Summary: Provisional Order

WHEREAS, the Las Vegas City Council of the City of Las Vegas (the "City Council" and "City", respectively) of the County of Clark, in the State of Nevada, is of the opinion that the interest of the City requires the creation of a special improvement district pursuant to the Consolidated Local Improvements Law and the acquisition and improvement of a Street Project as defined in NRS 271.225, a Sanitary Sewer Project as defined in NRS 271.200 and a Water Project as defined in NRS 271.250 (collectively, the "Project"); and

WHEREAS, the City Engineer, together with the City Engineering Division, the City and certain consulting engineers (collectively, the "Engineer") have filed at the office of the City Clerk, in connection with the Project and with the proposed City of Las Vegas, Nevada, Special Improvement District No. 1471 - Jones Boulevard (Rancho Drive to Centennial Parkway) the following:

(A) Preliminary plans and specifications showing a typical section of the contemplated improvements, the type or types of material, approximate thickness and wideness for the Project;

(B) A preliminary estimate of the total cost of the Project and of each type of construction, the estimate being made in a lump sum or by unit prices, and further, including in the total estimate, without limiting the generality of the foregoing, the advertising, appraising, engineering, legal, interest on interim warrants, if any, discount on any bonds, printing, and such other expenses, as in the judgment of the Engineer, are necessary or essential to the completion of such work or improvement, and the payment of the cost thereof;

(C) An assessment plat or map, including an addendum thereto (designated as a "Preliminary Assessment Roll") showing the descriptions of the property to be assessed, showing the area to be assessed, the market values, a description of each lot, tract or parcel of land, the

name and address of each owner, the amounts of estimated preliminary assessments, the amount of maximum benefits (and corresponding market value increases) estimated to be assessed against each lot, tract or parcel of land in the assessment area, such estimate, being based on the method of assessment set forth herein (an equitable adjustment having been made for assessments to be levied against wedge or "V" or other irregularly-shaped lots or lands, or for any lot, tract or parcel of land not specially benefited for other reasons in direct proportion to its front footage, so that assessments according to benefits will be equal and uniform); and

(D) The Engineer's Report to the City Council on Benefits, as to the method of determining benefits and corresponding market value increases and as to whether the creation of the District is economically sound and feasible; and

WHEREAS, the City Council has examined the improvement plans, assessment plat, including the addendum thereto, typical section of contemplated improvements, preliminary estimate of the cost, estimate of maximum benefits, and Engineer's Report, so filed with the City Clerk, and has found, and does hereby declare the same to be satisfactory in all respects; and

WHEREAS, the City Council has also determined, and does hereby determine, that all of the assessable property in the City which is specially benefited by the improvements to be acquired in the District No. 1471 - Jones Boulevard (Rancho Drive to Centennial Parkway) and only the property which is so specially benefited, is included in the District; and

WHEREAS, the City Council has determined and does hereby determine that the exception provided by NRS 271.306(2)(a) does exist with respect to the costs of the improvements in Jones Boulevard as more than one-half of the total costs will be paid with money derived from sources other than the levy of special assessments.

(Form of Notice)

NOTICE OF HEARING ON PROPOSED PROJECT AND ASSESSMENTS WITHIN
THE PROPOSED CITY OF LAS VEGAS, NEVADA SPECIAL IMPROVEMENT
DISTRICT NO. 1471 - JONES BOULEVARD (RANCHO DRIVE TO CENTENNIAL
PARKWAY)

NOTICE IS HEREBY GIVEN to the property owners within the proposed City of Las Vegas, Nevada, Special Improvement District No. 1471 - Jones Boulevard (Rancho Drive to Centennial Parkway) and to all interested persons that:

The Las Vegas City Council of the City of Las Vegas (the "City Council" and "City", respectively) of the County of Clark in the State of Nevada, has provisionally ordered the acquisition of a Street Project, Sewer Project and a Water Project (collectively, the "Project") as follows:

Jones Boulevard (both sides) - from the centerline of Rancho Drive northerly along Jones Boulevard to the southerly right-of-way line of Centennial Parkway. (varying from 100 to 120 feet of right-of-way)

