MINUTES:

MR. GUTHRIE made a Motion for APPROVAL of the Minutes for the May 24, 1983 City Planning Commission meeting with the following correction: On page 8, Item Z-42-83, motion for approval was carried by a 4/2 vote and not carried unanimously. Motion for APPROVAL of the Minutes carried unanimously.

OLD BUSINESS:

1. STREET NAME
CHANGE

(Abeyance Item
from 6/28/83)

APPROVED

Request of CITY OF LAS VEGAS ON BEHALF OF THE UNITED STATES POSTAL SERVICE for a Street Name Change from Florence Avenue to Cool Valley Drive, between Lamb Boulevard on the west and Page Street on the east.

MR. NULL stated this item was held in abeyance for procedural reasons. Staff would recommend approval, subject to the following condition: 1) Developer to pay for providing standard street sign installations for that portion of Florence between Lamb Boulevard and Page Street. There is a Florence Lane in the County, which is the reason for this name change request. This is not a public hearing item, but staff has notified the surrounding property owners and did not receive any protests.

MR. GUTHRIE made a Motion for APPROVAL of the STREET NAME CHANGE, subject to staff's condition.

Voting was as follows:

1. STREET NAME

7. VAC-7-83

(Continued)

conditions and the following condition: 1) One year to record statement.

EDWARD H. COMPTON, 414 W. Bonanza Road, Director of Las Vegas Rescue Mission, appeared for the application. They are in accord with staff's condition. The building they are proposing to build on this property will set back 10 feet, which means there is 10 feet of land between their property and the City sidewalk, so they would like to incorporate the 10 feet into their building.

No one appeared in opposition to this request.

MRS. TRACY made a Motion for APPROVAL of VAC-7-83, subject to staff's recommendation.

8. LD-6-83

APPEAL OF
DENIAL

DENIED

Appeal of Denial of an application for Parcel Map Waiver generally located on the east side of Rebecca Road, north of El Campo Grande, R-E Zone.

MR. NULL stated the applicant is appealing the requirement of a land division. The applicant has now agreed to submit a parcel map with the understanding that a survey will not be required. This area will become part of an Assessment District Agreement. It would be staff's recommendation that the agent of the applicant withdraw the appeal. This type of application only appears before the Planning Commission when it is appealed. Staff is agreeing with his condition in the letter that he will submit a parcel map with no survey required, but he will have to sign an Assessment District Agreement.

The applicant was not present.

MRS. TRACY made a Motion to DENY the applicant's appeal, subject to submission of a parcel map and entering into an Assessment District Agreement.

Voting was as follows:

"AYES" Vice Chairman Mack, Mrs. Tracy, Mr. Johnston,
Mr. Guthrie, Mrs. Coleman, Mr. Kennedy
"NOES" None

Motion for DENIAL of the appeal subject to the stipulations carried unanimously.

9. Z-56-83

ABEYANCE

Application of RENE C. BLANCHARD for reclassification of property located at 313 North 9th Street, from R-3 (Limited Multiple Residence) to R-4 (Apartment Residence).

Proposed Use: High Density Residential
(16 unit apartment building)

MR. CLEMMER stated this property is located on the west side of North 9th Street. It is in an R-3 district. There is R-4 zoning on the east side of 9th Street and C-2 along Stewart Avenue. This request has come up four times since 1972, with the most recent request in January of 1983 when R-4 zoning was denied. The Planning Commission took the position that east of 8th Street the medium-high density should be retained. The plan involves a two-story building. They show 18 parking spaces in the rear, but the spaces are only 11 feet deep and the Code requires 16 feet; however, they can be modified to have three tiers of six spaces each coming off the alley. The applicant has requested this item be held in abeyance because he will be unable to attend this meeting. There may be protestants present because there were 29 protests filed with staff. Staff would recommend denial of this application.

There were 3 persons in protest in the audience.

MR. JOHNSTON made a Motion for ABEYANCE of Z-56-83.

Voting was as follows:

"AYES" Vice Chairman Mack, Mrs. Tracy, Mr. Johnston,
Mr. Guthrie, Mrs. Coleman, Mr. Kennedy

"NOES" None

Motion for ABEYANCE carried unanimously.

VICE CHAIRMAN MACK announced this item would be heard by the City Planning Commission on July 26, 1983.

10. Z-57-83

DENIED

Application of Vivinian O'Hare ETAL, for reclassification of property generally located on the southwest corner of Rancho Drive and Meade Avenue, from M (Industrial) to M (Industrial) and R-PD39 (Residential Planned Development).

Proposed Use: High Density Residential (Condominiums)

MR. CLEMMER stated this property is in the midst of an industrial area. The I-15 freeway is on the east. The Code does not allow residential uses in industrial areas. Staff would recommend denial and does not have any protests on record. The proposal is for 264 three-story condominium units.

DICK CARTER, Unique Properties, 3000 West Charleston Boulevard, appeared for the applicants. They plan to have a buffer of a landscaped area between the condominium units and the M-1. The units that are closest to the M-1 lots will be protected from the noise. The water and sewer lines are adequate for this project.

There was one person in the audience in protest.

ROBERT DICKINSON, 4413 St. Andrews Circle, appeared in protest. He owns two businesses directly west of the proposed location: construction and printing company. This is not an appropriate area for children or senior citizens due to the great number of trucks in the area.

