NEW BUSINESS:

1. FINAL MAP

ALPINE COURT
(COMMERCIAL
CONDOMINIUM)

Property generally located on the north side of Alpine Place, west of Decatur Boulevard, R-1 and P-R Zones (under Resolution of Intent to P-R).

Owner/Subdivider: Allen G. and Brenda S. Nel
No. of Acres: 2.5 No. of Units: 34

APPROVED

MR. NULL stated this is a commercial condominium. This final map is in substantial conformity with the tentative map. Staff would recommend approval, subject to: 1) Conformance with the tentative map, and 2) Conformance to the conditions of approval for the tentative map.

MICHAEL FORD, 5061 Rancho Court, appeared and represented the applicant. They are in agreement with staff's recommendations.

MRS. COLEMAN made a Motion for APPROVAL of the Final Map for Alpine Court (Commercial Condominium), subject to staff's recommendations.

Voting was as follows:

"AYES" Chairman Mack, Mrs. Tracy, Mrs. Coleman, Mr. Guthrie
"NOES" None
"EXCUSED" Mr. Bugbee

Motion for APPROVAL carried unanimously.

2. FINAL MAP

DUNCAN COURT,
A CONDOMINIUM
CONVERSION

APPROVED

Property generally located on the northeast corner of Duncan Drive and Edward Avenue, C-2 and R-E Zones (under Resolution of Intent to R-3).

Owner/Subdivider: Alpha Investments, Et Al
No. of Acres: 1.02 No. of Units: 24

MR. NULL stated this final map differs from the tentative map in that the parking spaces are aligned directly out onto Scuba Circle, which was not the case on the tentative map. The applicants have submitted a request for a variance to permit back-out parking. Otherwise, this final map is in substantial conformity with the tentative map. Staff would recommend approval, subject to the following conditions: 1) Conformance with the tentative map, and 2) Conformance to the conditions of approval for the tentative map, and 3) Subject to approval of V-65-84 to permit back-out parking spaces onto Scuba Circle.

WALTER GRAHAM, 5820 La Jolla Way, appeared and represented the applicant. They agree with staff's recommendations.

MR. GUTHRIE made a Motion for APPROVAL of the Final Map for Duncan Court, a Condominium Conversion, subject to staff's conditions.

Voting was as follows:

"AYES" Chairman Mack, Mrs. Tracy, Mrs. Coleman, Mr. Guthrie
"NOES" None
"EXCUSED" Mr. Bugbee

Motion for APPROVAL carried unanimously.

3. MEDIAN
IMPROVEMENT
WAIVER

LARCHWOOD
SUBDIVISION

APPROVED

Request of VTN OF NEVADA for a waiver of the requirement to install median curb on Buffalo Drive, north of Alta Drive.

MR. NULL stated the request is to waive the curb along the edge of the median on Buffalo Drive. At one time there was a drainage channel in the median on Buffalo. The City has determined that no channel is needed because of the detention basin to be constructed to the west. Between Charleston and Westcliff to the north, there is no median curb and gutter on Buffalo. Also, on Alta there is an existing berm which channels the runoff water to the north to Westcliff. That berm should not be moved until it is decided how the drain will be handled. The storm water drain proposed for the median island has not been constructed and Engineering Services has indicated they feel the curb does not have to be constructed at this time. However, because the subdivision will be required to have full half-street improvements, the City is requiring the developer to provide the City with a cash contribution covering the required future construction to the Buffalo Drive centerline.

CHARLEY JOHNSON, 2300 Paseo Del Prado, appeared and represented Clark Homes. He felt Clark Homes should not be required to provide the City with a cash bond, since it is indefinite as to when, if ever, the median curb will be installed.

MR. FOSTER said the City is definitely planning on installing the median curb in the future.

DICK CLARK, Clark Homes, 4741 Avenida Del Diablo, appeared and represented the application.

MR. BUGBEE made a Motion for APPROVAL of the Median Improvement Waiver for Larchwood Subdivision with the City to receive a bond from the developer, in the amount specified by the Engineering Department, to expire in five years.

3. MEDIAN
IMPROVEMENT
WAIVER

(Continued)

Voting was as follows:

"AYES" Chairman Mack, Mrs. Tracy, Mr. Bugbee, Mrs. Coleman,
Mr. Guthrie

"NOES" None

Motion for APPROVAL carried unanimously.

CHAIRMAN MACK indicated that this item would be heard by the City Council on June 6, 1984.

4. VAC-10-84

APPROVED

Petition of Vacation submitted by BECKER AND SONS to vacate Mossman Avenue and Filly Lane located on the east side of Michael Way, south of Cheyenne Avenue.

MR. NULL stated recently there was a reversionary map on this property. The applicant has now come in to vacate the streets.

MR. NULL also stated there is a modification to Standard Condition No. 1 for vacations as follows: "Reservation of easements for the facilities of the various utility companies together with reasonable ingress thereto and egress therefrom." Staff would recommend the Planning Commission adopt this new verbiage.