Except as shown on the preliminary plans and specifications now on file in the office of the City Clerk and in the office of the Special Improvement District in Las Vegas, Nevada, the character of such Project shall be described more particularly as follows: The improvements on Jones Boulevard will consist of the grading, regrading, graveling, and asphalt paving as necessary for at least four (4) travel lanes, raised medians with turn pockets at the signalized or future signalized intersections, "L" type curb and gutter, sidewalks, commercial and residential driveway approaches, and streetlights. The streetlights will be installed at the back of the sidewalk at appropriate intervals. At the request of the owners of property in the District (filed with the office of the Special Improvement District prior to October 28, 1998) water and sewer laterals will be installed from the existing or proposed potable water mains in Jones Boulevard to such property. Sewer lines within the District are owned and maintained by the City. The City will require that properties connecting to the sewer line pay a connection fee to the City at the time of hookup. THE CITY HAS NO OBLIGATION TO PROVIDE WATER OR SEWER SERVICE TO ANY PROPERTY WITHIN THE DISTRICT REGARDLESS OF WHETHER THE CITY COUNCIL PROCEEDS WITH ALL OR ANY PART OF THE PROJECT.

The preliminary estimated total cost of the Project and the amount to be assessed is as follows:

Estimated Amount of Special Assessments	Amount Available of Other Sources	Total Cost
\$ 1,008,294.27	\$ 7,340,779.39	\$ 8,672,491.88

The amounts to be assessed for the improvements in the District will be levied upon all tracts in the District, i.e., upon all abutting tracts in proportion to the special benefits derived (as shown by the estimated benefits and corresponding market value increases); provided, however, that an equitable adjustment will be made for assessments to be levied against wedge or "V" or other irregularly-shaped lots or lands, if any, and for any lot, tract or parcel not specially benefited by the improvements so that assessments according to benefits are to be equal and uniform. The portion of the costs to be assessed against, and the maximum amount of benefits estimated (and corresponding market value increases) to be conferred upon, each piece or parcel of property in the District is stated in the assessment plat and addendum thereto designated as the preliminary assessment roll. In cases of wedge or "V" or any other irregularly-shaped tracts, the amount apportioned thereto shall be in proportion to the special benefits thereby derived.

Each property owner will be assessed for the cost of an eight foot (8') wide street pavement section, curb, gutter, sidewalks, driveway approaches and streetlights, where not already existing. The assessments for pavement, curb, gutter, sidewalk and streetlights will be on a front foot method.

The owners of property who elect to have water or sewer laterals installed will be assessed on a per service or unit lot method. The potable water and sanitary sewer main extensions will be levied on a front foot method.

The boundaries of the District shall be the exterior boundary of each parcel of property fronting a street to be improved by the improvements.

All persons interested are hereby advised that the preliminary plans and specifications (showing a typical section of the contemplated improvements) and the assessment plat including a preliminary assessment roll; a preliminary estimate of the total cost, a description of the lots, tracts and parcels of land to be assessed and the portion of the cost to be assessed thereagainst, and the amount of maximum

benefits (including the corresponding market value increases) estimated to be conferred on each piece or parcel of property, the Engineer's report as to the method of determining benefits, and all proceedings in the premises, are on file in the office of the Special Improvement District office, Department of Public Works, and at the office of the City Clerk at 400 East Stewart Avenue, Las Vegas, Nevada and can be seen and examined by any property owner, or other interested persons, during regular business hours.

It is anticipated that there will be grade or elevation changes in connection with the acquisition of the Project (such grade or elevation changes are substantial and are as shown on the preliminary plans and specifications) all persons interested are hereby referred to the preliminary plans and specifications which relate to the details of the Project.

On Monday, March 8, 1999, at 2:00 p.m., in the City Council Chambers at 400 East Stewart Avenue, in Las Vegas, Nevada, the City Council will consider the ordering of the proposed Project, and will hear all complaints, protests and objections that may be made in writing and filed as hereafter provided, or made verbally at the hearing, concerning the same, by the owner of any tract to be assessed or any person interested. The owners of the property to be assessed, or any other person interested therein, may appear before the City Council and be heard as to the propriety and advisability of acquiring and improving such Project, as to the estimated cost thereof, as to the manner of payment therefor, and as to the amount thereof to be assessed, the benefits estimated to be conferred against each tract, and the corresponding market value increases expected for each tract, in the District.

