Street paving, curbs and gutters, sidewalks and street lights which are not in place at the time of annexation will be installed in the presently developed areas upon the request of the property owners and at their expense by means of special assessment districts. Such improvements will be extended into the undeveloped areas as development takes place and the need therefor arises, and will be located according to the needs of the area at that time. Such installations will also be made at the expense of the property owners, either by means of special assessment districts or as prerequisites to the approval of subdivision plats or the issuance of building permits, rezonings, zone variances or special use permits.

SECTION 4: The annexation of said described territory shall become effective on the 25th day of August, 1995, and on such date the City of Las Vegas will have the funds appropriated in sufficient amount to finance the extension into said described territory of police protection, fire protection, street maintenance, street sweeping, and street lighting maintenance.
