Unanimous
(Bugbee & Ashworth excused)

Rick Williams presented the plot plan. He stated that the violation of the patio cover was discovered when the applicant came in to apply for a use permit for the group child care home. She is seeking relief through this variance. The patio cover does not address any unusual circumstances to warrant a variance. The proposal for the group child care home is not likely to adversely affect adjoining and nearby uses. Staff recommends denial of the patio cover and approval of the group child care home.

Frank Benizio appeared on behalf of the application. He stated he had a licensed contractor construct the patio and was under the impression the contractor had received the permit to build.
