To The Honorable Mayor, W.C. German,

Gentlemen:

Pursuant to your request, I have herewith estimated as to the cost of auditing the city books from January first 1917 to December thirty-first 1922, both dates inclusive.

CASH AUDIT

The cost of the above named method of audit has been estimated by me to be \$300.00, for the period above mentioned, and would consist of an audit of the Cash Receipts from the various sources of collection, the remittances made to the City Treasurer, and the Receipts and Disbursements made by the City Treasurer, and in addition the allocation of the Receipts to the various fund accounts.

DETAILED AUDIT

The cost of the above mentioned audit has been estimated by me to be \$550.00. It would include all the various checks mentioned above under the heading "Cash Audit" and in addition a study of the City Charter to ascertain whether or not the Charter requirements had been complied with; an examination of the Minutes of the meetings of the City Commissioners and also an examination of the Ordinances passed relating to the collection of revenues. It would also include constructive suggestions for the improvement of the present methods of accounting for City Revenues and criticism of the methods now in use.

Respectfully submitted,
