2 **ORDINANCE NO. \_\_\_\_\_**

3 AN ORDINANCE TO EXTEND THE BOUNDARIES OF THE CITY, TO PARTICULARLY  
4 DESCRIBE THE LAND TO BE ANNEXED, TO MAKE ITS INHABITANTS SUBJECT TO THE  
5 LAWS, OBLIGATIONS AND BENEFITS OF THE CITY, AND TO PROVIDE FOR OTHER  
6 RELATED MATTERS. (ANX-1843)

6 Sponsored by: Councilman Lawrence Weekly      Summary: Annexes property described generally  
7 as located on the southeast corner of Cheyenne  
8 Avenue and Rowland Street.

8 THE CITY COUNCIL OF THE CITY OF LAS VEGAS DOES HEREBY ORDAIN  
9 AS FOLLOWS:

10 SECTION 1: The corporate limits of the City of Las Vegas, Nevada, are hereby  
11 extended to annex, include, and make a part of the City of Las Vegas, Nevada, the following described  
12 real property:

13 That portion of the Northeast Quarter (NE 1/4) of the Northwest Quarter (NW 1/4) of  
14 the Northwest Quarter (NW 1/4) of Section 13, Township 20 South, Range 60 East,  
15 M.D.M., in the County of Clark, State of Nevada, being PARCEL 1 and the adjoining  
16 half-street right-of-way of CHEYENNE AVENUE (50 feet wide as measured from the  
17 centerline thereof) and the adjoining half-street right-of-way of ROWLAND STREET  
(30 feet wide as measured from the centerline thereof) and the adjoining 25-foot  
radius, corner fillet parcel, all as shown on the parcel map as filed October 23, 1975  
in File 7 of Parcel Maps, Page 41 of Clark County, Nevada Records, bounded as  
follows:

18 Bounded on the north by the north line of the Northeast Quarter (NE 1/4) of the  
19 Northwest Quarter (NW 1/4) of the Northwest Quarter (NW 1/4) of said Section 13,  
20 also being the centerline of said CHEYENNE AVENUE; bounded on the west by the  
21 west line of the Northeast Quarter (NE 1/4) of the Northwest Quarter (NW 1/4) of the  
22 Northwest Quarter (NW 1/4) of said Section 13, also being the centerline of said  
ROWLAND STREET; bounded on the south by the south line of PARCEL 1 as shown  
on said File 7 of Parcel Maps, Page 41 and the westerly prolongation of said south  
line; and bounded on the east by the east line of said PARCEL 1 and the northerly  
prolongation of said east line.

23 SECTION 2: The City Council hereby determines that the described territory meets  
24 the requirements provided by law for annexation to the City for the following reasons:

25 A. The area to be annexed was contiguous to the City's boundaries at the time the  
26 annexation proceedings were instituted;

27 B. More than one-eighth (1/8) of the aggregate external boundaries of the area are  
28 contiguous to the City;

1 C. The territory proposed to be annexed is not included within the boundaries of  
2 another incorporated city or within the boundaries of any unincorporated town  
3 as those boundaries existed as of July 1, 1983;

4 D. The City is eligible to annex the described territory since the landowners have  
5 signed a petition constituting one hundred percent (100%) of the owners of  
6 record of individual lots or parcels of land within the annexation area.

7 SECTION 3: The City will provide police protection through the Las Vegas  
8 Metropolitan Police Department, fire protection, street maintenance, and library services immediately  
9 upon annexation. Garbage collection by the company franchised by the City will also be provided  
10 immediately. The City sanitary sewer system will serve the proposed annexation area. Any  
11 connection to or extension of this sewer line to serve the annexation area shall be at the expense of  
12 the landowners. Other services, such as participation in the City's recreational programs, special  
13 education classes and programs, public works planning, building inspections, and other City services  
14 will also be available immediately. Utilities such as gas, electricity, telephone, and water are provided  
15 by private utility companies and other services to the area will not be affected by annexation. Street  
16 paving, curbs and gutters, sidewalks and street lights which are not in place at the time of annexation  
17 will be installed in the presently developed areas upon the request of the property owners and at their  
18 expense by means of special assessment districts. Such improvements will be extended into the  
19 undeveloped areas as development takes place and the need therefor arises, and will be located  
20 according to the needs of the area at that time. Such installations will also be made at the expense of  
21 the property owners, either by means of special assessment districts or as prerequisites to the approval  
22 of subdivision plats, building permits or other land use or development applications.

