COUNCIL CHAMBERS • 400 EAST STEWART AVENUE
PHONE 229-6301

Page 2

STANDARD CONDITIONS:

ALL AGENDA ITEMS MAY BE SUBJECT TO ONE OR MORE OF THE FOLLOWING:

Zoning Applications:

1. Resolution of Intent with a twelve month time limit.
2. Conformance to the plot plan and building elevations.
3. Landscaping and a permanent underground sprinkler system shall be provided as required by the Planning Commission and shall be permanently maintained in a satisfactory manner. Failure to properly maintain required landscaping and underground sprinkler systems shall be cause for revocation of a business license.
4. Submittal of a landscaping plan prior to or at the same time application is made for a building permit or license, or prior to occupancy, whichever occurs first.
5. All mechanical equipment, air conditioners and trash areas shall be screened from view from the abutting streets (excluding single family development).
6. Satisfaction of City Code requirements and design standards of all City departments.
7. Approval of the parking and driveway plans by the Traffic Engineer.
8. Repair any damage to the existing street improvements resulting from this development as required by the Department of Public Works.
9. Remove all unused driveway cuts and replace with "L" curb and new sidewalk as required by the Department of Public Works.
10. A Drainage Plan and Technical Drainage Study must be submitted to and approved by the Department of Public Works prior to the issuance of a building or grading permit, whichever may occur first.
11. Provision of fire hydrants and water flow as required by the Department of Fire Services.
12. The required fence heights shall be measured from the side of the fence with the least vertical exposure above the finished grade as required by the Department of Community Planning and Development.

Subdivision Application:

Tentative Maps:

1. Approval of the Tentative Map shall be for no more than twelve (12) months. If a Final Map is not recorded on all or a portion of the area embraced by the Tentative Map within twelve (12) months of the approval of the Tentative Map, a new Tentative Map must be filed.
2. Street names to be provided in accord with the City's Street Name Policy.
3. Subject to all conditions of City departments and State Subdivision Statutes.
4. A Drainage Plan and Technical Drainage Study must be submitted to and approved by the Department of Public Works prior to the approval of a Final Map.

Final Maps:

1. Conformance with the Tentative Map.

Vacation Applications:

1. Reservation of easements for the facilities of the various utility companies together with reasonable ingress thereto and egress therefrom.
2. Conformance to code requirements and design standards of all City departments.
3. The Reconveyance shall not be recorded until all of the above conditions have been met.
4. If the Reconveyance is not recorded within one (1) year after approval by the City Council or an Extension of Time is not granted by the Planning Commission, then approval will terminate and a new petition must be submitted.

Department of Public Works within one year of any Final Map being recorded on a parcel within the boundaries of this site. The approved Traffic Impact Analysis is to include: A schedule detailing project phasing; a schedule detailing which phase of development or at what traffic volume level each recommended traffic mitigation improvement should be constructed; the location of all proposed traffic and pedestrian signal locations and a schedule detailing payment of monies for both traffic and pedestrian signal installations and all other traffic mitigation improvements. Prior to the recordation of a Final Map on this site, the developer is required to enter into a written agreement that will obligate this site to either construct or to be financially responsible for all traffic mitigation recommendations within the approved Traffic Impact Analysis. If recommended by the approved Traffic Impact Analysis, this development may be required to develop in phases subject to compliance with the traffic mitigation improvements required.

7. A Master Pedestrian Circulation Plan identifying the location and width of proposed major sidewalk/walkway corridors, based upon public safety concerns, shall be submitted by the Master Developer and approved by the Department of Public Works prior to the recordation of a Final Map on this site.
8. A Master Drainage Plan and Technical Drainage Study is required to be submitted to and approved by the Department of Public Works prior to approval of a Final Map. Site specific drainage plans/studies will be required with each phase of development activity.
9. A Master Sanitary Sewer Plan must be submitted to and approved by the Department of Public Works prior to the execution of any Sewer Agreements between the developer and the City. Sanitary sewer lines shall be extended as each individual site develops with final alignment determined at such time. The proposed curved sewers are subject to approval of the Department of Public Works.
10. All landscaping and private improvements

B-2. ADMINISTRATIVE VARIANCE - AV-11-92

Applicant: CATHERINE SWALWELL
 Application: Request to allow an existing 7' 4" block wall on the rear property line where 6' is the maximum allowed.

Location: 6429 Faith Peak Drive
 Zone: R-1

STAFF RECOMMENDATION: APPROVAL, subject to the following:

1. Conformance to the plot plan.

PROTESTS: N/A

Reese -
 APPROVED, subject to staff's condition.
 Unanimous
 (Moffitt, Pippin and Segerblom excused)

MR. GENZER stated this request is to allow an existing 7' 4" rear property line wall to remain along a major traffic carrier street in lieu of the limitation of six feet. The applicant feels this would maintain privacy and protection for her property. The existing wall is a combination of split faced and smooth faced blocks. There are similar height walls in the block to the west of Jadestone Avenue along Craig Road. Staff feels the wall is needed in order to provide some amount of noise, dust and visual screening from the traffic along Craig Road and for additional security and protection for the property. Staff recommended approval, subject to the condition.

