4 (D) If a feral cat that has been released to a feral cat colony under this Section is
5 trapped and impounded within the City a second time after its release to the colony, as determined by
6 scanning for the implanted microchip, the Animal Regulation Officer may require that the cat not be
7 permitted to return to the colony.

8 SECTION 9: Title 7 of the Municipal Code of the City of Las Vegas, Nevada, 1983
9 Edition, is hereby amended by adding thereto a new chapter, designated as Chapter 22, consisting of
10 Sections 10 to 70, inclusive, reading as follows:

11 **7.22.010:** The purpose of this Chapter is to establish a mechanism by which feral cat colonies
12 may function within the City in conjunction with Section 7.20.035 and with other provisions of this
13 Title that might otherwise govern or apply. The Animal Regulation Officer may elect to:

14 (A) Use this Chapter independently;

15 (B) Have this Chapter be the basis for entering into an interlocal contract or
16 cooperative agreement with another jurisdiction regarding feral cat colonies and sponsors, following
17 which:

18 (1) The application of this Chapter will be superseded by the contract or
19 agreement; and

20 (2) The subject matter of this Chapter will be governed by that contract or
21 agreement; or

22 (C) Use this Chapter in connection and concurrently with such a contract or
23 agreement, with the means of doing so set forth in the contract or agreement.

24 **7.22.020:** Feral cat colonies shall be permitted, and feral cat colony caretakers shall be entitled,
25 to maintain and care for feral cats by providing food, water, shelter, medical care and other forms of
26 sustenance if the colonies are registered with the sponsor and if the colony caretakers take all
27 appropriate and available steps to meet the terms and conditions of this Chapter.

28 **7.22.030:** (A) It shall be the responsibility of a feral cat colony caretaker to:

- 1 (1) Register the feral cat colony with a sponsor;
- 2 (2) Take all appropriate and available steps to trap each feral cat in the
- 3 colony in order to have the cat sterilized, vaccinated for rabies, and ear tipped, and to monitor for new
- 4 feral cats that join the colony.
- 5 (3) Maintain rabies vaccination records for cats in to colony and include
- 6 them in the annual report provided to the central sponsor pursuant to this section;
- 7 (4) Keep a written census of the colony that describes each cat, its color,
- 8 breed and sex, and notes the dates it was taken to a veterinarian processing through a TNR program;
- 9 (5) Provide food, water, and, if necessary and feasible, shelter for the
- 10 colony;
- 11 (6) Keep in contact with its sponsor to report any illness, strange behavior
- 12 or missing feral cats in the colony;
- 13 (7) Report any kittens in the colony so they can be trapped after they are
- 14 weaned and to observe the mother feral cat so she can be trapped after the kittens are trapped;
- 15 (8) Acquire written approval of a property owner, or any authorized
- 16 representative of the owner of any property, if the colony caretaker requires access in order to provide
- 17 colony care; and
- 18 (9) Provide to the central sponsor an annual report regarding the colony.
- 19 The report shall be sent to the central sponsor by electronic mail, regular mail or by telephone. The
- 20 report must include without limitation the colony location; number of feral cats; number of kittens;
- 21 number of cats processed through TNR programs; number of deaths of feral cats; and the census
- 22 information required to be maintained by this Section.
- 23 (B) In the event that a feral cat colony caretaker is unable or unwilling to continue
- 24 to perform the responsibilities required by this Section, the colony caretaker shall give its sponsor a
- 25 minimum of thirty days written notice of its intention to cease being a colony caretaker for the feral
- 26 cat colony. The sponsor shall work to provide a replacement colony caretaker for the colony.
- 27 (C) A feral cat colony caretaker providing food, water and shelter to feral cats as
- 28 allowed by this Chapter shall not be considered to be violating the following provisions of this Title,

1 unless the colony caretaker's actions are determined to be more like the actions of an actual owner or
2 person in custody and control of the cats than a colony caretaker:

3 (1) Any limitations in Chapter 7.08 on the number of cats cared for; and

4 (2) The prohibitions of Chapter 7.36.

