk.

ASSESSMENT UNIT NO. V (Sanitary Sewer Laterals)

The sanitary sewer laterals shall be 6-inch or 8-inch, as the

same are required by the City or are otherwise requested by the owners of the respective lots or parcels of property, polyvinyl chloride sewer laterals between the existing sanitary sewer collection main to and the front property lines; together with the installation, removal and relocation of any and all utilities and any and all appurtenances that are deemed to be necessary in order to complete the same, as is more particularly shown by the plats, diagrams and plans of the work and of the locality that is to be improved as filed in the Office of the City Clerk.

If the owner of any lot or parcel of property within the assessment unit fails to designate the size, number or location, or any combination thereof, of the sanitary sewer laterals that such owner desires to have installed to serve such lot or parcel or requests that no sewer lateral be installed to serve such lot or parcel, the size, number or location, as the case may be, of such lateral or laterals shall be determined by the City in the following manner:

A. The City will not require the installation of any sewer lateral to serve any lot or parcel if a sewer lateral that can be installed from a sanitary sewer collection main that has been installed in a side street would provide adequate sewer service to such lot or parcel.

B. If the lot or parcel in question cannot adequately be served by a sewer lateral or laterals from a sewer main that has been installed in a side street, one 6-inch lateral shall be installed at the lower side of such lot or parcel unless the area thereof exceeds 2.5 acres;

C. If the lot or parcel in question cannot adequately be served by a sewer lateral or laterals from a sewer main that has been installed in a side street and the area thereof exceeds 2.5 acres, one 8-inch lateral shall be installed at the lower side of such lot or parcel unless the area thereof exceeds 5 acres; and

D. If the lot or parcel in question cannot adequately be served by a sewer lateral or laterals from a sewer main that has been installed in a side street and the area thereof exceeds 5 acres, one 8-inch lateral shall be installed at the lower side of such lot or parcel and one additional 8-inch lateral shall be installed at the lower side of the mid-point of such lot or parcel unless a lateral or laterals that would render such additional 8-inch lateral unnecessary can be installed to serve such lot or parcel from a sewer main that has been installed in a side street.

ASSESSMENT UNIT NO. VI (Potable Water Laterals)

The potable water laterals shall be 6-inch or 8-inch, as the same are required by the City or are otherwise requested by the owners of the respective lots or parcels of property, polyvinyl chloride potable water laterals between the existing potable water distribution main and the front property lines; together with the installation, removal and relocation of any and all utilities and any and all appurtenances that are deemed to be necessary in order to complete the same, as is more particularly shown by the plats, diagrams and plans of the work and of the

locality that is to be improved as filed in the Office of the City Clerk.

If the owner of any lot or parcel of property within the assessment unit fails to designate the size, number or location, or any combination thereof, of the potable water laterals that such owner desires to have installed to serve such lot or parcel or requests that no water lateral be installed to serve such lot or parcel, the size, number or location, as the case may be, of such lateral or laterals shall be determined by the City in the following manner:

A. The City will not require the installation of any water lateral to serve any lot or parcel if a water lateral that can be installed from a potable water distribution main that has been installed in a side street would provide adequate water service to such lot or parcel;

B. If the lot or parcel in question cannot adequately be served by a water lateral or laterals from a water main that has been installed in a side street, one 6-inch lateral shall be installed at the mid-point of the frontage of such lot or parcel unless the area thereof exceeds 2.5 acres.

C. If the lot or parcel in question cannot adequately be served by a water lateral from a water main that has been installed in a side street and the area thereof exceeds 2.5 acres, one 8-inch water lateral shall be installed at the mid-point of the frontage of such lot or parcel unless the area thereof exceeds 5 acres; and

D. If the lot or parcel in question cannot adequately be served by a water lateral from a water main that has been installed in a side street and the area thereof exceeds 5 acres, one 8-inch lateral shall be installed at the lower side of the mid-point of such lot or parcel and one additional 8-inch lateral shall be installed at the lower side of such lot or parcel unless a lateral or laterals that would render such additional 8-inch lateral unnecessary can be installed to serve such lot or parcel from a water main that has been installed in a side street.

In no event, however, shall a water distribution lateral be installed in the same trench in which a sanitary sewer lateral is installed.

SECTION 5. That the City Clerk be, and she hereby is, authorized, empowered and directed to file in the Office of the County Recorder of Clark County, Nevada, a certified copy of a list of the lots and parcels of property that are to be assessed in the District and the estimated amount of the maximum benefits that are to be assessed against each lot or parcel in the assessment area, as the same is shown on the assessment plat, as such estimated amount may have been revised and approved by the City Council.

SECTION 6. That all of the actions (not inconsistent with the provisions of this Ordinance) that have heretofore been taken by the City, and the officers thereof, and were directed toward the construction and installation of the improvements within each of the assessment units of the District, toward the

creation of the District and toward the levying and effecting of the special assessments to defray the cost thereof be, and the same hereby are, approved, ratified and confirmed.

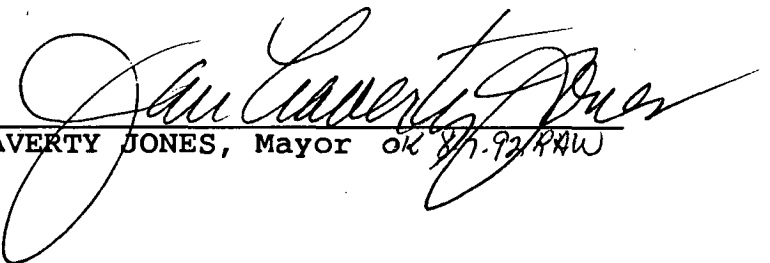

SECTION 7. That all bylaws, orders, resolutions or ordinances, or parts of bylaws, orders, resolutions or ordinances, that are in conflict with this Ordinance are hereby repealed.

SECTION 8. That, if any one or more of the sections, sentences, clauses or parts of this Ordinance shall, for any reason, be judicially questioned or be held to be invalid, such judgment shall not affect, impair or invalidate the remaining provisions of this Ordinance but shall be confined in its operation to each specific section, sentence, clause or part of this Ordinance that is so held to be unconstitutional or invalid, that the inapplicability or invalidity of any section, sentence, clause or part of this Ordinance in any one or more instances shall not affect or prejudice in any way the applicability or validity of this Ordinance in any other instance and that each of the assessment units that comprise the District shall be treated separately and distinctly for the purposes of notice, protest and other matters that relate thereto, and, should any of the individual assessment units be defeated by protests or become invalid for any reason, such protests or invalidity, by the operation of law or otherwise, shall not affect the remaining assessment unit or units.

SECTION 9. That the City Clerk, ex officio the Clerk of the City Council, be, and she hereby is, authorized, empowered and

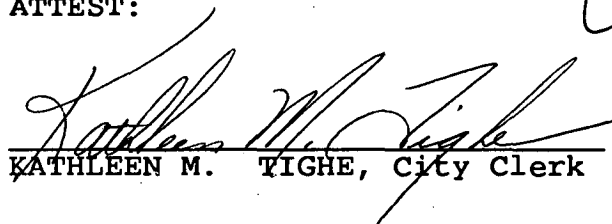

directed to cause this Ordinance to be published once, immediately following its final reading and adoption, in the Las Vegas Review-Journal, a daily newspaper that is published and of general circulation within the City, and this Ordinance shall become effective on the day that immediately follows the day on which such publication is made.

PASSED, ADOPTED AND APPROVED this 5th day of August, 1992.