23 SECTION 4: The annexation of the described territory shall become effective on the  
24 11th day of July, 2003, and on that date the City will have the funds appropriated in sufficient amount  
25 to finance the extension into the described territory of police protection, fire protection, street  
26 maintenance, street sweeping, and street lighting maintenance.

27 SECTION 5: The described territory, together with the inhabitants and property  
28 thereof, shall, from and after the 11th day of July, 2003, be subject to all debts, laws, ordinances and

1 regulations in force in the City and shall be entitled to the same privileges and benefits as other parts  
2 of the City, and shall be subject to municipal taxes levied by the City.

3 SECTION 6: The City Engineer is hereby instructed to cause to be prepared an  
4 accurate map or plat of the described territory and to record the map or plat, together with a certified  
5 copy of this ordinance, in the office of the County Recorder of Clark County, Nevada, which  
6 recording shall be done prior to the 11th day of July, 2003.

7 SECTION 7: The described territory, which previously has been zoned R-E (County  
8 of Clark classification), is hereby classified as R-E (City of Las Vegas classification), which is deemed  
9 to be the City equivalent of the County classification.

10 SECTION 8: If any section, subsection, subdivision, paragraph, sentence, clause of  
11 phrase in this ordinance or any part thereof, is for any reason held to be unconstitutional, or invalid  
12 or ineffective by any court of competent jurisdiction, such decision shall not affect the validity or  
13 effectiveness of the remaining portions of this ordinance or any part thereof. The City Council of the  
14 City of Las Vegas hereby declares that it would have passed each section, subsection, subdivision,  
15 paragraph, sentence, clause or phrase thereof irrespective of the fact that any one or more sections,  
16 subsections, subdivisions, paragraphs, sentences, clauses or phrases be declared unconstitutional,  
17 invalid or ineffective.

18 SECTION 9: All ordinances or parts of ordinances, sections, subsections, phrases,  
19 ...  
20 ...  
21 ...  
22 ...  
23 ...  
24 ...  
25 ...  
26 ...

CASE: ANX-2016

**AGENDA SUMMARY PAGE**

**RECOMMENDING COMMITTEE MEETING OF: JUNE 16, 2003**

---

**DEPARTMENT: CITY ATTORNEY**

**DIRECTOR: BRADFORD R. JERBIC**

**CONSENT**

**DISCUSSION**

**SUBJECT:**

**NEW BILL:**

**Bill No. 2003-57** – Allows the slaughter and processing of live poultry by means of special use permit in the C-1, C-2, and C-M Zoning Districts, and as a permitted use in the M Zoning District. Proposed by: Robert S. Genzer, Director of Planning and Development

**Fiscal Impact**

**No Impact**

**Amount:**

**Budget Funds Available**

**Dept./Division:**

**Augmentation Required**

**Funding Source:**

**PURPOSE/BACKGROUND:**

Under current zoning regulations, the slaughter and processing of animals is limited to the M Zoning District, which is for the district designated for industrial uses. This bill will allow the slaughter and processing of live poultry by means of special use permit in the C-1, C-2, and C-M Zoning Districts, and as a permitted use in the M Zoning District. A special use permit for the use will require compliance with specific conditions that are designed to ensure compatibility of the use.

**RECOMMENDATION:**

This bill should be submitted to a Recommending Committee for review, hearing and recommendation to the City Council for final action.

**BACKUP DOCUMENTATION:**

Bill No. 2003-57

Submitted at meeting: copy of petition in opposition and two newspaper articles

**COMMITTEE RECOMMENDATION:**

**COUNCILMAN MACK recommended Bill 2003-57 be forwarded to the Full Council with no recommendation. COUNCILMAN WEEKLY concurred.**

**MINUTES:**

COUNCILMAN WEEKLY declared the Public Hearing open.

