ANNOUNCEMENT:

MR. BROWN stated that the agenda for this regular meeting of the City Planning Commission had been posted and mailed in accordance with NRS Chapter 241 and affidavits are on file in the office of the City Clerk.

REZONING CONDITIONS:

MR. BROWN read the normal conditions that would apply to any approved rezoning items heard at this meeting.

OLD BUSINESS:

ABEYANCE

Consideration of a proposed new Zoning District P-RR, Professional Offices Restricted, for the area south of Las Vegas High School and generally located from Clark to Garces Avenues between 7th and 10th Streets.

CHAIRMAN JONES asked if anyone was present in regard to this zoning matter. There were 2 persons present.

MR. BROWN explained that staff recommends abeyance on this item due to the fact that at a meeting on June 30, 1980, with the property owners, it was decided that a survey be conducted with the property owners in that area to determine the zoning desired for their neighborhood, and the results of the survey should be received by the August 14, 1980 Planning Commission meeting.

MR. MILLER made a Motion for ABEYANCE of this Proposed New Zoning District until the August 14, 1980 Planning Commission meeting.

Voting was as follows:

"AYES" Chairman Jones, Mr. Kennedy, Mr. Guthrie, Mr. Swessel, Mr. Miller.

MR. NULL presented the staff report and stated the applicant is requesting this because to build a full 100' right-of-way street in that area would be too prohibitive in cost. Public Services is opposed to this request because they do not want to give up any right-of-way as the future needs of this area are not known at this time.

CHAIRMAN JONES asked what the long-range plans are for the streets in that area.

MR. NULL stated there are no plans to do anything at this time in that area. He said staff recommends denial.

FRANKLIN BILLS, 3309 San Juan Drive, Las Vegas, Nevada, Planning Consultant, represented MR. GALATZ, the applicant, and explained MR. GALATZ' reasons for this application.

BRADLEY ROAD

APPROVED

Amendment to the Master Plan of Streets and Highways to remove a portion of Bradley Road generally located between Iron Mountain Road on the south and Moccasin Road on the north.

Item No. 20, Z-30-76, Request of Jack Miller and Associates to waive rezoning requirements on the screening of mechanical equipment for the YMCA property located at 4141 West Meadows Lane, R-1 zone (under Resolution of Intent to C-1).

MR. BROWN:

We met with Mr. Miller some time ago, I guess after the last meeting, and discussed with him what to do about screening of the roof mechanics and we had a meeting of the minds that they would paint them white and we would take a look to see whether we felt this would comply with screening of roof mechanics. I think if you have looked at them since they have been painted, at least to our way of thinking, Mr. Foster's and mine, it is tastefully done and blends in with the landscaping and blends in with the sky and the rear of the roof mechanics.

CHAIRMAN JONES:

What's tasteful about that building?

MR. BROWN:

I'm not talking about that. I'm talking about the roof mechanics. We think they are compatible with what they had out there and we would recommend the waiver be approved.

CHAIRMAN JONES:

That is an abortion the way they painted that.

MR. BROWN:

I do not have a meeting of the minds with you on that Mr. Jones. I am simply saying that as far as the screening of the roof mechanics is concerned....

CHAIRMAN JONES:

Is the applicant with us? *I don't want to hear anything else from you Mr. Brown. Come down here.

PAT KLINK:

My name is Pat Klink, Jack Miller and Associates, architects.

CHAIRMAN JONES:

Good to see you again Pat. I took out after you before and I'll do it again. I disagree with Mr. Brown. I was by there this evening and you haven't improved anything. I mean, the building architecturally looks good, but the paint job looks like a whore house.

PAT KLINK:

Unless you require us to repaint the building, I don't know what I can do about it.

MR. SWESSEL:

I met with you -- Mr. Brown and myself came up and looked at that thing and my understanding, and you fellows explained it to us that the air conditioning units you had originally bought for it didn't come and you went with bigger units, am I correct? -- that stood out like a sore thumb. But as we go across the street and look at the Meadows, they did a good job of screening. If we are going to make one guy

do it -- I am a strong supporter of the YMCA -- but by God you are going to screen that thing as long as I sit on this Board. I agree with Mr. Jones, you have done nothing for that building.

CHAIRMAN JONES:

Your biggest portion is the Meadows portion facing that. You can't say that's going to be a big deal because I drove by there tonight. I looked at it from the Valley View side -- it wasn't that bad. In fact, I think we could probably fudge a little there, but that front, no way. I think you really have got a lot of nerve coming in originally and filing the application when you knew it was there in the first place.

PAT KLINK:

As Commissioner pointed out, the units did change.

CHAIRMAN JONES:

I don't care whether the units changed or not, it was in the stipulation when that building went up, when every building goes up. Why should we waive it for you or anybody else when you have done nothing to improve the looks of the neighborhood in the first place -- by painting that building that God-awful red and white. I pity the neighbors that live in there. Close the public hearing and call for a motion.

MR. MILLER:

This is a tough one. I move for denial.

CHAIRMAN JONES:

Pat, you have the alternative to appeal this decision of this Commission and from thereon you can take it to the City Commission, so in all fairness to you; otherwise, it would be final action. If you appeal this decision, then you can take it on to the City Commission. I hope they give you the same treatment though, I truthfully do, because like Mr. Swessel said, I am all for the YMCA. I have been one of the biggest backers of John Ward and the work he has done in this City for years, but I think what your company and the "Y" has done to that neighborhood is truly an abortion.

PAT KLINK:

It's not my place to argue with you here.

CHAIRMAN JONES:

I know that -- I understand that. That has been denied and if the applicant so desires to appeal that, let the record show he then can go to the City Commission. I don't often get that mad about something.