CATHERINE SWALWELL, 6429 Faith Peak Drive, appeared and represented the application. She concurred with staff's condition.

This is final action.

B-3. C-D REVIEW - CD-1-92

Applicant: MARTIN H. PADILLA
 Application: Proposed Video Rental Store
 Location: 701 North Eastern Avenue
 Zone C-D

STAFF RECOMMENDATION: DENIAL. If APPROVED, subject to the following:

1. Install 24 inch box trees with shrubs and ground cover in the new landscape planters along both street frontages and maintain the existing onsite landscaping adjacent to the building and in the planter at the corner of Wilson Avenue and Eastern Avenue as required by the Department of Community Planning and Development. The use of drought tolerant landscaping is encouraged.
2. All new driveways shall be designed in accordance with Standard Drawing #222a as required by the Department of Public Works.
3. Remove all substandard public street improvements, if any, adjacent to this site and replace with new improvements meeting current City Standards as required by the Department of Public Works.
4. Install a handicap ramp on the northwest corner of the intersection of Eastern Avenue and Wilson Avenue as required by the Department of Public Works.
5. Standard Conditions 2 - 9 and 11.

PROTESTS: N/A

Reese -
 ABEYANCE UNTIL THE 9/10/92
 PLANNING COMMISSION MEETING.
 Unanimous
 (Moffitt, Pippin and Segerblom
 excused)

MR. GENZER stated this request is to expand the list of acceptable uses in the C-D zone to allow a video rental business. This specific proposal will also include the sale of soda pop and candy. There is an existing building on the site which was formerly a printing business. The exterior is stucco with a mansard flat wood shingle roof line. This site has existing block walls on the north and west property lines adjacent to existing single family homes. The ingress and egress is via an entrance only driveway from Wilson Avenue and an exit only driveway out to Eastern Avenue. The plan depicts new landscaping planters along both street frontages. Staff feels this use has the potential of attracting significant vehicular traffic which could have a negative impact on residential parcels which are often located adjacent to C-D zoned properties. Staff recommended denial.

MARTIN H. PADILLA, 701 North Eastern Avenue, appeared and represented the application. There will not be a lot of vehicular traffic coming to this store. They have another store in Los Angeles which is set up in the same manner. A lot of the traffic is foot traffic from the residents surrounding the store. He received permission to open this store temporarily.

ACTING CHAIRMAN SOLOMON felt it was unusual that the applicant would have a business license without the proper zoning. Staff is concerned about the amount of traffic this store would generate.

MARTIN H. PADILLA pointed out they will not have as much traffic as Blockbuster, etc.

MR. GENZER said if this request is approved this type of business could be allowed in a C-D zone anywhere in the City.

COMMISSIONER JORDAN was concerned

PLANNING COMMISSION

COUNCIL CHAMBERS • 400 EAST STEWART AVENUE

ITEM

COMMISSION ACTION

B-3. C-D REVIEW - CD-1-92 (CONTINUED)

that the store was already open.

MARTIN H. PADILLA explained that before he purchased the property he was verbally informed by the City that it was zoned for a video store. However, when he made the application with the City he was then told he would have to receive approval. He has a temporary business license.

MR. GENZER said staff was not aware of the fact he had a temporary business license and the store was already open.

ACTING CHAIRMAN SOLOMON suggested holding this item in abeyance until the next Planning Commission meeting to allow staff to look into what is taking place with this application.

MARTIN H. PADILLA said he was willing to have this item held in abeyance since he has a temporary business license to keep the store open.

To be heard by the Planning Commission on 9/10/92.

B-4. AESTHETIC REVIEW - AR-7-92

Applicant: TY-DE DEVELOPMENT, INC.
 Application: Proposed Retail Building for Weber Bread
 Location: Northwest corner of Rancho Drive and Gowan Road
 Zone: C-2

STAFF RECOMMENDATION: APPROVAL, subject to the following:

1. Install 24 inch box trees 40 feet on center with shrubs and ground cover in the landscape planters along both street frontages as required by the Department of Community Planning and Development. The use of drought tolerant landscaping is encouraged.
2. Construct all incomplete half-street improvements on Rancho Drive and on Gowan Road adjacent to the entire commercial corner parcel prior to occupancy of any portion of the commercial site as required by the Department of Public Works.
3. Contribute \$15,000 to partially fund a traffic signal system at the intersection of Rancho Drive and Gowan Road prior to the issuance of building or off-site permits as required by the Department of Public Works.
4. Landscape and maintain all unimproved right-of-way on Rancho Drive adjacent to this site as required by the Department of Public Works.
5. Obtain an Occupancy Permit for all landscaping and private improvements in the Rancho Drive public right-of-way adjacent to this site as required by the Department of Public Works.
6. Driveways shall be designed in accordance with Standard Drawing #222a as required by the Department of Public Works.
7. A Conceptual Drainage Plan must be submitted to and approved by the Department of Public Works prior to the issuance of a building or grading permit, whichever may occur first.
8. Parcel Map Application PM-40-89 must be recorded prior to the issuance of any building permits on this site as required by the Department of Public Works.