MRS. TRACY made a Motion for ADOPTION of the additional verbiage to the first standard vacation condition.

Voting was as follows:

"AYES" Chairman Mack, Mrs. Tracy, Mr. Bugbee,
Mrs. Coleman, Mr. Guthrie

"NOES" None

Motion for ADOPTION carried unanimously.

MR. NULL then stated staff would recommend approval, subject to the following conditions: 1) If the Order of Vacation is not recorded within one year after approval by the City Council or an extension is not granted by the Planning Commission, approval will terminate and a new petition will have to be submitted and the standard conditions.

G. C. WALLACE, Wallace Engineering, 1100 East Sahara Avenue, appeared and represented the applicant. They are in accord with staff's recommendations.

No one appeared in opposition.

MR. BUGBEE made a Motion for APPROVAL of VAC-10-84, subject to staff's conditions.

Voting was as follows:

"AYES" Chairman Mack, Mrs. Tracy, Mr. Bugbee,
Mrs. Coleman, Mr. Guthrie

"NOES" None

Motion for APPROVAL carried unanimously.

CHAIRMAN MACK announced a date will be set for a public hearing on this item at the May 16, 1984 City Council meeting.

5. Z-25-84

APPROVED

Application of FRONTIER SAVINGS ASSOCIATION for reclassification of property generally located on the southwest corner of Vegas Drive and Tenaya Way, from N-U (Non-Urban) to R-CL (Single-Family Compact Lot). Proposed Use: Medium Low Density Detached Single-Family Residences

MR. FOSTER stated this involves a 15-acre site that was annexed to the City recently. The lots range from 5,400 to 7,100 square feet in size. The homes are from 1,100 to 1,600 square feet in size. There is a bay window that makes the units not in conformance with the required setbacks on the lot widths. The applicant has agreed to make the adjustment so the units will fit the lots. Staff feels the request is compatible with the zoning in the area. There is R-CL immediately to the east. Staff would recommend approval, subject to: 1) Resolution of Intent with a twelve-month time limit, 2) Redesign the subdivision as required on the tentative map, 3) Modify the models to fit the proposed lots, 4) Provide a 6-foot block wall along the rear of the lots backing up to Vegas Drive and Tenaya Way, and 5) Standard conditions 5 through 8. Staff does not have any protests on record.

CHARLEY JOHNSON, 2300 Paseo Del Prado, appeared and represented the applicant. They are in concurrence with staff's recommendations.

WILLIAM REDINGER, 1504 Wheatland Way, appeared in protest. He would like the desert environment preserved.

JOANNE PAUL, 1504 Wheatland Way, appeared in protest. One of the reasons she purchased her home in that area is because of the beautiful view of the mountains.

MRS. TRACY made a Motion for APPROVAL of Z-25-84, subject to staff's recommendations.

Voting was as follows:

"AYES" Chairman Mack, Mrs. Tracy, Mr. Bugbee,
Mrs. Coleman, Mr. Guthrie
"NOES" None

Motion for APPROVAL carried unanimously.

CHAIRMAN MACK announced this item would be heard by the City Council on June 6, 1984.

6. TENTATIVE MAP

RAINBOW MEADOWS

APPROVED

Property generally located on the southwest corner of Vegas Drive and Tenaya Way, N-U Zone (proposed R-CL).

Owner: Frontier Savings Association

Subdivider: Steven S. Miller Construction

No. of Acres: 15.05

No. of Lots: 75

MR. NULL stated this is the tentative map for zoning case Z-25-84. There is a 20-acre park that is also a school site in this area. The City is currently leasing that site from BLM for future use. The City is proposing that Hallandale Drive be cul-de-sac'd the same as Lattimore Court to the north. It is felt the cul-de-sac will stop the traffic from the park running through a residential area. Pioneer Way is shown as a 25-foot street, which would be the main access to the park. For that reason and the fact that it is at a quarter-mile distance, it should be a 60-foot street. Staff would recommend the following conditions: 1) Approval of zoning request Z-25-84, 2) Conformance to the conditions of approval for Z-25-84, 3) No vehicular access to Vegas Drive and Tenaya Way from the abutting lots, 4) Wall statement, 5) Record an Order of

6. TENTATIVE MAP

(Continued)

Vacation for VAC-9-84, 6) Provide a minimum front yard setback of 18 feet, 7) Provide a half-street cul-de-sac at the west end of Hallandale and drainage and sewer easements at the west end of the cul-de-sacs on Lattimore Court and Hallandale as required by Engineering Services, 8) Provide a 30-foot half street on Pioneer Way, 9) Conformance to the Flood Hazard Reduction Ordinance, and 10) Provide a hydrology report as required by the Department of Engineering Services. With these conditions, and the normal conditions, staff would recommend approval.

CHARLEY JOHNSON, 2300 Paseo Del Prado, appeared and represented the applicant. He feels there might be a problem with drainage if Hallandale is made into a cul-de-sac. It has been determined that parks and schools have the most water running off them. They would be willing to put in the cul-de-sac, but want to be on record that there may be a drainage problem. He asked if the front setback could be 16 feet on the cul-de-sacs.

