SECTION E - General Clauses

E-1 Disputes

(a) For each claim or dispute arising between the parties under the Contract, the parties shall attempt to resolve the matter through escalating levels of management. In the event the matter cannot be successfully resolved in this manner, the City is granted the right, regardless of which party is asserting the claim or dispute, to determine between arbitration or litigation as the forum in which the party desiring to proceed further shall file to resolve the claim or dispute. For any and all claims or disputes asserted by the Company, the Company shall notify the City of its intent to proceed further with the claim or dispute, and in response thereto, the City shall notify the company as to its selected forum for resolution. Upon receipt of this notification, the City will advise the Company in writing of the action which will be taken to remedy the situation.

(b) The Company shall advise the City in writing of an impending failure to meet established milestones or delivery dates based on the Company's failure to perform. Notice shall be provided as soon

as the Company is aware of the situation; however, such notice shall not relieve the Company from any existing obligations regarding performance or delivery.

E-3 Termination for Default

(a) The City may, by written notice of default to the Company, terminate the Contract in whole or in part if the Company fails to:

(i) Perform the services under Section C, "Statement of Work" (including, if applicable, delivering any software, goods, or documentation required thereunder) within the time specified in the Contract or any extension;

(ii) Make progress, so as to endanger performance of the Contract; or

(iii) Perform any of the other provisions of the Contract.

(b) The City's right to terminate the Contract under (a)(ii) and (a)(iii) above, may be exercised if the Company does not cure such failure within ten (10) calendar days (or more if authorized by the City) after notice, specifying the failure, is provided pursuant to the Paragraph D-1, "Legal Notice" of the Contract.

(c) If the City terminates the Contract for default in whole or in part, it may acquire, under reasonable terms and in the manner the City considers appropriate, services or goods similar to those terminated, and the Company shall be liable to the City for any excess costs for those services or goods. However, the Company shall continue the work not terminated.

(d) The Company shall not be liable for any excess costs if the failure to perform the Contract arises from circumstances beyond the control and without the fault or negligence of the Company. These circumstances are limited to such causes as (1) acts of God or of the public enemy, (2) acts of governmental bodies, (3) fires, (4) floods, (5) epidemics, (6) quarantine restrictions, (7) strikes, (8) freight embargoes, (9) unusually severe weather. (e) Either party may terminate the Contract, in whole or in part, if the other party becomes insolvent or bankrupt or makes an assignment for the benefit of creditors, or if a receiver or trustee in bankruptcy is appointed for the other party, or if any proceeding in bankruptcy, receivership, or liquidation is instituted against the other party and is not dismissed within 30 days following commencement thereof.

(f) The City retains the right to terminate for default immediately should the Company fail to maintain the required levels of insurance, fail to comply with applicable local, state, and Federal statutes governing performance of these services, or fail to comply with statutes involving health or safety.

E-4 Insurance

(a) The Company shall procure and maintain, at its own expense, during the entire term of the Contract, the following coverage:

(ii) Comprehensive General Liability (bodily injury, property damage, errors and omissions) Insurance with respect to the Company's agents and vehicles assigned to the activities performed under the Contract in a policy limit of not less than One Million Dollars (\$1,000,000.00) combined single limit per occurrence and Two Million Dollars (\$2,000,000.00) in

the aggregate. Such coverage shall be on an "occurrence" basis and not on a "claims made" basis (except for Errors and Omissions coverage).

(b) The City shall be named as an additional insured party thereunder and such notation shall appear on the certificate of insurance furnished by the Company's insurance carrier. The certificates and endorsements for each insurance policy are to be signed by a person authorized by that insurer and licensed by the State of Nevada. The adequacy of the insurance supplied by the Company, including the rating and financial health of each insurance carrier providing coverage, is subject to the approval of the City. The City requires insurance carriers to maintain a Best's Key rating of "A VII" or higher.

(c) All deductibles and self-insurance retentions shall be fully disclosed in the certificate of insurance. No deductible or self-insured retention may exceed Ten Thousand Dollars (\$10,000.00) without the prior written approval of the City.

(d) Certificates indicating that such insurance is in effect shall be delivered to the City within ten (10) days after the Award Date of the Contract, or before work commences, whichever is earliest. The Company shall maintain coverage for the duration of the Contract. The Company shall annually provide the City with a certificate of insurance as evidence that all insurance requirements have been met. It is further agreed that the Company and/or insurance carrier shall provide the City with a thirty (30) day advanced notice of policy modification or cancellation. Any exclusions to the effect that the insurance carrier will "endeavor to inform" must be stricken from the certificate of insurance.