ROBERT GENZER, Director of Planning and Development, explained that this bill was prompted by a request from a specific market located in Ward 3 to include this activity as part of

RECOMMENDING COMMITTEE MEETING OF JUNE 16, 2003

City Attorney

Item 3 – Bill No. 2003-57

**MINUTES – Continued:**

their daily routine. If approved, the bill would allow the use in any market-type establishment located on C-1, C-2 or C-M zoned property, by means of a special use permit and permitted outright in an M zoned district. It is a slight misnomer to use the word slaughter and processing.

He reviewed the conditions that would be imposed on such a special use permit. Slaughter may be considered a harsh term. The conditions would restrict the use to chickens only, could not be located closer than 1,500 feet to any other facility for the same purpose and could only be an accessory use to a retail commercial establishment. Additional conditions would limit the sale of poultry to retail sales after processing, no live poultry could be sent from the location to another site for off-site sales and poultry must be stored within an enclosed structure in accordance with all federal, state and local regulatory criteria. A key condition would limit the maximum number of birds to 50 at any one location at any one time. The delivery and unloading of live poultry would have to be in a designated sealed loading dock and be restricted between the hours of 8:00 a.m. and 8:00 p.m. There is a condition requiring the exterior and interior of the processing facility be kept in an attractive, safe and sanitary condition at all times. All on-site activity must be conducted so as not to create noise, dust, debris, odors or other similar nuisances to the surrounding properties. The area of actual slaughtering and butchering within the facility shall not exceed 525 square feet and shall be located in an area that is not readily available to the public. All waste removal shall take place only between the hours of 8:00 a.m. and 8:00 p.m. No slaughtering or butchering waste of any kind may be stored outside at any time. Glass viewing areas used for customers for bird selection shall be installed at a minimum 48 inches above floor level, so there will be a requirement that at least four feet to the ground is covered. No live poultry shall remain onsite over night. Any live poultry not sold by 4:00 p.m. would have to be slaughtered at that time, processed and packaged for sale with other poultry products. Lastly, the processing facility must be landscaped and screened as required in connection with any approved site plan review. Staff feels the bill is in order and recommends approval, subject to the aforementioned conditions:

RON COLEMAN, 830 Lamb Boulevard, questioned the rezoning of this property when the same zoning exists a mile away at Cheyenne. He suggested the use take place in the industrial park. MR. GENZER explained that while a specific location prompted the request, the bill would apply to the entire City and is, in fact, not site specific. Even if the bill is approved, the market in question would have to apply for the special use permit, go through the public hearing process before Planning Commission and City Council and the Council would then make a determination as to whether that particular location is appropriate. At that time, the Council could take into consideration other locations within the vicinity similarly zoned.

RECOMMENDING COMMITTEE MEETING OF JUNE 16, 2003

City Attorney

Item 3 – Bill No. 2003-57

**MINUTES – Continued:**

ELAINE LINDBLOOM, 4911 East Wyoming Avenue, thanked the Committee for the opportunity to speak on a matter that could negatively impact the quality of life for many in the City of Las Vegas. She urged denial of this amendment. Many of the potential places where this would take place are adjacent to residential properties. Even small slaughterhouses cause intolerable pollution.

LINDA FASO, 34 Congressional Court, appeared on behalf of MARILYN and TERRY CHIRA, 721 Ann Drive. She respectfully requested this bill not be approved. They are especially concerned with the diseases associated with this type of slaughter and processing facilities. There has been an outbreak of Newcastle disease within a year. Birds can carry the virus without showing symptoms. Traffic control is critical to prevent its spread. Supermarket slaughterhouses would only add to the chances of another outbreak and the risk is not worth it. She questioned monitoring of the conditions stated. Too many questions remain. It sets a precedent for slaughter of other animals.

