AESTHETIC
REVIEW

(Abeyance from
12/8/83)

APPROVED

Request of J. CHRISTOPHER STUHMER, INC. for an Aesthetic Review on property generally located on the northeast corner of Highland Drive and Alta Drive, M Zone.

MR. FOSTER stated this item was held in abeyance so the applicant could submit designs. This building is located on the northeast corner of Alta and Highland and abuts the I-15 freeway to the east. There is parking to the west off Highland and Alta. Initially this was a one-story building, but now they have changed the design to a two-story structure. Staff would recommend approval, subject to: 1) Conformance to the plot plan and elevations, and 2) Install curb, gutters and sidewalks on Highland Drive and Alta Drive as required by the Department of Engineering Services.

ELISIAH LOUIS, III, 3750 Arville Street, appeared and represented the applicant. This building will be utilized for offices. They are in agreement with staff's conditions.

MR. JOHNSTON made a Motion for APPROVAL of AR-7-83, Aesthetic Review, subject to staff's conditions.

3. ZC-57-67

PLOT PLAN
REVIEW

(Abeyance from
12/8/83)

APPROVED

Request of SILVER EAGLE CONSTRUCTION for a Plot Plan Review to construct a two-story office building on property generally located on the south side of Smoke Ranch Road, 129 feet west of Decatur Boulevard, C-1 Zone.

MR. FOSTER stated this item was held in abeyance from the last meeting so the applicant could meet with the property owners in the area that abut this property to the south. There is a convenience store on the corner of Smoke Ranch and Decatur. They are now proposing a two-story office building along the westerly portion of the property 5 feet from the west property line and 5 feet from the south with parking to the east. There are R-E lots backing up to the south as well as R-E lots fronting on Smoke Ranch immediately to the west. They are now proposing a two-story building 5 feet from the south and west property lines, but in an "L" shape. Staff feels this should be a one-story building along the easterly part of the site with the parking to the south and west. Staff would also like a 6-foot block wall along the south and west property lines and subject to standard conditions 2 through 8.

RONN REISS, 1516 South Eastern Avenue, appeared and represented the applicant. The design of the building was changed from rectangular to "L" shaped. There won't be any windows on the back of this building and all the air conditioners, except one, are on the front of each of the units. It would not be economically feasible to construct a one-story building on the site. The building will be 20 feet high and the convenience store is approximately 14 feet high.

ART BAKER, Silver Eagle Construction, 3225 N. Sisk Avenue, appeared to represent the application. He met with the property

Voting was as follows:

"AYES" Chairman Bugbee, Mrs. Tracy, Mr. Johnston,
Mr. Mack, Mr. Guthrie
"NOES" Mrs. Coleman

Motion for APPROVAL carried by a 5/1 vote.

CHAIRMAN BUGBEE announced this item would be heard by the City Council on February 1, 1984 at 2:00 P.M.

PLOT PLAN
REVIEW

ABEYANCE

Request of ANDERSON DEBARTOLO PAN, INC. for a Plot Plan Review for the Care Unit Hospital of Southern Nevada on property located at 5100 West Sahara Avenue, N-U Zone (under Resolution of Intent to C-1).

MR. FOSTER stated this is a request to change one of the conditions of the rezoning of this property that prohibited access to Edmond Street. The applicant is requesting an access to Edmond Street to a fire hydrant on the west side of the street and they would like to have the opening as a direct service entrance for the loading area on the west side of the building. This access was discussed indepth at the various hearings on the rezoning and there was a protest factor from the residents to the north-west. There was concern about cars leaving the property and going north. Staff has no objection to a locked gate that will be used only in emergency fire access, but the service driveway should come from the front of the property along the west side and back to the docks as previously approved. Staff would recommend denial of this request, except if there were a crash gate installed.

No one appeared to represent the applicant.

DALE BAKER, 5320 West O'Bannon, appeared in protest. When this was approved at the City Council meeting, the protestants were promised there would be a block wall along Edmond Street with no ingress and egress and the applicants had agreed to that condition. He was not in favor of a locked gate on Edmond Street.

MR. MACK made a Motion for ABEYANCE of Z-42-82, Plot Plan Review, because the applicant was not represented.

Voting was as follows:

"AYES" Chairman Bugbee, Mrs. Tracy, Mr. Johnston,

MR. FOSTER announced this item would be heard again by the City Planning Commission on January 24, 1984 at 7:30 P.M.

16. Z-23-83

REVIEW OF
CONDITION

DENIED

Request of MERCY AMBULANCE, INC. for a Review of Condition to allow an additional on-site access for ambulances to the west end of the garage on property located at 1126 South Highland Drive, P-R Zone.