Reese - APPROVED, subject to staff's conditions.
 Unanimous (Moffitt, Pippin and Segerblom excused)

MR. GENZER stated this request is for a one story 4,526 square foot Weber Bread retail outlet store. The elevations depict stucco exteriors with a flat roof line. The submitted plot plan depicts existing apartments and a wall along the west property line which does not exist, but is proposed to be built concurrently with this retail building and the proposed paint store to the north. The plan also indicates an on-site 10 foot wide landscaping planter along Rancho Drive behind the drainage channel and a 10 foot wide planter along Gowan Road. The 28 on-site parking spaces exceed Ordinance requirements for the proposed use. Access is via two driveways from Gowan Road and a shared driveway with the proposed paint store to the north, from Rancho Drive. Staff recommended approval, subject to the conditions.

NEIL DEXTER, 3867 South Valley View Boulevard, appeared and represented the applicant. He concurred with staff's conditions.

This is final action.

2. Maintain the existing landscaping in the planters along the three street frontages as required by the Department of Community Planning and Development.
3. All exterior lighting shall be directed away from the residential property to the north with no ray of light shining directly onto any residential lot.
4. Locate any trash enclosure a minimum of 50 feet away from the residential property to the north as required by the Department of Community Planning and Development.
5. All new driveways and modifications to existing driveways shall be designed and constructed in accordance with Standard Drawing #222a as required by the Department of Public Works.
6. Remove all unused driveway cuts adjacent to this site, if any, and replace with new 'L' curb and sidewalk meeting current City Standards as required by the Department of Public Works.
7. Remove all substandard public street improvements, if any, adjacent to this site and replace with new improvements meeting current City Standards as required by the Department of Public Works.
8. Conformance to the plot plan as amended by the above conditions.
9. Conformance to the building elevations.
10. Standard Conditions 3 - 8 and 11.

PROTESTS: N/A

Reese -
APPROVED, subject to staff's
conditions with Condition No. 4
amended.
Unanimous
(Moffitt, Pippin and Segerblom
excused)

MR. GENZER stated this request is to replace the existing Texaco convenience store and car wash with a new one story 2,500 square foot convenience store. The existing canopy over the gasoline islands will remain with two existing and two new fueling islands. The elevations show fluted masonry block exteriors and a flat roof line. There is an existing block wall on the north property line and existing landscaping along the three street frontages. Staff would like the width of the new landscaping planter along the north property line increased to a minimum of 5 feet and installation of evergreen landscaping in the planter to help mitigate possible negative impacts on the adjacent residential site to the north. Staff recommended approval, subject to the conditions.

GREGG LAMBRIDE, Architekton, Tempe, Arizona, appeared and represented the applicant. It would be difficult to relocate the trash enclosure and meet City requirements, unless it is located next to the street. The existing trash enclosure backs up to residential. The noise will be reduced by removing the car wash.

MR. SCHLEGEL suggested putting the trash enclosure on the south side of the building near the street.

GREGG LAMBRIDE said it was possible the trash enclosure could be located on the Desert Lane side of the property, but he would have to check the clearances for traffic.

MR. GENZER suggested rewording Condition No. 4 as follows:
"Relocate any trash enclosure as required by the Department of Community Planning and Development."

This is final action.

Applicant: SILVER STATE SCHOOL
FEDERAL CREDIT UNION
Application: Proposed Credit Union
Office
Location: North side of Sahara
Avenue, approximately 440
feet east of Rainbow
Boulevard
Zone: N-U (under Resolution of
Intent to C-1)

STAFF RECOMMENDATION: APPROVAL, subject to
the following:

1. Provide a minimum 15 foot wide landscaping planter along Sahara Avenue and install 24 inch box trees 40 feet on center with boulders, shrubs, berms and ground cover in the street frontage landscape planter as required by the Department of Community Planning and Development. The use of drought tolerant landscaping is encouraged.
2. Provide a Joint Use Access and Parking Agreement with the surrounding shopping center parcels as required by the Department of Community Planning and Development.
3. Construct sidewalk on Sahara Avenue adjacent to this site as required by the Department of Public Works.
4. Redesign the driveways, entry aisles and parking lot layout to meet the approval of the Traffic Engineer. All new driveways shall be designed in accordance with Standard Drawing #222a as required by the Department of Public Works.
5. The driveway to the east of this site on Sahara Avenue shall be constructed concurrent with the development of this site as required by the Department of Public Works.
6. Conformance to the plot plan as amended by the above conditions.
7. Conformance to the building elevations.
8. Standard Conditions 3 - 9 and 11.

