Section 4. The District shall constitute one construction unit with the projects and subprojects described in Section 3. All of the costs of the Project will be defrayed by assessments. The assessments, levied in the principal amount not to exceed \$11,605,000 plus interest thereon, shall be payable in semiannual installments payable semiannually at the office of the City Treasurer. Fifty-nine (59) amortized assessment installments of principal and interest will be due semi-annually on April 1 and October 1 of each year, commencing on April 1, 2018, and ending on April 1, 2047. The assessments will initially be levied on a net area basis. Developed land will be reapportioned its fair share of the assessments as if it were undeveloped, with the assessments being further distributed on an equal unit basis per area or tract, if it is developed into single-family residential units or residential condominium units. Each single family residential unit or residential condominium unit in an area or tract will be an equal unit. Therefore, the assessment for that net assessable area will be reapportioned to single-family residential units or residential condominium units for that area on an equal basis. If the developed use is not single-family residential or condominium units, the assessments will be apportioned on the net assessable area basis, all as more fully described in the ordinance levying the assessments.

Section 5. All actions, proceedings and matters previously taken, had and done by the Council and the officers of the City (not inconsistent with the provisions of this Ordinance), concerning the District and the Project, including but not limited to the performing of all prerequisites to the creation of the District, the entering into of the Financing Agreement, the acquisition and improvement of the Project, the determination of the specially benefited property therein, and the levy of assessments for that purpose be, and the same hereby are, ratified, approved and confirmed.

Section 6. The officers of the City be, and they hereby are, authorized and directed to take all action necessary or appropriate to effectuate the provisions of this Ordinance, including without limiting the generality of the foregoing, the preparation of all necessary documents, legal proceedings and other items necessary or desirable for the completion of the levying of the assessments for the District and the issuance of the bonds for the Project.

Section 7. Immediately upon the final adoption of this Ordinance, the Council shall, and hereby directs the City Clerk to, file in the office of the County Recorder of Clark County, Nevada, a certified copy of the list of the tracts to be assessed, as shown on the final

assessment plat and map. Notwithstanding the foregoing, neither the failure to record such list nor any defect or omission in such list regarding any tract to be included in the District shall affect the validity of any assessment, the lien for the payment thereof or the priority of that lien.

Section 8. If bonds are issued for the Project, the Engineer is hereby authorized to approve all requests by the Developer for payment by the City for the acquisition of each subproject described in the Financing Agreement, subject to and in accordance with the applicable provisions of the Financing Agreement. Upon such approval, the City Treasurer is hereby authorized to make such payments to the Developer, without the necessity of any further authorization or approval by the Council.

Section 9. All ordinances, resolutions, bylaws and orders, or parts thereof, in conflict with the provisions of this Ordinance are hereby repealed to the extent only of such inconsistency. This repealer shall not be construed to revive any ordinance, resolution, bylaw or order, or part thereof, previously repealed.

Section 10. When first proposed, this Ordinance must be read to the Council by title, after which an adequate number of copies of this Ordinance must be deposited with the City Clerk for public examination and distribution.
