NEW BUSINESS:

1. PLOT PLAN REVIEW - Z-34-78 - MIDLAND PACIFIC BUILDING CORPORATION

Request for a Plot Plan Review for a revised condominium development plan on property located on the northwest corner of Torrey Pines Drive and Vegas Drive, R-PD21 Zone.

Staff Recommendation: APPROVAL, subject to:

1. Conformance to conditions of approval for Z-34-78.
2. Conformance to the plot plan amended to relocate the buildings at the northwest corner of the property to provide a greater setback from the adjacent single-family dwellings.
3. Conformance to elevations.
4. Standard conditions 2 - 8.

Johnston -
APPROVED, subject to staff's conditions, but deleting Condition No. 2 requiring the relocation of the buildings.
Unanimous

MR. WILLIAMS said this is a proposed 180 unit condominium project which will be 13 units per acre. There will be 25 two-story buildings with 360 parking spaces. There will be a 6 foot high block wall along the boundary of the subdivision. Staff feels this proposal is compatible with the General Plan.

BARRY BECKER, 50 South Jones Boulevard, appeared and represented the application. They concur with staff's conditions except relocating the buildings. The buildings could be moved, but it would cut down on the green area and create a parking problem.

To be heard by the City Council
on 8/6/86.

3. PLOT PLAN REVIEW - Z-49-85 - SILVER SPRINGS DEVELOPMENT COMPANY, INC.

Request for a Plot Plan Review for a revised residential and golf course development plan on property located on the northwest corner of Sahara Avenue and Durango Drive, N-U Zone (under Resolution of Intent to R-PD4).

Staff Recommendation: APPROVAL, subject to:

1. Submission of an application for zoning reclassification of the property from N-U (under Resolution of Intent to R-PD4) to R-PD2.
2. Include the right-of-way for Peccole Strada as shown on the Master Plan of Streets and Highways.
3. Redesign the access on Durango Drive to provide car storage capacity for a minimum of four (4) vehicles between the street and gate as required by the Traffic Engineer.
4. Relocate the luxury condominium development approximately fifty (50) feet west of its presently proposed location. In addition, the condominium units shall transition from 2-story to 3-story, and 3-story to 4-story, with the 2-story being located closest to Durango Drive.
5. Participate in the amount of 25% of the cost of a future traffic signal at the intersection of Sahara Avenue and Durango Drive and 50% of the cost of a future traffic signal at the intersection of the entrance drive and Sahara Avenue as required by the Department of Public Works.

PROTESTS: 0

Bugbee -
APPROVED as submitted, excluding Conditions 1, 2 and 4.
Motion carried with Guthrie voting "No" and Johnston abstaining from voting.

MR. WILLIAMS stated this is a plot plan review for 220 acres. There will be approximately 425 dwelling units, an 18 hole golf course and a club house. The main access will be off Sahara Avenue. To the south is The Lakes development. To the east is N-U. To the north is vacant under Resolution of Intent to R-1. To the west is the rest of the Peccole property that was recently approved for reclassification for R-PD5. Peccole Strada was to serve as a main arterial through the project. This proposal eliminates that street. This creates some concern about possible traffic circulation problems. The Department of Public Works is concerned about drainage. The golf course would be an asset to the city.

G. C. WALLACE, Wallace Engineering, 1555 South Rainbow Boulevard, appeared and represented the applicants. Mr. Peccole, owner, and Mr. Rafferty, developer, were also present. This is the entranceway to the Peccole property called Peccole Ranch. There will be custom homes, view homes, view townhouses and luxury condominiums. They do not feel it is necessary to provide for Peccole Strada.

COMMISSIONER COLEMAN suggested Peccole Strada could run along the westerly side of the project.

ALLAN COLLINS, Collins Brothers, 5195 Las Vegas Boulevard South, appeared in favor. He feels it is not important that Peccole Strade run through the project.

RUSS DORN, 2904 Lake East Drive, appeared in favor. This will be a high class project. It is not necessary for Peccole Strada to run through the project.

MR. WILLIAMS stated this is the tentative map for Silver Springs Country Club. Staff would recommend approval, subject to the conditions.

They are in agreement with Conditions 1, 2, 3, 6 and 7, object to Condition 4, and would like to discuss Condition 5. They object to extending the sewer on Sahara and Durango. They feel they should only have to pay for part of the street lighting on the north side of the street.

Request for a reclassification of property on the north side of Palomino Lane between Tonopah Drive and Truluck Lane, from R-1 (a portion under Resolution of Intent to P-R) and P-R, to P-R.