(e) Should the Company fail to carry the required insurance, the City has the option to purchase replacement insurance and charge the costs back to the Company.

E-5 Indemnification

(a) In addition to the insurance requirements set forth in Paragraph E-4, "Insurance", the Company shall protect, indemnify and hold harmless the City, its officers, employees, agents, and consultants (collectively herein the "City") harmless from any and all claims, liabilities, damages, losses, suits, actions, decrees, and judgments including, attorney's fees, court costs or other expenses of any and every kind or character (collectively herein the "Liabilities") which may be recovered from or sought against the City, or any of them, as a result of, by reason of, or as a consequence of, any act or omission, negligent or otherwise, on the part of the Company, its officers, employees, or agents in the performance of the terms, conditions and covenants of the Contract, regardless of whether the Liabilities were caused in part by the City. The City for its protection may retain any money due and owing the Company under the Contract. In the event no money is due and owing, the surety, if required, of the Company, may be held until all of the Liabilities have been settled and suitable evidence to that effect furnished to the City.

(b) It is expressly agreed that the Company shall defend the City, and each of them, against the Liabilities and in the event that the Company fails to do so, the City, and each of them, shall have the right, but not the obligation, to defend the same and to charge all direct and incidental costs, including attorney's fees and court costs, to the Company.

E-6 Assignment

Neither party may assign their rights nor delegate their duties under the Contract without the written consent of the other party, where consent shall not be withheld unreasonably. Notwithstanding the foregoing, the Company may assign its rights under the Contract to a wholly owned subsidiary upon written notice of the same to the City. Any assignment or delegation shall not relieve any party of its obligations under the Contract.

E-7 Waiver

Waiver of any of the terms of the Contract shall not be valid unless it is in writing signed by each party. The failure of the City to enforce any of the provisions of the Contract, or to require performance of any of the provisions herein, shall not in any way be construed as a waiver of such provisions or to affect the validity of any part of the Contract, or to affect the right of the City to thereafter enforce each and every provision of the Contract. Waiver of any breach of the Contract shall not be held to be a waiver of any other or subsequent breach of the Contract.

E-8 Taxes/Compliance with Laws

(a) The City is exempt from paying Sales and Use Taxes under the provisions of Nevada Revised Statutes 372.325(4), and Federal Excise Tax under Registry Number 88-87-0003k. The Company shall pay all taxes, levies, duties and assessments of every nature and kind, which may be applicable to any work under the Contract. The Company shall make any and all payroll deductions required by law. All records subject to audit findings shall be retained for three (3) years after such findings have been resolved. In the event the Company goes out of existence, the Company shall turn over to the City all of its records relating to the Contract to be retained by the City for the required period of time.

(b) The Company agrees to permit the City or the City's designated representative(s) to inspect and audit its records and books relative to the Contract at any time during normal business hours and under reasonable circumstances and to copy and/or transcribe any information that the City desires concerning Company's operation hereunder. The Company further understands and agrees that said inspection and audit would be exercised upon written notice. If the Company or its records and books are not located within Clark County, Nevada, and in the event of an inspection and audit, Company agrees to deliver the records and books or have the records and books delivered to the City or the City's designated representative(s) at an address within the City as designated by the City. If the City or the City's designated representative(s) find that the records and books delivered by the Company are incomplete, the Company agrees to pay the City or the City's representative(s)' costs to travel (including travel, lodging, meals, and other related expenses) to the Company's offices to inspect, audit, retrieve, copy and/or transcribe the complete records and books. The Company further agrees to permit the City or the City's designated representatives to inspect and audit, as deemed necessary, all records of this project relating to finances, as well as other records including performance records that may be required by relevant directives of funding sources of the City.

(c) If, at any time during the term of the Contract, or at any time after the expiration or termination of the Contract, the City or the City's designated representative(s) finds the dollar liability of the Company is more than payments made by the Company to the Company, the Company agrees that the difference shall be paid immediately by the Company to the City.

E-10 Independent Contractor

In the performance of services under the Contract, the Company and any other person employed by it shall be deemed to be an independent contractor and not an agent or employee of the City. The Company shall be liable for the actions of any person, organization or corporations with which it subcontracts to fulfill the Contract. The City shall hold the Company as the sole responsible party for the performance of the Contract. The Company shall maintain complete control over its employees and all of its subcontractors. Nothing contained in the Contract or any subcontract awarded by the Company shall create a partnership, joint venture or agency. Neither party shall have the right to obligate or bind the other party in any manner to any third party.

