### 4. Z-7-85 - DONREY, INC.

Application of DONREY, INC. for reclassification of property generally located on the north side of Vegas Drive between Lunning Avenue and Simmons Street, from R-E to R-1 and R-3.

Proposed Use: Single-Family  
Residential and Medium  
Low Density Apartments

Staff recommends APPROVAL of the R-1 and DENIAL of the R-3, except for 5 acres on the southwest portion of the property. If approved, subject to:

1. Resolution of Intent with a twelve-month time limit.
2. Installation of street improvements on Vegas Drive, Lunning Avenue, Holly Street and Simmons Street as required by the Division of Land Development and Flood Control of the Department of Community Planning and Development.
3. Relocate the north driveway access to align with Gerlach Drive.
4. The R-1 to be built prior to or concurrently with the construction of the first phase of construction within this overall development.
5. Standard conditions 1 - 8.

PROTESTS: 26 (Petition with 24 signatures)

Bugbee -  
ABEYANCE  
Unanimous  
(Coleman excused)

MR. FOSTER stated this parcel is approximately 36 acres in size. There are single-family homes to the east on Lunning Avenue. There is R-4 to the north. To the west is R-3 and R-1. There is C-1 along the north side of Vegas Drive to the west. The Twin Lakes subdivision is to the southwest. This parcel had three radio station towers approved on it last year by means of a Variance and these towers exist on the premises. At that time the applicant indicated they would submit a proposal for a development so the off-site improvements were waived for a two-year time period. This application is for R-1 along the east side of the property and a portion of the north so there would be a row of homes across from the existing homes. In the remaining area they are requesting R-3. The R-3 is for four-plexes. There will be one access off Holly, one off Vegas Drive and one off Simmons Street. Staff feels this property should be developed R-1, R-CL and only 5 acres of R-3 on the southwest portion. There are approximately 29 persons in protest.

CHUCK RUTHE, 801 Rancho, appeared and represented the applicant. They will build the R-1 homes first. This is less than 8 units to the acre. This layout will accommodate the radio towers.

GWEN COLEMAN, 1816 N. Lunning Avenue, appeared in protest. There are apartments in the area. She feels that with the increased population in the area the crime rate will increase.

WILLIE KIPER, 1709 Manhattan Drive, appeared in protest. He is in favor of the single-family homes, but against the apartments.

GENEVA MERVIN, 1304 Cherokee Lane, appeared in protest. The residents in the area want it to remain single-family.

RAY MAIERS, 1311 Virginia City Avenue, appeared on behalf of the Bonanza Village Homeowners in protest to the 280 apartments.

4. Z-7-85 - DONREY, INC.

ERNEST HARRIS, 1616 Ludwig Drive appeared in protest. There is a 50% vacancy rate in the apartments in that area at the present time. This will devalue the homes already there.

KEN MCGHEE, 1909 Ludwig, appeared in protest. He prefers single-family dwellings on this entire parcel.

RUTH SHELBY, 1617 Ludwig, appeared in protest. This will devalue the homes in the area.

CHUCK RUTHE appeared in rebuttal. Donrey will keep this development and not sell it due to the radio towers. The single-family homes will be comparable to those directly across the street.

STEVE TURNER, Baughman and Turner, appeared stating he feels this layout is excellent because it accommodates different types of housing and the radio towers.

MR. FOSTER displayed staff's layout with single-family homes, R-CL homes and R-3 apartments.

To be heard again by the City Planning Commission on March 11, 1985.

Application of THOMAS T. BEAM, ET AL for reclassification of property generally located on the north side of Westcliff Drive, between Tenaya Way and Buffalo Drive, from N-U to R-2.

Proposed Use: Three-Story Rest Home For Senior Citizens

Staff recommends APPROVAL, subject to:

1. Resolution of Intent with a twelve-month time limit.
2. Conformance to the plot plan for the first phase only.
3. Conformance to the elevations amended to continue the front architectural design theme around to the north and south side elevations as required by the Department of Community Planning and Development.
4. The use shall be limited to a rest home for the elderly only.
5. The project shall be limited to two stories in height.
6. All future phases of development must be reviewed by the Planning Commission.
7. Dedicate 60 feet of right-of-way for Westcliff Drive, 30 feet of right-of-way for Luna Way and 30 feet of right-of-way for the proposed street on the north side of the property and a 25 foot radius corner at the intersection of Westcliff Drive and Luna Way and a 15 foot radius corner at the intersection of Luna Way and the unnamed proposed street as required by the Department of Design and Development.
8. Installation of street improvements on Westcliff Drive, Luna Way and the unnamed proposed street on the north side of the property as required by the Division of Land Development and Flood Control of the Department of Community Planning and Development.

9. Standard conditions 2 - 8.

PROTESTS: 1

Bugbee -

APPROVED the three-story building as submitted with no landscaping on the south wall and staff's other conditions. Motion carried with Kennedy voting "No" and Coleman "Excused."

MR. FOSTER stated this parcel is approximately 8 1/2 acres. This is a request for a three-story rest home for the elderly. The first phase will have accommodations for 202 residents. There will be 159 single units and 43 double units. There will be 86 parking spaces where 80 are required. The overall parcel can accommodate approximately 425 beds. Staff feels the R-2 density is compatible. The only concern is the three stories. Staff feels that a two-story height would be more compatible with the existing development in the area.

JAMES PETERSON, 328 N. Main Street, Canton, Illinois, developer and owner, appeared and represented the application. He just finished this same type of development in Naples, Florida. They will be licensed by the State of Nevada as an adult-care facility for 202 beds. This will be like a city within a building. There will be a luxurious living area on each floor, stock brokerage firm with the New York Stock Exchange, activities and crafts, chapel, ice cream parlor and security. The rooms are 400 square feet with the double rooms 500 to 600 square feet. The double rooms will have refrigerators. There will be cable TV and a nurse available. There are no plans to build the back two buildings at the present time.

CHARLES ADKISSON, 919 East Tropicana, appeared to represent the owner. This is a seven million dollar project.

SUSAN RAMOS, 7220 Raincloud Drive, appeared in protest. She objected to the three-stories because the residents would be able to look into her back yard.
