

Ordinance No. 167

An Ordinance regulating dry cleaning plants in the City of Las Vegas, providing penalties for the violation thereof, and other matters relating thereto, and repealing all ordinances and parts of ordinances in conflict therewith.

The Board of Commissioners of the City of Las Vegas, do Ordain
as follows:

Section 1. The dry cleaning room of a clothes cleaning establishment shall be a fireproof building not more than one (1) story high, with no basement beneath; building must be of brick, stone or concrete construction with concrete floor. Said walls shall be at least eight inches thick.

(a) The doors of such room must be of an approved pattern of automatic fire doors; and the windows shall be of wired glass in metal frames and sashes.

(b) The walls of said room shall have vent holes at the floor line not less than 6x8 inches in area, one such opening in each outside wall of the room.

(c) The dry cleaning room shall be equipped with fire buckets filled with sand for use in extinguishing fires, the number of buckets and quantity of sand to be determined by the Fire Chief.

(d) There shall be no connection between the said clothes cleaning establishments to public or private sewers, drain, catch-basin or pit, and no heating or cooking stoves, or fires of any description, shall be permitted in said cleaning room.

(e) The lighting must be done by electricity in the most approved manner; and all switches must be four and one-half (4½) feet above the floor of such establishments, located near the door, so as not to allow opportunity for vapor to collect near them.

(f) It shall be unlawful to locate, have, use or maintain a steam generating boiler, dynamo, or motor within the walls of any clothes cleaning establishment except in a room entirely separated from the cleaning and dyeing rooms.

Section 2. All solvent used for dry cleaning garments must be stored in underground tanks made of not less than 14 gauge iron with the exception of muck tanks or clarifiers not to exceed two in number and which must be placed in a separate room.

Section 3. Each washing machine, drying tumbler or any other appliance to wash or dry garments must be equipped with automatic steam valve with sufficient steam pressure to extinguish any fire which might occur. The sufficiency of such equipment shall be determined by the Fire Chief.

Section 4. No dry cleaning room shall be located less than fifteen feet from any other building.

Section 6. All ordinances and parts of ordinances in conflict herewith are hereby repealed.

Section 7. This ordinance shall take effect thirty days after its passage and publication for one week in Las Vegas Evening Review-Journal, a daily newspaper published in the City of Las Vegas.

Passed and adopted this 22 day of April, 1931,