E-11 Severability

The invalidity, illegality, or unenforceability of any provision of the Contract or the occurrence of any event rendering any portion or provision of the Contract void shall in no way affect the validity or enforceability of any other portion or provision of the Contract. Any void provision shall be deemed severed from the Contract, and the balance of the Contract shall be construed and enforced as if the Contract did not contain the particular portion or provision held to be void. The parties further agree to amend the Contract to replace any stricken provision with a valid provision that comes as close as possible to the intent of the stricken provision. The provisions of this clause shall not prevent this entire Contract from being void should a provision which is of the essence of the Contract be determined void.

E-12 Conforming Services

The services performed under the Contract shall conform in all respects with the requirements set forth in the Contract. It shall be the responsibility of the Company to furnish the City with sufficient data and information needed to determine if the services performed conform to all the requirements of the Contract.

E-13 Modification/Amendment

The Contract shall not be modified or amended except by the express written agreement of the parties, signed by a duly authorized representative for each party. Any other attempt to modify or amend the Contract shall be null and void, and may not be relied upon by either party.

E-14 Section and Paragraph Headings

The section and paragraph headings appearing in the Contract are inserted for the purpose of convenience and ready reference. They do not purport to define, limit or extend the scope or intent of the language of the sections and paragraphs to which they pertain.

E-15 Conflict of Interest (City Officials)

(a) An official of the City, who is authorized in such capacity and on behalf of the City to negotiate, make, accept or approve, or take part in negotiating, making, accepting, or approving the Contract, payments under the Contract, or work under the Contract, shall not be directly or indirectly interested personally in the Contract or in any part hereof. No officer, employee, architect, attorney, engineer or inspector of, or for the City, who is authorized in such capacity and on behalf of the City to exercise any legislative, executive, supervisory or other similar functions in connection with the Contract, shall become directly or indirectly interested personally in the Contract or in any part hereof, any material supply contract, subcontract, insurance contract, or any other contract pertaining to the Contract.

(b) Each party represents that it is unaware of any financial or economic interest of any public officer or employee of the City relating to the Contract. Notwithstanding any other provision of the Contract, if such interest becomes known, the City may immediately terminate the Contract for default or convenience, based on the culpability of the parties.

(c) The Company represents and warrants that it has, in accordance with the current policy of the City, disclosed the ownership and principals of the Company on Attachment 1, "Certificate - Disclosure of Ownership/Principals", and that it has a continuing obligation to update this disclosure whenever there is a material change in the information contained therein.

E-16 Integration

The Contract represents the entire and integrated agreement between the City and the Company. It supersedes all prior and contemporaneous communications, representations, and agreements, whether oral or written, relating to the subject matter of the Contract.

E-17 Public Records

The City is a public agency as defined by state law. As such, it is subject to the Nevada Public Records Law (Chapter 239 of the Nevada Revised Statutes). All of the City's Records are public records, which are subject to inspection and copying by any person (unless declared by law to be confidential). The Contract, all supporting documents, and proposals submitted under the original Request for Proposal are deemed to be public records.

E-18 Confidentiality – City Information

The Company shall not disclose this information, nor allow to be disclosed to any person or entity without the express prior written consent of the City. The Company shall have the right to use any such confidential information only for the purpose of providing the services under the Contract, unless the express prior, written consent of the City is obtained. Upon request by the City, The Company shall promptly return to the City all confidential information supplied by the City, together with all copies and extracts.

(b) The confidentiality requirements shall not apply where (i) the information is, at the time of disclosure by the City, then in the public domain; (ii) the information is known to the Company prior to obtaining the same from the City; (iii) the information is obtained by the Company from a third party who did not receive the same directly or indirectly from the City; or (iv) the information is subpoenaed by court order or other legal process, but in such event, the Company shall notify the City. In such event the City, in its sole discretion, may seek to quash such demand.

(c) The obligations of confidentiality shall survive the termination of the Contract.

E-19 Marketing Restrictions

The Company may not publish or sell any information from or about the Contract without the prior written consent of the City. This restriction does not apply to the use of the City's name in a general list of customers, so long as the list does not represent an express or implied endorsement of the Company or its services.

E-20 Limitation of Funding

The City reserves the right to reduce estimated or actual quantities, in whatever amount necessary, without prejudice or liability to the City, if funding is not available or if legal restrictions are placed upon the expenditure of monies for the services required under the Contract.

- (i) Description of services to be performed.
- (ii) Time of performance (i.e., hours of the day, days of the week, etc.).
- (iii) Place of performance of the services.

(b) If any such change causes an increase or decrease in the cost of, or the time required for, performance of any part of the work under the Contract, whether or not changed by the order, the City shall make an equitable adjustment in the Contract price, the delivery schedule, or both, and shall modify the Contract.

