Minutes:

BEVERLY BRIDGES, Acting City Clerk, outlined the voter turnout results of the recent primary election. ACTING CITY CLERK BRIDGES indicated there were only six irreconcilable discrepancies that did not alter the outcome of any contest. This election took advantage of optical scanned ballots and she extended her thanks to both her staff, including temporary election staff lead VERNA CASTRO, and County Registrar LARRY LOMAX and his staff. The combined effort ensured a successful election.

**CITY COUNCIL MEETING OF: APRIL 9, 2007**

COUNCILMAN WOLFSON commented on the 15 percent voter turnout and queried a ward breakdown of voter turnout. He then questioned whether it would be appropriate for the Council to act in some manner to encourage increased voter participation. ACTING CITY CLERK BRIDGES responded that she would provide specific ward tallies to the Council and outlined the efforts of the Clark County School District to educate via 'Kids' Vote' elementary through high school students on the voting process, who then encourage their parents to vote.

MAYOR GOODMAN added that his advertisements encouraged citizens to utilize the unique privilege to vote regardless of who they voted for. The attempt was rather costly and proved to have little success. DOUG SELBY, City Manager, added that the former City Clerk, RONI RONEMUS, and ACTING CITY CLERK BRIDGES have made significant efforts to increase voting activity. ACTING CITY CLERK BRIDGES noted that the outreach efforts have been in both English and Spanish. COUNCILWOMAN TARKANIAN indicated that she found the Mayor's spots to be good. She stated that she was not aware of any additional efforts the City could take, but that she was pleased that during Early Voting, Ward 1 had the highest number of voters.

COUNCILMAN WOLFSON requested the City explore methods used by other municipalities for community outreach regarding this important right. MAYOR GOODMAN highlighted the many voting options available, including mail ballots and early voting. ACTING CITY CLERK BRIDGES advised that some candidates even provided transportation for people wanting to vote who were unable to get to a polling site.

## RESULTS OF CANVASS OF THE PRIMARY ELECTION IN THE CITY OF LAS VEGAS APRIL 3, 2007

The results of the April 3, 2007 Primary Election were canvassed comparing the computer printout of ballots counted and the results thereof with the official ballot statements for the 345 precincts used in the election.

Of the 32,492 ballots cast in the 345 precincts, we were unable to reconcile one ballot between the computer count and the roster count in six precincts. There were no tabulation errors in the 345 precincts and the foregoing irreconcilable discrepancies would not alter the outcome of any contest in this election.

Therefore, as the duly appointed Registrar of Voters of Clark County, Nevada, I do hereby approve the canvassed results of the Primary Election for certification.

### 2007 Primary Municipal Elections Audit of Voter Verifiable Paper Trail Printers

In accordance with Chapter 293B of the Nevada Administrative Code, an audit was conducted of 20 randomly selected Edge touchscreen voting machines and the voter verifiable paper trail printer that was used with each machine. The audit was conducted as follows:

- For each machine selected, the voters' selections that were printed on the paper tape were manually tabulated by a panel of two people.
- The electronically recorded results for each machine were independently tabulated using the election tabulation software.
- The results were compared.

The results of the audit showed that 100% of the time, the electronically recorded results exactly matched the selections printed on the paper tape.

The numbers of the randomly selected machines were:

Minutes:

CITY MANAGER SELBY began by highlighting the recent first annual Vegas Grand Prix by way of video clips from NBC. The success of the event compared very favorably to events held elsewhere. COUNCILMAN ROSS shared his experience with the event and stated that Downtown was full of activity from gamblers to race enthusiasts, mixing local families with tourists. He commended the City for hosting such an event that has proven to be beneficial for the entire Valley.

**CITY COUNCIL MEETING OF: APRIL 9, 2007**

CITY MANAGER SELBY summarized a series of items over a number of years involving a land issue that resulted in an investigation by the Attorney General. Although no criminal charges were brought, breaks in communication were identified between Council and staff and between staff and staff. In an effort to address and advance communication between the Council and staff, CITY MANAGER SELBY submitted a proposed communication policy that would be implemented by the City Auditor's Office, the City Attorney's Office and the City Manager's Office. The investigation also identified a need for improved record keeping and compliance with the public doctrine. The proposed policy would enhance clear and consistent information for elected officials while upholding City guidelines and ordinances. He invited feedback regarding the proposed policy. Staff has already implemented joint briefing sessions with Council, refined briefing sheets, improved record keeping standards, quarterly updates to Council, a public doctrine review process for negotiations with private parties and other procedures are under development.