5 **7.22.040:** (A) Any individual or animal rescue or humane society that agrees to assist the
6 central sponsor with the requirements of this Chapter shall be eligible to act as a sponsor. Any group
7 intending to undertake the responsibilities of a sponsor shall so advise the central sponsor in writing
8 and provide its address and telephone number (and email address if available).

9 (B) It shall be the duty of a sponsor to:

10 (1) Review and, in its discretion, approve feral cat colony caretakers;

11 (2) Help resolve any complaints over the conduct of a feral cat colony
12 caretaker or of complaints about cats within a colony;

13 (3) Assist, if requested, the central sponsor in maintaining records provided
14 by the feral cat colony caretaker on the size and location of the colonies as well as the vaccination
15 dates, spay/neuter dates, and descriptions of each feral cat in the colony;

16 (4) Provide, at a minimum, written educational training for all feral cat
17 colony caretakers addressing uniform standards and procedures for feral cat colony maintenance;

18 (5) Report annually to the central sponsor the number and location by zip
19 code of feral cat colonies for which it acts as sponsor with the approximate number of cats in each
20 colony;

21 (6) Provide documentation necessary to allow feral cat colony caretakers
22 to receive any public or private subsidies, medical care or other forms of assistance for their colonies;
23 and

24 (7) Provide to the central sponsor the location of feral cat colonies where
25 feral cat colony caretakers have regularly failed to comply with this Chapter or where the sponsor has
26 been unable to resolve a behavior situation that constitutes a nuisance.

27 **7.22.050:** (A) If a cat or kitten with a tipped ear is trapped and turned into the Animal Control
28 Center, or to any other animal shelter or to an Animal Control Officer, the central sponsor shall be

1 notified by providing a description of the feral cat and the address, location or zip code where the cat
2 was trapped. The central sponsor shall then take all appropriate steps to take custody of the cat or
3 kitten within twenty-four hours. If the cat or kitten is known to have come from a particular colony,
4 the central sponsor shall attempt to identify the feral cat colony and the feral cat colony caretaker so
5 the cat can be returned to its colony, and shall provide the Animal Regulation Officer with
6 documentation to show the cat was vaccinated for rabies in compliance with this Chapter. The Animal
7 Control Center or other animal shelter shall not be required to hold cats with a tipped ear beyond the
8 applicable time limit established in the current shelter policy. Subject to the provisions of Subsection
9 (B), the sponsor shall be exempt from paying any charges or fees allowed to be imposed by the Animal
10 Control Center or other animal shelter in holding a feral cat with a tipped ear that is trapped or turned
11 in pursuant to this Section for the first instance of impoundment.

12 (B) If a feral cat that has been released to a sponsor or colony caretaker is
13 impounded following such release, the cat shall first be implanted with a microchip before its release
14 to a sponsor or colony caretaker, and the sponsor or colony caretaker shall be responsible for paying
15 the fees associated with the implantation before release of the cat. With respect to a feral cat that has
16 been trapped and turned in a second or subsequent time, and subject to the provisions of Section
17 7.20.035(D), the sponsor shall be responsible for all additional charges or fees charged by the Animal
18 Control Center or other shelter before the cat is released to the sponsor.

19 (C) If a feral cat that is not ear tipped is trapped and turned into the Animal Control
20 Center, any other animal shelter or to an Animal Control Officer, the cat must go through the regular
21 and usual adoption process if the cat is deemed adoptable.

22 (D) The Animal Regulation Officer shall designate a sponsor to function as central
23 sponsor under this Chapter.