(c) The Company must assert its right to an adjustment under this clause within 30 days from the date of receipt of the written order; however, if the City decides that the facts justify, the City may receive and act upon a proposal submitted before final payment of the Contract.

(d) If the Company's proposal includes the cost of property made obsolete or excess by the change, the City shall have the right to prescribe the manner of the disposition of the property.

(e) Failure to agree to any adjustment shall be a dispute under Paragraph E-1, "Disputes"; however, nothing in this clause shall excuse the Company from proceeding with the Contract as changed.

(f) The Company shall provide current, complete, and accurate documentation to the City in support of any equitable adjustment. Failure to provide adequate documentation, within a reasonable time after a request from the City, will be deemed a waiver of the Company's right to dispute the equitable adjustment proposed by the City, where such equitable adjustment has a reasonable basis at the time it is determined by the City.

Section 7 – Pricing and Financial Projections. In this section, the Applicant must provide financial projections for a five (5) year period of the costs, revenues and net income to be generated by the Program, where such financial projections should provide the following information:

- (a) Assumptions, methodology and business considerations associated with the financial projections;
- (b) Historical performance supporting the financial projections, such as revenues and occupancy rates for outdoor advertising on locations similar or comparable to the Sites;
- (c) Breakdown of projected costs and expenses related to the Program;
- (d) Breakdown of projected revenue generated by the Program per Billboard; and
- (e) Projected Guaranteed Payments and Percentage Payments to the City.

An Applicant may place a proprietary legend on those pages containing confidential financial information, with the understanding that any claim for confidentiality is subject to legal review for applicability to the Nevada Public Records Statute, and such legends may be voided. NRS 332 does provide for the protection of confidential business information. The final prices, to be set forth in Paragraph B-3, "Contract Type," will definitely be a matter of public record.

Section 8 – Alternative Pricing. See Section G4—Alternative Pricing Proposal.

Section 9 – Exceptions. List any exceptions taken to Sections A through F of the RFP.

Section 10 – Sample Agreements. Provide copies of the sample Contract with the City, to be provided as **Attachment 3** of the Proposal, and the sample agreement to be used by the Company with third parties for the placement of outdoor advertising, to be provided as **Attachment 4** of the Proposal.

Section 12 – Sample Billboards and Supporting Structures. As **Attachment 5** of the Proposal, provide no more than three (3) examples of billboards and supporting structures that have been designed, erected and operated by the Applicant, where a brief summary of each billboard and supporting structure should be provided. The summary should provide the following information: (a) the location; (b) the timeframe and date of completion; (c) the statement on whether the project was designed, erected and operated by the Applicant and its affiliates or through one or more third parties; (d) the historical occupancy rates for the project; and (e) any other relevant information that would provide the City with an understanding of the ability of the Applicant to competently provide the services required under the Contract.

G-4 Alternative Pricing Proposal

The RFP is structured to reflect compensation to a Company based upon the Company's performance in generating advertising revenue. The City, however, may consider a proposal based on a different pricing premise; such as, a monthly retainer paid by the City, with all advertising revenues accruing to the City, or any other reasonable methodology. An Applicant is permitted to propose such an alternative pricing arrangement, provided such alternative is appropriately identified and explained in the Proposal within Section 8 – Alternative Pricing. An Applicant should also identify any changes that would be required in various areas of the RFP to accommodate such a pricing alternative. Of particular concern to the City would be how maximization of revenue for the City could be achieved, without the benefit of the revenue sharing incentive to spur Company performance.

G-5 Award Criteria

(a) The City is under no obligation to award a contract(s) for these services. The basis for any potential award would be a review and evaluation of the submitted proposals. The City may award with or without further discussions. Award of any Contract will only be made upon approval of the City Council.

(b) The principal criterion for award is a Company's ability to create a Program that generates revenue for the City while complying with Contract requirements. This criterion will be evaluated by examining the entire proposal, with particular emphasis on Section 3, "Business Information," Section 4, "Personnel Resources," Section 5, "Experience," Section 6, "Work Plan," and Section 7, "Pricing and Financial Projections," or Section 8, "Alternative Pricing Proposal." The City is under no obligation to award to the Applicant submitting the highest revenue production (or lowest retainer amounts, if utilizing an alternative pricing methodology), but significant consideration will be given to the dollar amounts proposed.

(c) The City reserves the right to consider any other factors when evaluating proposals, when such consideration serves the goals and interests of the City.

G-6 Ownership Disclosure

Applicants must submit the "Certificate - Disclosure of Ownership/Principals" set forth in **Attachment 1**. Failure to submit the required information may result in immediate rejection of the submitted proposal, and no contract can be awarded if an Applicant has failed to provide the Certificate.