PROTESTS: 0

Johnston -
APPROVED, subject to the outside lighting to be screened from the property to the north and staff's conditions.
Unanimous

MR. WILLIAMS stated this request is to rezone approximately 1.47 acres of R-1 and P-R to P-R. This request is to incorporate an additional R-1 zoned lot into the site already approved for P-R zoning. The proposed use of the total site is for the construction of additional medical offices and parking. The Special Activity Center Plan designates this additional lot for R-1 so staff is recommending denial.

STEPHEN COLLINS, M. D., 901 Rancho Lane, appeared and represented the application. They need this additional space because the State of Nevada approved them for some specialized equipment and they do not have any place to put it at the present time. They plan to tear down the wall to the north and put in a new one. The building will be a one-story addition with no windows.

SILVIO ZINICOLA, 612 Truluck Lane, appeared in favor, but he would like to see Truluck Lane closed off on the west side. He does not want any high lighting so it will shine on his property.

STEPHEN COLLINS said he was unaware of any lighting shining in his property and would see that it is discontinued and conform to the 9:00 P.M. lighting restriction in the P-R zoning provisions.

PROTESTS: 1 on record with staff

Bugbee - APPROVED, subject to the conditions. Motion carried with Guthrie, Tracy and Kennedy voting "No."

MR. WILLIAMS stated this is property that lies on the northeast corner of Westcliff and Buffalo. This request is to rezone approximately 20.33 acres. There will be single family homes, multi-family and commercial. To the north is the proposed Husite Expressway. The commercial site shows a one-story building with 60 parking spaces. The multi-family contains 27 two-story buildings with 272 parking spaces and 208 units. Staff recommends approval, subject to the conditions.

DUDLEY SMITH, 3310 Sirius Avenue, appeared as the developer of the project. This proposal was denied on February 5, 1986. They feel this proposal meets all the objections that were raised previously. They intend to bring Pirates Cove all the way through. Any less density would make this project unfeasible. All the buildings will have red tile roofs. This will enhance the neighborhood.

DON CREED, 7800 Tomich, appeared in protest. They do not want to stop growth, but object to the commercial aspect of this proposal and the open drainage ditch.

STEVEN TERRY, 113 Worthen Circle, appeared in protest. He objected to apartments in the neighborhood.

MICHAEL LEE, 7712 Sparkle, appeared in protest. He objected to the commercial and the apartments. They want the area developed with R-CL homes.

DUDLEY SMITH appeared in rebuttal. The logical place to break the apartments is at Buffalo because of the freeway interchange.

MR. WILLIAMS stated this is a request to rezone four single-family dwellings. There are six parking spaces on each lot. The General Plan does not indicate Vegas Drive to transition to commercial. 10. REVIEW OF CONDITIONS - Z-52-85 -
THOMAS J. McINTYRE

Request for a Review of Conditions to waive the required landscaping at 701 North Eastern Avenue, R-1 Zone (under Resolution of Intent to C-D).

Staff Recommendation: DENIAL

Mack -
APPROVED
Unanimous

MR. WILLIAMS stated this property was reclassified in 1985 to C-D. The reclassification imposed conditions to redesign the parking and provide landscaping along the streets. The applicant applied for a waiver of the landscaping in 1985, but was denied. Staff feels this property should be upgraded and would recommend denial.

THOMAS J. McINTYRE, 701 North Eastern Avenue, appeared and represented the application. He would have to cut up a 42 foot driveway and put in water. This is one of the most upgraded properties in that area. The City Council denied his waiver in 1985 because neither he nor a representative could be present at that meeting.

12. PLOT PLAN REVIEW - Z-5-86 - SIERRA HEALTH SERVICES

2. Standard conditions 1 - 8.

PROTESTS: 0

Johnston -
APPROVED, subject to the conditions.
Motion carried with Bugbee excused.

MR. WILLIAMS stated a reclassification of property was approved on this property earlier this year. This is for a medical complex at Rancho and Charleston. At the time the zoning was approved, there was a condition imposed that if they put a building on the parking lot, it would have to come before the Planning Commission and City Council. This proposal shows a two-story medical office in addition to the one that is on the corner. They propose surface and underground parking. The developer has installed a west lot for parking and assigned the employees to that lot.

BILL GODFREY, 888 South Rancho, appeared and represented the applicant. They are in agreement with staff's conditions.

1. Property owner to use this access for storage of an RV vehicle only.
2. Curb cut for a driveway to Alexander Road is prohibited.

Kennedy -

Motion carried with Johnston voting "No."

MR. WILLIAMS stated this is a lot in a subdivision which backs up to Alexander Avenue. The applicant is requesting to allow vehicular access to the rear of his lot. The City issued a permit to install a gate, but the inspector was aware of the access limitation so the work was stopped. Staff recommends denial.

MICHAEL MCGILL, 1776 Valley Drive, appeared and represented the application. They received a permit from the City and then part way through the job they were asked to stop. They plan to park a motor home on the property so it will be off the street.