The City Council requests that any property owner or interested person wishing to make protest or objection, make such protest or objection in writing at the office of the City Clerk at least three (3) days before the time set for such hearing, i.e., on or before March 5, 1999. On the date and at the place fixed for such hearing, any and all property owners interested in the Project may, by written complaint, protest or objection, present their views to the City Council, or present them orally, and the City Council may adjourn the hearing from time to time. Any person filing a written protest or objection as hereinabove provided shall have the right within thirty (30) days after the City Council has finally passed on such protest or objection to commence an action or suit in any court of competent jurisdiction to correct or set

aside such determination, but thereafter all actions or suits attacking the validity of the proceedings and the amount of benefits shall be perpetually barred.

A PROPERTY OWNER'S ONLY CHANCE TO PRESENT EVIDENCE TO DEMONSTRATE THAT HIS OR HER ESTIMATED ASSESSMENTS ARE EXCESSIVE WILL BE AT THE PUBLIC HEARING; AND A PROPERTY OWNER WILL NOT BE ABLE TO PRESENT ANY ADDITIONAL EVIDENCE UPON SUBSEQUENT APPEAL TO DISTRICT COURT.

A person should object to the formation of the District, using the procedure outlined in this notice, if his support for the District is based upon a statement or representation concerning the Project that is not contained in the language of this notice.

If a person objects to the amount of maximum benefits estimated to be assessed or to the legality of the proposed assessments in any respect:

- (1) He is entitled to be represented by counsel at the hearing;
- (2) Any evidence he desires to present on these issues must be presented at the hearing; and
- (3) Evidence on these issues that is not presented at the hearing may not thereafter be presented in an action brought pursuant to NRS 271.315.

The City Council of the City of Las Vegas has determined that one-half or more of the total cost of the improvements shall be paid with monies derived from other than the levy of special assessments on Jones Boulevard and accordingly may take advantage of the exception stated in paragraph (a) of subsection (2) of NRS 271.306 (which exception is that the City, at its option, may proceed with the improvements in the District regardless of the percentage of protests).

After such hearing, the City Council shall determine the advisability of undertaking each part of the Project, and, if it determines to proceed shall determine the kind and character of such improvements so to be made, and shall authorize the advertising for bids for the doing of such work and the furnishing of all necessary materials with the lowest and best bidder or bidders. The City Council may determine not to proceed with all or any part of the Project regardless of the protests or objections.

After the determination of the actual cost of the Project, assessments shall be levied in accordance with the laws of the State of Nevada. In no event shall the assessments exceed the

estimated maximum special benefits to the property assessed or the reasonable market value of the property being assessed (as determined by the City Council). The City Council shall provide that the assessments may be payable without interest and without demand during a specified cash payment period and the City Council shall provide that the assessments may be paid at the election of the owner in twenty (20) substantially equal semi-annual installments of principal. The City Council shall also provide the time and terms of payment of such assessments, and shall fix penalties (at a rate not exceeding two percent (2%) per month) to be collected upon delinquent payments. The City Council shall also provide the rate of interest on unpaid installments of assessments which will not exceed the maximum rate of interest permitted under the statutes of the State; and if assessment bonds are issued, such rate will not exceed by more than one percent (1%) of the highest rate of interest on the assessment bonds for the District. The effective interest rate on the assessment bonds of the District will not exceed the statutory maximum rate, i.e., will not exceed by more than three percent (3%) the "Index of Twenty Bonds" which shall have been most recently published before the time bids for the bonds are received, or at the time a negotiated offer for the sale of such bonds is accepted. If bonds are not sold for the District the City Council shall by resolution establish the rate of interest on unpaid and deferred installments of assessments.

By order of the City Council of the City of Las Vegas, Nevada, and dated February 8, 1999.

BARBARA JO RONEMUS, City Clerk