COUNCILMAN ROSS confirmed with CITY MANAGER SELBY that the City Manager, City Auditor and City Attorney staff meet when necessary by topic. He expressed concern that while implementing the proposed policy would ensure information being provided to the entire Council, it might affect a councilmember's ability to address legal staff. He has received advice that changed from day to day and emphasized that legal staff must be readily available as well. CITY ATTORNEY JERBIC responded that BRYAN SCOTT from his office is present at all zoning briefings and he or someone from his staff is available on other occasions upon request. If the Council wanted to change that practice to a greater frequency, this would be a good time to do so. COUNCILMAN ROSS expressed his tremendous appreciation for CITY MANAGER SELBY'S guidance and the superb cooperation he receives with all department heads, without which he could not serve his constituents.

MAYOR GOODMAN requested CITY MANAGER SELBY outline the communication procedure. CITY MANAGER SELBY responded that the City Manager's Office meets every two weeks to discuss operational procedures in addition to the Agenda Review meetings. The City Attorney's Office and City Auditor's Office are invited to participate in all meetings in an effort to keep the Council well informed and up to date. MAYOR GOODMAN added that the foundation for the Council to effectively serve the community depends heavily upon communication. COUNCILMAN WOLFSON concurred with the desire to be informed as soon as possible about all matters.

MAYOR GOODMAN questioned how an elected official stepping over the line is dealt with. CITY MANAGER SELBY replied that while he and the City Attorney owe the elected official honest advice, the Mayor is the CEO for the City. In any instance, except those involving the Mayor himself, staff would bring the area of concern to the Mayor. Any areas of concern with the City Manager or City Manager's office could be investigated by the City Attorney's office.

COUNCILWOMAN TARKANIAN acknowledged previous issues that demonstrated the critical need for historical and current information. The City has an excellent administrative and non-administrative staff, but there is a staff concern that inhibits direct staff communication with the Council.

**CITY COUNCIL MEETING OF: APRIL 9, 2007**

COUNCILMAN REESE commented that he has found issues to be looked at by staff in a too-focused manner, without considering the real impact of the decision. Councilmembers must include the broader picture. He cited two examples involving a circus on a vacant lot and a project supported by the Queensridge residents. Council depends on staff, particularly with regard to necessary conditions. In regard to conditions, he has yet to receive the report requested on the imposed conditions and compliance therewith. Currently, there is no way to know if imposed conditions were met and whether such conditions turned out to be suitable and/or reasonable.

COUNCILMAN WOLFSON pointed out that a better procedure would be helpful since it would be extremely difficult to visit the site for all the items scheduled before the Council.

COUNCILWOMAN WILLIAMS concurred with the comments by COUNCILMAN REESE. She has experienced what appears to be a lack of communication, and that needs to be improved. COUNCILMAN BROWN thanked CITY MANAGER SELBY for his efforts to provide consistency. Because this is a political process, it is an impure process. Sometimes it comes down to how the question is asked and not all seven councilmembers agree on every topic. Decisions are often influenced simply by the manner in which they were presented from different staff members. He commended the Planning Department for their endeavors based on given guidelines, even though the Council sometimes disagrees with their recommendations. COUNCILMAN BROWN suggested that communication with committees, boards and commissions who also influence the Council be included. CITY MANAGER SELBY answered that although those advisory entities were not incorporated into the policy, their members are appointed by the Council. COUNCILMAN BROWN also recommended that the City Attorney look into what can be done with a board or committee member with whom the Council, staff or a citizen has a problem.

MAYOR GOODMAN requested CITY MANAGER SELBY'S office contact the Attorney General to obtain the status of their report on the investigation previously discussed. COUNCILMAN WOLFSON noted that, according to the Attorney General's recent announcement, she is waiting for federal authorities to complete their inquiry and her actions would be based on those findings.

CITY MANAGER SELBY described problems with the public doctrine, appraisals and statutory requirements that arise when negotiations are not handled uniformly. Commitments can be made that cannot be met prior to the involvement of the City Manager's office or council briefings. CITY MANAGER SELBY also addressed a proposed procedure for the Mayor's staff to act as a clearing house for proclamations. MAYOR GOODMAN added that a list would be provided to the councilmembers to give them the ability to determine which proclamations they wish to participate in signing. DEPUTY CITY MANAGER FRETWELL assured MAYOR GOODMAN that the City Manager's office would formalize the process for his staff. MAYOR GOODMAN requested to be involved in those meetings.