10. Z-57-83

(Continued)

LEE BLANCHARD appeared to represent Rene Blanchard in protest. They have an office building at 3131 Mead Avenue.. She also represented Mr. and Mrs. W. A. Brown who are part owners of a business in the area. They are concerned about vandalism, fire and theft to their businesses by the residents of this project.

RICHARD J. WALSH, 2829 Wyandotte, appeared in protest. There are already many traffic accidents in the area.

DON DENZEL, 3011 Rigel Avenue, appeared in protest. He has a structural steel firm in the area and they have long trucks loaded with steel going to and from their business. They work at night and may disturb the residents living in this project. They have had their business broken into already.

MR. JOHNSTON felt there would not be very many children living in this project since the units are only 410 square feet in size.

JESS SPRADLEN, 3019 Meade Avenue, appeared in protest. He owns 7-Eleven Towing and Jess's Auto Reclamation Center which are located to the west of this proposed project. This is a very unsafe area for children. He sells auto parts and feels the residents of this project would be taking the parts.

CARL YOUNG, 3043 Meade Avenue, appeared in protest. He has a list of the business owners in the area who were in protest.

DICK CLARK appeared in protest. He does not feel the persons purchasing these condominiums will be undesirable since they will have to qualify for a mortgage by being gainfully employed or having a sufficient income. Due to the size of the units, he does not feel children will be living in this project and they could make it a requirement in the CC&R's that no children would be allowed. He has to have 70% of the units presold before he can obtain a loan and start construction.

MR. KENNEDY made a Motion for DENIAL of Z-57-83.

Voting was as follows:

"AYES" Vice Chairman Mack, Mrs. Tracy, Mr. Guthrie,
Mrs. Coleman, Mr. Kennedy
"NOES" Mr. Johnston

Motion for DENIAL carried by a 5/1 vote.

VICE CHAIRMAN MACK announced this item would be heard by the City Council on August 3, 1983.

11. Z-58-83

APPROVED

Application of THE LAS VEGAS RESCUE MISSION for reclassification of property generally located on the south side of Wilson Avenue, between "D" Street and "E" Street, from R-4 (Apartment Residence) to M (Industrial).

Proposed Use: Workshop for Furniture and Appliance Repair

MR. CLEMMER stated this property is on the north side of Bonanza between I-15 and the railroad tracks. This area is evolving to industrial. This property is a two-story building with 16,000 square feet. They will utilize the 10 feet that was approved for a Vacation. Public Services is requesting a 25 foot radius corner at Wilson and "D" Streets. The building will cover almost the entire lot except for a small 4½ foot wide strip. There is no parking on the site. In

11. Z-58-83

(Continued)

the industrial zone the parking requirement is one space per 2,000 square feet, but the Planning Commission may reduce the number of parking spaces. Staff would recommend approval, subject to: 1) Resolution of Intent with a twelve-month time limit, 2) Standard conditions 2 through 8, 3) Install sidewalks as required by the Department of Engineering Services, 4) Pave the alley as required by the Department of Engineering Services, 5) Dedicate a 25 foot radius corner at the intersection of "D" Street and Wilson Avenue as required by the Department of Engineering Services, 6) Conformance to the plot plan and elevations amended to provide for the radius corner and provision of landscaping along "D" Street, 7) Recording of the Order of Vacation (VAC-7-83) of the portion of Wilson Avenue proposed for development. Staff does not have any protests on record. Staff would recommend approval of the waiver for the parking requirement.

AL SEARCY, 414 W. Bonanza Road, appeared to represent The Las Vegas Rescue Mission. They are in accord with staff's recommendations. There will not be any outside storage on the premises.

No one appeared in opposition.

MRS. TRACY made a Motion for APPROVAL of Z-58-83, subject to staff's conditions and approval of waiver of parking requirement.

Voting was as follows:

"AYES" Vice Chairman Mack, Mrs. Tracy, Mr. Johnston,
Mr. Guthrie, Mrs. Coleman, Mr. Kennedy
"NOES" None

Motion for APPROVAL carried unanimously.

VICE CHAIRMAN MACK announced this item would be heard by the City Council on August 3, 1983.

12. Z-59-83

APPROVED

Application of LONNIE WALSTON for reclassification of property generally located on the east side of Highland Drive between Washington Boulevard and Madison Avenue, from R-E (Residence Estates) to C-1 (Limited Commercial).
Proposed Use: Retail and Service Uses

MR. CLEMMER stated there is C-1 zoning about 200 feet south and 800 feet north. The proposed development is a 1,500 square foot building. Staff would recommend approval, subject to: 1) Resolution of Intent with a twelve-month time limit, 2) Standard conditions 1 through 8, 3) Approval of the building elevations by the Department of Community Planning and Development, 4) Approval of any additional development by the Planning Commission, 5) Install sidewalk and street lighting on Highland Avenue as required by the Department of Engineering Services, 6) Conformance to the Flood Hazard Reduction provisions of the City Code as required by the Department of Engineering Services. Staff does not have any protests on record.

LONNIE WALSTON, 1930 Fair Avenue, appeared for the application.

KLENETTE TRAYLOR, 1025 North "N" Street, appeared in protest. She lives next door to the subject property. She is concerned about flooding since the surrounding property is higher than hers.

12. Z-59-83

(Continued)

NINA TRAYLOR, 1025 North "N" Street, appeared in protest. She is also concerned about the drainage on her property because they are building up the surrounding property by bringing in truckloads of dirt.

LONNIE WALSTON appeared in rebuttal stating he will be installing a retaining wall between his property and the Traylor's property.

