SUBJECT: Moghadam Paradise Subdivision	COPIES TO: Donna Kristaponis, Director John Schlegel, Deputy Director Front Counter Personnel Ben Maguire Building and Safety Permit Personnel Jim Robinson Tom Cooley Tom Gage

It has come to our attention that some of the plot plans submitted for lots in the Moghadam Paradise Subdivision do not meet the modified setback requirements imposed by the City Council. As of this date, no new permits are to be issued for this development until such time as revised plans are submitted and it has been determined by the Current Planning Division that all conditions have been met.

RE: Z-76-89(3) - REVIEW OF CONDITIONS

Dear Mr. and Mrs. Moghaddam:

The City Council at a regular meeting held August 19, 1992 considered the request for a Review of Conditions to amend the condition regarding required front and side yard setbacks and to delete the condition which requires extension and installation of a sanitary sewer line, and amend the condition requiring specific monies for the traffic signal system at the intersection of Lindell Road and Oakay Boulevard on property located on the west side of Lindell Road, between Del Rey Avenue and Doe Avenue, R-E Zone (under Resolution of Intent to R-PD3).

The City Council APPROVED the review, subject to:

1. Original Condition No. 2 shall be amended to read: The minimum building setbacks shall be 20 feet in the front, 30 feet in the rear, a total of 14 feet for the side yards with a minimum of 5 feet on one side and 10 feet on the street side of all corner lots.
2. Original Condition No. 6 shall be deleted.
3. Conformance to the remaining Conditions of Approval for Zoning Application Z-76-89.

The City Council, however, DENIED the request to amend the condition regarding a \$10,000 contribution to the traffic signal system.

Sincerely,

KATHLEEN M. TIGHE
City Clerk
