The Following Resolution was read to the Board.
RESOLUTION TO THE BOARD OF CITY COMMISSIONERS

WHEREAS the Board of Education of Las Vegas Union School District proposes to construct a sewer connecting the new High School grounds with the present sewer system by the way of the alley between Seventh and Eighth Streets from Ridger to Fremont Street, and

WHEREAS said Board of Education believes that owners of adjoining property not without sewer service should be afforded the benefit of connecting on this sewer, and

WHEREAS, if they do so they should bear their just proportion of the construction expense and are willing to do so, provided that they are not again assessed for similar improvements under the proposed new city sewer system,

NOW THEREFORE BE IT RESOLVED, that said Board of Education requests the Board of City Commissioners of the City of Las Vegas to take such steps as may be necessary to insure said property owners against the payment of a double assessment for the lateral sewer connections by declaring the proposed High School sewer a part of the proposed new sewer system, or by some other method which they may determine upon as legally and economically sound.