MR. JOHNSTON made a Motion for APPROVAL of Z-59-83, subject to staff's conditions and applicant connecting his block wall to the property to the south.

Voting was as follows:

"AYES" Vice Chairman Mack, Mrs. Tracy, Mr. Johnston,
Mr. Guthrie, Mrs. Coleman, Mr. Kennedy

"NOES" None

Motion for APPROVAL carried unanimously.

VICE CHAIRMAN MACK announced this item would be heard by the City Council on August 3, 1983.

13. Z-60-83

APPROVED

Application of DECATUR INVESTMENTS for reclassification of property generally located on the east side of Decatur Boulevard between Eugene Avenue and Sawyer Avenue, from R-3 (Limited Multiple Residence) and R-1 (Single-Family Residence) to R-PD12 (Residential Planned Development).
Proposed Use: Medium Density Residential
(Apartments)

MR. CLEMMER stated this site was denied R-PD35 zoning in March of this year. At that time, staff felt that R-3 was appropriate as the property is half classified now. The 140 feet on the west side is currently R-3 and the 100 feet on the east side is R-1 zoning. The R-1 zoning would allow 11 R-1 lots and the R-3 zoning would allow 61 units, for a total of 72 units on that site. This proposal for R-PD12 is in keeping with the General Plan. The access to this development will be from Decatur Boulevard. Staff would recommend approval, subject to: 1) Resolution of Intent with a twelve-month time limit, 2) Standard conditions 1 through 8, and 3) Provide decorative screens on the balconies facing east. Staff has 123 protests on record.

ERNIE BECKER, 4401 West Washington Street, appeared for the application. They met with some of the property owners in the area to inform them of this project. Some of the units will be sold and some will be rented.

There were 28 persons in the audience in protest.

KENNETH HARKINS, 5201 Eugene Avenue, appeared in protest. This will increase the traffic in the area. There is a problem of flooding in the area when it rains. The crime rate in the area has dropped due to their Neighborhood Watch Program. They feel this project will increase the crime in the area. They prefer to have the R-1 portion of this property to remain as it is.

WAYNE OLSON, 5045 West Lake Mead Boulevard, appeared in protest. They only are in opposition to the high-density portion of this application.

DOLORES WILLIAMS, 4600 Mark Avenue, appeared in protest; however, they prefer this layout to the previous application.

13. Z-60-83

(Continued)

MARILYN BAILEY, 4871 Stacey, appeared in protest. They prefer commercial or single-family homes on this property.

ERNIE BECKER appeared in rebuttal. They feel a planned development is suitable for this area whereby all the landscaping and recreation area is taken care of. Most of the improvements are already in this area.

ROSEANNE WILKINSON, 5104 Auburn, appeared in protest. She moved away from one of Mr. Becker's apartment projects because there were a lot of problems with the teenagers in that development.

MR. JOHNSTON made a Motion for APPROVAL of Z-60-83, subject to staff's conditions.

Voting was as follows:

"AYES" Vice Chairman Mack, Mr. Guthrie, Mrs. Coleman,
Mr. Johnston
"NOES" Mrs. Tracy, Mr. Kennedy

Motion for APPROVAL carried by a 4/2 vote.

VICE CHAIRMAN MACK announced this item would be heard by the City Council on August 3, 1983.

(There was a five minute recess at this time.)

14. Z-61-83

DENIED

Application of GARY L. HOOVER, ET AL for reclassification of property generally located on the southeast corner of East Charleston Boulevard and Chapman Drive, from C-1 (Limited Commercial) to C-2 (General Commercial).
Proposed Use: Used Car Sales

MR. CLEMMER stated that to the west there is C-2 zoning, which is a used car lot. On the north there is a C-2 zone. However, the area is predominantly C-1 zoning. Since 1963 used car lots require a Use Permit in a C-2 zone. Staff would recommend denial and there are 3 protests on record.

GINA SILVAGNI, 3108 Calle de El Cortez, Heritage Realty, appeared to represent Mr. Hoover and the person who would be operating the property.

IRA GLASSMAN appeared to represent Mr. Hoover. They feel this is a compatible use for the area since there is another car sales lot in the area.

DON REENZO appeared as the buyer of this property. They will use this lot to store their overflow of cars from another car lot.

D. C. BUCKLES, 1126 South 16th Street, appeared in protest. Will this business generate a lot of bright lights shining into the homes?

DON REENZO said they will utilize the existing house on the property for their office, clean up the landscaping, and will not be installing any outside lights because this is a 9-to-5 operation.

14. Z-61-83

(Continued)

CHRISTOPHER G. MACKINSTER, 1116 Chapman Drive, appeared in protest. He submitted a petition with approximately 23 signatures in protest. This business will increase the traffic in the area and he objected to any test driving of cars on the residential streets. There is a car lot in the area and having another one will make it difficult for the residents to sell their homes.

J. BUCK McELHONE, 1605-11 East Charleston Boulevard and 435 South 16th Street, appeared in protest. He represented Dr. Sherman and Dr. Fleshman, who have the property on the corner at 1601 East Charleston Boulevard. They do not want any cars from this business to be parking in their lots.

JACK SCALOM appeared to represent Charleston TV and Appliance in protest. They do not object to Mr. Hoover selling his property, but object to a car lot moving in there. This will create a parking problem for the area.

CHRISTOPHER G. MACKINSTER appeared again saying he would not have purchased his house in that area if he had known there would be two car lots nearby.

