Notice recorded by Commissioner Halpala and carried by the following votes:
Commissioners Bunker, Owen, Peacock, Halpala and His Honor voting aye; none, nays.

This being the time set for public hearing on the assessment roll prepared by the Assessor covering Assessment District #100-3, Street paving, curbs, gutters and sidewalks where necessary, and street lighting on Spenser and South 17th Streets, His Honor read the notice of hearing.

Thereafter His Honor asked if there were any present who wished to object to this improvement.

Mr. Cooley, property owner in this district stated that along his street there was a deep bed of gravel and asked if this would have to be replaced during the proposed improvement.

City Engineer Anderson informed Mr. Cooley that they would surely patch the spots that were defective, but would not regrade and gravel those portions.

There being no objections to this improvement, Commissioner Bunker moved that the following Assessment Roll #100-1950 be approved.