MR. BUGBEE made a Motion for APPROVAL of the Tentative Map for Rainbow Meadows, subject to staff's recommendations and 16-foot front setback on the cul-de-sacs.

Voting was as follows:

"AYES" Chairman Mack, Mrs. Tracy, Mr. Bugbee,
Mrs. Coleman, Mr. Guthrie

"NOES" None

Motion for APPROVAL carried unanimously.

CHAIRMAN MACK announced this item would be heard by the City Council on June 6, 1984.

7. FINAL MAP

MEADOWS

APPROVED

Owner: Frontier Savings Association

Subdivider: Steven S. Miller Construction

No. of Acres: 15.05

No. of Lots: 75

MR. NULL stated this map shows the final plan and the vacation request. This final map is in substantial conformity with the tentative map. Staff would recommend approval, subject to: 1) Approval of the tentative map, 2) Conformance with the tentative map, and 3) Conformance to the conditions of approval for the tentative map.

CHARLEY JOHNSON, 2300 Paseo Del Prado, appeared and represented the applicant. They concur with staff's recommendations.

MR. GUTHRIE made a Motion for APPROVAL of the Final Map for Rainbow Meadows.

Voting was as follows:

"AYES" Chairman Mack, Mrs. Tracy, Mr. Bugbee,
Mrs. Coleman, Mr. Guthrie

"NOES" None

Motion for APPROVAL carried unanimously.

8. VAC-9-84

APPROVED

Petition of Vacation submitted by FRONTIER SAVINGS ASSOCIATION to vacate Government Patent Reservations generally located south of Vegas Drive and west of Tenaya Way.

MR. NULL stated the government lots have a 50-foot patent along the alignment of Vegas Drive. This is a request to vacate 10 feet. They are proposing a five-foot vacation along Pioneer Way.

8. VAC-9-84

(Continued)

Pioneer Way would then be a twenty-five foot half street. Staff would recommend that thirty feet be retained and the following conditions: 1) If the Order of Vacation is not recorded within one year after approval by the City Council or an extension is not granted by the Planning Commission, approval will terminate and a new petition will have to be submitted, and 2) Pioneer Way to be retained as a 30-foot half street, and standard conditions.

CHARLEY JOHNSON, 2300 Paseo Del Prado, appeared and represented the applicant.

No one appeared in opposition.

MR. BUGBEE made a Motion for APPROVAL of VAC-9-84, subject to staff's recommendations.

Voting was as follows:

"AYES" Chairman Mack, Mrs. Tracy, Mr. Bugbee,
Mrs. Coleman, Mr. Guthrie
"NOES" None

Motion for APPROVAL carried unanimously.

CHAIRMAN MACK announced a date will be set for a public hearing on this item at the City Council meeting on May 16, 1984.

9. Z-28-84

APPROVED

Application of GEORGE AND ANNA ESSAYIAN for reclassification of property generally located on the west side of Decatur Boulevard between Auburn Avenue and Reiter Avenue, from N-U (Non-Urban) to C-1 (Limited Commercial).

Proposed Use: Offices and Retail

MR. FOSTER stated this application is along the west side of Decatur Boulevard in the Curtis Park subdivision. There is commercial to the north and south. There is R-3 zoning on the east. This request is for a new building with a storage yard to the rear. The building will be utilized for a contractor's office. Staff is concerned that the storage be limited to light vehicles. Staff would recommend approval, subject to: 1) Resolution of Intent with a twelve-month time limit, 2) Construct a 6-foot block wall along the rear property line and from the rear wall 40 feet easterly along the north and south property lines, and 3) No vehicles stored which are over 8,000 pounds and no storage other than vehicles shall be permitted, and standard conditions 1 through 8. Staff does not have any protests on record.

ROBERT HARPER, 5352 Rider, appeared and represented the applicants. They concur with staff's recommendations.

No one appeared in opposition.

MRS. TRACY made a Motion for APPROVAL of Z-28-84, subject to staff's recommendations.

Voting was as follows:

"AYES" Chairman Mack, Mrs. Tracy, Mr. Bugbee,
Mrs. Coleman, Mr. Guthrie
"NOES" None

Motion for APPROVAL carried unanimously.

CHAIRMAN MACK announced this item would be heard by the City Council on June 6, 1984.

10. Z-29-84

APPROVED

Application of U-HAUL COMPANY OF LAS VEGAS, INC. for reclassification of property generally located on the northwest corner of Decatur Boulevard and El Parque Avenue, from N-U (Non-Urban) to C-2 (General Commercial).
Proposed Use: Dealership for Motorhomes and Recreational Equipment; and Rental of Trucks, Trailers and Motorhomes

MR. FOSTER stated this is located north of the Toyota West dealership. There is commercial along the west side of Decatur Boulevard from this property south, multi-family and commercial along the east side. This is a 5-acre parcel. It backs up to developed apartments to the west. Staff would recommend approval, subject to: 1) Resolution of Intent with a twelve-month time limit, and 2) Install street improvements on Decatur Boulevard, Hawk Street, and El Parque Avenue as required by the Department of Engineering Services, and standard conditions 1 through 8. Staff does not have any protests on record.