MR. FOSTER stated that at the time this ambulance maintenance building was approved there was some concern about screening the maintenance building from the residential area to the south-west. The applicants are requesting a condition be changed which required an 8-foot block wall from the north property line along Desert Lane to the driveway opening, then east approximately half way to the driveway through a canopy that goes through the property. From half that distance to the canopy there would be a planter that would have tall landscaping to screen the maintenance building. Now, they are requesting vehicular access where the landscaping planters are required. However, the applicant would extend the block wall approximately half way and keep the remainder open for the ambulances. Staff would recommend denial because the ambulances can be seen from outside the property.

DAVID SKOFF, 425 Las Castas Way, appeared and represented Mercy Ambulance, Inc. This proposal would make it more convenient to maneuver the ambulances on the premises.

MRS. TRACY made a Motion for DENIAL of Z-23-83, Review of Condition.

Voting was as follows:

"AYES" Chairman Bugbee, Mrs. Tracy, Mr. Johnston,
Mr. Mack, Mr. Guthrie, Mrs. Coleman

"NOES" None

LOT GRADING
REVIEW

APPROVED

Request of RICHARD B. TAYLOR for a Lot Grading Review to increase the grade 3 feet above the existing grade level for a proposed residence on property located at 820 Trotter Circle, R-PD2 Zoning.

MR. FOSTER stated this is in a planned development south of Palomino Lane. There's a small looped street in front of this property. There is an existing house to the east. The lots to the north are vacant at the present time. The applicant is proposing a single-family residence approximately 3 feet above the existing grade. There is an ordinance indicating that any increase in grade over 2 feet must be approved by staff. If staff does not approve it, the applicant may appeal it to the Planning Commission and City Council. Staff is recommending denial of the 3' high grade increase.

RICHARD B. TAYLOR, 1812 Ortiz Street, appeared for the application. By raising his house 3 feet, it will still be 7 feet below the adjoining house. There will not be any windows on the side of the house where his neighbor's house is located.

MR. FOSTER stated the surrounding property owners were notified and staff received two protests. He stated the 3' would be to the finished floor level.

MR. JOHNSTON made a Motion for APPROVAL of LG-1-84, Lot Grading Review.

MR. FOSTER stated they are proposing two standard billboards, one on the north side of the property adjacent to Nellis Blvd. and one on the south portion. Staff feels that since these signs would be on a major street, it would recommend approval, subject to: 1) Conformance to the plot plan and elevations, and 2) These signs shall be a minimum of 200 feet from any other existing or permitted off-premise signs.

PLANNING COMMISSION MEETING OF

OLD BUSINESS:

2. AR-7-83

ABEYANCE FROM
DEC. 8, 1983

This item was held in abeyance for revised plans at the request of the applicant which was for second floor office area.

This proposal abutts the Freeway (I-15) and they have a parapet but the Freeway is elevated at this location so roof mechanics will be visible. The Freeway landscaping will suffice in this area. The elevations are attractive.

Staff recommends APPROVAL subject to:

1. Conformance to the plot plan and elevations.
2. Install curb, gutters and sidewalks on Highland Drive and Alta Drive as required by the Department of Engineering Services.

PROTESTS: N/A

NOT A PUBLIC HEARING ITEM. SET FOR P. C. FINAL ACTION.

3. ZC-57-67

ABEYANCE FROM
DEC. 8, 1983

This was an annexed area with C-1 Zoning and the County approved plan reflected convenience market that exists with this parcel of surplus property. There is R-E Zoning north, south and west. There is a 10.5' dimensional error on the plan as 10' of additional right-of-way has been dedicated for Decatur on the west lot was 111.11 feet and the east lot 129.39' so the building could be in the R-E area. The Land Use Map shows the R-E lot immediately west is vacant, but we don't anticipate extending commercial west. In order to make a building on this lot compatible, the plan should be revised; a 6' block wall should be constructed on the south and west property lines and the building should be limited to one story. This is a Public Hearing item as it is a major revision to the original plan. 8,000 sq. ft., 20 spaces provided.

This item was held in abeyance from the Dec. 8, 1983 meeting in order for the developer to work out local concerns.

ZC-57-67 (CONTINUED)

Staff would recommend APPROVAL of the development of the lot for office purposes subject to:

1. Conformance to the plot plan and elevations.
 - (a) Reduce the building height to one story.
 - (b) Reverse the plan by placing the building on the east side of the site.
 - (c) Provide a 6' block wall along the south and west property lines.
2. Standard conditions 2-8.

PROTESTS: 0

PUBLIC HEARING ITEM. SET FOR CITY COUNCIL FEBRUARY 1, 1984.

NEW BUSINESS:

13. Z-61-82

This is the first request for an extension of time under this case. No reason cited.

