WHEREAS, the City Council of the City of Las Vegas (the "City Council" and the "City", respectively, herein), in the County of Clark and State of Nevada, has taken all of the requisite legal action that is preliminary to and in the creation of "City of Las Vegas, Nevada Special Improvement District No. 412" (the "District" herein), consisting of eight (8) separate and distinct assessment units, for the purposes of providing for the grading, gravelling, macadamizing, paving, draining and otherwise improving of Washington Avenue and portions thereof, as is more particularly described in the Notice of Hearing (the "Notice of Hearing" herein) that is provided for in Section 4 of the Provisional Order Resolution concerning the District that was passed, adopted and approved on the 3rd day of April, 1991, as ASSESSMENT UNIT NO. I, providing for the installation of curbs and gutters along Washington Avenue and portions thereof, as is more particularly described in the Notice of Hearing as ASSESSMENT UNIT NO. II, providing for the installation of sidewalks along Washington Avenue and portions thereof, as is more particularly described in the Notice of Hearing as ASSESSMENT UNIT NO. III, providing for the installation of a street lighting system and all facilities that are incidental

thereto along Washington Avenue and portions thereof, as is more particularly described in the Notice of Hearing as ASSESSMENT UNIT NO. IV, providing for the installation of sanitary sewer laterals along Washington Avenue and portions thereof, as is more particularly described in the Notice of Hearing as ASSESSMENT UNIT NO. V, providing for the installation of potable water laterals along Washington Avenue and portions thereof, as is more particularly described in the Notice of Hearing as ASSESSMENT UNIT NO. VI, providing for the installation of residential driveway approaches along Washington Avenue and portions thereof, as is more particularly described in the Notice of Hearing as ASSESSMENT UNIT NO. VII, and providing for the installation of commercial driveway approaches along Washington Avenue and portions thereof, as is more particularly described in the Notice of Hearing as ASSESSMENT UNIT NO. VIII, and of defraying the entire cost and expense thereof by special assessments against the assessable lots and parcels of property within each assessment unit of the District according to the benefits that were anticipated would be derived from such improvements by the respective lots and parcels that were proposed to be so assessed, all in accordance with the Nevada Revised Statutes ("NRS" herein) that provide therefor; and

WHEREAS, by Ordinance No. 3603 that was duly passed, adopted and approved on the 19th day of September, 1991 (the "Creation Ordinance" herein), the City Council created the District, ordered the construction and installation therein of the proposed local improvements (the "Project" herein) and

determined to defray a portion of the entire cost and expense of the Project by special assessments, according to the benefits as aforesaid, against the respective assessable lots and parcels of property that would be benefited thereby; and

WHEREAS, by Ordinance No. 3661 that was duly passed, adopted and approved on the 15th day of July, 1992 (the "Assessment Ordinance" herein), the City Council levied upon and assessed against the assessable lots and parcels of property in the City that are situate within the respective assessment units of the District, being all of those lots and parcels that were specially benefited by such improvements in the corresponding assessment units and are described in the assessment roll for the District, as such roll was filed in the Office of the City Clerk of the City (the "City Clerk" herein) on the 20th day of May, 1992, and was validated and confirmed by that certain Resolution that was duly passed, adopted and approved by the City Council on the 1st day of July, 1992, the amounts and assessments that are shown in such roll, the same being apportioned, in ASSESSMENT UNIT NO. I and ASSESSMENT UNIT NO. IV on a front foot basis, in ASSESSMENT UNIT NO. II and ASSESSMENT UNIT NO. III on a lineal foot basis, in ASSESSMENT UNIT NO. VII and ASSESSMENT UNIT NO. VIII on the basis that each lot or parcel of property that is served by, and will be assessed for, residential driveway approaches or commercial driveway approaches, as the case may be, that are constructed and installed in the respective assessment units shall be assessed a portion of the aggregate dollar amount that is being levied against that entire assessment unit in the

proportion that the number and length of the residential driveway approaches or the commercial driveway approaches, as the case may be, that are installed to serve such lot or parcel bears to the total number and aggregate length of all of the driveway approaches that are installed to serve all of the assessable properties in such assessment unit, all as is more particularly set forth in Section 3 of the Creation Ordinance; and

WHEREAS, by that certain Resolution concerning the District and Special Improvement District Nos. 411, 492 and 494 that was duly passed, adopted and approved on the 5th day of August, 1992, the City Council authorized the issuance of special assessment bonds on behalf of each of such special improvement districts, including the District, in an amount that did not exceed the aggregate amount of the assessments against the lots and parcels of property within the respective districts that remained unpaid at the close of the thirty (30) day cash payment period that is provided for in Section 3 of the Assessment Ordinance; and

WHEREAS, during such thirty (30) day cash payment period, the cash payments that were received from the owners of the lots and parcels of property within the District were sufficient to reduce the aggregate amount of the assessments that remained unpaid in the District at the close of such period to a point that has rendered it uneconomical to issue special assessment bonds on behalf of the District, and the City Council has therefore determined, and by this Resolution does so determine, that it is in the best interests of the City, the

District and the owners of the lots and parcels of property therein that no special assessment bonds be issued on behalf of the District; and

WHEREAS, NRS 271.415(2)(a) provides for the manner in which the rate of the interest that is to be borne by the deferred installments of the assessments shall be determined in connection with a special improvement district on behalf of which no special assessment bonds are to be issued; and

WHEREAS, consistent with NRS 271.415(2)(a), Section 3 of the Assessment Ordinance provides that the assessments that remain unpaid at the expiration of the thirty (30) day cash payment period, as in said Section 3 provided, shall be payable in twenty (20) substantially equal semiannual installments of principal, with interest in all cases on the unpaid and deferred installments of the principal, from the effective date of the Assessment Ordinance, at a rate per annum that may not exceed by more than three percent (3%) the "Index of Twenty Bonds" that was most recently published in The Bond Buyer before the date on which the Assessment Ordinance was adopted; and

WHEREAS, the interest rate that was indicated by the Index of Twenty Bonds that was so published on the 9th day of July, 1992, being the date on which said Index was most recently published before the date on which the Assessment Ordinance was adopted, was SIX AND 17/100THS percent (6.17%) per annum;

WHEREAS, the City Council has determined, and by this Resolution does so determine, that the appropriate rate of interest that is to be payable on the unpaid and deferred

installments of the assessments in the District shall be SEVEN AND 17/100THS percent (7.17%) per annum;