**CITY COUNCIL MEETING OF: APRIL 9, 2007**

Lastly, CITY MANAGER SELBY announced his office is working on setting up the quarterly ward-specific briefings and future boundary-to-boundary briefings beginning September 2007. A handbook will also be created for Council liaisons and staff clarifying roles and ultimately improving the communication process

Minutes:

DEPUTY CITY MANAGER HOUCHENS summarized the efforts of the City to create a more acceptable billboard ordinance. A series of compromises were put forward, beginning in May 2006 and ending in December 2006 with a 120-day moratorium. The code update would look at freeway projects that have impacted light and billboard placement as well as allowing billboard height increases along freeway sound walls. He introduced the panel before the Council

**CITY COUNCIL MEETING OF: APRIL 9, 2007**

consisting of PAUL WILKINS, Director of Building and Safety, CHRIS KNIGHT, Director of Administrative Services, and MARGO WHEELER, Director of Planning and Development. MS. WHEELER displayed a brief PowerPoint demonstrating problematic billboards in the City and the focus of discussion for the review process. The Planning staff presents its finding of whether a billboard is maintained and in compliance with City standards before the Planning Commission as the first body to hear a required review. Then the matter is brought before Council for the final decision on the required review. During negotiations in 2005 to amend the code, the City agreed to compromise on a five year required review period. However, the billboard industry was unwilling to compromise and negotiations discontinued. During the review process it was commonly found that many billboards did not obtain the necessary Final Inspection as well as having business licensing issues. In such instances staff must recommend denial.

MS. WHEELER gave a breakdown of billboards by ward. Of the 344 billboards in the City, 144 do not require a review. Pursuant to her research, 89 required reviews have been approved and only 4 billboards were required to be removed during their review. ASSISTANT CITY ATTORNEY SCOTT confirmed that there is ongoing litigation on only two billboards in the City, one in Ward 1 and another in Ward 3. COUNCILMAN REESE expressed concern with signs which predate the need for a required review.

COUNCILMAN ROSS stated that the billboards should be required to follow through with their commitments, including inspections. MR. WILKINS agreed that compliance to all requirements is ideal. His department will accept documentation from a structural engineer in lieu of the final inspection.

MR. KNIGHT reported on the activity at the State Legislature on a very contentious bill submitted by the billboard industry. In the City's favor is the fact that the billboard industry previously agreed to the review process contained in the City's existing code. MAYOR GOODMAN noted that he signed a letter to the legislators. DEPUTY CITY MANAGER FRETWELL assured him that the letter was delivered. MR. KNIGHT respectfully requested that the Council assist by supporting the lobbying efforts. This bill, if passed, would limit the Council's ability to make land use decisions in the community. He stated that the City has maintained fair standings in that all conditions imposed were agreed upon by the billboard companies and/or their respective representatives.

In response to COUNCILMAN REESE'S inquiry, MR. KNIGHT verified that there is no federal involvement with billboard standards. Currently, the more contentious issue is the land use entitlements attached to billboards exempted as non-conforming outdoor structures. Other municipalities have a cap on billboards and are less impacted by the pending bill.

ASSISTANT CITY ATTORNEY SCOTT clarified for COUNCILMAN ROSS that billboards are allowed to be relocated in other jurisdictions and under State statute. He discussed that in a relocation situation a special use permit might not be necessary, but permits and fees would be required. In addition, the proposed bill would change the method of sign measurement. COUNCILMAN ROSS expressed concern about using taxpayer money to pay fair market value

**CITY COUNCIL MEETING OF: APRIL 9, 2007**

for relocation of billboards. He emphasized that the legislature should not take away the Council's discretion to decide upon such local matters.

COUNCILMAN WOLFSON stated he was amazed at the power and support for the billboard industry. He urged greater public outreach and that the public then contact their state representatives. Billboards affect everyone as people drive throughout the community, even beyond City limits.

COUNCILMAN REESE inquired about proper enforcement for billboard compliance, especially regarding illegal embellishments. ASSISTANT CITY ATTORNEY SCOTT stated that the City recently completed a survey of billboards to be evaluated regarding their conforming status. Non-complying signs will be addressed by Code Enforcement with fines and perhaps even civil penalties. COUNCILMAN REESE recommended that information be provided to the legislature to demonstrate the industry's deliberate non-compliance.

COUNCILWOMAN WILLIAMS concurred that the public must be made aware of this matter which would potentially strip the City's authority, and she encouraged constituents to become proactive by notifying their State elected officials. A bullet-point handout would be helpful.