PROTESTS: N/A

Reese -
APPROVED, subject to staff's
conditions.
Unanimous
(Moffitt, Pippin and Segerblom
excused)

MR. GENZER stated this request is for a two story 8,905 square foot Silver State Schools Federal Credit Union building. The elevations show a combination of brick and stucco exteriors with a tile roof line. This site is part of a larger property which has some existing on-site development consisting of retail shops, a HomeBase outlet and a McDonalds restaurant. The plan indicates a 5' wide planter along Sahara Avenue. Original zoning conditions require a minimum 15' wide planter along all street frontages which the existing commercial developments on this site have complied with. Access is via unconstructed off-site shopping center driveways which will require this applicant to secure a Joint Use Access Agreement with the surrounding parcels. Staff recommended approval, subject to the conditions.

CHIC LEE, Architect, 2525 South Wadsworth Boulevard, Denver, Colorado, appeared and represented the applicant. He concurred with staff's conditions with one clarification. There is excess right-of-way on Sahara Avenue. They will provide a 15' green buffer, part may be on the right-of-way, part on their land.

To be heard by the City Council on
9/16/92.

Location: North side of Sahara
Avenue, east of Fort
Apache Road
Zone: C-1

STAFF RECOMMENDATION: APPROVAL, subject to
the following:

1. Provide a Joint Use Parking and Access Agreement between this parcel and the adjacent shopping center parcels as required by the Department of Community Planning and Development.
2. Standard Conditions 2 - 8 and 11.

PROTESTS: N/A

Jordan -
APPROVED, subject to staff's
conditions.
Unanimous
(Moffitt, Pippin and Segerblom
excused)

MR. GENZER stated this request is
for a 3,000 square foot
Veterinarian Clinic and a 1,800
square foot retail pet store in
the same building. The elevations
depict a one story building with
stucco exteriors and a tile roof
line to match the other existing
shopping center buildings. The
vet clinic will have three
doctors, but will not provide
overnight boarding. Access to the
site is via existing driveways
within the shopping center
parcels. A Joint Use Agreement is
needed between this parcel and the
adjacent shopping center parcels
for access and parking because a
portion of the drive lane access
for some of the parking spaces is
off-site. Staff recommended
approval, subject to the
conditions.

STAN WASSERKRUG, Big West
Development, 4335 South Industrial
Road, appeared and represented the
applicant. He concurred with
staff's conditions. There will
not be any overnight boarding as a
common practice. However,
occasionally there will be
emergency surgeries which will be
a cause for overnight boarding.

MR. GENZER said staff does not
have a problem with occasional
emergency overnight boarding.

This is final action.

C-1. PLOT PLAN AND BUILDING ELEVATION REVIEW AND REVIEW OF CONDITION - Z-120-89(3)

Applicant: K. C. SHIN
 Application: Proposed Medical Office Building and Request to Delete the Requirement That No Windows and Doors Be Allowed on East Wall of the Building
 Location: North side of Westcliff Drive, east of Tenaya Way
 Zone: N-U (under Resolution of Intent to C-1)

STAFF RECOMMENDATION: APPROVAL, subject to the following:

1. All second story windows on the east side of the building shall be translucent as required by the Department of Community Planning and Development.
2. No doors shall be allowed on the east side of the building as required by the Department of Community Planning and Development.
3. Install 24 inch box drought tolerant evergreen trees 20 feet on center (adjacent to the east property line) and 15 gallon Italian Cypress Trees 10 feet on center (adjacent to the building) with evergreen ground cover in the 20 foot wide landscaping planter on the east side of the property as required by the Department of Community Planning and Development.
4. Install 24 inch box trees 40 feet on center with shrubs and ground cover in the 10 foot wide landscape planter along Westcliff Drive as required by the Department of Community Planning and Development. The use of drought tolerant landscaping is encouraged.
5. All outdoor lighting shall be shielded and directed away from the residential properties to the east with no ray of light shining directly onto any adjacent residential lot.
6. Relocate the trash enclosure to the west side of the parcel away from the east property line as required by the Department of Community Planning and Development.