DON REENZO appeared in rebuttal stating he only plans to park about 5 to 10 cars in this lot. They will not be parking the cars in the street because his insurance only covers the cars when they are inside his lot. However, there is a possibility his customers will be parking in the lot for Charleston TV and Appliance.

MRS. COLEMAN made a Motion for DENIAL of Z-61-83.

Voting was as follows:

"AYES" Vice Chairman Mack, Mrs. Tracy, Mr. Johnston,
Mr. Guthrie, Mrs. Coleman, Mr. Kennedy
"NOES" None

Motion for DENIAL carried unanimously.

VICE CHAIRMAN MACK announced this item would be heard by the City Council on August 3, 1983.

15. Z-62-83

APPROVED

Application of FAWN AND ANTHONY ALSTON for reclassification of property generally located on the northwest corner of Desert Lane and Pinto Lane, from P-R (Professional Offices and Parking) and R-3 (Limited Multiple Residence) to R-3 (Limited Multiple Residence).

Proposed Use: Medium-High Density Residential
(Apartments)

MR. CLEMMER explained the layout of this project. Staff would recommend approval, subject to: 1) Resolution of Intent with a twelve-month time limit, 2) Conformance to the plot plan amended to provide a maximum of four units on proposed Parcel 3 and provision of crossing easements for joint parking, 3) Approval of the proposed building elevations by the Department of Community Planning and Development, 4) Approval of the joint parking by the City Council, 5) Recording of the parcel map, 6) Standard conditions 2 through 8, 7) Install street lights on Desert Lane as required by the Department of Engineering Services. Staff has one protest on record.

ANTHONY ALSTON appeared for the application. They are in

15. Z-62-83

agreement with staff's conditions.

No one was present in opposition to this application.

MR. GUTHRIE made a Motion for APPROVAL of Z-62-83, subject to staff's conditions.

Voting was as follows:

"AYES" Vice Chairman Mack, Mrs. Tracy, Mr. Johnston,
Mr. Guthrie, Mrs. Coleman, Mr. Kennedy

"NOES" None

Motion for APPROVAL carried unanimously.

VICE CHAIRMAN MACK announced this item would be heard by the City Council on August 3, 1983.

SUPPLEMENTAL AGENDA:

1. FINAL MAP

WILLOWCREST
UNIT #2

APPROVED

Property generally located on the southeast corner of Westcliff Drive and Durango Drive, R-1 Zone (under Resolution of Intent to R-CL).

Owner/Subdivider: Collins Home Manufacturing
No. of Acres: 21.5 No. of Lots: 139

MR. NULL stated there is a storm drainage easement on this property to take care of the water that comes down out of the mountains. Farther west the City is constructing in Angel Park a storm water retention basin. Along with this basin there will be a temporary routing of water around this property. This final map is in substantial conformity with the tentative map. Staff would recommend approval, subject to:
1) Conformance with the tentative map, 2) Conformance to the conditions of approval for the tentative map, and
3) No development or sale of lots in this unit until #8 of the conditions of approval for Z-63-82 has been complied with. Condition No. 8 refers to the abandonment or vacation of the storm water easement.

ALLEN COLLINS, 7800 West Alta Drive, appeared for the application. They are working with the City and an out-of-state engineer to resolve the storm water problem.

CHARLEY JOHNSON, 2800 West Sahara Avenue, appeared for the applicant as a consulting engineer. There is a temporary recorded easement on this property to handle the flow out of Angel Park Phase I. Angel Park Phase IIA is supposed to be constructed in such a way that it will handle a 100-year storm with a spillway farther to the north. They would like the map be approved subject to the condition of the easement be worked out before the map is recorded.

MR. JOHNSTON made a Motion for APPROVAL of the Final Map for Willowcrest Unit #2, subject to staff's conditions.

Voting was as follows:

"AYES" Vice Chairman Mack, Mrs. Tracy, Mr. Johnston,
Mr. Guthrie, Mrs. Coleman, Mr. Kennedy

"NOES" None

Motion for APPROVAL carried unanimously.

2. FINAL MAP

LEWIS HOMES
RAINBOW VISTA #1

APPROVED

Property generally located west of Jones Boulevard and north of Washington Avenue, N-U Zone (under Resolution of Intent to R-1 and R-CL).

Owner/Subdivider: Lewis Homes of Nevada
No. of Acres: 17.9 No. of Lots: 103

MR. NULL stated this final map is in substantial conformity with the tentative map. Staff would recommend approval, subject to the following conditions: 1) Approval of the tentative map, 2) Conformance with the tentative map, and 3) Conformance to the conditions of approval for the tentative map.

G. C. WALLACE, consulting engineer, 1100 East Sahara Avenue, appeared for the applicant.

MRS. TRACY made a Motion for APPROVAL of the Final Map for Lewis Homes Rainbow Vista #1, subject to staff's conditions.

Voting was as follows:

"AYES" Vice Chairman Mack, Mrs. Tracy, Mr. Johnston,
Mr. Guthrie, Mrs. Coleman, Mr. Kennedy
"NOES" None

Motion for APPROVAL carried unanimously.

3. RW-5-83

REQUEST FOR
RAZOR WIRE

APPROVED

Request of DIAMOND METAL WORKS to allow razor wire on property located at 10 West Wyoming Avenue, C-M Zone.