STACIA NEWMAN, 8635 West Sahara Avenue, indicated that the use is permitted in industrial zoning that is isolated and controlled. Most commercial zoning is surrounded by residential properties and the use would create a public health hazard. Her research with the Health Department, City staff and personal investigation revealed that the people do not want this. The Council's responsibility is to represent the best interests of the people at all times. She agreed to submit a copy of the petition of those opposed to the proposal. She concurred with the questions regarding supervision and monitoring. The Health Department advised that people can carry many of the diseases out of the facility and spread it to the children of customers. This particular location is near six schools. She informed the Committee that many people in the neighborhood were unaware of the pending bill, but everyone she spoke to opposed it 100 percent.

TODD FARLOW, 240 North 19<sup>th</sup> Street, stated that Stewart's Market in his neighborhood has been processing game and chicken for over 60 years without incident. He questioned how that market was able to operate and urged that they be allowed to continue to do so. While he lived in the Oakland area, there was an Asian store right below him where there was never a problem for his five-year tenancy. It may even be educational for children to understand where food comes from.

COUNCILMAN MACK commented that he examined the proposed mechanics of the market involved and was impressed. This is a cultural and ethnic issue, which he also saw while living in Los Angeles and the Dallas/Austin area. He eats kosher chickens on occasion, which require special processing. If processed correctly, in a lab-type of environment, the process is acceptable.

and even prevents salmonella. The Health District has inspectors. As for odor, any supermarket, especially around the dumpsters, is unattractive. This waste will actually be disposed of better than standard market garbage. Based on how controversial this item will be, he felt the recommendation should not come from two members of the Council, but from the entire Council.

COUNCILMAN WEEKLY discussed with MR. GENZER that the Liborio Market would be immediately adjacent to residential property. COUNCILMAN WEEKLY concurred with COUNCILMAN MACK and MR. FARLOW about the processing needing to occur somewhere, but there has to be consideration for residential properties. For many who are not educated on the process, there needs to be more education. However, he agreed it should go forward to full Council without recommendation. Even though this would apply to the full City, he expressed doubt that a request would ever come forward for Wards 2, 4 and 6. He urged the speakers to attend the City Council meeting and present their respectful comments.

There was no further discussion.

COUNCILMAN WEEKLY declared the Public Hearing closed.

1 **BILL NO. 2003-57**

2 **ORDINANCE NO. \_\_\_\_\_**

3 AN ORDINANCE TO ALLOW THE SLAUGHTER AND PROCESSING OF LIVE POULTRY BY  
4 MEANS OF SPECIAL USE PERMIT IN THE C-1, C-2, AND C-M ZONING DISTRICTS, AND  
5 AS A PERMITTED USE IN THE M ZONING DISTRICT; AND TO PROVIDE FOR OTHER  
6 RELATED MATTERS.

6 Proposed by: Robert S. Genzer,  
7 Director of Planning and Development

Summary: Allows the slaughter and processing  
of live poultry by means of special use permit in  
the C-1, C-2, and C-M Zoning Districts, and as  
a permitted use in the M Zoning District.

8  
9 THE CITY COUNCIL OF THE CITY OF LAS VEGAS DOES HEREBY ORDAIN  
10 AS FOLLOWS:

11 SECTION 1: Table 2 of the Land Use Tables adopted in Title 19, Chapter 4, Section  
12 10, of the Municipal Code of the City of Las Vegas, Nevada, 1983 Edition, is hereby amended to  
13 require a Special Use Permit for the use "Slaughter and Processing of Live Poultry" in the C-1, C-2,  
14 and C-M Zoning Districts and to provide that the use is a permitted use in the M Zoning District. In  
15 order to reflect the amendments, a new row shall be added to the "Industrial & Manufacturing"  
16 Element of the Land Use Tables, to read as follows:

17

INDUSTRIAL & MANUFACTURING	P-R	N-S	O	C-D	C-1	C-2	C-PB	C-M	M
Slaughter and Processing of Live Poultry					S	S		S	P

18  
19

20 SECTION 2: Title 19, Chapter 4, Section 50, Subsection (B), of the Municipal Code  
21 of the City of Las Vegas, Nevada, 1983 Edition, is hereby amended by adding thereto a new  
22 subdivision entitled "SLAUGHTER AND PROCESSING OF LIVE POULTRY," reading as follows:

23 SLAUGHTER AND PROCESSING OF LIVE POULTRY [C-1, C-2, C-M]

- 24 (1) The slaughter and processing of live poultry shall be limited to chickens. The slaughter or  
25 processing of any other poultry or animals is prohibited.
- 26 (2) The use may not be located closer than one thousand five hundred feet from any other facility  
27 used for the slaughter and processing of live poultry.
- 28 (3) The slaughter and processing of poultry shall occur only as an accessory use to a retail

1 commercial establishment.