WAYNE RIIS, President of U-Haul Company of Las Vegas, appeared and represented the application. They concur with staff's requirements.

DON HUFFMAN, 3800 South Decatur Boulevard, appeared in favor. He feels this will be an asset to the area. There will be landscaping on all sides of the property.

MR. BUGBEE made a Motion for APPROVAL of Z-29-84, subject to staff's recommendations.

Voting was as follows:

"AYES" Chairman Mack, Mrs. Tracy, Mr. Bugbee,
Mrs. Coleman, Mr. Guthrie

Motion for APPROVAL carried unanimously.

CHAIRMAN MACK announced this item would be heard by the City Council on June 6, 1984.

11. Z-58-78

PLOT PLAN
REVIEW

APPROVED

Request of GEORGE F. KALB CONSTRUCTION COMPANY for a Plot Plan Review on property generally located northwesterly of Decatur Boulevard and Meadows Lane, R-1 Zone.

MR. FOSTER stated this is a change in the development plan. Some time ago there was a shopping center development proposed on this site. The Red Lobster Restaurant was constructed on the site and the remainder was to be utilized for retail and service shops as well as a supermarket. At that time there was some concern about the location of the buildings, where the deliveries would be, etc. This new development plan consists of a Montgomery Ward store which will occupy the predominant part of the development. There will be some stores that will be leased in the future. The setback is greater than what was approved on the previous plan with a 55 foot setback from the leased stores as opposed to 37 feet previously. Staff feels this application is more compatible to the surrounding area than the previous plan. Staff would recommend approval, subject to: 1) Conformance to the plot plan that has been submitted, 2) Conformance to all other original conditions of approval of Z-58-78, and 3) Conformance to the elevations which have been submitted.

11. Z-58-78
(Continued)

GEORGE F. KALB, 3250 Spring Mountain Road, appeared and represented the application. He is in agreement with staff's recommendations.

MRS. COLEMAN made a Motion for APPROVAL of Z-58-78, Plot Plan Review, subject to staff's recommendations.

Voting was as follows:

"AYES" Chairman Mack, Mrs. Tracy, Mr. Bugbee,
Mrs. Coleman, Mr. Guthrie
"NOES" None

Motion for APPROVAL carried unanimously.

CHAIRMAN MACK announced this item would be heard by the City Council on June 6, 1984.

12. Z-22-82
EXTENSION
OF TIME
APPROVED

Request of PAULINE KIM O'MALIA for an Extension of Time on property located at 1717 South Eastern Avenue, R-1 Zone (under Resolution of Intent to P-R).

MR. FOSTER stated this is the second request for an extension of time. The applicant is a new owner of the property. She needs additional time to convert the property. Staff would recommend approval, subject to:
1) Extension of Time expiring on June 2, 1985, and 2) Conformance to all ordinance amendments enacted subsequent to the original approval.

PAULINE KIM O'MALIA, 1405 Vegas Valley Drive, appeared and represented the application.

MR. GUTHRIE made a Motion for APPROVAL of Z-22-82, Extension of Time.

on property located at 1201 Arville Street, R-E Zone
(under Resolution of Intent to P-R).

MR. FOSTER stated this is the first request for an extension
of time. The applicants have indicated economic conditions
have prevented the conversion of the property. Staff would
recommend approval, subject to: 1) Extension of Time to
expire May 18, 1985, and 2) Conformance to all ordinance
amendments enacted subsequent to the original approval.

LLOYD HARRIS, 2808 Avalon, appeared and represented the
application.

REVIEW OF
CONDITION
APPROVED

Request of VEGAS VERDES COUNSELING, LTD. for a Review of
Condition which limited the use to one business only on
property located at 912 North Eastern Avenue, P-R Zone.

MR. FOSTER stated this is a request to add a second use
to the existing office. They have 8 parking spaces which
is ample to accommodate the two businesses. The second
business is the DUI counseling office. No counseling will
take place at this location. This office will be just for
the staff. Staff would recommend approval, subject to: 1)
Condition No. 2 of the original approval amended to allow
two offices, but no medical offices allowed, and 2) The
classes for the proposed counseling operation shall not
be conducted at this location.

THOMAS BURNS, owner of building and existing business,
appeared and represented the application.

MR. BUGBEE made a Motion for APPROVAL of Z-6-82, Review
of Condition, subject to staff's recommendation.

PLOT PLAN
REVIEW

APPROVED

Request of THE MEADOW SCHOOL for a Plot Plan Review to operate a private elementary school (grades K-8) for a period of two years and to waive the off-site requirements on property generally located on the southeast corner of Brush Street and Meadows Lane, C-2 Zone.