Staff recommends APPROVAL subject to:

1. This Resolution of Intent shall expire January 5, 1985.
2. Conformance to all Ordinance amendments enacted subsequent to the original approval.

PROTESTS: N/A

NOT A PUBLIC HEARING ITEM. SET FOR CITY COUNCIL FEBRUARY 1, 1984.

14. Z-1-84

This proposal is in keeping with the action taken on the property to the east, i.e., they have R-1 lots fronting or siding the R-1 lots to the north. The density is in the medium low range of 6-7 units per acre. The buildings are one and two story, 2 bedroom with one and two car garages and are aesthetically attractive.

Staff recommends APPROVAL subject to:

1. Conformance to the plot plan and elevations.
2. Recording of a Final Map.
3. Vacation of patent reservations.
4. Repair any damage to the existing street improvements resulting from this development as required by the Dept. of Engineering Services.

Z-1-84 (CONTINUED)

5. Provision of fire hydrants and water flow as required by the Department of Fire Services.

PROTESTS: 0

PUBLIC HEARING ITEM. SET FOR CITY COUNCIL FEBRUARY 1, 1984.

15. Z-42-82

This request is to allow access to Edmond Street contrary to the conditions of approval. Required City Council action to modify the condition.

Evidently, there is a hydrant at Ole's across Edmond and a standpipe at the service entry.

Staff feels that an opaque locked personnel access gate would serve the Fire Department needs and that a service drive from Sahara would suffice. We have given notification.

Staff recommends DENIAL. If approved subject to:

1. Conformance to the revised plot plan.

PROTESTS: 0

PUBLIC HEARING ITEM. SET FOR CITY COUNCIL FEBRUARY 1, 1984.

16. Z-23-83

Desert Lane is an entry street to residential. Past zoning actions have attempted to restrict access and maintain a residential character of the properties transitioning to commercial and P-R.

In this action, staff attempted to screen the ambulance service facility and wanted to keep the ambulances on the Highland frontage. The ambulances are now parking on the south site contrary to our aims and that is probably one of the reasons this modification is being sought. Requires City Council action.

Staff recommends DENIAL. If approved subject to:

1. The second sentence of Condition #2 of the Resolution of Intent is hereby expunged.

PROTESTS: N/A

NOT A PUBLIC HEARING. SET FOR CITY COUNCIL FEBRUARY 1, 1984.

17. LG-1-84

You did not authorize the grade change from 2' to 3' as it might have adversely affected the adjacent property owners.

Staff recommends DENIAL as 2' should be sufficient.
If approved subject to:

1. Conformance to the plot plan including the finished floor height.

PROTESTS: 2

PUBLIC HEARING ITEM. SET FOR P.C. FINAL ACTION, UNLESS APPEALED.

18. Z-57-82

This is the first request for an extension of time. No reason given. Requested special City Council scheduling to January 18, 1984.

Staff recommends APPROVAL subject to:

1. This Resolution of Intent shall expire January 5, 1985.
2. Conformance to all Ordinance amendments enacted subsequent to the original conditions of approval.

PROTESTS: N/A

NOT A PUBLIC HEARING. SET FOR CITY COUNCIL JANUARY 18, 1984.

19. Z-55-76

This property is C-2 to a depth of 600' and the flood channel is west. There are other off-premise signs on Nellis.

Staff recommends APPROVAL subject to:

1. Conformance to the plot plan and elevations.
2. These signs shall be a minimum of 200 feet from any other existing or permitted off-premise signs.

PROTESTS: N/A

NOT A PUBLIC HEARING. SET FOR P.C. FINAL ACTION.

20. Z-66-64(38)

This property is developed appropriately. This type of use is okay as it is a considerable distance from residential.

Staff recommends APPROVAL subject to:

1. Conformance to the plot plan.

PROTESTS: N/A

NOT A PUBLIC HEARING. SET FOR P. C. FINAL ACTION.

21. SO-1-84

This lot is second in from Craig Road. No temporary parking has been provided although, we accepted one within the street system only.

Staff has no objection. If approved subject to:

1. Conformance to the plot plan.
2. This use shall cease in two (2) years or whenever the last unit in the tract is sold, whichever occurs first.

PROTESTS: N/A

NOT A PUBLIC HEARING. SET FOR P. C. FINAL ACTION.

SUPPLEMENTAL:

5. Z-78-82

The Resolution authorizing C-1 required specific City Council approval of all uses other than the retail tile sales and offices. Photographic studio would pose no particular problem.

Staff recommends APPROVAL.

PROTESTS: N/A

NOT A PUBLIC HEARING. SET FOR CITY COUNCIL FEBRUARY 1, 1984.