Reese -
 APPROVED, subject to staff's conditions.
 Unanimous
 (Moffitt, Pippin and Segerblom excused)

MR. GENZER stated this request is for a two story 6,305 square foot Urgent Care Center and Dental office and for a Review of Condition to allow windows and doors on the east side of the proposed building. The elevations depict a combination of plaster, accent tiles and accent color bands with a variable height flat roof line and standing seam metal roof over the entrance area. Staff has some concerns about the second story windows and any doors on the east side of the structure because of the close proximity of single family residences. Staff recommends no doors on the east side of the medical facility and requiring the use of translucent windows on the second story of the east side of the building in order to limit the potential negative impacts these uses may have on the dwellings to the east. Staff also has concerns about the amount of parking for the proposed use. If more than two doctors are in business concurrently on the property the nineteen proposed parking spaces will not meet Ordinance requirements. Staff would recommend relocating the proposed trash enclosure to the west side of the parcel away from the dwellings adjacent to the east property line. The Department of Fire Services has indicated that the driveway turning radii are not adequate for their emergency vehicles. Staff recommended approval, subject to the conditions.

RICHARD GARIAGOS, Garapich Architects, 2225 East Flamingo Road, appeared and represented the applicant. He requested the windows on the first floor to be clear. He concurred with staff's conditions.

MR. GENZER said staff planned to have clear windows on the first floor.

Applicant: AMERICAN PACIFIC, INC.
 Application: Proposed Condominium Development and Request to Delete the Condition Which Limits the Three Buildings Along Oakey Boulevard to One Story

Location: Northwest corner of Santa Margarita Street and Oakey Boulevard

Zone: R-E (under Resolution of Intent to R-PD17)

STAFF RECOMMENDATION: APPROVAL, subject to the following:

1. Original Zoning Condition No. 1 shall be amended to delete the one story building height limit along Oakey Boulevard.
2. Conformance to the new plot plan and building elevations.
3. Conformance to the remaining Conditions of Approval for Zoning Application Z-15-92.

NOTICES MAILED: 27

PROTESTS: 0

APPROVALS: 1 (Speaker - 8-27-92 Meeting)

Reese - APPROVED, subject to staff's conditions.
 Unanimous (Moffitt, Pippin and Segerblom excused)

MR. GENZER stated this request is to allow a for-sale condominium project consisting of 14 two story buildings with 84 units at a gross density of 16.28 units per acre and for a Review of Condition to allow all the buildings to be two stories in lieu of the original zoning condition which limited the buildings along Oakey Boulevard to only one story. The elevations depict stucco exteriors and tile roofs. There are existing block walls on the north and west property lines. Staff feels that six foot high decorative walls set back for landscaping should be constructed along both street frontages to help screen the complex from the neighboring single family dwellings to the east and south which was a requirement of the original zoning condition. Staff recommended approval, subject to the conditions.

TOM MOSS, 4041 East Sunset Road, Henderson, Nevada, appeared and represented the applicant. He concurred with staff's conditions.

There was no one present in opposition.

PEGGY POE, 6811 West Oakey Boulevard, appeared in favor. She objected to this project in the past, but after looking at the new plans she has no objection to two stories.

COMMISSIONER REESE asked staff why two stories were approved.

MR. GENZER answered that the original application had the one story limit as a way of bringing down the density of the project. Ninety units were originally proposed, but the one story limit brought that down to eighty-four units. This new plan only has eighty-four units.

To be heard by the City Council on 9/16/92 (7:39-7:43)

Applicant: CITY OF LAS VEGAS
 Application: Petition of Vacation to vacate El Parque Avenue and Sorrell Street
 Location: East of Redwood Street, North of O'Bannon Drive

STAFF RECOMMENDATION: APPROVAL, subject to the following:

1. All public improvements adjacent to and in conflict with this vacation application are to be modified, as necessary, at the applicant's expense prior to recordation of an Order of Vacation as required by the Department of Public Works.
2. Standard Conditions 1 and 2.
3. The Order of Vacation shall not be recorded until all of the above conditions have been met provided, however, that Condition No. 1 may be fulfilled for purposes of recordation by providing sufficient security for the performance thereof in accordance with the Subdivision Ordinance of the City of Las Vegas.
4. Standard Condition 4.

NOTICES MAILED: 29

PROTESTS: 1 (Speaker - 8/27/92 Meeting)
 8 (Petition - 8/27/92 Meeting)

Reese -
 APPROVED, subject to staff's conditions.
 Unanimous
 (Moffitt and Segerblom excused)

MR. GENZER stated this request is to vacate El Parque Avenue from the east right-of-way line of Redwood Street easterly approximately 635 feet, and to vacate Sorrel Street from the north right-of-way line of O'Bannon Drive northerly approximately 715 feet, including all radius corners. Neither of these streets physically exist and there are no current plans for construction. The Department of Public Works made this request after the City Council approved a related request to rezone the property to the north and east of these streets to C-D for a flood control detention basin which does not generate traffic. The adjacent property to the south and west is designated as an elementary school site, however, staff feels that ample street frontage will still exist to meet the needs of the school and elimination of these streets will reduce the development costs of both the detention basin and the school. Staff recommended approval, subject to the conditions.