COUNCILWOMAN TARKANIAN shared her experiences in dealing with abatements of billboards in Ward 1. No other business is compensated in this manner. She also encouraged the press to continue with additional newspaper articles. COUNCILMAN ROSS commended the City's efforts with regard to the pending legislation. He noted that he has contacted the Committee Chairwoman and it appears that the legislators are prepared to listen with an open mind. He encouraged the entire Council to remain active on this issue.

COUNCILMAN BROWN discussed with MR. KNIGHT an amendment regarding the way in which billboards are measured. The amendment was rejected and it is uncertain whether the industry has another alternative. The proposed legislation does not address embellishments or other issues other than the review removal. Those issues remain in local legislation.

COUNCILMAN BROWN urged staff and the City's lobbyists to work to clear up the misinformation being given in Carson City. He discussed with DEPUTY CITY MANAGER FRETWELL the bullet-point fact sheet and contact list to be provided to each member of the Council. It is essential that everyone stay on the same point, especially given the critical time factor involved.

MAYOR GOODMAN requested ATTORNEY JENNIFER LAZOVICH, 3800 Howard Hughes Parkway, come forward to assist the Council. ATTORNEY LAZOVICH was asked if the City has been unreasonable during billboard reviews. She answered that they have not, but there are subtle differences that have not been resolved with City staff. She summarized compromising language from the past which included 10-year reviews. Since then reviews have been substantially reduced with significant impact. A second major impact has been the installation of sound walls which block existing billboards. Many of the billboards affected existed prior to the time when reviews were required. In order to increase the height of these billboards, the signs

**CITY COUNCIL MEETING OF: APRIL 9, 2007**

will become subject to the review process. This would affect more than half of the Lamar signs and staff has been unwilling to consider any alternative.

ATTORNEY LAZOVICH emphasized that the billboard industry should be respected the same as any other business operating in the City but is often subjected to more scrutiny than necessary. Although the state law already provides for relocation of a billboard and the language in the proposed bill would provide for compensation for any billboard removed, it is more beneficial for a billboard to be relocated. Her client's first preference would be to relocate a sign.

COUNCILMAN ROSS rebutted that the existing state language involves relocation of a sign as opposed to a sign under review being required to be removed. Regardless, this issue should be resolved within the City and not in Carson City. MAYOR GOODMAN agreed that the billboards are located in the City.

COUNCILMAN BROWN pointed out that more than a year's work went into the resolution of all issues with the exception of this one. He agreed that this is a local issue, expressed hope that some common ground could be found and recognized that this situation could have escalated due to miscommunication, as the City's process involves several departments.

COUNCILWOMAN TARKANIAN agreed with COUNCILMAN BROWN, although the process actually took more than eighteen months, and asked for specifics about how the industry suffered as a result of reviews by the City. She emphasized MARGO WHEELER'S report that only 4 billboards have ever been required to be removed and 89 were approved. There are 344 billboards in the City, 144 which do not require reviews. ATTORNEY LAZOVICH indicated that certainly some impacts could be clearly identified, staffing and materials, while others would be more difficult to demonstrate. COUNCILWOMAN TARKANIAN questioned the amount of compensation sought and the manner in which it would be determined. ASSISTANT CITY ATTORNEY SCOTT read the definition of just compensation and explained the compensation would apply to both the sign company and property owner.

MAYOR GOODMAN asked if ATTORNEY LAZOVICH would agree to act as a messenger to the industry, requesting that the bill be withdrawn and that the industry work with the City to reach a resolution of the issue. ATTORNEY LAZOVICH indicated that she would be willing to convey the message.

DEPUTY CITY MANAGER HOUCHENS indicated that staff was seeking direction on the discussion bullet points submitted to the Council. DEPUTY CITY MANAGER FRETWELL suggested that the conversation could be deferred until an answer is received to the message ATTORNEY LAZOVICH agreed to carry to the industry. MAYOR GOODMAN agreed it would be wise for the City to first completely understand what is pending before the Legislature before definite plans are made to address the matter further. He commended ATTORNEY LAZOVICH for her ability to address the Council in such an impromptu manner while maintaining a high degree of professionalism.

**CITY COUNCIL MEETING OF: APRIL 9, 2007**

COUNCILMAN REESE stated he would put forth every effort to address the industry himself on behalf of the residents of Ward 3.