MR. FOSTER stated this is part of the Fletcher Jones property where there is a body shop and new car storage area. Meadows Lane runs along the north side of the property and presently terminates at the easterly part of this property. The off-sites on that portion of Meadows Lane were not required until this portion of the property was developed and it's only developed and paved up to the south line of the site. This unimproved site is a 105 foot wide strip. The applicant made an arrangement with the owner to utilize this site for a two-year period for this elementary school operation. Because it is temporary, the applicant is asking for a waiver of the off-sites on Meadows Lane because of the cost involved. Staff feels this request is reasonable. There is a situation where paved parking is needed for a faculty of thirteen teachers. They could either pave it on-site or use the paved spaces to the south and also that they pave from the existing end of the pavement onto this site on a temporary basis. Staff would recommend approval. subject to: 1) Conformance to the plot plan, 2) The use shall cease in two years, and 3) Conformance to the requirements of Fire Services.

RICK TRUESEL, 3100 Ramrod, appeared and represented the application. They are in agreement with staff.

MRS. COLEMAN made a Motion for APPROVAL of Z-30-74, Plot Plan Review, subject to staff's recommendations.

Voting was as follows:

"AYES" Chairman Mack, Mrs. Tracy, Mr. Bugbee,
Mrs. Coleman, Mr. Guthrie
"NOES" None

Motion for APPROVAL carried unanimously.

SUPPLEMENTAL AGENDA:

1. A-11-84(A)

APPROVED

Petition of Annexation submitted by BONANZA HOLDINGS, LTD. to annex property generally located on the south side of Del Rey Avenue, west of Redwood Street, containing approximately 5.1 acres.

MR. NULL stated this parcel is part of the City's project to straighten out the irregular boundaries. This parcel has R-E County zoning and N-U would be the City equivalent. Staff would recommend approval.

JEAN SCHMUTZER, 3030 Palomino Lane, appeared and represented Ken Templeton.

MR. BUGBEE made a Motion for APPROVAL of A-11-84(A).

Voting was as follows:

"AYES" Chairman Mack, Mrs. Tracy, Mr. Bugbee,

2. SP-1-84

SATELLITE
PARKING

APPROVED

Request of ABLE LOCK AND KEY COMPANY for Satellite Parking on property located at 1911 East Charleston Boulevard, C-2 Zone.

MR. FOSTER stated this involves two properties on East Charleston Boulevard about a block east of Bruce Street. There is an existing building for the lock company on the south side of the alley. They are proposing a building that will require 21 parking spaces north of the alley. They only have 10 spaces on-site. There is excess parking on the existing site across the alley to the south. They need to utilize the 11 spaces on the existing site along with the 10 for the 21 required spaces. Staff feels this will be workable. Staff recommends approval, subject to:
1) Conformance to the plot plan.

SCOT BUGBEE, 6233 Eugene, appeared and represented the application.

MR. GUTHRIE made a Motion for APPROVAL of SP-1-84, Satellite Parking, subject to staff's recommendation.

PLOT PLAN
REVIEW

APPROVED

Request of GARY GUY WILSON for a Plot Plan Review to construct a condominium office building on property located at 422 S. Casino Center Boulevard, R-4 Zone.

MR. FOSTER stated this will be a three-story office building. The bottom floor will be used for off-street parking, which will be partially sub-grade. The two floors above will be for offices. Staff would recommend approval, subject to:
1) Conformance to the plot plan and elevations.

RICHARD HERRMAN, Gary Guy Wilson Architectural, appeared and represented a client. They agree with staff.

MRS. TRACY made a Motion for APPROVAL of Z-100-64(134), Plot Plan Review, subject to staff's recommendation.

PLOT PLAN
REVIEW

APPROVED

Request of VERNE JAY LEWTON for a Plot Plan Review to construct a two-story sixplex in lieu of the approved five single-story units on property located at 1722 West Bonanza Road, R-E Zone (under Resolution of Intent to R-3).

MR. FOSTER stated this application was initially approved for a west fourplex and to add one unit to the

4. Z-5-84

(Continued)

triplex. Now they are proposing to keep the triplex as a three-unit building and construct a 2-story sixplex on the property. There is an existing residence on the front portion of the property. They are requesting ten units and fourteen units would be allowed on this site according to the square footage. There are two-story apartments to the north of this property. Staff would recommend approval, subject to:
1) Conformance to the amended plot plan and elevations, and
2) Conformance to all other original conditions of approval.

VERNE JAY LEWTON, 4347 Heleman Street, appeared and represented the application. This proposal will improve the landscaping.

MRS. COLEMAN made a Motion for APPROVAL of Z-5-84, Plot Plan Review, subject to staff's recommendations.

Voting was as follows:

"AYES" Chairman Mack, Mrs. Tracy, Mr. Bugbee,
Mrs. Coleman, Mr. Guthrie

Motion for APPROVAL carried unanimously.

CHAIRMAN MACK announced this is final action.