2 (4) The sale of poultry on the site shall be limited to retail sales of processed poultry.

3 (5) There shall be no sale of live poultry from the site and no use of the site for the distribution  
4 of live or processed poultry for sale off-site.

5 (6) All live poultry shall be stored within an enclosed structure on the site where the processing  
6 will take place. The slaughter and processing of poultry shall take place in an enclosed structure that  
7 is operated in accordance with all Federal, State and local regulatory criteria, including without  
8 limitation all applicable regulations of the Clark County Health District. The processing facility must  
9 be available at any time for inspection by any and all regulatory agencies with jurisdiction.

10 (7) The maximum number of live birds allowed to be kept or maintained on site at any one time  
11 is fifty.

12 (8) The delivery and unloading of live poultry shall be at a designated sealed loading dock and  
13 shall take place only between the hours of 8:00 a.m. and 8:00 p.m.

14 (9) The exterior and interior of a processing facility shall be maintained in an attractive, safe and  
15 sanitary condition at all times, and all on-site activity must be conducted so as not to create noise,  
16 dust, debris, odors or other similar nuisances to surrounding property owners.

17 (10) Areas used for slaughtering and butchering shall not exceed 525 square feet and shall be  
18 located in an area not readily available to the public.

19 (11) All waste and debris shall be removed from the processing facility on a daily basis in  
20 accordance with all Federal, State and local regulatory criteria, including without limitation applicable  
21 regulations of the Clark County Health District. Waste removal shall take place only between the  
22 hours of 8:00 a.m. and 8:00 p.m.

23 (12) No slaughtering or butchering waste of any kind may be stored outside at any time. All such  
24 waste, including any contaminated paper or cardboard, shall be stored indoors in a temperature-  
25 controlled, sealed room.

26 (13) All glass viewing areas to be used by customers for bird selection shall be installed a minimum  
27 of 48 inches above floor level.

28 (14) No live poultry shall remain on-site overnight. Any live poultry not sold by 4:00 p.m. must

1 be slaughtered, processed and packaged for sale with other poultry products.

2 (15) The processing facility shall be landscaped and screened as required in connection with Site  
3 Development Plan Review.

4 SECTION 3: In Section 2 of this Ordinance, the brackets that follow the title of the  
5 subdivision being added are not intended to indicate deleted matter, but instead are used as the means  
6 of indicating the applicable districts.

7 SECTION 4: For purposes of Section 2.100(3) of the City Charter, LVMC 19.04.010  
8 and 19.04.050 are deemed to be subchapters rather than sections.

9 SECTION 5: If any section, subsection, subdivision, paragraph, sentence, clause or  
10 phrase in this ordinance or any part thereof is for any reason held to be unconstitutional or invalid or  
11 ineffective by any court of competent jurisdiction, such decision shall not affect the validity or  
12 effectiveness of the remaining portions of this ordinance or any part thereof. The City Council of the  
13 City of Las Vegas hereby declares that it would have passed each section, subsection, subdivision,  
14 paragraph, sentence, clause or phrase thereof irrespective of the fact that any one or more sections,  
15 subsections, subdivisions, paragraphs, sentences, clauses or phrases be declared unconstitutional,  
16 invalid or ineffective.

17 SECTION 6: All ordinances or parts of ordinances or sections, subsections, phrases,  
18 sentences, clauses or paragraphs contained in the Municipal Code of the City of Las Vegas, Nevada,  
19 1983 Edition, in conflict herewith are hereby repealed.