**CITY COUNCIL MEETING OF**  
*April 4, 2007*  
**VERBATIM TRANSCRIPT – ITEM 50**

19 **MAYOR GOODMAN**

20 Item Number 50 is discussion and possible action to extend the four-month moratorium on the  
21 acceptance of any and all new applications for Special Use Permits for Off-Premise Outdoor  
22 Advertising Billboard signs for 90 days. This pertains to all Wards.

23

24 **BRAD JERBIC**

25 Mayor, I'll handle this one. The moratorium that the City Council put in place a few months ago  
26 is due to expire before the next Council meeting. During the last several months, there's been a  
27 lot of staff discussion about what a new billboard ordinance might look like and, as you heard  
28 earlier today, quite unexpectedly the State Legislature jumped in with proposed legislation that  
29 might preempt everything that we've been talking about. Because of that, we don't think it's  
30 prudent to put anything on paper right now, pending what happens at the State. So what we'd  
31 ask is for a three-month extension of the current moratorium, that'll take us about to the end of  
32 the legislative session and by then we should have some proposed legislation for you.

33

34 **MAYOR GOODMAN**

35 All right. It was off the, Mayor Pro Tem.

36

37 **COUNCILMAN REESE**

38 Yes. Would it be possible for us just make it state we're not going to have anymore billboards in  
39 the City of Las Vegas?

40

41 **BRAD JERBIC**

42 We think that that's certainly an option is to have a cap on billboards in Las Vegas, absolutely.

43

44 **COUNCILMAN REESE**

45 Councilman Brown.

46 **MAYOR GOODMAN**

47 Councilman Brown.

48

49 **COUNCILMAN BROWN**

50 Thank you, Your Honor. Where's Brad?

51

52 **COUNCILMAN REESE**

53 Down there.

54

55 **MAYOR GOODMAN**

56 Brad's down there, to the left.

57

58 **COUNCILMAN BROWN**

59 Oh, Mr. Jerbic. It's, it has a four-month extension.

60

61 **BRAD JERBIC**

62 We asked for a 90 day extension.

63

64 **COUNCILMAN BROWN**

65 Oh, I'm sorry. Does that preclude us from bringing it back earlier?

66

67 **BRAD JERBIC**

68 No. In fact, I'm – glad that you mentioned that. After Mayor Pro Tem Reese made his  
69 comments, if – it's the Council's desire to at least put something short term in place, pending the  
70 outcome of legislation, we could put together a cap and have that on your next agenda even. So  
71 we could do things incrementally and in shorter time than 90 days.

**CITY COUNCIL MEETING OF**  
*April 4, 2007*  
**VERBATIM TRANSCRIPT – ITEM 50**

72 **MAYOR GOODMAN**

73 Well, I – would certainly hope that at our workshop that we're having this coming Monday, we'll  
74 be able to come to some kind of consensus as far as our position on billboards and hopefully Ms.  
75 Fretwell will be able to get the Legislature to hold off, based on the fact that we are working on  
76 this and that we plan to come to them with a proposal and that they do not take action until we  
77 arrive at some kind of a conclusion this coming Monday.

78

79 **COUNCILMAN REESE**

80 What's Miss –

81

82 **MAYOR GOODMAN**

83 Would you be able to do that?

84

85 **COUNCILMAN REESE**

86 What's Ms. Fretwell's name again?

87

88 **MAYOR GOODMAN**

89 Oh –

90

91 **ELIZABETH FRETWELL**

92 Don't –

93

94 **MAYOR GOODMAN**

95 Shall we do it publicly?

96

97 **COUNCILMAN REESE**

98 Yeah.

**CITY COUNCIL MEETING OF**

**VERBATIM TRANSCRIPT – ITEM 50**

99     **ELIZABETH FRETWELL**

100    Oh, please.

101

102    **MAYOR GOODMAN**

103    Well, Spuds. Named after that famous dog, Spuds MacKenzie. If you look closely at Ms.

104    Fretwell, you will see a remarkable resemblance. Yes.

105

106    **ELIZABETH FRETWELL**

107    I will do my very best to try and convince them to hold off action until after Monday's meeting.

108

109    **MAYOR GOODMAN**

110    All right. Thank you. Did you wanna be heard?

111

112    **TOM McGOWAN**

113    Just briefly.

114

115    **COUNCILWOMAN TARKANIAN**

116    Could I just say something before?

117

118    **MAYOR GOODMAN**

119    Yes. Go ahead, please.

120

121    **COUNCILWOMAN TARKANIAN**

122    In this, that when Betsy is going back, could we have her, maybe from a letter from you, but you

123    don't think you should send a letter now, is my understanding, before we had discussed that

124    yesterday?