5. Z-35-81

PLOT PLAN
REVIEW

APPROVED

Request of ROBERT CHESS for a Plot Plan Review to allow a patio cover on property located at 3820 Marshall Circle, R-PD6 Zone.

MR. FOSTER stated this is essentially an R-CL development. They would like to construct a patio cover 5 feet from the property line. The side setbacks are a total of 10 feet. This would reduce it to a total of 3 feet because it is a zero lot line development. Staff feels the 10 foot side yard area should be adhered to and, therefore, recommended denial.

ROBERT CHESS, 3820 Marshall Circle, appeared and represented the application. His neighbor to the south does not object to this patio cover. The patio is already constructed as he did not realize he would need a permit. However, he had spoken to a gentleman in the Department of Community Planning and Development as to what would be required. The patio cover cost \$1,000.

MR. BUGBEE made a Motion for APPROVAL of Z-35-81, Plot Plan Review, subject to reducing the overhang to one foot.

Voting was as follows:

"AYES" Chairman Mack, Mrs. Tracy, Mr. Bugbee,
Mrs. Coleman, Mr. Guthrie

"NOES" None

Motion for APPROVAL carried unanimously.

CHAIRMAN MACK announced this item would be heard by the City Council on June 6, 1984.

6. RW-1-84

RAZOR WIRE
REQUEST

APPROVED

Request of SPANISH OAKS HOMEOWNERS ASSOCIATION to install razor wire around the perimeter of the subdivision on property generally located north of Sahara Avenue between Richfield Boulevard and Valley View Boulevard, R-PD6 Zone.

MR. FOSTER stated the City recently adopted an ordinance amendment that provides for razor wire to be allowed in any residential zone provided it is approved by the Planning Commission with a right of appeal by the City Council. There is no public hearing process. It is at the discretion of the Planning Commission as to whether the surrounding property owners should be notified. The applicant is requesting razor wire around the entire site except for the entrance. There are single-family homes backing up to the north portion of the development. Staff is concerned about the appearance of the razor wire from the abutting homes and would suggest this item be held in abeyance and the property owners notified.

The Planning Commission decided to consider the request, except on the north portion which would be held to notify the adjacent property owners.

RICHARD LEX, Spanish Oaks Homeowners Association, appeared and represented the application. They would not object to the property owners being notified along the north.

OLGA SCHEEL, 3014 El Camino Avenue, Springhurst Subdivision, appeared in protest. Razor wire is ugly, demeaning and destroys the beauty of this city. She questioned how the razor wire would be fastened to the block wall.

MR. FOSTER replied that the razor wire cannot extend above the extension of the interior plane of the fence. The razor wire has to be from the interior side of the block wall onto the Spanish Oaks' side. It cannot project on top of the fence or over the fence. The following was read from the ordinance: "which shall not exceed more than 2 feet above the solid portion of the fence and that there is no extension toward the exterior side of the fence beyond the plane of the fence on the interior side thereof."

OLGA SCHEEL also questioned whether the razor wire that is already installed in Spanish Oaks will have to follow the requirements of the new ordinance.

MR. FOSTER said that the razor wire that is already installed in Spanish Oaks will have to conform to the new ordinance requirements.

RICHARD LEX said the coils that are currently in place are 18 inches in diameter. It is the intention of the Association to install a 12-inch coil around the perimeter of the subdivision.

OLGA SCHEEL said she measured the coil that is currently in place as 24 inches in diameter.

GENE ROBERT MAHOOD, 3058 El Camino Avenue, appeared in protest. His home is in Springhurst and this area is not a high-crime area. They do not plan to install the wire at the entrance.

RICHARD LEX said they have an armed security guard at the entrance so they felt they would not need any razor wire at that location.

GENE ROBERT MAHOOD said if a person goes over the wall and gets injured persons allowing this installation could be sued. This will set a precedent. He feels the wall around Spanish Oaks is high enough to curtail crime.

RICHARD LEX said that due to the expensive homes in Spanish Oaks, it is a target for burglars. Since they installed razor

6. RW-1-84
(Continued)

wire around a portion of Spanish Oaks, they have not had any burglaries.

MR. BUGBEE made a Motion for APPROVAL of RW-1-84, Razor Wire Request, on the perimeter of the subdivision with the exception of the north property line which will be heard at a public hearing on May 22, 1984.

Voting was as follows:

"AYES" Chairman Mack, Mrs. Tracy, Mr. Bugbee, Mrs. Coleman
"NOES" Mr. Guthrie

Motion for APPROVAL carried by a 4/1 vote.

MR. FOSTER announced the area that has been approved could be appealed within 10 days to the City Council.

PLOT PLAN
REVIEW

APPROVED

Request of FRED DORIOT, ARCHITECT ON BEHALF OF VALLEY BANK, for a Plot Plan Review to construct a new bank facility on property generally located on the southwest corner of Westcliff Drive and Rainbow Boulevard, C-1 Zone.