MR. CLEMMER stated this property is located northwest of Commerce and Wyoming. This is a C-M district and there is an alley running north and south. The applicant is proposing razor wire along Commerce and in the alley. There is razor wire in the alley, but it is too low. It has to be 6 feet high and not extend into the public right-of-way. Staff would recommend approval, subject to: 1) Conformance to the plot plan, and 2) Razor wire shall not overhang the public property and shall be a minimum of 6 feet high. Since this is not a public hearing, staff does not have any protests.

HENRY SANCHEZ, 1517 South Commerce Street, appeared as the owner of the property. He is in agreement with staff's conditions.

MRS. TRACY made a Motion for APPROVAL of RW-5-83, Request for Razor Wire, subject to staff's conditions.

Voting was as follows:

"AYES" Vice Chairman Mack, Mrs. Tracy, Mr. Johnston,
Mr. Guthrie, Mrs. Coleman, Mr. Kennedy
"NOES" None

Motion for APPROVAL carried unanimously.

VICE CHAIRMAN MACK announced this is final action.

4. Z-53-80

EXTENSION
OF TIME

ABEYANCE

Request of CHEYENNE, A PARTNERSHIP for an Extension of Time on property generally located on the northwest corner of Cheyenne Avenue and Jones Boulevard, N-U Zone (under Resolution of Intent to R-D and C-1).

MR. CLEMMER stated this is the first request for an extension of time on this development since the bank was completed. There were two previous requests before the bank started. Staff would recommend approval, subject to: 1) Resolution of Intent extended to June 30, 1984, and 2) Conformance to all ordinance amendments enacted subsequent to the original approval.

The applicant was not present.

MRS. TRACY made a Motion for ABEYANCE of Z-53-80, Extension of Time.

Voting was as follows:

"AYES" Vice Chairman Mack, Mrs. Tracy, Mr. Johnston,
Mr. Guthrie, Mrs. Coleman, Mr. Kennedy
"NOES" None

Motion for ABEYANCE carried unanimously.

VICE CHAIRMAN MACK announced this item would be heard again by the City Planning Commission on July 26, 1983.

5. Z-59-82

PLOT PLAN
REVIEW

APPROVED

Request of TIME DEVELOPMENT for a Plot Plan Review on property generally located on the north side of Oakley Boulevard between Arville Street and Decatur Boulevard, R-1 Zone (under Resolution of Intent to P-R).

MR. CLEMMER stated this property was zoned P-R and was to be subdivided into six lots with each lot containing a building. This proposal modifies that to a larger single building on the westerly four lots, which is a one-story building. The typical plan showed about 100 foot setback to the residential property to the north. This plan gives 44 feet of setback to the residential property. They need to provide six additional parking spaces. Staff would recommend approval, subject to: 1) Conformance to the plot plan amended to provide six additional parking spaces, 2) Conformance to the elevations, and 3) Conformance to all of the remaining original conditions of Z-59-82 except that a parcel map will be allowed rather than a subdivision map.

MELVIN H. HAMILTON appeared to represent Time Development. This building will be used for professional offices.

MRS. TRACY made a Motion for APPROVAL of Z-59-82, Plot Plan Review, subject to staff's conditions.

Voting was as follows:

"AYES" Vice Chairman Mack, Mrs. Tracy, Mr. Guthrie,
Mrs. Coleman, Mr. Kennedy
"NOES" None
"ABSTAINED" Mr. Johnston

Motion for APPROVAL carried unanimously.

VICE CHAIRMAN MACK announced this item would be heard by the City Council on August 3, 1983.

6. Z-63-78

PLOT PLAN
REVIEW

ABEYANCE

Request of ROBERT L. CONN for a Plot Plan Review to allow 4 fourplexes on property generally located on the southeast corner of Washington Avenue and Tonopah Drive, R-3 Zone.

MR. CLEMMER stated this property was originally zoned R-3 and was proposed to contain 3 fourplex buildings. The elevations for these 3 fourplexes were oriented toward Washington Avenue. The proposal now is for 4 fourplex buildings with a 6 foot setback from Washington Avenue and a 6 foot setback from the rear. Staff prefers their original plan. This land allows 15.92 units and they are proposing 16 units total, so they will need an Administrative Variance for the 16th unit. If this is approved, staff would have the following conditions: 1) Conformance to the amended plot plan and elevations, 2) Conformance to all other conditions of approval for Z-63-78, and 3) Provision of a 6 foot decorative wall along the north property line in front of the buildings along Washington Avenue.

ROBERT CONN, 2228 West Bonanza Road, appeared for the application.

MRS. TRACY made a Motion for ABEYANCE of Z-63-78, Plot Plan Review, so the surrounding property owners may attend a public hearing on the changes and the applicant to pay a \$75 notification fee.

Voting was as follows:

"AYES" Vice Chairman Mack, Mrs. Tracy, Mrs. Coleman,
Mr. Kennedy

"NOES" Mr. Johnston, Mr. Guthrie

Motion for ABEYANCE carried by a 4/2 vote.

7. AV-4-83

ADMINISTRATIVE
VARIANCE

ABEYANCE

Request of ROBERT L. CONN for an Administrative Variance on property generally located on the southeast corner of Washington Avenue and Tonopah Drive, R-3 Zone.

ROBERT CONN, 2228 West Bonanza Road, appeared for the application.

MRS. TRACY made a Motion for ABEYANCE of AV-4-83, Administrative Variance, due to the fact Z-63-78, Plot Plan Review, was held in abeyance.