**CITY COUNCIL MEETING OF**  
*April 4, 2007*  
**VERBATIM TRANSCRIPT – ITEM 50**

125 **MAYOR GOODMAN**

126 No, I, a letter would be appropriate, anything to get them to delay action until after we come to  
127 some resolution.

128

129 **COUNCILWOMAN TARKANIAN**

130 Well, if it did come from you, as was suggested in yesterday's meeting as I recall, could you  
131 emphasize, could you mention in there that for two years we've been working and for two years,  
132 that we have not had any really agreement for them to work with us and, as Councilman Brown  
.33 had stated. This is, I, I'm, I was concerned from what I heard yesterday that there was an  
134 impression in the Legislative committee that perhaps we hadn't been doing anything and I think  
135 they should know that it wasn't that the billboard industry just did something. We ourselves had  
136 been working on it, had worked a long time. It was that they would not budge on anything.

137

138 **MAYOR GOODMAN**

139 Right. That – should be included in the letter as well.

140

141 **ELIZABETH FRETWELL**

.2 We'll make sure it is.

143

144 **MAYOR GOODMAN**

145 Very good. Yes, sir.

146

147 **TOM McGOWAN**

148 Tom McGowan, Las Vegas resident. It's an interesting to note, in this discussion, the crux issue  
149 actually pointed out by City Attorney Brad Jerbic was the jurisdiction of the City, the authority of  
150 the City, some call it home rule, but the actual essence of the that, is the City being  
151 disenfranchised by the State. Quite possibly they are. Now there's the Ninth and Tenth  
152 Amendment in the Constitution, you can take a few minutes, go ahead and read it. It will tell you  
153 that the power is not delegated to the middle government or delegated, reserved to the States or

**CITY COUNCIL MEETING OF**  
*April 4, 2007*  
**VERBATIM TRANSCRIPT – ITEM 50**

154 to the people. So in your – dealings with the State, consider how you feel about that. Now, put it  
155 the other way around and figure out how the public feels in their dealings with you. Because if  
156 you disenfranchise the public on any matters, where do you get the right to complain to the State  
157 that they're disenfranchising you. Now by way of recommendation, I insist as you stand your  
158 ground, that you defend, protect, according to your oath what the absolute rights are of this City  
159 because it isn't made up of you, it's made up of the people. Remember them. And that's who  
160 you're supposed to be protecting and representing. And I'd say the more power to you, if you  
161 stand up and demand your rights in behalf of the people. Okay. What's that, you've got a State  
.62 government after all. Perhaps an Attorney General that may know as much about the law as the  
163 City Attorney does. Brad Jerbic, he knows quite awhile. Thank you.

164

165 **MAYOR GOODMAN**

166 All right. Thank you.

167

168 **COUNCILWOMAN TARKANIAN**

169 Mr. Mayor.

170

'1 **MAYOR GOODMAN**

172 Yes.

173

174 **COUNCILWOMAN TARKANIAN**

175 Could I ask one more question?

176

177 **MAYOR GOODMAN**

178 Yes.

**CITY COUNCIL MEETING OF**  
*April 4, 2007*  
**VERBATIM TRANSCRIPT – ITEM 50**

179 **COUNCILWOMAN TARKANIAN**

180 Item 50 states that the moratorium on the acceptance of any and all new applications for Special  
181 Use Permits. Is it possible for us to continue our reviews that are coming up? I mean, this just  
182 states new applications for SUPs –

183

184 **MAYOR GOODMAN**

185 Sure.

186

187 **COUNCILWOMAN TARKANIAN**

188 How about those that are coming up for reviews? Can we still review them?

189

190 **MAYOR GOODMAN**

191 Mr. Jerbic.

192

193 **BRAD JERBIC**

194 I can handle that too. When we, when the first moratorium was put in place, we added reviews  
195 to that as well, figuring that nobody would lose anything as a result. In fact, you might gain extra  
6 time that you wouldn't be entitled to, if we put off the reviews and the applications. If you wish  
197 to just extend the moratorium to applications only and continue the reviews, you may do so.

198

199 **COUNCILWOMAN TARKANIAN**

200 Well, that's what it, that's what it states and that's what I would feel would be the right way to go  
201 so that's, I just wanted to clarify.