6. SO-2-84

This is the ninth lot in from Lorenzi on the south side of Waterville Street, just south of Alta. There is no on-site parking provided.

Staff has no objection. If approved subject to:

1. Conformance to the plot plan.
2. This use shall cease within two years or whenever the last unit in the tract is sold, whichever occurs first.

PROTESTS: N/A

NOT A PUBLIC HEARING. SET FOR P. C. FINAL ACTION.

7. Z-66-64(39)

This is a very minor amendment to the originally approved plan. It should have been handled administratively. (Z-66-64(22)).

Staff recommends APPROVAL subject to:

1. Conformance to the plot plan.
2. Standard conditions 2 & 6.

PROTESTS: N/A

NOT A PUBLIC HEARING. SET FOR P. C. FINAL ACTION

8. Cl-1-76

This is a request to expand the P. C. Resolution pertaining to "Minor Automobile Repair Facilities" to include brake drum turning. The machine for this operation is about 4' high 5' wide and 2-1/2' deep and the noise is minimal. Staff feels that this will not be a problem.

Staff recommends APPROVAL of the amendment to the Resolution to exclude the prohibition of Brake Drum Turning under "B".

PROTESTS: N/A

NOT A PUBLIC HEARING. SET FOR P. C. FINAL ACTION.

9. AV-1-84

This was an area where there were two recorded plats and the houses were constructed based on the wrong lot dimensions of the first plat. This proposed reduction is within the 5% limit for Administrative Variance actions.

Staff recommends APPROVAL subject to:

1. Revision of the plat by lot line adjustment.

PROTESTS: N/A

NOT A PUBLIC HEARING. SET FOR P. C. FINAL ACTION.

10. Z-75-80

This proposal modifies the original plan by adding a fourplex 20' from the rear property line. Although, the first fourplex was 131' from the rear property line and this will be 20' from the R-E lot to the south, staff does not feel a new Public Hearing is necessary. R-3 allows 20 units on the site and there will be a total of 11. Building is attractive.

Staff recommends APPROVAL subject to:

1. Conformance to the revised plot plan and elevations.

PROTESTS: N/A

NOT A PUBLIC HEARING. SET FOR P. C. FINAL ACTION.

11. Z-76-79

This is a modification of the originally approved plan to allow a furniture store and additional lease area containing a total of 13,400 sq. ft. Building is attractive. Parking meets Code. Some grade changes, you can okay.

Staff recommends APPROVAL subject to:

1. Conformance to the revised plot plan and elevations.
2. Conformance to all of the original conditions of approval of Z-76-79.

PROTESTS: N/A

NOT A PUBLIC HEARING. SET FOR P. C. FINAL ACTION.

12. Z-29-70

North Jones in this area is mostly residential with shallow depth commercial. Jones is a secondary major street and there are not many, if any, off-premise signs on this street.

Staff recommends DENIAL. If approved subject to:

1. Conformance to the plot plan and elevations.

PROTESTS: N/A

NOT A PUBLIC HEARING. SET FOR P. C. FINAL ACTION.

13. Z-69-73

Jones is a secondary major street and there are few, if any, off-premise signs.

Staff recommends DENIAL. If approved subject to:

1. Conformance to the plot plan and elevations.

PROTESTS: N/A

NOT A PUBLIC HEARING. SET FOR P. C. FINAL ACTION.

14. AV-2-84

This is a five sided lot for which the A.V. provisions provide for an average depth of 15' and in this case, it averages 16.5' as one corner is 11' and the other is 22'+.

Staff recommends APPROVAL subject to:

1. Conformance to the plot plan.

PROTESTS: N/A

NOT A PUBLIC HEARING. SET FOR P. C. FINAL ACTION.

15. Z-32-82

This expired September 15, 1983 and is within the 6 month reinstatement period. The zoning is appropriate.

Staff recommends APPROVAL subject to:

1. This Resolution of Intent shall expire February 1, 1985.
2. Conformance to all Ordinance amendments enacted subsequent to the original approval.

PROTESTS: N/A

NOT A PUBLIC HEARING. SET FOR CITY COUNCIL FEBRUARY 1, 1984.

16. SO-3-84

This is an unusual proposal to allow two models and one office temporarily on an R-E lot in the San Tropez Condo project. The authority under 19.76 would allow, but we will have 2 units and an office on the R-E site so must assure removal upon completion of the project. Water and sewer will not be connected to units.

Staff recommends APPROVAL subject to:

1. Conformance to the plot plan and elevations.
2. These buildings must be removed from the site within two years or whenever the last unit in the tract is sold, whichever occurs first.
3. Post a Bond in the amount of \$5,000. to assure the removal.

PROTESTS: N/A

NOT A PUBLIC HEARING. SET FOR P. C. FINAL ACTION.