Voting was as follows:

"AYES" Vice Chairman Mack, Mrs. Tracy, Mr. Guthrie,
Mrs. Coleman, Mr. Kennedy

"NOES" Mr. Johnston

Motion for ABEYANCE carried by a 5/1 vote.

ADJOURNMENT:

There being no further business to come before the City Planning Commission, the meeting adjourned at 10:25 P.M.

INTER-OFFICE MEMORANDUM

Date

JULY 11, 1983

TO:

HAROLD P. FOSTER, DIRECTOR

FROM:

ROBERT C. CLEMMER, ACTING CHIEF
ZONING DIVISION

SUBJECT:

PLANNING COMMISSION MEETING OF
JULY 14, 1983

COPIES TO:

✓ CITY CLERK'S OFFICE - *Linda*
JOHN ROETHEL
CINDY
RICKNEW BUSINESS:

9. Z-56-83

This area was the subject of the Mesquite Avenue Study in which staff put forth a proposal of medium high density (R-3) which is the current classification. The existing land use in the area is mixed single family (predominates) and medium density.

The Planning Commission recommendation was that the high density (R-4) should not extend east of 8th Street. These lots were the subject of zoning requests Z-10-72 (C-2); Z-45-73 (C-2) and Z-29-79 (R-5). In the R-5 case, the Planning Commission actions were DENIAL. Z-55-82 was DENIED by the Planning Commission and City Commission January 5, 1983 for R-4.

The General Plan in urban neighborhoods calls for an average of 25 units per acre which R-3 yields.

The building is a two story with parapet walls and just eyebrow type roof details. It contains eight 1 bedroom and eight 2 bedroom units requiring 18 parking spaces. The 18 spaces shown are not according to Code as they show 11' deep stalls with 22' drives and when it's changed to 16' depth the drives are 12.5' where 15' is required. They can modify it to three 6 space tiers and meet Code.

Owner is requesting abeyance which is up to the Planning Commission.

Staff recommends DENIAL. If approved subject to:

1. Conformance to the plot plan amended to provide a workable redesign of the parking area.
2. Conformance to the elevations.
3. Standard conditions 2 - 5.

Z-56-83(continued)

4. Provision of fire hydrants and water flow as required by the Department of Fire Services.
5. Approval of the parking and driveway plans by the Traffic Engineer.
6. Pave the alley as required by the Department of Public Services.
7. Repair any damage to the existing street improvements resulting from this development as required by the Department of Engineering Services.
8. Resolution of Intent with a twelve (12) month time limit.

PROTESTS: 29

PUBLIC HEARING. SET FOR CITY COUNCIL AUGUST 3, 1983.

10. Z-57-83

This area is surrounded by industrial zoning. The zoning regulations do not allow residential uses in industrial areas as they are incompatible. A review of the neighborhood to the north with the thought of considering this a part did not wash for several reasons as it is separated by industrial zoning to the north and the northern neighborhood has an overabundance of high density development already.

The developer has offered to accept 50' of P-R zoning in the M lots to the west and south to protect the residential, construct an 8' block wall, insulate the building walls to decrease noise entry 5 decibels and accept other deed restrictions on the M lots to make the development compatible.

This development consists of 264 efficiency units, three stories with adequate parking. The buildings are aesthetically fine. Access is limited to Rancho Drive.

Staff recommends DENIAL. If approved subject to:

1. Resolution of Intent with a twelve (12) month time limit amended to R-PD39 for the 5.88 acre parcel, P-R for the east 50' of the six lots fronting Rigel Avenue and P-R for the north 50' of the east 200' of the lot on Sirius Avenue with the balance M Zoning.
2. Provision of an 8' block wall along the north, west and south lines of the R-PD39 site.

Z-57-83(continued)

3. Recording of a deed restriction limiting the M and P-R Zoned lots to office and warehouse uses only.
4. Standard conditions, 1 - 8.
5. Dedicate a 15' radius corner at the intersection of Rancho Drive and Sirius Avenue and a 20' radius corner at the intersections of Sirius Avenue and Rigel Avenue and at Rigel Avenue and Meade Avenue as required by the Department of Engineering Services.
6. Install sidewalk on Meade Avenue, Rancho Drive and Sirius Avenue as required by the Department of Engineering Services.
7. Install street improvements on Rigel Avenue as required by the Department of Engineering Services.

PROTESTS: 0

PUBLIC HEARING. SET FOR CITY COUNCIL AUGUST 3, 1983.

11. Z-58-83

VAC-7-83 above is a companion action. Usually, they retain a radius corner which in an industrial area is usually 20', but this being a dead end street, I don't have any indication what Engineering Services position will be. It appears that there are T. E. problems and there is no position on these. The building will be two stories with 16,200 sq. ft.. They anticipate 12 employees with ten housed at their facility at 414 W. Bonanza so they are requesting the the Planning Commission zero spaces which is allowed if justified. Staff feels there is justification. This area is shown on the General Plan as being transitional to Industrial.

The building elevations are attractive, but there should be landscaping along "D" Street.

Staff recommends APPROVAL subject to:

1. Resolution of Intent with a twelve (12) month time limit.
2. Standard conditions 2 - 8.
3. Install sidewalks as required by the Department of Engineering Services.

Z-58-83(continued)

4. Pave the alley as required by the Department of Engineering Services.
5. Dedicate a 25' radius corner at the intersection of "D" Street and Wilson Avenue as required by the Department of Engineering Services.
6. Conformance to the plot plan and elevations amended to provide for the radius corner and provision of landscaping along "D" Street.
7. Recording of the Order of Vacation (VAC-7-83) of the portion of Wilson Avenue proposed for development.