MR. FOSTER stated this new bank facility would be located in an existing shopping center. There will be a parking area to the west as well as a drive-in facility immediately to the south of the building. Staff would recommend approval, subject to: 1) Conformance to the plot plan and elevations.

FRED DORIOT, 3390 Wynn Road, appeared and represented the application. They agree with staff.

MR. BUGBEE made a Motion for APPROVAL of Z-29-67 and Z-5-69, Plot Plan Review, subject to staff's recommendation.

PLOT PLAN
REVIEW

APPROVED

Request of FRED DORIOT, ARCHITECT ON BEHALF OF VALLEY BANK, for a Plot Plan Review to construct a new bank facility on property located at 2333 East Sahara Avenue, C-1 Zone.

MR. FOSTER stated this bank facility would be in front of the Italian American Club. The parking will be on the north portion of the property within the C-1 area. There will be a drive-in facility. Staff feels there should be an arrangement worked out with the Italian American Club to use the parking area. Staff would recommend approval, subject to: 1) Conformance to the plot plan and elevations, and 2) Provide a copy of the lease arrangements which reflect that the four parking spaces immediately north of this site in the C-1 zone are available for required off-street parking. This application will have to be heard before the City Council because of the parking arrangement.

FRED DORIOT, 3390 Wynn Road, appeared and represented the

5. Z-25-84

The property is 15 acres and there are 75 lots proposed which is 5 units/acre. This is the yield we often get with R-1. The lots range in size from 5,400 to 7,100 square feet and average a little over 6,000 square feet each. The least width is 53' and they range in depth to 133'. The current G.P. reflects suburban densities and the proposed G.P. profile reflects M/L so R-CL is clearly appropriate. Staff feels that the backup lots to Tenaya and Vegas Drive should have a 6' block wall. The models range in size from 1,100 to 1,600 square feet and are one and two story and contain 2 bedrooms, 2 baths to 4 bedrooms, 2-1/2 baths all with 2 car garages. The buildings are very attractive. There is one major problem and that is the models range from a width of 42' to 45½' to 46½' wide so many will not fit the lots. Charlie Johnson has indicated the models will be modified to 42' maximum width.

Staff recommends approval, subject to:

1. ROI with a twelve month time limit.
2. Conformance to the plot plan and elevations.
3. Modify models to fit the proposed lots.
4. Record a subdivision map.

The County has allowed commercial on this side of Decatur. There is a shop to the north, a small shopping center two lots south and R-E development to the west. This is a proposed contractors office with equipment storage to the west adjacent to the R-E. Exterior storage is permitted in a C-1 zone but should be screened from view. Equipment size should be limited. The building is 5,000 square feet and they are providing ample parking (30 spaces). The building is very attractive. If they want larger vehicles, the walls should be raised to 8' minimum.

The Fire Department indicates a hydrant may be required or building sprinklers. CHAIRMAN MICHAEL MACK: Z-25-84. Application of Frontier Savings Association for reclassification of property generally located on the southwest corner of Vegas Drive and Tenaya Way from N-U to R-CL. Proposed Use: Medium Low Density Detached Single-Family Residences.

HAROLD FOSTER; CLV: This involves a 15 acre site that was annexed into the city recently. It's Tenaya along the east side and Vegas Drive along the north side of the property. It's county around it. This is the proposed subdivision that's the next item on your agenda showing the layout. There are some modifications in the design that staff will present under that item. The applicant is asking for R-CL. The lot sizes range from about 5,400 to 7,100 square feet in size. That averages out to about 5 units per gross acre. The size of the homes are roughly 1,100 to 1,600 square feet in size. The models -- I believe there's a bay window that makes the unit a little bit wider than the -- to accommodate the required setbacks for the lot widths. They are aware of that and they are going to make that adjustment so they will fit the lots. Staff feels the request is compatible with the zoning in the area. There's R-CL immediately to the east. Staff would recommend approval of the application, subject to it being by Resolution of Intent with a twelve month time limit. No. 2, Redesign the subdivision as required on the tentative map. 3. Modify the models to fit the proposed lots. 4. Provide a 6 foot block wall along the rear of the lots backing up to Vegas Drive and Tenaya Way. And then standard conditions 5 through 8. We have no protests on record.

CHARLEY JOHNSON: Charley Johnson, 2300 Paseo Del Prado. We are in concurrence with the staff's recommendations.

CHAIRMAN MICHAEL MACK: Okay. This is a public hearing. If there's anybody that would like to speak on it can do so at this time.

WILLIAM REDINGER: Mr. Chairman, William Redinger, 1504 Wheatland Way, Rainbow Park Subdivision, Lewis Homes. We are opposed to this reclassification. I believe that earlier within approximately a six month period a commission recommended to the council that no further growth be made out into the desert area. This is a fragile desert area. We support that sort of recommendation. We would instead recommend that the City approve building or reclassification into areas

WILLIAM REDINGER: of the city that are still unimproved, rather than infringing upon the fragile desert terrain, so with that in mind, we would recommend the council disapprove the reclassification.