G-7 Inquiries

Any questions regarding this Request for Proposal should be directed to David Roark, REAM Manager, (702) 229-1020, or FAX (702) 384-0527. Applicants shall initiate all contacts with the City through the REAM Manager during the period beginning with the issuance of the RFP and ending with the award of any contracts. This will insure that all issues are appropriately coordinated and that all potential Applicants are afforded equal treatment. There will be no Pre-proposal Conference held for this RFP. **It is imperative that potential Applicants perform a timely review of the RFP and fax written questions to the REAM Manager, no later than February 10, 2004.**

G-8 Amendments

The City may make changes to this RFP through a written RFP Amendment (Addendum). An Applicant must acknowledge receipt of all amendments to this RFP in the manner provided for in Paragraph G-2, "Proposal Format."

G-9 Appeals [RFP - PC 10/01]

(a) Any Applicant (the "Appellant") who is allegedly aggrieved in connection with the source selection process or the proposed award of a contract by the City Council may file a written protest with the City provided the Appellant complies, as a condition precedent to consideration of such protest, with the procedures set forth in this paragraph. The written protest must be submitted in writing to the REAM Manager, within three (3) business days after the Appellant knows or should have known of the facts giving rise to the protest.

(b) The written protest shall contain, at a minimum, the following information:

- (i) Request for Proposal number and the subject matter of the work to be performed;
- (ii) The name and address of the Appellant and the title or position of the person submitting the protest;
- (iii) A statement describing in detail all of the issues being protested and the reasons the source selection process or award of the contract should not proceed;
- (iv) A statement describing in detail how the issues being protested adversely affect the Appellant's proposal submitted to the City;
- (v) A statement describing the relief sought by the Appellant; and
- (vi) Such other information as the Appellant deems to be material.

(c) The Appellant shall provide such additional information requested by the City, which it deems pertinent to the consideration of the protest. The written protest shall identify all of the issues and arguments which support the Appellant's claim that the source selection process or award of a contract should not proceed, and any and all subsequent appeals of the decision rendered upon the protest shall be limited solely to the issues and arguments set forth therein, and shall not include any new or additional issues or arguments.

(d) As a condition precedent to any consideration of the written protest, the Appellant must post with the City an amount in the form of a cashier's check, certified check or money order (the "Protest Security") made payable to the City. The amount of the Protest Security shall be 5% of the Appellant's total proposal price (including options) up to a maximum amount of \$50,000. The REAM Manager will hold the Protest Security until a final determination is made on the protest.

(e) Upon receipt of the written protest and the Protest Security, the REAM Manager will review the protest. If the protest is not resolved by mutual agreement, the REAM Manager will render a decision within ten (10) calendar days of receipt, unless the nature and complexity of the protest requires additional time. If the Appellant does not accept the decision of the REAM Manager, an appeal may be made to the Finance and Business Services Director provided such appeal is requested in writing within three (3) business days of receipt by the Appellant of the decision by the REAM Manager.

(f) The Director will review the protest and issue a decision within ten (10) calendar days of receipt of the appeal unless the nature and complexity of the protest requires additional time. If the Appellant is not satisfied with the decision, an appeal may be made to the City Council provided, a request is received in writing within three (3) business days of receipt by the Appellant of the written decision by the Director. No award will be made of a contract while a protest or appeal is pending before the City.

(g) If an appeal is made to the City Council, the matter will be placed on the agenda of the City Council as soon as possible taking into account the administrative deadlines in effect within the City. If the City Council decision is in favor of the Appellant on the written protest (which includes the decision by the City Council to reject all proposals), the full amount of the Protest Security will be returned to the Appellant. If the City Council decision is not in favor of the Appellant, the City will return the Protest Security to the Appellant within thirty (30) calendar days of the decision after deducting therefrom the expenses incurred by the City in processing the appeal. The Appellant shall not seek any type of judicial relief until the City Council renders a determination of the Appeal.

(h) If the Appellant seeks judicial relief from the decision of the City Council, the City will retain the Protest Security until a determination is made by the court. If the court upholds the decision of the City Council, the City may retain an amount equal to the expenses incurred by the City in processing the appeal including, but not limited to, court costs, costs of attorney's fees (including those in retaining private counsel to defend the decision of the City Council), costs of staff time expended in processing the appeal, costs to retain any needed consultants or experts or any other costs incurred by the City resulting from the appeal.

(i) The City Council will not consider any appeal unless it complies with this procedure. Neither the City, nor its employees will be liable for any costs, expenses or damages incurred by the Appellant such as, but not limited to, attorney fees, loss of income, bid proposal preparation costs or bid protest costs.
