18 SECTION 2: The City Council hereby determines that the described territory meets
19 the requirements provided by law for annexation to the City for the following reasons:

- 20 A. The area to be annexed was contiguous to the City's boundaries at the time the
21 annexation proceedings were instituted;
- 22 B. More than one-eighth (1/8) of the aggregate external boundaries of the area are
23 contiguous to the City;
- 24 C. The territory proposed to be annexed is not included within the boundaries of
25 another incorporated city or within the boundaries of any unincorporated town
26 as those boundaries existed as of July 1, 1983;
- 27 D. The City is eligible to annex the described territory because the territory, on
28 January 1, 2001, was undeveloped land and was bounded on at least 75 percent

1 of its aggregate external boundaries by the existing corporate boundaries of the
2 City, and the City provides or will provide, within a reasonable period,
3 municipal services to the territory that are substantially equivalent to the
4 municipal services provided to any area of the City.

5 SECTION 3: The City will provide police protection through the Las Vegas
6 Metropolitan Police Department, fire protection, street maintenance, and library services immediately
7 upon annexation. Garbage collection by the company franchised by the City will also be provided
8 immediately. The City sanitary sewer system will serve the proposed annexation area. Any
9 connection to or extension of this sewer line to serve the annexation area shall be at the expense of
10 the landowners. Other services, such as participation in the City's recreational programs, special
11 education classes and programs, public works planning, building inspections, and other City services
12 will also be available immediately. Utilities such as gas, electricity, telephone, and water are provided
13 by private utility companies and other services to the area will not be affected by annexation. Street
14 paving, curbs and gutters, sidewalks and street lights which are not in place at the time of annexation
15 will be installed in the presently developed areas upon the request of the property owners and at their
16 expense by means of special assessment districts. Such improvements will be extended into the
17 undeveloped areas as development takes place and the need therefor arises, and will be located
18 according to the needs of the area at that time. Such installations will also be made at the expense of
19 the property owners, either by means of special assessment districts or as prerequisites to the approval
20 of subdivision plats, building permits or other land use or development applications.

21 SECTION 4: The annexation of the described territory shall become effective on the
22 14th day of February, 2003, and on that date the City will have the funds appropriated in sufficient
23 amount to finance the extension into the described territory of police protection, fire protection, street
24 maintenance, street sweeping, and street lighting maintenance.

25 SECTION 5: The described territory, together with the inhabitants and property
26 thereof, shall, from and after the 14th day of February, 2003, be subject to all debts, laws, ordinances
27 and regulations in force in the City and shall be entitled to the same privileges and benefits as other
28 parts of the City, and shall be subject to municipal taxes levied by the City.

SECTION 6: The City Engineer is hereby instructed to cause to be prepared an accurate map or plat of the described territory and to record the map or plat, together with a certified copy of this ordinance, in the office of the County Recorder of Clark County, Nevada, which recording shall be done prior to the 14th day of February, 2003.
