PURPOSE/BACKGROUND:

This bill will revise and update provisions governing 1) master sign plans, and 2) general plan amendment and rezoning decisions. The changes concerning master sign plans clarify the relationship of such plans to Code provisions governing signs. The changes concerning general plan amendments and rezonings provide clarification regarding decisions on multiple-parcel applications.

RECOMMENDATION:

This bill should be submitted to a Recommending Committee for review, hearing and recommendation to the City Council for final action.

STEVE WOLFSON, STAVROS S. ANTHONY; (Against-None); (Abstain-None); (Did Not Vote-None); (Excused-None)

Minutes:

FLINN FAGG, Planning and Development, paraphrased the Purpose/Background section, noting that the changes concerning master sign plans will eliminate some loopholes, and the proposed changes regarding general plan amendment and rezoning matters include clarifying language requiring that more restrictive general plan or rezoning designations follow the parcel lines in cases involving large developments with several parcels. The bill also eliminates language placing conditions of approval on general plan amendment and rezoning matters as the practice is to place conditions on site development plan review applications. Staff recommended approval.

PURPOSE/BACKGROUND:

This bill will clarify the authority of the City Traffic Engineer regarding residential parking permit zones. The Municipal Code provisions on the subject currently authorize the Traffic Engineer to establish time-limited parking in such zones. These provisions also reference the posting of signs relating to the times, locations and conditions under which parking in designated zones will be by permit only, but do not specifically address the Traffic Engineer's authority regarding the posting of such signs. This bill will provide that express authority.

RECOMMENDATION:

This bill should be submitted to a Recommending Committee for review, hearing and recommendation to the City Council for final action.