PROTESTS: 0

PUBLIC HEARING. SET FOR CITY COUNCIL AUGUST 3, 1983.

12. Z-59-83

This proposal is on the east side of Highland and there is an R-1 lot that goes through to "N" Street. There is C-1 Zoning 200' south and 850' north with vacant property between. The R-E lots to the west back up to Highland. The proposed building is 1500 sq. ft. one story. There are no elevations. The parking is adequate for this building but depending on the uses may not be adequate for the remaining buildable area to the north so we need a control condition.

The General Plan may not support the commercial potential for the entire length of Highland from Washington to Owens, but this site is not a problem.

Staff recommends APPROVAL subject to:

1. Resolution of Intent with a twelve (12) month time limit.
2. Standard conditions 1 - 8.
3. Approval of the building elevations by the Department of Community Planning and Development.
4. Approval of any additional development by the Planning Commission.

13. Z-60-83

This site was denied R-PD35 Zoning for 140 units which was approximately 27 units per gross acre. March 1983 (2-5-83).

Staff position was for a reduction to an R-3 type development which would have been an 18 unit per gross acre development. This proposal is in keeping with that position, in fact, if the R-3 were developed at maximum 61 units would be allowed and the R-1 would allow 11 units for a total of 72 units which is the number proposed. Of course, this intensifies to the east. The R-1 lots to the east, side Ullom Drive and there is no vehicular access. Recall this area had been approved for C-1 which precluded vehicular access to Ullom.

The plan reflects two story buildings, 2 bedroom in four unit buildings as an apartment use. The buildings are attractive and parking is adequate. Staff would have recommended that the patio walls be set back on Ullom, but the Council at the last meeting seemed to reject that design approach.

Staff recommends APPROVAL subject to:

1. Resolution of Intent with a twelve (12) month time limit.
2. Standard conditions 1 - 8.
3. Provide decorative screens on the balconies facing east.

PUBLIC HEARING. SET FOR CITY COUNCIL AUGUST 3, 1983.

14. Z-61-83

There is C-2 both immediately north and west allowed for car rental and sales. Business description mentioned wholesale. There should be no cars stored or detailed south of the offices as there is a single family residence opposite and P-R to the south. The C-2 north had a used car lot, but it was abandoned.

Staff feels that the used car lot operations should be in the existing C-2 areas along the Boulder Highway.

Staff would recommend DENIAL. If approved subject to:

1. Resolution of Intent with a twelve (12) month time limit.
2. Conformance to the plot plan amended to allow auto display and detailing in the north 75' only.
3. No wholesale storage of vehicles is permitted.
4. Standard conditions 2 - 8.
5. Approval of the elevations by the Department of Community Planning and Development.

PUBLIC HEARING. SET FOR CITY COUNCIL AUGUST 3, 1983.

15. Z-62-83

The precise plan for this area has determined that this site is appropriate for R-3 Zoning. The plan does not show the buildings on the south that had been used as an architect's office and dwelling which will be converted to two single family dwellings.

The land division to four lots creates problems to the extent that lot 3 will have to be limited to 4 units. Also, the City Council will have to approve joint parking and cross parking easements should be provided on the Plat. Lot 4 is existing so the patio encroachment is existing nonconforming and need not be removed. They show 16 units and the lot design limits it to 13 units, 11 of which will be 2 bedroom plus the existing house and studio. Parking is okay. Setbacks okay.

Staff recommends APPROVAL subject to:

1. Resolution of Intent with a twelve (12) month time limit.
2. Conformance to the Plot Plan amended to provide a maximum of 4 units on proposed Parcel 3 and provision of cross easements for joint parking.
3. Approval of the proposed building elevations by the Department of Community Planning and Development.
4. Approval of the joint parking by the City Council.
5. Recording of the Parcel Map.
6. Standard conditions 2 - 8.
7. Install street lights on Desert Lane as required by the Department of Engineering Services.

SUPPLEMENTAL:

3. RW-5-83

This applicant has been cited for Razor Wire. Lawson's citation indicates public access although, the photo does not indicate that.

Staff recommends APPROVAL subject to:

1. Conformance to the Plot Plan.
2. Razor wire shall not overhang public property and shall be a minimum of 6' high.

NOT A PUBLIC HEARING. SET FOR P.C. FINAL ACTION.

4. Z-53-80

The expiration date is June 30, 1983 and the request was received June 28, 1983. This is the first request after the bank phase completion (3rd altogether).

Staff recommends APPROVAL subject to:

1. The Resolution of Intent is extended to June 30, 1984.
2. Conformance to all Ordinance amendments enacted subsequent to the original approval.

PROTESTS: N/A

NOT A PUBLIC HEARING. SET FOR CITY COUNCIL AUGUST 3, 1983.

5. Z-59-82

This was rezoned in terms of six proposed 84 parcels to contain an office each. This plan utilizes the western four lots for an attractive one story building. The major difference is the northerly proximity of the building which is 44' from the north property line where the original typical showed 110'.

Staff does not feel that this would have an adverse impact and would not recommend a rehearing. 70 parking spaces are required, but only 64 are proposed. There is additional area available for six spaces.

Staff recommends APPROVAL subject to:

1. Conformance to the Plot Plan amended to provide six (6) additional parking spaces.
2. Conformance to the elevations.
3. Conformance to all of the remaining original conditions of Z-59-82 except that a Parcel Map will be allowed rather than a subdivision map.

