3. Z-7-85 - DONREY, INC.

Application of DONREY, INC. for reclassification of property generally located on the north side of Vegas Drive between Lunning Avenue and Simmons Street, from R-E to R-1 and R-3.

Proposed Use: Single-Family
Residential and
Medium Low Density
Apartments

Staff recommends APPROVAL, subject to:

1. Resolution of Intent with a twelve-month time limit.
2. Construction of the entire R-1 and R-CL portion is to commence prior to or concurrently with any development on the R-PD6 portion.
3. No occupancy of the units within the R-PD6 site shall be allowed prior to completion of the entire R-1 and R-CL portion.
4. Installation of street improvements on the entire site for Vegas Drive, Lunning Avenue, Holly Street and Simmons Street as required by the Division of Land Development and Flood Control of the Department of Community Planning and Development.
5. Standard conditions 1 - 8.

PROTESTS: 3 on record with staff

Tracy -
DENIED

Motion carried with Mack voting "No" and Coleman and Guthrie "Excused."

MR. FOSTER stated this item was held in abeyance for approximately a month so the applicant could develop a revised plot plan which would include staff's comments and the sentiments of the property owners who were opposed to this application. The applicant is across from R-1 that fronts on Lunning Avenue to the east. There is R-1 and R-4 to the north. To the west is vacant R-1 and C-1. To the south is R-1 and R-PD8. There are three radio towers on the site. There will be a row of R-1 across from the existing R-1 and R-CL to the west of that. On the southwest portion R-PD6 is proposed. The total number of units is 181. The previous application contained 293 units. Staff finds the revised plan to be acceptable and would recommend approval with the conditions.

STEVE TURNER, Baughman and Turner, 2325 West Charleston Boulevard, appeared and represented the applicant. They concur with the requirements of staff.

DICK STEVES, Ramona Circle, appeared in protest. He objected to the apartments across the street, but is in favor of the R-1. The high density will increase the crime rate in the area.

MARY MOSCOTI, 1302 Cherokee Lane, appeared in protest. She also objected to the apartments.

ATTY. MAJAHILL RAMADON, 1704 Ludwig Drive, appeared in protest.

3. Z-7-85 - DONREY, INC. (Continued)

RUTH SHELBY, 1617 Ludwig Drive, appeared in protest. She also objected to the apartments. Apartments breed drug peddlers and they already have crime in that area.

DICK STEVES appeared again. He reported the number of vacant houses and apartments already in the area.

STEVE TURNER appeared in rebuttal. Apartments are dependent upon the management of the project. The R-PD6 is a comparable density to the R-CL zoning, which is not high density.

MR. FOSTER said the overall density comes to about 5 units per acre, which is a little over R-1 density. The low density is due to the large amount of open space around the radio towers.

To be heard by the City Council on 5-1-85.

2. Z-16-85 - HONOLULU-CHARLESTON PARTNER-SHIP "C"

Application of HONOLULU-CHARLESTON PARTNER-SHIP "C" for reclassification of property generally located on the northwest corner of Charleston Blvd. and Honolulu St. from R-2 to C-1, Gasoline Sales & Convenience Store.

2. Installation of a 6-foot high block wall along the north property line as required by the Department of Community Planning and Development.
3. Dedicate 23 feet of right-of-way for Honolulu Street and 30 feet of right-of-way for Charleston as required by the Department of Design and Development.
4. Installation of street improvements on Honolulu Street and a sidewalk on Charleston as required by the Division of Land Development and Flood Control of the Department of Community Planning and Development.
5. Approval of a parcel map.
6. Standard conditions 1 - 8.

PROTESTS: 0

Johnston -
APPROVED, subject to the conditions.
Unanimous
(Coleman and Guthrie excused)

MR. FOSTER stated to the north is vacant land and north of that is developed R-1. To the west are four-plexes in the R-2 zone and west of that is commercial. To the south of Charleston Boulevard the property is in the County. To the east is R-2. The overall parcel extending into the R-1 was requested for a shopping center in 1971. There was a substantial protest factor, and that application was denied. There was a service station proposed on the same corner. At that time it was decided that service stations should only be on intersections of major streets. This request calls for gasoline sales and a convenience store. The gasoline sales will be in the front and the store in the rear. Staff feels this property should remain residential and would recommend denial.

ATTY. CHRISTOPHER CAMPHOR, 300 South 4th Street, appeared and represented Atlantic Richfield Company. There are no protestants now. The freeway will come through to Charleston Boulevard. There is commercial in the area.

RON REISS, 1816 South Eastern Avenue, appeared and represented the owners of the property. Many of the homes in the area have been converted to commercial uses. This will be a convenience for persons living and working in the area. He objected to constructing the block wall until the adjacent property is developed (elimination of block wall was denied).

JIM THOMPSON, 2001 Stone Acid Court, San Raphael, California, appeared and represented Atlantic Richfield Company.

No one appeared in protest.

3. Conformance to the elevations amended to provide aesthetic treatment to the rear of the building as required by the Department of Community Planning and Development.
4. Installation of sidewalks and street lighting on Rainbow Boulevard as required by the Division of Land Development and Flood Control of the Department of Community Planning and Development.

5. Standard conditions 2 - 8.

PROTESTS: 0

Bugbee -

APPROVED, subject to the conditions.

Motion carried with Tracy voting "No" and Coleman and Guthrie "Excused."

MR. FOSTER stated this site is small in size. The pattern in the area is R-CL. There is R-1 to the west and northeast. There are commercial sites to the south at Charleston and one at Westcliff to the north. An application for P-R zoning on the southeast corner of Rainbow and Alta was denied. There was P-R requested on the northwest corner and the developer withdrew that application and proposed R-CL. The building is approximately 7,200 square feet in size. Staff feels there is ample commercial approved for the area at the present time and would recommend denial.

DON CAMBEIRO, 3555 Pecos McLeod, appeared and represented the applicant. There are no protests from the neighbors. They feel the area needs small stores. There will not be any bars. Rainbow is a 100 foot right-of-way and major thoroughfare.

COMMISSIONER TRACY felt there was enough commercial in the area.

To be heard by the City Council on 5-1-85.

1. ZONING ORDINANCE AMENDMENT

Requires separate rezoning applications on requests for certain non-contiguous parcels and an additional fee for non-contiguous parcels in the same application.

Johnston -
 ADOPTED Amendment
 Unanimous
 (Coleman and Guthrie excused)

MR. FOSTER stated as requested by the Planning Commission this amendment proposes a rezoning application that involves more than one lot or parcel of land shall not be accepted in the same application if the distance between the parcels exceeds 300 feet. This requirement shall not apply to applications initiated by the Planning Commission or City Council. The amendment would keep all parcels within 300 feet of each other in the same application. Any application that includes multiple parcels that are not contiguous to each other requires the applicant pay an additional filing fee of \$100.