# A PETITION AGAINST THE PROCESSING OF LIVE CHICKENS/POULTRY ON THE NORTHWEST CORNER OF WASHINGTON & LAMB BLVD.

We, the undersigned, understand that the Liborio Market located on the Northwest corner of Washington & Lamb Blvd. Wants to rezone to industrial/research for the purpose of processing live chickens/poultry on the premises. This area is predominately residential, with numerous single family residences, multi-family dwellings, apartments and mobile home parks, some of which are senior. There are also six schools located within roughly a one-mile radius of the proposed plan. We do not agree to, or feel it is necessary for live chickens/poultry to be processed in our residential area. We feel the processing of live chickens should be done only in an industrial area, which is already designed as such, and definitely not in an already populated residential area.

# A PETITION AGAINST THE PROCESSING OF LIVE CHICKENS/POULTRY ON THE NORTHWEST CORNER OF WASHINGTON & LAMB BLVD.

We, the undersigned, understand that the Liborio Market located on the Northwest corner of Washington & Lamb Blvd. Wants to rezone to industrial/research for the purpose of processing live chickens/poultry on the premises. This area is predominately residential, with numerous single family residences, multi-family dwellings, apartments and mobile home parks, some of which are senior. There are also six schools located within roughly a one-mile radius of the proposed plan. We do not agree to, or feel it is necessary for live chickens/poultry to be processed in our residential area. We feel the processing of live chickens should be done only in an industrial area, which is already designed as such, and definitely not in an already populated residential area.

Ruby Perring's 15-year-old web-footed friend Gus and 485 other geese, chickens, turkeys, pigeons and peacocks were killed this week in the first step of what could be a months-long campaign to contain a virus that kills domesticated birds.

"The boys in the white suits came with the hats and the masks and everything," Perring, 75, said after a team of federal inspectors eradicated her birds Wednesday under threat of a court order. "I had 87 birds altogether. They caught them all and they gassed them all."

The Exotic Newcastle virus, which was first detected east of North Las Vegas about two weeks ago, is not harmful to humans, but can be spread through contact with them, officials say.

The disease, which hit parts of Florida in the 1980s and struck Southern California about three months ago, could harm other area birds and devastate the poultry industry in neighboring Utah, said Nolan Lemon, spokesman for the U.S. Department of Agriculture.

As a result, a special federal task force of about 40 veterinarians and 80 other field workers arrived in Las Vegas this week, and they expect to have an office set up by Monday.

To contain the Newcastle virus, Agriculture Department inspectors have paid 24 owners up to \$75 each for the birds they must eradicate within a one-kilometer radius of the property where the virus was first detected, north of the intersection of Lake Mead Boulevard and Walnut Road.

"What we are doing is setting up surveillance areas which are like a barrier around the infected areas. And the idea is to restrict its (the virus's) movement and its spread," Lemon said. "While there is no human-health threat associated with Exotic Newcastle virus, it is possible for humans to carry the virus on their clothes, shoes and hands."

Residents are urged to contact the federal task force if their birds get ill, or if they know of a bird owner in the infection zone, Lemon said. The disease hits some bird species, such as chickens and turkeys, harder than others, such as parrots, he said.

## ► **VIRUS:** Bird owners can call hot line with questions

CONTINUED FROM PAGE 1B

While the virus can infect wild birds, studies done on about 1,000 wild birds in the 1970s failed to demonstrate that there was a significant negative impact on them, Lemon said.

Symptoms such as fatigue, respiratory problems, sneezing, paralysis, watery feces, and laying eggs without shells typically precede the death of a bird. There is no cure for the disease, and federal inspectors don't know how the virus surfaced in Southern Nevada.

"One of the things we are investigating in California is whether illegal hens came into the country for illegal cock fighting," Lemon said.

Bird owners are urged to feed their domesticated birds in their coops rather than by spreading feed on the ground, to make certain caged birds are kept indoors and away from possible infection, and to spray their feet, and wash their hands, with disinfectants to prevent the spread through human contact, Lemon said.

They also are urged to call an Agriculture Department hot line with their concerns at 515-5200.

"You cannot have a successful eradication program without the cooperation of the community. ... Timing is everything. The faster the better," he said. "People have been astute in telling us when they have sick birds and when their neighbors have sick birds."