JOHN McNELLIS, Department of Public Works, said he concurred with staff's conditions.

MARIA GRANT, 6609 O'Bannon Drive, appeared in protest. The original application for the flood control project was made several years ago. The area where this project is proposed has changed considerably. The Bureau of Land Management has not given the land to the City. BLM has requested an Environmental Impact Statement from the City. The residents are requesting a public hearing from the BLM once the City complies with the BLM request. Therefore, she requested this item be held in abeyance.

ACTING CHAIRMAN SOLOMON said these streets are not through streets.

JOHN McNELLIS said the detention basin has been totally designed, received favorable zoning, and

C-5. GENERAL PLAN AMENDMENT - GPA-18-92

Applicant: NORTHWEST PARTNERS
 Application: Request to amend a portion of the Northwest Sector of the General Plan
 Location: Northwest and Southeast corners of the proposed intersection of Gowan Road and Cimarron Road
 From: L (Low Density Residential) and L/ML (Low/Medium-Low Density Residential)
 To: SC (Service Commercial)

STAFF RECOMMENDATION: DENIAL. If APPROVED, subject to the following:

1. Amend the General Plan to Service Commercial.

NOTICES MAILED: 666

PROTESTS: 14 (2 Telephone, 12 Letters)
 10 (Speakers - 8/27/92)

Reese - (Not compatible with the surrounding area)
 DENIED
 Unanimous
 (Moffitt and Segerblom excused)

MR. GENZER stated only the requested C-1 parcels are part of the General Plan Amendment, not the entire project. The General Plan Amendment resulted from the applicant's request to change the zoning classification of the properties from N-U to C-1 for the purpose of providing some commercial services for a related residential development. Staff feels the applicant has not provided adequate justification to amend the General Plan. The proposed change will allow commercial parcels at the corner of two secondary 80 foot wide streets. Staff feels that would establish an undesirable precedent for this area as it would be preferable to locate commercial activity on the section line, 100 foot wide primary street corner intersections. Staff recommended denial.

MEL LACQUEMENT, MRL, Inc., 2300 West Sahara Avenue, appeared and represented the applicant. The change in the density alignments from the General Plan to an overall R-PD9 is well within the General Plan allocation. He showed slides of the surrounding area.

CLIFF ROGERS, Chairman, Lone Mountain Citizens Advisory Council, 4140 North Durango Drive, appeared in protest. In the General Plan there is no commercial for this area. There is sufficient commercial nearby to service this area.

CLAYTON LEAVITT, Desert Shores, 7808 Lou Harbor Court, appeared in protest. The commercial uses that are being proposed do not fit within the General Plan. The property north of Gowan Road up to Alexander Road was to be low density so there would be a gradual transition from the R-E. Just south of Gowan Road it was designated to be low and medium-low density to buffer the residents along Buffalo.

BEVERLY SALHANICK, 7445

PLANNING COMMISSION

COUNCIL CHAMBERS • 400 EAST STEWART AVENUE

ITEM

COMMISSION ACTION

C-5. GENERAL PLAN AMENDMENT - GPA-18-92
(CONTINUED)

Constantinople, appeared in protest. She was primarily concerned about the commercial development and the increase in traffic this project would generate.

REX LEWIS, 2295 Renaissance, appeared in protest. He was a partner with the Vista Group who developed Hollow Creek Estates adjacent to this property. They complied with the General Plan with their development and this project should also be made to comply.

LEO CONNOLLY, President, Northwest Citizens Association, 5785 North Durango Drive, appeared in protest. He was concerned about a green area and the trail system.

LORELL NELSON, Far West Water Users, 4125 Tomsik, appeared in protest. She was concerned about the water situation.

NETRA SUNDELL, 7525 Constantinople, appeared in protest. This will set a precedent for the area.

VERONA CASTANETTA, 7525 West Gowan Road, appeared in protest. She was concerned about the traffic situation.

DAN VOLLEY, 8375 Florine, appeared in protest. He purchased his home based on what the General Plan stated for the area.

GEORGE LEAVITT, 7535 West Gowan Road, appeared in protest. The homeowners need to be more informed about this project.

MEL LACQUEMENT appeared in rebuttal. This project is in conformance with the General Plan. The General Plan for the Northwest area indicates this is low to medium-low density. Any development that complies with the General Plan will increase traffic on Gowan Road. The General Plan has taken into account the traffic situation.

To be heard by the City Council on 9/16/92.

