DENIED
Motion carried with Pippin voting "No."
(Black and Babero excused)

MR. GENZER stated this request is to waive the requirement to pay for or install temporary pavement on Rebecca Road adjacent to property at 6531 El Campo Grande Avenue. This was a condition imposed when the applicant applied for a building permit. The main access to the property is from El Campo Grande Avenue with ingress to the garage being within 50 feet of El Campo Grande Avenue on Rebecca Road. Rebecca Road, between El Campo Grande Avenue and Ann Road, is currently unpaved and not accessible as a roadway. A similar situation exists on the west side of Rebecca Road on a parcel in the County. The occupants of that parcel use the initial 50 feet of Rebecca Road for access with very little dust. The applicant objects to paying \$1,800 for installing a temporary pavement. Public Works' policy is to request construction of one-half of a 28 foot wide temporary asphalt roadway past all development sites. However, in lieu of construction the applicant can pay cash. The applicant has paid \$1,800, but is requesting relief from this requirement. Staff recommended denial.

STEPHEN C. VALLENDER, 2300 Rock Springs Drive, appeared and represented the application. He just found out about this prior to pulling his building permit. He plans to live in the house. There is only one house to the west and he is down wind. This road will be in the middle of open desert and attract drag strippers.

MR. GENZER stated this item was on the agenda for the previous meeting under Z-120-90. At that time it was recommended the applicant come back with a plot plan and building elevation review under the existing C-2 zoning. This request is to convert two existing 1,100 square foot vacant duplexes to professional offices. There will be stucco exteriors with a flat roof line. Landscape planters will be adjacent to the front of the buildings along Bonneville Avenue. Access is via two existing driveways from Bonneville Avenue and an alley along the west property line. There is the minimum number of parking spaces. Staff recommended approval, subject to the conditions.

EDWARD L. BLALOCK, 2125 Paradise Road, appeared and represented the application. He concurred with staff's conditions.

This is final action.

MR. GENZER stated this request is for a 100 acre City Maintenance Yard Complex, a 70 acre detention basin and a 10 acre library site. There will be sloped berms up to 20 feet high along the north, east and south sides of the detention basin with a 1,245 foot long spillway along the east side of the basin. The library will be at the southeast corner of Cheyenne Avenue and Buffalo Drive. There will be an outdoor amphitheater, green space and desert landscaping along with the library building. A six foot high decorative wall will enclose the site. Access is from two driveways on Buffalo Drive and one from Cheyenne Avenue and one from Peak Drive. It could take a minimum of five years to complete this yard, depending on funding. Staff recommended approval, subject to the conditions.

MR. GENZER stated this request is to lower the height of a wall on the north property line from eight to six feet adjacent to some existing apartments. The wall would be 11 feet on the applicant's side and 8 feet on the apartment side. The applicant is proposing to construct a wall 9' 4" on their side and 6' on the apartment side. Staff feels the eight foot wall is a reasonable and necessary condition in order to help buffer and shield the residential area from the potential negative impact of the car repair service building. Staff recommended denial.

DEAN SHEPARDSON, Kalb Construction, appeared and represented the applicant. The owner initially thought the grades were the same between their property and the adjacent property. When it was discovered that was not the case, 2 to 3 feet of Lewis Homes landscaping had to be removed. It was discovered the grade difference averaged between 2.5 to 3 feet which required a 3 foot retaining wall and an 8 foot wall on top. They are paying the entire cost of the wall.

COMMISSIONER SOLOMON felt this item should be held in abeyance so the residents could be notified of this request.

NICK DANE, Lewis Homes, 3325 Ali Baba Lane, appeared in protest. The apartment dwellers were told the wall would be eight feet high. Lewis Homes had offered to the previous owner to put in the wall at their expense at the time the wall was installed, with the property owner paying his share of the wall at the time he developed. The residents can see over the wall when it is six feet high and not when it is eight feet high.

MR. GENZER stated this request is to vacate a 20 foot wide alley between residential properties at 420 Saylor Way and 5801 Fawn Avenue. This alley connects to an apartment complex. This alley is a nuisance for the adjacent homeowners and a maintenance problem for the City. There is a heavy use of this alley by pedestrians. Staff recommended approval, subject to the conditions.

WALTER SANBORN, 5801 Fawn Avenue, appeared and represented the application. He concurred with staff's conditions. There has been a lot of trouble in the alley. The City paints the alley and in a short time there is graffiti on it. There have been nine owners in his house.

WENDELL BENCH, 420 Saylor Way, appeared and represented the application. There is a constant problem with graffiti in this alley.

COMMISSIONER MOFFITT pointed out the applicants would have to bear the cost of maintaining the alley if it belonged to them. In addition, the applicants would have to pay for the Drainage Plan and Technical Drainage Study.