All of Clark County and Southern Nye County are under a quarantine until further notice, which means farmers, bird lovers, hunting clubs and pet stores are prohibited from transporting birds, said Fred Henson, a state game warden.

Nobody knows how long it will take to control the virus, but a similar effort is going

into its fourth month in Southern California

A member of an Agriculture Department cleanup crew on Perring's property said Friday that the task force has rented its trucks and equipment for six months

"We are not concerned about the wildlife," Henson said "But, we have shut down all movement of birds, and that is a problem because we have a lot of permittees (business owners) and they can't move their birds"

Hyke Riley, owner of the Bahna Bird Farm in Las Vegas since 1974, said the federal ban on selling birds might force him to close his business. However, he won't go bankrupt because he also sells golf carts and batteries for cars and recreational vehicles, he said.

"It will probably put us out of the bird business," he said "We haven't sold any, and we wouldn't sell any anyway because everybody is afraid to buy a bird after hearing about this disease."

However, for bird owners such as Perring, the Exotic Newcastle virus is paying off. Before the extermination of her animals, Perring would occasionally sell geese for about \$20, peacocks for about \$30. The Agriculture Department, however, paid her \$75 for each of her peacocks, \$30 for each goose and \$20 for the fantail peacocks that previously she had given away, assuming anyone wanted one

In all, Perring said she received about \$1,800 for the 87 birds that her stepson had left her after he died in 1995, she said

"They paid pretty well," Perring said "I could never get the money they were paying. I sold geese for \$20 and \$25, and they paid me \$30 no matter what kind of goose it was"

*USDA gets court  
order to gas poultry  
in fight against virus*

By FRANK CURRERI

REVIEW-JOURNAL

When the federal government wanted to kill dozens of Jill Duncan's pet birds, she put up a fight.

Now she is left to ponder just how quickly she was defeated by the U.S. Department of Agriculture.

Trying to thwart a potential poultry crisis, USDA workers arrived at Duncan's home on Saturday afternoon with a

court order and fatally gassed 64 of her domesticated chickens, ducks and geese, she said.

"I still have a pig," said the 56-year-old, who lives in an area east of North Las Vegas, where USDA officials have euthanized 1,535 domesticated birds in recent weeks. "But I feel awful. I'll never be the same."

The USDA has euthanized the domesticated birds, agency officials have said, after discovering birds that were infected with the deadly Exotic Newcastle virus on numerous properties in Duncan's neighborhood. The virus is not harmful to humans but has ravaged poultry industry sales in the past.

Duncan said none of her animals appeared to be sick. She said the agency declined to test the animals for the disease because it would have been too costly. She was the only one of 82 owners to challenge USDA officials to get a court order for their mission.

On Saturday, she sat by and watched her pets die.

USDA officials showed up in white uniforms and gloves, Duncan said, and one by one trapped the animals and placed them in a small barrel with carbon dioxide gas.

After the mission was complete, Duncan said parting USDA officials approached her and her husband. "They gave us their condolences," she said, "and wanted to shake our hands. I'm so sorry that I did."

Duncan said two of the dead animals, a goose and a duck named "Daffy," had been with her for 20 years. She is left with the pig, a dog and five cats.

"I wouldn't get another animal like that as long as I live," Duncan said of domesticated birds. "Because they would come and do the same thing."

AL GALLEGO, citizen of Las Vegas, provided a history of the special use permit application process. Even if the bill is adopted by the Council, the markets will have to seek approval through the Planning Commission. It is a long process. He urged the citizens to come to the Planning Commission meetings. It can be stopped. In other countries, the markets are outside and include slaughter of all kinds of animals. There is no smell and it is very clean. His neighbors had a pig roast outside last week and it was wonderful. There is a turkey processing plant in Las Vegas and it is clean.

STACIA NEWMAN introduced WINNIE, who appeared representing a number of senior citizens who have difficulty attending, and explained that many who oppose this bill cannot participate. COUNCILMAN WEEKLY recommended that they contact MS. ARRINGTON from COUNCILMAN REESE'S office so that accommodations can be explored. A lack of participation and input indicates to the Council that no one is opposed.