Site specific drainage plans/studies will be required concurrent with each development site.
7. A Master Traffic Impact Analysis shall be submitted to and approved by the Department of Public Works prior to the issuance of any building or grading permits or the recordation of any parcel or Final Maps on this site. The approved Traffic Impact Analysis is to include: A section addressing access to this site and the possible need for upgrading such access; a schedule

Reese - APPROVED, subject to staff's conditions but with Condition No. 4 deleted and a condition added stating "Submit an application to amend the Master Plan of Streets and Highways to allow realignment of Cimarron Road between Gowan Road and Cheyenne Avenue as required by the Department of Public Works."
 Motion carried with Solomon and Moran voting "No."
 (Moffitt and Segerblom excused)

MR. GENZER stated this request is to rezone 10.5 acres to C-1 and 112 acres to R-PD9. The plan proposes two commercial tracts and six residential tracts with densities varying from 5 to 17 units per acre and an overall density of 8.4 units per acre. The proposed total of 990 units is 294 units less than the maximum of 1,284 single family units permitted under the General Plan. There are 542 units proposed north of Gowan Road which are divided in four residential areas varying in density from 10 to 17 units per acre. The maximum number allowed by the General Plan is 514 single family unit equivalents for this area. There are 448 units proposed south of Gowan Road divided between two residential areas varying in density from 5 to 10 units per acre. The maximum number permitted by the General Plan is 770 single family equivalents. The applicant is proposing to shift density from the areas south of Gowan Road to the areas north of Gowan Road with the overall density remaining below the maximum number of permitted units. Staff is concerned about the proposed locations of the two commercial parcels. Staff recommended approval, subject to the conditions.

MEL LACQUEMENT, MRL, Inc., 2300 West Sahara Avenue, appeared and represented the applicant. He concurred with staff's conditions except Condition No. 1. He had slides shown depicting the area. There will only be two acres of retail. They felt the 12 units per acre on the south portion are not appropriate because of the elementary schools. There should be more single family around the

was concerned that the Buffalo/Gowan intersection will be unable to carry the traffic, concerned about the increase in traffic next to the proposed elementary schools, concerned about the environmental impact and that the views will be impaired by multi-story and condominiums. There are no indications the retail development will be limited to what the developer has proposed.

REX LEWIS, 2295 Renaissance Drive, appeared in protest. He represented his homeowners association.

LEO CONNOLLY, President, Northwest Citizens Association, 5785 North Durango Drive, appeared in protest. He would like a 40 foot easement, 20 feet for green belt and 20 feet for the multi-purpose trail.

LORELL NELSON, Far West Water Users, 4125 Tomsik, appeared in protest. She was concerned this project will cause a severe water shortage for the area. She thought the area should be kept equestrian and recreational for the entire city.

NETRA SUNDELL, 7525 Constantinople, appeared in protest. This will set a precedent for the entire area. This area cannot handle a lot of additional traffic.

VERONA CASTANETTA, 7525 West Gowan Road, appeared in protest. Gowan Road is already congested and her children walk to school. There is no other access to the schools except on Gowan Road.

DAN VOLLEY, 8375 Florine, appeared in protest. His home backs up to Durango Drive. He was concerned about increased traffic. He put four homes on a 2.5 acre parcel. They purchased their home based on what the General Plan said for the area.

CLIFF ROGERS appeared again to say that with the power line easement the developer must have purchased this property at a very good price. The developer is making a profit at the expense of the surrounding homeowners. The

residents in the area have already made a sacrifice to have the Gowan Detention Basin in the area.

GEORGE LEAVITT, 7535 West Gowan Road, appeared in protest. None of the homeowners have been contacted regarding this proposal.

MEL LACQUEMENT appeared in rebuttal. He met with Dave Mortensen four times who lives on Atwood Avenue and was part of the homeowners association for this area east of Buffalo. At one meeting there was an individual who lives around Alexander and Buffalo. They would be willing to meet with any person or groups. There are no rental units in this project. They are willing to coordinate the trail systems as required. The day care center is compatible with the school. There will not be any liquor stores nor gaming establishments. Tract No. 5 can be amended to show the 2.5 acres would be R-V storage and no retail. They would approach the other 2.5 acres once it is annexed. They will abide by the City Park Fees.

CLIFF ROGERS asked why the applicant is requesting a zone change since he is following the General Plan.

MR. GENZER clarified that when staff sent out the public hearing notices they were aware of the commercial uses based on what the applicant had presented to staff. However, those uses were not included as part of the application because specific site plans were not available. The only consideration staff is giving to the commercial is whether some type of commercial should be in the proposal.

MR. STANDERFER said as far as density transfers are concerned there are a series of Zoning Districts in the Zoning Ordinance called RPD's. The intent of those districts is to allow densities, side yard setbacks and height restrictions to be varied. Shifting densities from one side of Gowan Road to the other is permissible.

MEL LACQUEMENT felt the density should be shifted because the

large tract of land is in the south quadrant which is more conducive to a single family layout and secondly because of the elementary school. This will be a walled community.

COMMISSIONER REESE felt 0 to 6 units would be more appropriate next to the school than 6 to 12 units.