24 **7.22.060:** (A) The Animal Regulation Officer or an Animal Control Officer shall have the
25 right to trap in a humane manner any cat that is deemed to be a threat to public health or safety. If a
26 licensed veterinarian decides that the cat is too ill or injured or that it has an illness that presents an
27 imminent danger to the public health or safety or to itself, or if the cat has bitten or scratched a human
28 being, the cat may be humanely euthanized. The central sponsor shall be notified of the cat's

1 description, sex, illness and disposition. If a cat is found to be healthy and no other issues of public
2 health or safety exist, the cat may be given to the central sponsor for return to its feral cat colony.

3 (B) The Animal Regulation Officer shall have the right to direct the central sponsor
4 to communicate to a feral cat colony caretaker that a feral cat is creating a nuisance. The complainant
5 must provide the Animal Regulation Officer with the address where the feral cat is creating a nuisance.
6 If the complainant desires, the name and address of the complainant may be given to the central
7 sponsor so prompt action can be taken. The central sponsor shall make every effort to resolve the
8 nuisance within thirty days of the notice being given unless the Animal Regulation Officer specifies
9 a longer time period. If the nuisance complaint cannot be resolved within the allowed time period,
10 the central sponsor shall direct the feral cat colony caretaker to remove the cat from the colony. If the
11 colony caretaker is unsuccessful at trapping the nuisance cat after the timeline previously set, the
12 central sponsor must notify the Animal Regulation Officer in writing requesting its assistance with
13 removal.

14 (C) The Animal Regulation Officer shall have the right to declare that a colony is
15 in a location that is hazardous to the health and safety of the public or the feral cat colony, or that a
16 colony is having an unacceptable negative impact on surrounding areas or their occupants. In either
17 event, the Animal Regulation Officer shall give written notice to the central sponsor, who must take
18 immediate action to trap and remove the colony with the cooperation of the feral cat colony caretaker.

19 (D) If a colony caretaker fails to perform any responsibility or duty required by this
20 chapter, the Animal Regulation Officer shall notify the central sponsor in writing of the violation and
21 provide the colony caretaker thirty days to become compliant. If the colony caretaker fails to comply,
22 the Animal Regulation Officer must notify the central sponsor who may move the non-compliance
23 problem to another colony caretaker or may, for just cause, remove the colony caretaker from the list
24 of approved colony caretakers. If no colony caretaker agrees to take on the feral cat colonies, the cats
25 in those colonies may be trapped and humanely euthanized.

26 **7.22.070:** With respect to reports or notifications received by the central sponsor pursuant to
27 LVMC 7.20.035 or the provisions of this Chapter, the Animal Regulation Officer or any Animal
28 Control Officer shall have the right to request inspection of those records or to request that copies of

1 such records be made available to the officer. Any such request shall be made upon reasonable notice,
2 and the central sponsor shall provide access to or copies of such records as requested.

3 SECTION 10: If any section, subsection, subdivision, paragraph, sentence, clause or
4 phrase in this ordinance or any part thereof is for any reason held to be unconstitutional or invalid or
5 ineffective by any court of competent jurisdiction, such decision shall not affect the validity or
6 effectiveness of the remaining portions of this ordinance or any part thereof. The City Council of the
7 City of Las Vegas hereby declares that it would have passed each section, subsection, subdivision,
8 paragraph, sentence, clause or phrase thereof irrespective of the fact that any one or more sections,
9 subsections, subdivisions, paragraphs, sentences, clauses or phrases be declared unconstitutional,
10 invalid or ineffective.

11 SECTION 11: Whenever in this ordinance any act is prohibited or is made or declared
12 to be unlawful or an offense or a misdemeanor, or whenever in this ordinance the doing of any act is
13 required or the failure to do any act is made or declared to be unlawful or an offense or a
14 misdemeanor, the doing of such prohibited act or the failure to do any such required act shall
15 constitute a misdemeanor and upon conviction thereof, shall be punished by a fine of not more than
16 \$1,000.00 or by imprisonment for a term of not more than six months, or by any combination of such
17 fine and imprisonment. Any day of any violation of this ordinance shall constitute a separate offense.