PROTESTS: N/A

NOT A PUBLIC HEARING. SET FOR CITY COUNCIL AUGUST 3, 1983.

6. Z-63-78

The original plan contained twelve (12) units with 12' setback from Washington with attractive building elevations and 30' setbacks from the south. This plan is for 16 units necessitating Planning Commission grant of an Administrative Variance (AV-4-83 next item), as the area allows 15.92 units, but is in the 5% range. The Washington set back will be 6' and the south set back will be 6'. The Washington elevations are the side elevation with storerooms and stairs to the second floor. Aesthetics weak on Washington, otherwise fine. Parking okay, 24 spaces where 20 are required. This is a conditional Ordinance.

If approved subject to:

1. Conformance to the amended Plot Plan and elevations.

Z-63-78(continued)

- ~~2.~~ Conformance to all of the other conditions of approval of Z-63-78.
- ~~3.~~ Provision of a 6' decorative wall along the north property line in front of the buildings along Washington Avenue.

PROTESTS: N/A

NOT A PUBLIC HEARING. SET FOR CITY COUNCIL AUGUST 3, 1983.

7. AV-4-83

The lot is 71' x 392.62' which is sufficient area to allow 15.92 units and is within the 5% range. If the above case is denied, this should be held until City Council action in Z-63-78.

Staff recommends APPROVAL if Z-63-78 changes are approved subject to:

1. Conformance to the Plot Plan and elevations.

PROTESTS: N/A

NOT A PUBLIC HEARING. SET FOR P. C. FINAL ACTION.

EXCERPT - CITY PLANNING COMMISSION MEETING - JULY 14, 1983 - 7:30 P.M. - PAGE 1
NEW BUSINESS: ITEM 8, LD-6-83, APPEAL OF DENIAL FOR AN APPLICATION FOR PARCEL MAP
WAIVER GENERALLY LOCATED ON THE EAST SIDE OF REBECCA ROAD, NORTH OF EL CAMPO GRANDE,
R-E ZONE.

ACTING CHAIRMAN MACK: LD-6-83, Appeal of Denial of an application for Parcel Map
Waiver generally located on the east side of Rebecca Road,
north of El Campo Grande, R-E Zone.

HOWARD NULL: Mr. Chairman, we have received a letter from the applicant
and what he was doing was appealing the requirement that he
would have to have a land division. He has now agreed to
submit a parcel map with the understanding that he will not
have to do a survey on it, but, also, as far as improvements
are concerned, the area will become part of an Assessment District.
With those conditions, staff would have no disagreement,
with the parcel map approach and so forth, and it would be
staff's recommendation that the agent of the applicant withdraw
the appeal.

ACTING CHAIRMAN MACK: Evidently I wasn't here the night that we heard this so this
particular item was denied?

HOWARD NULL: Mr. Chairman, let me fill you in on the background of this.
This is a land division. This comes before the staff. You
don't see it. The only time you see a land division would
be if there has to be a continuation of a street, then you
would; otherwise, you wouldn't even see them, but you would
see them on appeal. This is the appeal body to revoke staff's
position on it.

ACTING CHAIRMAN MACK: You can't reverse your stand without our approval then?

HOWARD NULL: I'm not quite sure what you mean.

ACTING CHAIRMAN MACK: Well, in other words, if we never heard it, who denied it?

HOWARD NULL: Staff denied it. and it's an appeal from staff's position.

ACTING CHAIRMAN MACK: But you have already agreed to his position now?

HOWARD NULL: Yes. We said we agree with his new condition in the letter.
that he will submit a parcel map, there will be no survey
required, but the area will have to come under an Assessment
District.

COMMISSIONER KENNEDY: Can he submit a parcel map without a survey?

HOWARD NULL: Yes. In other words, the material for the survey is available,
so he just has to submit a parcel map, the information is there.
He already has got his bearing lines and everything else from
a previous survey.

ACTING CHAIRMAN MACK: Okay, so this was put on the agenda by your department, but we
don't need the applicant's representation.

NEW BUSINESS: ITEM 8; LD-6-83, APPEAL OF DENIAL FOR AN APPLICATION FOR PARCEL MAP
WAIVER GENERALLY LOCATED ON THE EAST SIDE OF REBECCA ROAD, NORTH OF EL CAMPO GRANDE,
R-E ZONE.

DEPUTY CITY ATTORNEY
JOHN ROETHEL:

Mr. Chairman, I suggest that you see if the applicant is here.

ACTING CHAIRMAN MACK:

Okay, is the applicant present on Item LD-6-83? He is not present.

DEPUTY CITY ATTORNEY
JOHN ROETHEL:

Mr. Chairman, I suggest ~~the matter came before the Board~~ because the applicant appealed a decision made by the Department of Community Planning and Development. Based on the letter submitted by the applicant, I suggest the proper procedure would be for this Board to go ahead and ~~affirm~~ the decision of the department based on the applicant not being present for the appeal.

ACTING CHAIRMAN MACK:

The Chair will entertain a motion to that effect.

COMMISSIONER TRACY:

I make a motion to that effect.

ACTING CHAIRMAN MACK:

To that effect. All in favor of allowing staff to change their position.

HOWARD NULL:

He has come along to our way of thinking. We have agreed with his position per the letter.

ACTING CHAIRMAN MACK:

Cast your vote, please. That has been approved.