MEL LACQUEMENT said that could be considered.

COMMISSIONER REESE also felt the commercial in Tract Nos. 5 and 6 should not be on a section line road.

COMMISSIONER PIPPIN asked if there was a plan for Tract Nos. 5 and 6 if they were not zoned commercial.

MEL LACQUEMENT said they would have to go back to residential. There is no alternative plan at the present time.

COMMISSIONER MORAN asked what was developed in surrounding areas.

MEL LACQUEMENT said there are only two areas adjacent to this property that are developed.

COMMISSIONER MORAN asked what schools are in the area.

MEL LACQUEMENT said there is an elementary school and a proposed middle school.

COMMISSIONER JORDAN was concerned about the density.

MR. STANDERFER said this application is under the cap designated in the Land Use Plan. The applicant is requesting to have the density locations shifted. The applicant will be locked into densities if this is approved, but not how those zones will be specifically developed.

To be heard by the City Council on 9/16/92.

PLANNING COMMISSION

COUNCIL CHAMBERS • 400 EAST STEWART AVENUE

ITEM

COMMISSION ACTION

C-7. GENERAL PLAN AMENDMENT - GPA-19-92

Applicant: CITY OF LAS VEGAS
 Application: Request to amend a portion of the Southwest Sector of the General Plan
 Location: Southwest corner of Ducharme Avenue and Villa Monterey Drive
 From: ML (Medium-Low Density Residential)
 To: P/S/R/OS (Parks/Schools/Recreation/Open Space)

STAFF RECOMMENDATION: APPROVAL, subject to the following:

1. Amend the General Plan to Parks/Schools/Recreation/Open Space.

NOTICES MAILED: 262

PROTESTS: 1 (Letter)

FAVOR: 2 (Letters)
 1 (Speaker - 8/27/92 Meeting)

Reese -
 APPROVED, subject to staff's condition.
 Unanimous
 (Moffitt and Segerblom excused)

MR. GENZER stated this request is to amend the General Plan from medium-low density to parks, schools, recreation and open space and to rezone the property from N-U to C-V for a 15.6 acre City park facility. Staff recommended approval, subject to the condition.

DAVID KUIPER, Director, Parks and Leisure Activities, appeared and represented the application. He concurred with staff's condition.

There was no one present in opposition.

DONALD CRAWFORD, 7816 Ducharme Avenue, appeared in favor.

To be heard by the City Council on 9/16/92.

ITEM

COMMISSION ACTION

C-8. Z-58-92

Applicant: CITY OF LAS VEGAS
 Application: Zoning Reclassification
 From: N-U To: C-V
 Location: Southwest corner of
 Ducharme Avenue and Villa
 Monterey Drive
 Proposed Use: Park
 Size: 15.6 Acres

STAFF RECOMMENDATION: APPROVAL, subject to
 the following:

1. Approval of a General Plan Amendment to make the proposed zoning consistent with the plan.
2. Dedicate 25 feet of right-of-way for Cherry River Drive and for Villa Monterey Drive and 30 feet for Ducharme Avenue, and 15 foot radii at the southwest corner of Ducharme Avenue and Villa Monterey Drive and at the northwest corner of Villa Monterey Drive and Cherry River Drive as required by the Department of Public Works.
3. Construct half-street improvements on Ducharme Avenue, Cherry River Drive and Villa Monterey Drive as required by the Department of Public Works.
4. Construct all required street improvements on Ducharme Avenue for the entire length of this site concurrent with Phase I development as required by the Department of Public Works.
5. Conformance to the plot plan.
6. Standard Conditions 1, 3 - 8, 10 and 11.

NOTICES MAILED: 262

PROTESTS: 1 (Letter)

APPROVALS: 2 (Letters)
 1 (Speaker - 8/27/92 Meeting)

Reese -
 APPROVED, subject to staff's
 conditions.
 Unanimous
 (Moffitt and Segerblom excused)

MR. GENZER stated development of this park will occur in phases. Phase 1 will contain 7 acres and include a tot lot, sand volleyball courts, 18 parking spaces and pagoda. Future phases will include additional parking spaces, restrooms, jogging path, soccer field, pedestrian/bike trail, playgrounds and open play area. This request reflects the community policy of joint use facilities with a school location which encourages efficient use of available land for school/park sites. Staff recommended approval, subject to the conditions.

DAVID KUIPER, Director, Parks and Leisure Activities, appeared and represented the application. They want to meet the conditions as they build each phase. They want to put in the streets and half-street improvements as each phase is developed.

JOHN McNELLIS, Department of Public Works, clarified that the total frontage of Ducharme Avenue would be in Phase 1.

DONALD CRAWFORD, 7816 Ducharme Avenue, appeared in favor. This is vacant property that has a lot of trash on it.

There was no one present in opposition.

To be heard by the City Council on
 9/16/92.