WENDY HUTCHINGS, 5601 Bromley, appeared in protest. She presented a petition with 41 signatures in opposition. Children use the alley to go to school.

LINDA HUTCHINGS, 5601 Bromley, appeared in protest. Children use the alley to go to Paul Culley School. If the alley is vacated, the children would have to walk to Jones Boulevard where the traffic is very heavy. She pointed out on a map the routes the children will have to take to get to school. A blind child uses the alley rather than go where there is a lot of traffic.

ERIC MARKHOUSE, 5808 Fawn Avenue, appeared in protest. The posts need to be closer together.

JULIE PORTER, 1500 Granada, appeared in protest. It would take about 30 minutes if the children had to go around to school, rather than through the alley.

WENDELL BENCH appeared in rebuttal. He does not want to cause a hardship for anyone. He would be willing to withdraw this request if the City would install more posts to prohibit vehicles from the alley.

COMMISSIONER DIXON felt the Planning Commission could not impose such a condition on the City.

JOHN McNELLIS, Department of Public Works, said he could make a request to the Street Department to put in more poles. However, the City is concerned about handicapped persons being able to go through the alley as well as bicycles.

ROBERT KNOTT, 5512 Seabaugh Avenue, appeared in protest. Two children have been killed on the route the children would have to take if this alley were closed.

MR. GENZER stated that at the 10/11/90 meeting the applicant requested this item be held in abeyance so they could meet with the Sheep Mountain Homeowners Association and revise the plan. However, a revised plan has not been submitted. The request is for a one and two-story shopping center with a total of 227,050 square feet. The elevations show smooth white stucco exteriors with a varying height roof line and mission tile roofs. There are two sites which are divided by Bronco Street. Access is from 14 driveways. There is ample parking. This proposal is not in conformance with the rural density residential land use proposed in the General Plan. Staff recommended denial.

JOHN VIVIER, architect, 5378 West Lake Mead Boulevard, appeared and represented the applicant. This request is appropriate because it is in the middle of a residential area. There is another shopping center about two miles away.

HONEY BORLA, 6201 Dorchester Circle, appeared in protest. This does not conform to the General Plan.

BILL EDWARDS, 6124 Minerva, appeared in protest. This is a residential area. There is enough commercial development on Rancho Drive to accommodate the residents.

JOHN VIVIER appeared in rebuttal. Commercial areas are in residential areas so they can do business.

Both items were held in abeyance at the last meeting to allow Item No. 42 to be heard as a public hearing and to give the applicant sufficient time to address staff's concerns regarding layout and vehicular access from Captains Hill Road. This request is for 25 two-story four-plex apartment buildings at a density of 15.1 dwelling units per gross acre. The elevations depict stucco exteriors and tile roofs. The plot plan has been revised to provide access to all units from 51 foot wide public streets that are internal. The buildings along Durango Drive are staggered. The parking will be in four double garages located on the first floor of each building. A swimming pool and restroom building will be located within the common area. CHRIS BARRY, Pacific Southwest Development, appeared and represented the applicant. He concurred with staff's conditions.

STEVE BRADY, 705 Minto Court, appeared in protest on Items 42 and 43. He was concerned about the children's safety at the curve on Durango. He requested this item be held in abeyance so more of the residents can be notified.

REASE JARRELL, J. Sharp Associates, 3871 South Valley View Boulevard, appeared and represented the applicant. The zoning that is in place at the present time would allow this type of development.

42. PLOT PLAN AND BUILDING ELEVATION REVIEW -
Z-78-89 (ABEYANCE ITEM) (CONTINUED)

GARY BALLIF, 8608 Grandbank Drive, appeared in protest. This will cause problems for the schools.

PHIL BALLIF, 8136 Spur Court, appeared in protest. Some of the other property owners need to be notified of this request.

LESLIE GAMELL, 700 Minto Court, appeared in protest. This will devalue her property and the beauty of the area.

CHRIS BARRY appeared in rebuttal. The Traffic Department will have to address the traffic situation on Durango Boulevard.

LOYAL E. CROWNOVER, 2213 Plaza Del Puerto, appeared and represented the application. He donated property for a road for the children. The protestants do not live near this property.

To be heard by the City Council on 12/5/90.