202

203 **MAYOR GOODMAN**

204 All right. Thank you. Mayor Pro Tem.

212 **BEVERLY BRIDGES**

213 Excuse me, Mayor. That would be July 3<sup>rd</sup>, would be 90 days.

214

215 **MAYOR GOODMAN**

216 July 3<sup>rd</sup>, okay. Very good. But in the meantime, we'll – write the letter and try to get it the  
217 Legislature to listen to us. Very good. Let's vote. Post.

218

219 **COUNCILMAN BROWN**

220 Your Honor, let me, if I may, just get a clarification with the Attorney.

221

222 **MAYOR GOODMAN**

223 Go ahead.

224

225 **COUNCILMAN BROWN**

226 So would that, with Councilwoman's comments, those with reviews coming before us, we're  
227 going to allow them to come.

228

229 **BRAD JERBIC**

230 That's correct. Any Use Permit that is scheduled for a three, four, five year review that we've  
231 been holding, those will now come loose and they'll come before you and any currently that  
232 would come up in the meantime will also come to you.

**Minutes:**

MARK VINCENT, Director of Finance, appeared with CANDACE FALDER to report changes in the City's process, review current projects, detail funding available and review possible reprioritizations. He detailed the handout made available for Council and indicated there were funds available to spend. MR. VINCENT identified nine positions that could be reassigned to other positions affecting Parks Facilities, Fire Stations and Facilities, and Detention Facilities.

He outlined \$1.7 million in Ward 6 residential construction tax and noted that about \$6.9 million of tax generated is based upon residential construction in park districts. These funds are available to be used in parks for each ward in addition to \$5 million dollars in artificial turf, \$1.8

**CITY COUNCIL MEETING OF: APRIL 9, 2007**

million in shade structures and field lighting. MR. VINCENT identified \$20.5 million dollars available for reprogramming ward specific residential construction tax.

COUNCILWOMAN TARKANIAN inquired if the \$20.5 million would be applied towards artificial turf, shade structures and field lighting but MR. VINCENT referenced No. 5 of the packet to identify the funds set aside for such improvements and indicated that he does not recommend using any savings for another purpose. COUNCILMAN REESE indicated that Ward 3 is in need of improvements and he specifically requested the City's assistance to install artificial turf at Desert Pines High School.

COUNCILMAN BROWN requested MR. VINCENT highlight information regarding the Cultural Corridor Improvements, and DEPUTY CITY MANAGER BETSY FRETWELL indicated that the Centennial Committee awarded a substantial grant for the median. She added that the Centennial Committee also designated grants to five legacy projects, one being to restore historic signs to be placed in the median.

MR. VINCENT requested direction working towards the final plan for the Doolittle Community Center upgrades. There is \$1.6 million to be placed back into the budget or used for completing another project and sought the Council's direction.

COUNCILMAN ROSS requested additional briefing time to discuss these figures separately so that proper direction could be given. COUNCILMAN WOLFSON added that the total amount available should be divided between wards. MR. VINCENT clarified that the same amount of money is not available for each ward and there are very different projects underway within each ward.

At the request of COUNCILMAN BROWN, MR. VINCENT detailed the Entertainment Trail Streetscape project and the purpose of the funding and outlined funding used for the Floyd Lamb Park improvements. COUNCILMAN REESE noted that former COUNCILMAN WEEKLY had requested money be transferred from the federal government for aide.

MR. VINCENT addressed the Freedom Park Pool and gave progress about the Field of Dreams Project in Ward 3. COUNCILMAN REESE indicated that all six fields should be out for bid.

COUNCILMAN WOLFSON commented on the primary source of funding and secondary sources related to property taxes. He requested clarification about whether such funds would be incorporated into the discussions and whether each ward gets a certain amount to use. MAYOR GOODMAN clarified that if fund availability depended largely on affluent wards, then Ward 1, 3 and 5 would suffer. The matter is dealt with as a City-wide issue rather than ward specific.

COUNCILMAN REESE noted that Ward 2 has not requested monies for park facilities because the communities within Ward 2 and some of Ward 4 have constructed them independently. COUNCILMAN BROWN noted that RTC funds could be divided by wards and MR. VINCENT confirmed that the only way to tally ward specific activity would be via property taxes of each ward. Any and all other recourses would not be attainable by individual wards.

**CITY COUNCIL MEETING OF: APRIL 9, 2007**

MR. VINCENT outlined the progress of Garside Pool and indicated that the City had anticipated obtaining funds from the Clark County School District but those were no longer available. COUNCILWOMAN TARKANIAN stated that the City was to match funds with the County but the County has reached a deficit and can no longer participate.