CHAIRMAN MICHAEL MACK: Where do you live in regard to this property?

WILLIAM REDINGER: I live immediately east of it.

CHAIRMAN MICHAEL MACK: Do you live in an R-CL area?

WILLIAM REDINGER: Yes, I do.

CHAIRMAN MICHAEL MACK: Okay, so basically you're concerned about the growth in that area going east and west.

WILLIAM REDINGER: Yes, we are.

COMMISSIONER BOB BUGBEE: You're talking about the environmental protection of the desert, is what you're talking about.

WILLIAM REDINGER: Yes, we are. We see in so many areas of our town where the desert has been disturbed. The wind comes up. The amount of dust.-- we would recommend that we not disturb the desert any more than it has already been disturbed.

COMMISSIONER BOB BUGBEE: Unfortunately, a lot of those parcels of ground that are being disturbed at this time are owned by the government and people out there trying to fatten up mining claims; that's where all the dirt comes from. We have no control over it.

JOANNE PAUL: My name is Joanne Paul and I live at 1504 Wheatland Way and I have a more personal concern. I have a wonderful view of the mountains at this present time and I bought the home -- that was an important part of my decision and it's been my experience that a view, at least in other cities, increases the property value and I don't quite understand why this Frontier Savings development has priority over me. I've already been there for a while and I don't quite understand why they can't be relocated to be beside the Rainbow Park.

COMMISSIONER BOB BUGBEE: It would kill somebody else's view.

JOANNE PAUL: No, they wouldn't. As a matter of fact, --

COMMISSIONER BOB BUGBEE: This is what happens when we move a tract from one to another. It's private property.

CHAIRMAN MICHAEL MACK: I think it's kind of difficult to tell someone that they can't develop their property.

JOANNE PAUL: Yes, I understand. I didn't realize that that view -- this was just sort of a rubber stamp.

CHAIRMAN MICHAEL MACK: It's not a rubber stamp. This is not a rubber stamp. However, it's very --

JOANNE PAUL: A lot of expense has gone, obviously, Frontier Savings to develop this project.

COMMISSIONER BOB BUGBEE: There are a lot of demands required by us before they can even submit it.

JOANNE PAUL: Yes. Well, it was just -- when we received this letter that this was going to happen just a very short time ago so a lot has gone on before that we weren't aware of, sorry.

CHAIRMAN MICHAEL MACK: I think the valley some day will be -- it will be solid growth from mountain to mountain and I don't think there's any way to prevent it.

JOANNE PAUL: Is the property -- you said this property was recently annexed by the City. Is the property located north of Vegas Drive and east of Tenaya Way also annexed?

CHAIRMAN MICHAEL MACK: No.

WILLIAM REDINGER: Why is it then that we're seemingly so intent on blocking our view when there's other land and on the other side of Rainbow or the expressway that is undeveloped? It would block no one else's view.

COMMISSIONER SHERRI TRACY: I would imagine that, in the first place, the other land is in the county and not annexed into the city and it's probably owned by somebody else. I'm sure Frontier Savings doesn't own all of the desert land that is available in that area. This is the piece they own here and I don't know if they own anything else over in the county or not. I understand what you're saying about the environment and I agree with you as far as dust and all is concerned. I'd probably agree with you more if you lived in an area that wasn't already zoned R-CL, but you're already in R-CL homes and to deprive a developer of building like things across the way from you, I just don't think that's reasonable. I would understand if there

COMMISSIONER SHERRI TRACY: were high density apartments, that I would understand more of your concern.--

JOANNE PAUL: I don't want to delay the proceedings.

COMMISSIONER SHERRI TRACY: -- but this is not -- I want you to understand this is certainly not a rubber stamp, but there are already homes just like what the developer is proposing to do and it's been my experience that people are more happy with property like this being settled so it cuts the bikers, it cuts the dust down, it, you know, it develops the property and you don't have all of the loose dirt coming from the wind; true while they're building you do, but once the yards and landscaping is in then you don't have that. So if there aren't any other protestors, I'M GOING TO MAKE A MOTION TO APPROVE THIS.

WILLIAM REDINGER: Excuse me, ma'am.

JOANNE PAUL: No, wait a minute, Bill. I just want to know -- ask one question. When the City annexed the land was it at a meeting like this where somebody could have not public knowledge of it?

CHAIRMAN MICHAEL MACK: Yes, it was.

JOANNE PAUL: Okay.

CHAIRMAN MICHAEL MACK: I'm going to close the public hearing and ask for a motion.

COMMISSIONER SHERRI TRACY: I'LL MAKE THE MOTION THAT THIS IS APPROVED, SUBJECT TO STAFF'S RECOMMENDATIONS.

CHAIRMAN MICHAEL MACK: Okay, that item has been APPROVED and will be heard by the City Council on June 6.

(Motion carried unanimously with Commissioners Johnston and Kennedy excused.)

END OF DISCUSSION