Applicant: LOYAL E. CROWNOVER
 Application: Zoning Reclassification
 From: N-U
 To: R-PD11
 Location: Northeast corner of
 Durango Drive and Boseck
 Drive
 Proposed Use: Four-Plex Development
 Size: 3.5 Acres

STAFF RECOMMENDATION: APPROVAL, subject
 to the following:

1. Install 24 inch box trees 40 feet on center with ground cover in the landscape planters along Durango Drive and Boseck Drive in conformance with the Landscape and Wall Buffer System Guidelines as required by the Department of Community Planning and Development. The use of drought tolerant landscaping is encouraged.
2. Dedicate 30 feet of right-of-way for Boseck Drive plus an additional triangular shaped piece approximately 29 feet ± along Durango Drive by 330 feet along Boseck Drive to allow for a more perpendicular intersection of Boseck Drive with Durango Drive plus a relocated 15 foot radius on the northeast corner of Boseck Drive and Durango Drive as required by the Department of Public Works.
3. Construct half-street improvements on Boseck Drive as required by the Department of Public Works.
4. Construct all incomplete half-street improvements on Durango Drive adjacent to this site or contribute to the City an amount equivalent to the construction costs of all incomplete street improvements on Durango Drive prior to the issuance of building permits as required by the Department of Public Works.
5. Contribute \$7,500 to the City prior to the issuance of building permits to partially fund construction of a traffic signal system at the intersection of Alta Drive and Durango Drive as required by the Department of Public Works.
6. Standard Conditions 1 - 8 and 10 - 12.

MR. GENZER stated this request is for 68 one-story two-bedroom condominium units at a density of 13.6 dwelling units per gross acre. The elevations depict stucco exteriors and tile roofs. On-site amenities include a swimming pool and cabana. The plot plan shows existing block walls on the north and east property lines and a proposed retaining wall on the south property line adjacent to a future elementary school site. A 15 foot wide open area along James Bilbray Drive could accommodate a landscape planter. Access is from two driveways on James Bilbray Drive. The parking spaces exceed the minimum number required. This is in conformance with the variable land uses on the General Plan. Staff recommended approval, subject to the conditions.

REG MERRIMAN, 2112 Verdinal Drive, appeared and represented the applicant. He concurred with staff's conditions.

No one appeared in opposition.

To be heard by the City Council on 12/5/90.

Size: 1.1 Acre

STAFF RECOMMENDATION: APPROVAL, subject to the following:

1. Construct a six foot high block wall on the north property line as required by the Department of Community Planning and Development.
2. Install 24 inch box drought tolerant evergreen trees 30 feet on center along the north property line as required by the Department of Community Planning and Development.
3. Install 10 foot wide landscape planters with 24 inch box trees, 40 feet on center, with ground cover in conformance with the Landscape and Wall Buffer System Guidelines along Owens Avenue and "K" Street as required by the Department of Community Planning and Development. The use of drought tolerant landscaping is encouraged.
4. There shall be no access to this site from "K" Street.
5. Dedicate an additional five feet for a total radius of 25 feet on the northwest corner of "K" Street and Owens Avenue as required by the Department of Public Works.
6. Construct half-street improvements on Owens Avenue as required by the Department of Public Works.

(Deviation from General Plan recommended because this property is on a major street.)
Unanimous
(Black and Babero excused)

MR. GENZER stated this request is for a one-story 4,563 square foot child care facility for a maximum of 124 children. The elevations depict stucco exteriors with a flat roof line except for an architectural projection over the entrance. The plot plan shows a 20 foot wide setback area for landscaping along the north property line adjacent to existing single family dwellings. A four foot wide landscape planter is along Owens Avenue. Access is from two driveways on Owens Avenue. There is ample parking. Staff recommends construction of a six foot high wall and installing a row of 24 inch box drought tolerant evergreen trees along the north property line to help buffer the existing single family dwellings located to the north of this property. This proposal is not in conformance with the medium density residential land use on the General Plan. However, the use is located on a major street and will be for the use of the residents in the surrounding area. Staff recommended approval, subject to the conditions.

ALBERT MILLER, Architect, Garapich & Associates, 2300 Paseo Del Prado, appeared and represented the applicant. He would like the conditions of landscaping and fence applied to the development area only and if the site develops towards "K" Street the fence and landscaping could be extended in that direction.

DIRECTOR'S BUSINESS:

Zoning Ordinance Amendment:

Requires Board of Zoning Adjustment to consider and make a recommendation on a request to waive the 1,500 foot required distance between a tavern and a tavern, church, synagogue or school.

Moffitt -
APPROVED
Unanimous
(Black and Babero excused)

MR. SCHLEGEL, Department of Community Planning and Development, stated the present requirement for the minimum distance between taverns is found in Title 6 of the City Code which deals with Business Licenses. Bill No. 90-77 moves the requirements from Title 6 to Title 19. The distance requirement is a land use matter and will be dealt with publicly at a Board of Zoning Adjustment meeting, rather than as a licensing matter.

CHIEF DEPUTY CITY ATTORNEY STEED said this also changes the character of review from what was partially saturation, competition and land use issues to just a land use issue.