COUNCILWOMAN WILLIAMS requested further details about the Martin Luther King Median Landscaping Project. CHARLIE KAJKOWSKI, Public Works Director, stated the project is an extension from North Las Vegas and would entail landscaping within a median from Bonanza Road to Carry Avenue. The Las Vegas Arts District Gateway was briefly discussed and MR. KAJKOWSKI indicated that the Nevada Department of Transportation (NDOT) has offered to match funds for that area as well as the Arts Commission. COUNCILMAN BROWN requested that Item 43 should be detailed in briefings another time and COUNCILMAN ROSS expressed that it is not efficient to intermingle funds and requested that such funded projects be removed from the list. COUNCILWOMAN WILLIAMS requested that something greater than rock landscaping be considered for that area.

MR. VINCENT addressed the shade structures planned for some parks and COUNCILMAN REESE requested those be in place before money is reclassified; COUNCILWOMAN TARKANIAN agreed. MAYOR GOODMAN encouraged all Councilmembers to visit and attend as many meetings as possible without violating the Open Meeting Law. He requested clarification of why COUNCILMAN BROWN continued to request certain items be labeled with an asterisk and MR. VINCENT explained that those items and the available funding should be briefed in detail with each Councilmember. MAYOR GOODMAN agreed with the concept to label such items.

LARRY HAUGSNESS, Director of Field Operations, stated that the City was quoted a reasonable figure for the shade structures needed for the aforementioned parks. COUNCILMAN ROSS and COUNCILWOMAN TARKANIAN expressed their desire to assure the parks' playground equipment be shaded.

Pertaining to the Stewart/First Street Landscaping, MR. VINCENT stated that project is partially funded by the NDOT general funding in addition to the obligation fund from CDBG grant money. The project is in design and is considering the Stupak Center before the design is finalized. Once additional CDBG grants are discovered, MR. VINCENT stated he would discuss the matter in whole with each Councilmember. COUNCILMAN REESE supported those improvements and indicated that the development of a community center is important for Ward 1 and deserves further discussion.

The Urban Pathways was discussed by MR. VINCENT and MAYOR GOODMAN stated that the ultimate desire would be to improve the sidewalks that link the Entertainment District with Downtown. MARGO WHEELER, Director of Planning and Development, stated the sidewalk area from the Las Vegas Academy High School would be incorporated with the Urban Pathways in addition to linking Las Vegas Boulevard from SoHo Lofts to Newport Lofts with a second phase to follow. MS. WHEELER stated that the area off Casino Center Boulevard to downtown's California Hotel and Casino would be improved as new development occurs.

**CITY COUNCIL MEETING OF: APRIL 9, 2007**

COUNCILMAN BROWN inquired whether the Urban Pathways would lead to the Post Modern including core and shell along with the museum development and whether general funds would be used. MR. VINCENT stated that general funds could be used to the extent that they're available. He emphasized that filling gaps between new developments in the Downtown area is puzzling because new developers are not responsible for those improvements.

COUNCILMAN ROSS suggested Special Improvements Districts to help fill in the gap between new developments and MS. WHEELER stated that the Redevelopment Area would support another plan besides Phase 1 and Phase 2.

MR. VINCENT spoke about the possibility of a new City Hall and/or improvements needed that entail a new electrical system. MAYOR GOODMAN inquired the status of a new building and DOUG SELBY, City Manager, stated that a new City Hall could be established in five years. MR. VINCENT suggested further discussing the two options of continuing to lease and renovating the building as necessary, or building another City Hall altogether.

COUNCILMAN ROSS urged that the Council be mindful with time and inquired the status of the water wells servicing Floyd Lamb Park. COUNCILMAN BROWN queried whether we have rights to the well and how much it would cost the City to purchase those rights from the Southern Nevada Water Authority. COUNCILWOMAN TARKANIAN expressed that it would be a huge cost.

MR. VINCENT described the plans for a Ward 6 Fire Station. After some miscommunication COUNCILMAN ROSS was pleased to know there are plans to provide fire service to the growing part of Las Vegas. MS. FRETWELL clarified some of the reasons for the plans and supported MR. VINCENT'S recommendation from the first budget hearing.

MAYOR GOODMAN requested clarification about the general funds to be used to provide the service needed and stated he would turn to the public to provide financial assistance if needed. The matter of safety is a precedent and COUNCILWOMAN TARKANIAN concurred.
